

Satisfied customers

“ I like the fact that it’s 100% recycled paint, and I was more than impressed with the quality once we had the final product. ”

Matt Isham
Homeowner

“ I recommend Metro’s recycled paint because it’s cost effective, it goes on smooth, and it’s recycled. What’s not to like about it? ”

Mike Kujat
Contractor

MetroPaint is available at quality paint stores and other locations across Oregon and Washington.

More than recycled, remade

MetroPaint is previously unwanted paint remade new. Screened for quality, enhanced with helpful additives and rebled into desirable colors, it's evolved paint ready for a new purpose.

Many uses

MetroPaint is perfect for both indoor and outdoor use. It includes mold and fungus inhibitors and has a five-year limited warranty. It rolls, brushes and sprays on smoothly for thick, rich coverage – often achieved in just one coat. A quick-drying finish leaves quality color that will renew your space.

Environmentally smart

Certified MetroPaint* meets Green Seal standards and is approved by the Master Painters Institute™. MetroPaint can help your project earn LEED™ credits and Earth Advantage® certification.

Choosing MetroPaint supports an effort that has remade 2 million gallons of latex paint, keeping these reusable resources out of landfills.

Using recycled paint:

- decreases your carbon footprint.
- reduces the need for landfill space.
- conserves the water needed to make new paint.
- prevents pollution from the mining and extraction of raw materials.

* This product meets Green Seal™ Standard GS-43 based on effective performance and at least 95% post-consumer material. Learn more at GreenSeal.org.

Straight-up thrifty

In this case, good karma comes with serious affordability. Prices are a fraction of the cost of new paint compared to other paint brands.

Reliable, practical colors

MetroPaint goes through a strict color-matching process to ensure the colors are consistent from one gallon to the next. No neon avocado or icy fuchsia, just popular colors that will renew your space. Consider mixing together MetroPaint to create your own custom shades.
