

**Intergovernmental Agreement
Between Metro and Washington County
To
Adopt Urban and Rural Reserves**

This Agreement is entered into by and between Metro and Washington County pursuant to ORS 195.141 and 190.003 to 190.110 for the purpose of agreeing on the elements of an ordinance to be adopted by Metro designating Urban Reserves and of an ordinance to be adopted by Washington County designating Rural Reserves, all in Washington County.

PREFACE

This agreement will lead to the designation of Urban Reserves and Rural Reserves. Designation of the Urban and Rural Reserves by this agreement will help accomplish the purpose of the 2007 Oregon Legislature in enacting Senate Bill 1011, now codified in ORS 195.137 to 195.145 ("the statute"):

Facilitate long-term planning for urbanization in the region that best achieves

- Livable communities;
- Viability and vitality of the agricultural and forest industries; and
- Protection of the important natural landscape features that define the region.

RECITALS

WHEREAS, Metro and Multnomah, Washington and Clackamas Counties ("the four governments") have declared their mutual interest in long-term planning for the three-county area in which they exercise land use planning authority to achieve the purpose set forth in the statute; and

WHEREAS, the Oregon Legislature enacted the statute in 2007, at the request of the four governments and many other local governments and organizations in the region and state agencies, to establish a new method to accomplish the goals of the four governments through long-term planning; and

WHEREAS, the statute authorizes the four local governments to designate Urban Reserves and Rural Reserves to accomplish the purposes of the statute, which are consistent with the goals of the four governments; and

WHEREAS, the Land Conservation and Development Commission ("LCDC") adopted rules to implement the statute on January 25, 2008, as directed by the statute; and

WHEREAS, the statute and rules require the four governments to work together in their joint effort to designate reserves and to enter into formal agreements among them to designate reserves in a coordinated and concurrent process prior to adoption of ordinances adopting reserves; and

WHEREAS, the statute and the rules set forth certain factors to be considered in the designation of reserves, and elements to be included in ordinances adopting reserves; and

WHEREAS, the four governments have followed the procedures and considered the factors set forth in the statute and the rule; and

WHEREAS, the four governments have completed an extensive and coordinated public involvement effort; and

WHEREAS, the four governments have coordinated their efforts with cities, special districts, school districts and state agencies in the identification of appropriate Urban and Rural Reserves;

NOW, THEREFORE, Metro and Washington County agree as follows:

AGREEMENT

- A. **Metro agrees** to consider the following policies and Urban Reserve designations at a public hearing and to incorporate them in the Regional Framework Plan, or to incorporate them as revised pursuant to subsections 3 and 4 of section C of this agreement:
1. A policy that designates as Urban Reserves those areas shown as proposed Urban Reserves on Exhibit A, attached to this agreement, or on any amendment to Exhibit A pursuant to section C of this agreement.
 2. A policy that determines that the Urban Reserves designated by the Regional Framework Plan pursuant to this agreement are intended to provide capacity for population and employment between 2010 and 2060, a total of 50 years from the date of adoption of the ordinance designating the reserves.
 3. A policy that gives highest priority to Urban Reserves for future addition to the urban growth boundary (UGB).
 4. A map depicting the Urban Reserves adopted by Metro and the Rural Reserves adopted by Washington County following this agreement.
 5. A policy that Metro will not add Rural Reserves designated by ordinance following this agreement to the regional UGB for 50 years.
 6. A policy that Metro will not designate "Rural Reserves" as Urban Reserves for 50 years.
 7. A policy that Metro will require a "concept plan", the required elements of which will be specified in the Urban Growth Management Functional Plan in consultation with the county, for an area of Urban Reserves under consideration for addition to the UGB to be completed prior to the addition. Concept plans shall include elements on finance,

provision of infrastructure, natural resource protection, governance, the planning principles set forth in Exhibit B and other subjects critical to the creation of great communities. Concept plans will provide that areas added to the UGB will be governed and planned by cities prior to urbanization.

