Metro

The Construction Salvage and Recycling Toolkit 2018-19 is a publication of Metro, 600 NE Grand Ave., Portland, OR 97232. Metro works with communities, businesses and residents to make the Portland, Oregon metropolitan area a great place to live, work and play. Learn more at [oregonmetro.gov](http://oregonmetro.gov).

The following industry organizations have endorsed this directory:

THE AMERICAN  
INSTITUTE  
OF ARCHITECTS

The Construction Salvage and Recycling Toolkit does not contain a complete listing of all recycling and reuse facilities in the Portland metropolitan area. Metro has not undertaken any independent review of the facilities listed and does not make any warranty, express or implied, or assume any legal liability for the same. The listing of any business or program does not constitute an endorsement or recommendation by Metro. Users of this toolkit agree that their use is at their sole risk and Metro disclaims any responsibility for errors, omissions or inaccuracies. Metro shall not be held liable for any damages or loss of any kind related to the use of, or information contained in, this publication.

Published June 2018 on FSC-certified, 100% post-consumer waste recycled paper.

## Introduction

Thank you for using Metro's Construction Salvage and Recycling Toolkit. Using this guide to salvage and recycle helps:

- maximize the recovery of reusable materials from your job site.
- save money and conserve natural resources.
- keep valuable materials out of the landfill, which is good for businesses and the environment.

Find this guide, an interactive directory and map to locate the recycler closest to you at **[oregonmetro.gov/toolkit](https://oregonmetro.gov/toolkit)**.

### Tips on using this guide

Keep this guide handy to find a recycler near your job site. If you already know the name of the recycler you want to use, simply look it up in the directory on page 109.

Can't find a recycler for a specific material? It may not be recyclable. Ask Metro for help. Metro can also provide additional recycling options for specific materials, and the most current information on recyclers. Ask Metro at **503-234-3000** or **[oregonmetro.gov/toolkit](https://oregonmetro.gov/toolkit)**.

# How to salvage and recycle

## 1. Deconstruct and salvage

When demolishing part or all of a building, first deconstruct it to remove salvageable items as early in the project as possible.

Deconstruction involves disassembling the structure in reverse order of assembly to harvest the materials.

Salvaging involves removing the reusable building materials before demolition. See page 77 for a list of salvage and deconstruction resources.

**Benefits:** Generates revenue from the resale of materials. Helps projects qualify for tax credits. Provides building materials that can be reused, which is good for business and the environment.

## 2. Separate

Separate your different types of debris (wood, metal, drywall, etc.) into similar categories. Start by identifying three or four materials you have the most of and that require the least labor to separate. Keep these materials in separate loads.

**Benefits:** Fees for separated recyclable materials are usually lower than those for mixed materials.

## 3. Combine in one container

Put remaining construction and demolition debris into one container or load. Don't worry about sorting. All mixed construction debris, regardless of which facility you use, is sorted and recycled for you. Household garbage, food, liquid, hazardous waste and torch-down roofing are not accepted in mixed loads. See page 51 to find a facility close to your job site.

**Benefits:** Requires little or no additional sorting at the job site. Great for small jobs like a bathroom remodel or jobs with limited space for multiple drop boxes.

# RECYCLING LOCATIONS AND MATERIALS

## Asbestos

To protect the health and safety of its customers and employees, Metro's transfer stations cannot accept materials that contain asbestos. If you wish to take asbestos-containing materials to another facility that accepts construction and demolition debris, that facility's related rules and requirements may be different than Metro's.

The Oregon Department of Environmental Quality requires Metro to screen for, and prevent the acceptance of, asbestos in materials brought to Metro Central and Metro South transfer stations. Metro requires paperwork for all loads of construction, remodeling or demolition waste for materials that may potentially contain asbestos.

Loads of construction, remodeling and demolition debris brought to Metro transfer stations will also be thoroughly screened for materials that may contain asbestos.

**Here are the steps you should take to prepare your load of construction waste for delivery:**

1. Before you start demolition, use an accredited asbestos inspector to survey your project for materials that may contain asbestos.
2. Have any suspect materials tested by an analytical laboratory.
3. If testing shows that your project contains asbestos, hire a licensed asbestos abatement contractor to abate the material.
4. If you are coming to the Metro South Transfer Station or the Metro Central Transfer Station with materials that do not contain asbestos, fill out a Construction and demolition waste acceptance form available at [oregonmetro.gov/asbestosrules](http://oregonmetro.gov/asbestosrules).
5. Bring test results with your load to show that any suspect materials contain 1 percent or less asbestos by weight.

