

Willamette Greenway North

Provide a scenic, riverside connection between fast growing neighborhoods in North Portland, Swan Island, University of Portland, Linnton, Northwest Portland, the central city and major regional recreational facilities.

BENEFITS

- Serve commuter traffic from North Portland to the central city.
- Serve commuter traffic to University of Portland and Swan Island.
- Create a scenic recreational experience along the Willamette.
- Provide a commuting and recreation opportunity for the 10,000 employees at Swan Island, as well as Lloyd District and Lower Albina area employees.
- Connect Portland residents with regional recreational facilities such as Smith and Bybee Wetlands, Pier Park, Kelly Point Park, Willamette Cove, Eastbank Esplanade.
- Connect Portland to Sauvie Island and points north.
- Relieve traffic congestion on Highway 30 north of Portland.