8. A policy that Metro will review the designations of Urban and Rural Reserves, in coordination with Clackamas, Multnomah and Washington Counties, 20 years after the adoption of reserves by the four governments pursuant to this agreement, unless the four governments agree to review the reserves sooner.

B. Washington County agrees to consider the following policies and Rural Reserve designations at a public hearing and to incorporate them in its Comprehensive Plan, or to incorporate them as revised pursuant to subsections 3 and 4 of section C of this agreement:

1. A policy that designates as Rural Reserves the areas shown as proposed Rural Reserves on Exhibit A, attached to this agreement, or on any amendment to Exhibit A pursuant to section C of this agreement.
2. A map depicting the Rural Reserves designated by the Comprehensive Plan and the Urban Reserves adopted by Metro following this agreement.
3. A policy that Washington County will not include Rural Reserves designated pursuant to this agreement in the UGB of any city in the county for 50 years from the date of adoption of the ordinance designating the reserves.
4. A policy that the county will not re-designate Rural Reserves as Urban Reserves for a city in the county for 50 years from the date of adoption of the ordinance designating the reserves.
5. A policy that commits the county, together with an appropriate city or cities, to participation in development of a concept plan for an area of Urban Reserves under consideration for addition to the UGB.
6. A policy that the county will review the designations of Urban and Rural Reserves, in coordination with Metro and Clackamas and Multnomah Counties, 20 years after the adoption of reserves by the four governments pursuant to this agreement, unless the four governments agree to review the reserves sooner.

- C. **Washington County and Metro agree** to follow this process for adoption of the ordinances that will carry out this agreement:
1. Each government will hold at least one public hearing on its draft ordinance prior to its adoption.
 2. Metro and the county will hold their final hearings and adopt their ordinances no later than June 8, 2010.
 3. If testimony at a hearing persuades Metro or the county that it should revise its ordinance in a way that would make it inconsistent with this agreement, then it shall continue the hearing and propose an amendment to the agreement to the other party and to Clackamas and Multnomah Counties.
 4. If Washington County or Metro proposes an amendment to the agreement, the party proposing the agreement will convene the four governments to consider the amendment. Any objections or concerns raised by a government that is not party to this IGA shall be considered carefully and the four governments shall take reasonable, good faith steps to reach consensus on the amendment. After this consultation, Washington County and Metro may agree to an amendment.
 5. Metro and Washington County will adopt a common set of findings, conclusions and reasons that explain their designations of Urban Reserves and Rural Reserves as part of their ordinances adopting the reserves. Metro and the county will incorporate maps into their respective plans that show both the Urban and Rural Reserves in Exhibit A to this agreement, with the county showing only the reserves in the county.
 6. Metro and Washington County will establish, in coordination with Clackamas and Multnomah Counties, a process for making minor revisions to boundaries between Urban Reserves and undesignated land that can be made at the time of concept planning, and a process for making minor additions to Rural Reserves, with notice to, but without convoking all four reserves partners.

Exhibit B to Agreement between Metro and Washington County

PRINCIPLES FOR CONCEPT PLANNING OF URBAN RESERVES

1. Urban Reserve Area 6B is approximately 1,776 acres, of which approximately 892 acres are buildable and approximately 839 acres are constrained lands. Existing roads account for an additional 45 acres of non-buildable land. Constrained lands consist of Metro's and Washington County's Goal 5 inventories, slopes over 25%, floodplains, parks, and a city-owned parcel (approximately 10 acres) adjacent to SW Kemmer Road that contains a water tank. In order to account for the above constraints, concept planning should be undertaken as a whole in order to offer appropriate protection and enhancement to the public lands and natural features that are located throughout the area. Residential density targets will be an important consideration in future planning for the area and may need to be adjusted in order to protect and enhance the integrity of existing Title 13 and Goal 5 lands.
2. Undesignated lands surrounding the City of Banks and the City of North Plains provide the opportunity in the future for Washington County and each respective city to undertake Urban Reserve planning under OAR 660-021. It is the County's expectation that such planning will result in application of Urban Reserve and Rural Reserve designations in appropriate locations and quantities.