**If you have questions about this list of suspect materials or the test results you need before dropping material at a Metro transfer station, call 503-234-3000.**

**Analytical test results certifying all tested sample results contain 1 percent or less asbestos by weight are required for the following items:**

- Interior walls and ceilings: acoustical tiles, glue dots, plaster, and textured surfaces
- Exterior walls: cement siding, stucco
- Flooring: vinyl tiles, sheet vinyl, some mastic adhesives
- Insulation/fireproofing: block, boiler, spray-applied, vermiculite, monokote, sink undercoating, thermal system insulation (fiberglass, cellulose, and mineral wool are exempt)
- Gaskets: furnace, mechanical, boiler, wood stove (automotive gaskets are exempt)

- Heating: white paper or seam tape on ducts, air-duct cement and insulation
- Roofing materials: tar paper, felt, silver/white roofing paint, Nicolite paper
- Fire doors, fire/kiln brick and fireproofing
- Various compounds: window glazing, adhesives, caulks, patching, mastics, vapor barrier products (plastic or synthetic materials such as Tyvek are exempt)
- Electrical: switch gear, circuit boxes and fuse panels; wiring with cloth insulation (Romex wiring is exempt)
- Please note: flat/built-up roofing is not accepted at most transfer stations, even if customers present negative analytical test results. Call Metro for more information about disposal options for this material.

#### **Materials from new structures built in 2004**

**and later:** Materials listed here that come from a structure or an RV built in or after 2004 do not need to be tested for asbestos.

#### **Metro reserves the right to request analytical test results for other materials not listed above.**

Where to take asbestos:

There are two landfills close to the Portland area that can accept asbestos-containing waste:

- Hillsboro Landfill, 503-640-9427
- Wasco County Landfill (The Dalles), 541-296-4082

Loads must be properly and safely prepared before they are delivered to the landfill. Please call the landfill in advance of delivery for details, hours of operation and pricing.

## Building relocation

### **Emmert International**

**503-655-7191**

11811 SE Highway 212, Clackamas, OR 97015

[www.emmertintl.com](http://www.emmertintl.com)

- Moves all types of buildings – residential, commercial, industrial, sheds and outbuildings
- Saves cost of demolition and disposal
- Retail outlet for used homes and buildings

Call for pricing information.

### **Northwest Structural Moving**

**503-279-6683**

Scappoose, OR

[www.nwmoves.com](http://www.nwmoves.com)

- Save customers demolition and disposal fees by relocating buildings that would otherwise be demolished
- Residential and commercial structures
- Prompt service to meet your project timeline

Call for pricing information.

## **Space Down Under LLC**

**503-232-5876**

1901 SE 11th Ave., Portland, OR 97214

[www.spacedownunder.com](http://www.spacedownunder.com)

- Relocates residential and commercial structures ranging from outbuildings and houses to historic commercial buildings.
- Provides full service 'Dirt to Door knobs' services
- Licensed, bonded, and insured in Oregon

Call for more information.

## Carpet pad

### **Decrepad/Advanced M&D Sales** **503-284-7601**

2335 N. Clark Ave., Portland, OR 97227

- Carpet pad and polyurethane foam
- Loads must be free of any tack strip, carpet or other garbage
- Tear-out services available
- Call for hours and drop-off directions

Free drop-off. Free pickup for large quantities.

### **Environmentally Conscious Recycling** **503-253-0867**

12409 NE San Rafael, Portland, OR 97230

[www.ecrrecycling.com](http://www.ecrrecycling.com)

- Polyurethane carpet pad

Call for specifications and pricing.

## Corrugated cardboard

Corrugated cardboard has a wavy layer in the middle. Kraft paper, used for brown paper bags, is also included. No wax or plastic coatings. Small amounts of glue, tape and staples are acceptable.

### **Central Transfer and Recycling Center** **360-256-8482**

11034 NE 117th Ave., Vancouver, WA 98662  
[www.columbiareourcecompany.com](http://www.columbiareourcecompany.com)

- Corrugated cardboard
- No wax or plastic coatings

Free drop-off.

