I walk to school,
and there is alot
of Mud & water that
fill the streets &
side walks, and Bus
Stops. There is alot
of potholes in the
Ground. and I think
our neighborhood would really
improve with sidewalks.

Dear metro, we need
more side walks. The
reasons are:

- less muddy shoes
- cleaner and safer
- it's more efficient
- safer for bikes
- less trash

We the people
of Portland would
like to have more
sidewalks because
it will be safer
for pedestrians
to cross the streets.
Also some kids
might get dirty
if they walk to
school. And it will create more walking routes.

My walk is very interesting.
Due to the mass amounts
of mud/dirt, I live on a street
where it's basically just rocks,
dirt, and mud. The rocks rip
my shoes. It doesn't feel comfortable

I remember walking on this
one street (I don't remember

I think putting
sidewalks in is important
because for the people
who wait for the bus or
walk to school have to
wait or walk in the mud if
it rains and then their clothes
get all muddy and then they
have to walk around it
again. It's not good for
and for the people who walk

safe for them and that is
why I think putting
sidewalks is important.

I walk everyday, whether it's to school, the store(s), or paying the bills with my mom. Usually it's fine, but when it starts raining and there are more puddles of water than a sidewalk it becomes much harder to walk around without getting wet. Yes an umbrella helps but when the ground is covered in water it's either walk in the street or let your shoes get soaked. It's really annoying when you see someone in a wheel chair or with a cane struggling with the puddles or mud that are supposed to be a sidewalk.

(I don't even know
where my neighborhood
is though :))

Dear Metro planning
I would really like sidewalks
on 82nd
One day I was walking and I
had to go on the road cause
sidewalk was all wet. I almost got
killed cause I was on the road
I walk to lane middle school I
walk to the store or to the
park I've almost gotten killed
because there was no good
sidewalk. please invest in
our neighborhoods

sincerely - perla O.M lane middle school student

Please we really need
sidewalks because
people have to walk
in puddles. And if
they have to go to
school there feet/shoes
will be wet, muddy
my sister is in Russian
immersion and there
teachers are extremely
strict so they would
get in trouble if
there feet are wet.
And also parents
don't want their walking
through the puddles so
they make...

I seen the sidewalks that have not ~~been~~ have concrete paste over it. It looks like it has not been clean for century. It is said that kids with bikes on smooth sidewalks and you can't let baby's enjoy their life on a stroller. Please put concrete on the side walk.

² My experience walking to school is pretty crummy, due to no sidewalks, just gravel and broken glass. I have not ever in my 5 years of walking to school (Whitman Elementary and now Lane Middle school) ever been able to ride my bike or my skateboard to school b/c my tires would pop and get scratched up. I would like to see more sidewalks.

Dear Metro Council,
My Sister is about to start walking to school. I don't want her to have to walk in the street because there are no sidewalks. Please invest in

² Dear City Council,
When I walk home from school along most of the streets are what a lot of people would consider sidewalks. There are large slabs of concrete on either side of main streets that are meant to be walked on. Though these should not really be considered sidewalks, they are more gravel than concrete and they have potholes everywhere. The potholes fill with water so kids walk on the bike lane, this is an accident waiting to happen. Please consider this. -Cate M.

² Honestly, I don't walk to school. But I still think that Brentwood Darlington needs more sidewalks. It could be a safety hazard to not have sidewalks for kids who walk to school. The walkways that are not sidewalks are very wet, slippery and muddy. That could be dangerous as well. I think that Brentwood Darlington should have more sidewalks so that kids (and adults) can be safer while walking around the streets. -Lyndsey

ONE TIME MY SCIENCE TEACHER TOOK US ALL ON A WALK.

IT WAS REALLY HARD BECAUSE SOME PARTS HAD NO SIDE WALK & WE WOULD GET TOO CLOSE TO THE CARS. BECAUSE THERE WAS NO SIDEWALK WE HAD TO BE BASICALLY IN A LINE THAT WAS HARD FOR US BECAUSE THE PEOPLE IN THE BACK COULDN'T SEE OR HEAR THE TEACHER. IF THERE

WERE SIDEWALKS WE WOULDN'T HAVE HAD TO WORRY AS MUCH ABOUT GETTING HIT BY CARS & BEING TOO FAR FROM THE TEACHER.

Emily

I sometimes walk home from school and in Portland it's usually cold and rainy and the ground is wet, and the sort of sidewalks are always full with water and kids have to walk on the street which is dangerous.

Please bring this grant to our neighborhood.

It would do wonders to provide safety to our 13,000 residents and the students who live here. Brentwood Resident

² Dear Metro Council,

When my students walk to school, the park, the store or their friends' homes, they often have to walk in bike lanes or the street due to a lack of sidewalks in the area. I'm worried about their safety and the safety of their families and neighbors! Please invest in

Brentwood-Darlington!!

Sincerely, Leslie Burgoine, Teacher at Lane Middle Sch.

My name is Malia Dayanan, a 7th grader at Lane Middle School. Even though I don't walk to school, I know many people who do. I've started to notice that in our neighborhood there aren't many sidewalks. This causes people walking to school to sometimes have to walk in the road or walk on muddy paths. I feel bad for those people and I know it'd be greatly appreciated if you helped us fix this problem.
