

Willamette Greenway South

Create a river (water) trail and greenway corridor south of Portland to Lake Oswego/West Linn and Wilsonville with access to parks on the shores of the Willamette.

BENEFITS

- Commuters between Lake Oswego and Portland are able to bicycle to and from work and experience the woods and river along the way.
- Create a unique recreational and natural experience of the Willamette River including access to Elk Rock Island, the Tualatin River and Willamette Narrows.
- Bridge the Willamette River at Lake Oswego providing both alternative transportation and recreation benefits.

PARTNERS

- City of Lake Oswego
- City of Portland
- City of West Linn
- City of Wilsonville
- Clackamas County
- Metro