### **Environmental Fibers International** **503-737-2100**

4325 N. Commerce St., Portland, OR 97217  
[www.envirofiber.com](http://www.envirofiber.com)

- Corrugated cardboard
- No wax or plastic coatings
- Bundling not required
- Drop boxes and pickup service available

Free drop-off or may purchase material.  
Call for information.

## **Environmentally Conscious Recycling** **503-253-0867**

12409 NE San Rafael, Portland, OR 97230

[www.ecrrecycling.com](http://www.ecrrecycling.com)

- Corrugated cardboard
- No wax or plastic coatings
- Bundling not required

Free drop-off; may purchase large quantities.

## **Far West Fibers Hillsboro** **503-643-9944**

6440 SE Alexander St., Hillsboro, OR 97123

[www.farwestrecycling.com](http://www.farwestrecycling.com)

- Corrugated cardboard
- No wax or plastic coatings

May purchase material. Call for information.

## **Far West Fibers Lake Oswego** **503-643-9944**

341 Foothills Road, Lake Oswego, OR 97034

[www.farwestrecycling.com](http://www.farwestrecycling.com)

- Corrugated cardboard
- No wax or plastic coatings

Free drop-off.

## **Far West Fibers Northeast** **503-643-9944**

12820 NE Marx St., Portland, OR 97230

[www.farwestrecycling.com](http://www.farwestrecycling.com)

- Corrugated cardboard
- No wax or plastic coatings

May purchase material. Call for information.

**Far West Fibers Southeast****503-643-9944**

4930 SE 26th Ave., Portland, OR 97202

[www.farwestrecycling.com](http://www.farwestrecycling.com)

- Corrugated cardboard
- No wax or plastic coatings

May purchase material. Call for information.

**International Paper Recycling****503-643-0118**

5505 SW Western Ave., Beaverton, OR 97005

[www.internationalpaper.com](http://www.internationalpaper.com)

- Corrugated cardboard
- No wax or plastic coatings
- No public drop-off

May purchase material. Call for information.

**KB Recycling****503-659-7004**

9602 SE Clackamas Road, Clackamas, OR 97015

*(behind Probuild, off Highway 212)*[www.kbrecycling.com](http://www.kbrecycling.com)

- Corrugated cardboard
- No wax or plastic coatings
- Bundling not required
- Drop boxes and bale pickup service available

Free drop-off. May purchase material.

Call for information.

**KB Recycling****503-266-7903**

1600 SE Fourth Ave., Canby, OR 97013

[www.kbrecycling.com](http://www.kbrecycling.com)

- Corrugated cardboard
- No wax or plastic coatings
- Bundling not required
- Drop boxes and bale pickup service available

Free drop-off. May purchase material.

Call for information.

**Metro Central Station****503-234-3000**

6161 NW 61st Ave., Portland, OR 97210

[www.oregonmetro.gov/garbage](http://www.oregonmetro.gov/garbage)

- Corrugated cardboard
- No wax or plastic coatings

Free drop-off.

**Metro Metals Northwest, Inc.****503-287-8861**

5611 NE Columbia Blvd., Portland, OR 97218

[www.metrometalsnw.com](http://www.metrometalsnw.com)

- Corrugated cardboard
- No wax or plastic coatings

May purchase material. Call for information.

**Metro South Station****503-234-3000**

2001 Washington St., Oregon City, OR 97045

[www.oregonmetro.gov/garbage](http://www.oregonmetro.gov/garbage)

- Corrugated cardboard
- No wax or plastic coatings

Free drop-off.

**Pride Disposal****503-625-6177**

13980 SW Tualatin-Sherwood Road, Sherwood, OR  
97140

[www.pridedisposal.com](http://www.pridedisposal.com)

- Corrugated cardboard
- No wax or plastic coatings
- Drop boxes and pickup service available in service area
- Bundling not required

Free drop-off.

**Recology Suttle Road****503-285-8777**

4044 N. Suttle Road, Portland, OR 97217

[www.recologyporegonmaterialrecovery.com](http://www.recologyporegonmaterialrecovery.com)

- Corrugated cardboard
- No wax or plastic coatings

**Tualatin Valley Waste Recovery****503-640-9427**

3205 SE Minter Bridge Road, Hillsboro, OR 97123

*(next to Hillsboro Landfill)*

[www.wmnorthwest.com/landfill](http://www.wmnorthwest.com/landfill)

- Corrugated cardboard
- No wax or plastic coatings

Free drop-off.

**West Van Materials Recovery Center****360-737-1727**

6601 NW Old Lower River Road, Vancouver, WA 98660

[www.columbiaresourcecompany.com](http://www.columbiaresourcecompany.com)

- Corrugated cardboard
- No wax or plastic coatings

May purchase material. Call for information.

## **Willamette Resources**

**503-570-0626**

10295 SW Ridder Road, Wilsonville, OR 97070

[www.disposal.com](http://www.disposal.com)

- Corrugated cardboard, separated or mixed with other construction debris
- If cardboard is mixed with other construction debris, it must be transported in a hydraulic or automated dump vehicle.
- Manual unload allowed for separated corrugated cardboard.

Free drop-off if separated. Call for rates if mixed with other construction debris.

## Drywall

Includes most types of gypsum wallboard and sheetrock; does not include lath and plaster.

**WARNING:** Drywall texture and mud may contain asbestos, which is a cancer-causing mineral fiber. The only way to ensure that your torn out drywall is asbestos-free is to have a sample tested by a laboratory. Oregon Department of Environmental Quality maintains a list of accredited laboratories that can test materials before you disturb or remove them ([oregonmetro.gov/toolkit](http://oregonmetro.gov/toolkit)). Bring the laboratory results with you when you recycle or dispose of drywall. Before you disturb or remove drywall surfaces, call Metro Recycling Information at 503-234-3000 for more information and see pages 2-3 for a list of building materials suspected to contain asbestos.

**American Gypsum Recycling****503-741-2600**

Drop off locations in the Metro region and in Turner, OR 97392

- New construction drywall scrap
- Used/previously installed drywall
- Can include regular drywall, green board, blue board, gypsum sheathing, densGlass and DensArmor Plus board
- No wet drywall

Call for pricing and drop-off locations in the Metro region.

**Drywall Recycling Services****425-549-3000**

PO Box 14190, Mill Creek, WA 98082

[www.drywallrecyclingservices.com](http://www.drywallrecyclingservices.com)

- New-construction drywall scrap, including greenboard, blueboard, gypsum sheathing, DensGlass and DensArmor Plus board
- No drywall from demolition/tear-out
- No wet drywall

Call for volume pricing and directions to Oregon/southwest Washington location.

## **Knez Building Materials**

**503-342-2492**

12300 SE Knez Way, Clackamas, OR 97015

- New-construction drywall scrap
- No previously installed drywall
- No painted, textured or glued-on drywall
- No screws
- No wet drywall
- Call before delivery

Fee: Smaller quantities at \$23.57/per yard;  
larger loads require preapproval before delivery.  
Call for more information.

## Fluorescent lighting

Both lamps and ballasts may contain hazardous materials. They should not be disposed of as garbage. Recyclers of lamps and ballasts should be able to provide proof that the materials they accept are recycled at a permitted facility and provide a certificate of recycling.

### **Green Century Electronics** **503-764-9963**

6932 SW Macadam Ave., Portland, OR 97219

[www.greencenturyonline.com](http://www.greencenturyonline.com)

- Accepts all types of light bulbs and batteries
- Accepts non-PCB containing ballasts
- No leaking ballasts
- No transformers

Call for fee information.

## **Metro Central Hazardous Waste Facility** **503-234-3000**

6161 NW 61st Ave., Portland, OR 97210

[www.oregonmetro.gov/ceg](http://www.oregonmetro.gov/ceg)

- PCB-containing ballasts
- Must register and set appointment before dropping off ballasts
- No leaking ballasts
- No transformers
- Some limitations on sizes accepted

Call for pricing information.

## **Metro South Hazardous Waste Facility** **503-234-3000**

2001 Washington St., Oregon City, OR 97045

[www.oregonmetro.gov/hhw](http://www.oregonmetro.gov/hhw)

- PCB-containing ballasts
- Must register and set appointment before dropping off ballasts
- No leaking ballasts
- No industrial transformers or ballasts
- Some limitations on sizes accepted

Call for pricing information.

## **Pride Disposal** **503-625-6177**

13980 SW Tualatin-Sherwood Road, Sherwood,  
OR 97140

[www.pridedisposal.com](http://www.pridedisposal.com)

- Fluorescent lamps
- Call before delivery

Fee: \$0.50 per lamp 4 feet or shorter; \$1 per lamp longer than 4 feet; \$1 per compact fluorescent bulb.

**Total Reclaim, Inc./EcoLights Northwest**  
**503-281-1899**

6427 NE 59th Place, Portland, OR 97218

(Columbia Commerce Park, Building 4)

[www.totalreclaim.com](http://www.totalreclaim.com)

- All types of fluorescent lamps, including sodium, HID, mercury, metal halide and coated/shatter-shield lamps
- PCB and non-PCB ballasts, but call first with PCB containing ballasts
- All types of batteries

Fee based on volume. Call for information.

**WasteXpress Environmental Services**  
**503-224-3206**

Portland, OR 97203

[www.wastex.com](http://www.wastex.com)

- All types of fluorescent bulbs
- Leaking and non-leaking PCB and non-PCB containing ballasts
- Batteries of all types
- Transformers

Call for pricing information.

## Glass

Includes plate glass from single- or double-pane windows. Generally does not include tempered or wire-reinforced glass, gaskets, putty or frames.

**WARNING:** Window glazing putty may contain asbestos, which is a cancer-causing mineral fiber. The only way to ensure that window putty is asbestos-free is to have a sample tested by a laboratory. Oregon Department of Environmental Quality maintains a list of accredited laboratories that can test window putty before you disturb or remove it ([oregonmetro.gov/toolkit](http://oregonmetro.gov/toolkit)). Bring the laboratory results with you when you recycle or dispose of windows or window glass. Before you disturb or remove windows or window glass that contain window putty, call Metro Recycling Information at 503-234-3000 for more information and see pages 2-3 for a list of building materials suspected to contain asbestos.

### **Environmentally Conscious Recycling 503-253-0867**

12409 NE San Rafael, Portland, OR 97230  
[www.eccrecycling.com](http://www.eccrecycling.com)

- All mixed glass

Call for pricing information.

## Hazardous waste and paint

Oregon law requires manufacturer-financed management of leftover paint. Many kinds of paint can be dropped off for free at participating locations throughout Oregon. Ask Metro for more information at 503-234-3000.

Hazardous waste products such as paints, solvents, adhesives, herbicides, pesticides, dry-cell batteries or asbestos-containing materials should never be disposed of in drop boxes or dumped onto the ground, down street drains or into the sewer system. When they cannot be reused on another project, they should be set aside for proper disposal at a hazardous waste disposal facility.

### **CCS, a division of Pacific Northern Environmental Corp.**

**360-423-6316 or 888-423-6316**

1121 Columbia Blvd., Longview, WA 98632

[www.pnecorp.com](http://www.pnecorp.com)

- Hazardous wastes from all types of businesses
- Pickup service available
- Environmental sampling
- Bulk, drum and lab packs

Call for pricing information.

**Clean Harbors Environmental Services**  
**503-785-0404 or 800-645-8265 (OIL-TANK)**

12402 SE Jennifer St., #160, Clackamas, OR 97015  
[www.cleanharbors.com](http://www.cleanharbors.com)

- Hazardous wastes from all types of businesses
  - Pickup service available
- Call for pricing information.

**Clearwater Environmental Services, Inc.**  
**503-582-1951**

28395 SW Boberg Road, Wilsonville, OR 97070  
[www.clearwaterenv.com](http://www.clearwaterenv.com)

- Wide range of services that includes all phases of waste management, underground storage tank (UST) decommissioning, soil excavation, environmental construction and industrial decontamination/dismantling
  - Pickup service available
- Call for pricing information.

**Metro Central Hazardous Waste Facility**  
**503-234-3000**

6161 NW 61st Ave., Portland, OR  
[www.oregonmetro.gov/ceg](http://www.oregonmetro.gov/ceg)

- Hazardous waste from eligible businesses participating in Metro's conditionally exempt generator (CEG) program
  - Must register for CEG program and set appointment before dropping off hazardous waste
- Fee: About \$1 to \$15/gallon. Call for more information.

## **Metro South Hazardous Waste Facility** **503-234-3000**

2001 Washington St., Oregon City, OR 97045  
[www.oregonmetro.gov/ceg](http://www.oregonmetro.gov/ceg)

- Hazardous waste from eligible businesses participating in Metro's conditionally exempt generator (CEG) program
  - Must register for CEG program and set appointment before dropping off hazardous waste
- Fee: About \$1 to \$15/gallon. Call for more information.

## **PaintCare** (locations throughout Oregon) **503-234-3000**

[www.paintcare.org](http://www.paintcare.org)

- Free drop-off at various paint stores throughout Oregon
  - Both latex and oil-based paint
  - Paint products must meet program qualifications
- Free drop-off. Call for information.

## **Stericycle** **360-835-8594 or 800-547-2436**

625 S. 32nd St., Washougal, WA 98671  
[www.pscnow.com](http://www.pscnow.com)

- Hazardous and nonhazardous waste management solutions, complete transportation services, lab-packing and on-site waste classification
  - Promotes material reuse and recycling
  - Pickup service available
- Call for pricing information.

**Thermo Fluids, Inc.****503-788-4612**

12533 SE Carpenter Drive, Clackamas, OR 97015

[www.thermofluids.com](http://www.thermofluids.com)

- Recycling services for used oil, antifreeze, oil filters and industrial cleaning fluid
- Pickup service available

Call for pricing information.

**Veolia Environmental Services****360-260-0882**

5720 NE 121st Ave., #105, Vancouver, WA 98682

[www.veolia.com](http://www.veolia.com)

- Full range of hazardous waste management services: incineration, recycling, lab-packing, fuel blending and transportation
- Pickup service available

Call for pricing information.

**WasteXpress Environmental Services****503-224-3206**

Portland, OR 97203

[www.wastex.com](http://www.wastex.com)

- Cleanup and disposal of any volume of waste, small or large
- On-site pickup of cans, pails and drums of hazardous waste, latex paint, contaminated water, oils and sludges
- Pickup service available

Fee: \$0.50/gallon to \$12/gallon. Call for information.

## Insulation

**WARNING:** While fiberglass, cellulose and mineral wool insulation does not contain asbestos, certain types of older insulation may contain asbestos, which is a cancer-causing mineral fiber. The only way to ensure that your insulation is asbestos-free is to have a sample tested by a laboratory. Oregon Department of Environmental Quality maintains a list of accredited laboratories that can test materials before you disturb or remove them ([oregonmetro.gov/toolkit](http://oregonmetro.gov/toolkit)). Bring the laboratory results with you when you recycle or dispose of insulation. Before you disturb or remove insulation, call Metro Recycling Information at 503-234-3000 for more information and see pages 2-3 for a list of building materials suspected to contain asbestos.

### **The ReBuilding Center**

**Store: 503-331-1877, Pick-up service: 503-445-1520**

3625 N. Mississippi Ave., Portland, OR 97227

[www.rebuildingcenter.org](http://www.rebuildingcenter.org)

- Clean and dry fiberglass insulation batts
- Unfaced or paper/foil/plastic-faced batts
- Duct insulation in the original box only
- Clean and dry rigid foam Insulation
- No cellulose, loose-fill or blown-in insulation
- All insulation must be in plastic bags
- All donations accepted at the discretion of staff

Free drop-off. All donations are tax deductible.

**Which location is closest?** Ask Metro at 503-234-3000 or [oregonmetro.gov/toolkit](http://oregonmetro.gov/toolkit).

## NOTICE

# Yard debris quarantine in effect in Washington County

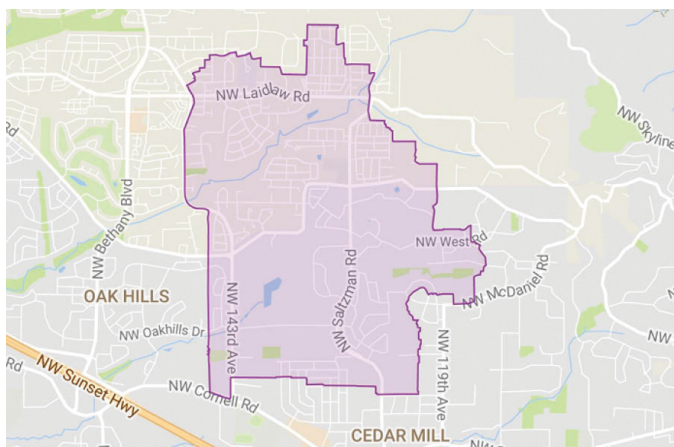

**Your construction site may be located within the boundaries of the Japanese Beetle yard debris quarantine currently in effect in Washington County.**

The largest infestation of Japanese beetles ever found in the state was detected in 2016 in the area of Cedar Mill and Bethany of Washington County in Oregon. The invasive beetle is a threat to agricultural crops, gardens, and forests that are essential to Oregon's economy, landscape, and ecological functions.

The quarantine is intended to prevent the spread of Japanese beetle in Oregon and to ensure the success of the current eradication program. The boundary of the quarantine area was expanded because of increased Japanese beetle detections in the county in 2017.

The Oregon Department of Agriculture is asking all residents, construction contractors, landscapers, and waste managers that work in the yard debris quarantine area (shown in purple on the map below) to follow the steps in this bulletin in order to comply with the quarantine to prevent the spread of both Japanese beetle adults and larvae:

### Yard debris quarantine boundary

- Grass clippings, plants with soil, and sod must be contained and delivered to a proper location. If you live within the area, you can keep using your yard waste curbside bin as normal. If in doubt about what is included, please ask us.
- Compost and waste transfer facilities are not allowed to accept land clearing debris and yard debris from the quarantine area in order to prevent the spread of Japanese beetle.
- If possible, keep land clearing debris and yard debris at the property or use a standard curbside yard debris bin. However, if land clearing debris or yard debris must be removed from the property, bag and cover the load and take it directly to:
  - Northwest Landscape Services, 1800 NW Cornelius Pass Rd, Hillsboro, OR - (503) 486-5154
  - Spring and Summer Hours of Operation:

Includes grass, leaves, sod, woody debris, stumps, limbs and brush. Does not include lumber, concrete, rock or treated landscape timbers.

### **Allwood Recyclers** **503-667-5497**

23001 NE Marine Drive, Fairview, OR 97024  
[www.allwoodrecyclersinc.com](http://www.allwoodrecyclersinc.com)

- Land-clearing debris
- Stumps accepted
- Chipped woody debris accepted
- Sod accepted – call for information
- Retail outlet for compost, bark and soil mixes

Fee: \$10/yard for grass, leaves and woody debris under 24 inches in diameter, \$12 minimum; \$15/ yard for sod or woody debris over 24 inches in diameter, \$15 minimum.

**Best Buy in Town****503-645-6665**

2200 NW Cornelius Pass Road, Hillsboro, OR 97124

*(one block south of Cornell Road)*[www.bestbuyintown.biz](http://www.bestbuyintown.biz)

- Land-clearing debris and yard debris
- Leaves, grass clippings and limbs
- Sod and dirt must be separated from other yard debris
- Stumps and root balls no larger than 36" in diameter and with no dirt

Fee: \$25/yard

**City Bark Recycling****360-253-8461**

2419 NE Andresen Road, Vancouver, WA 98661

[www.northwestcompostproducts.com](http://www.northwestcompostproducts.com)

- Land-clearing debris and brush and sod
- Leaves and grass clippings also accepted, ideally these are separated from the brush and sod
- Stumps accepted
- Retail/wholesale outlet for bark and soil

Fee: \$20/yard; \$20/yard for stumps

**Environmentally Conscious Recycling****503-253-0867**

12409 NE San Rafael, Portland, OR 97230

[www.eccrecycling.com](http://www.eccrecycling.com)

- Land-clearing debris
- Can be mixed with other construction debris
- Stumps accepted

Call for pricing information.

**Greenway Recycling****503-683-2755**

4135 NW St. Helens Road, Portland, OR 97210

[www.recyclegreenway.com](http://www.recyclegreenway.com)

- Leaves, grass and woody debris
- Must have a commercial account

Call for pricing information.

**Grimm's Fuel Co.****503-692-3756**

18850 SW Cipole Road (at Highway 99), Tualatin, OR 97062

[www.grimmsfuel.com](http://www.grimmsfuel.com)

- Land-clearing debris
- Stumps accepted

Fee: Commercial, \$12/yard, pieces less than 200 pounds and less than 8 feet long; \$20/yard, pieces more than 200 pounds or more than 8 feet long.

**H&H Wood Recyclers, Inc.****360-892-2805**

8401 NE 117th Ave., Vancouver, WA 98662

[www.hhwoodrecyclers.com](http://www.hhwoodrecyclers.com)

- Land-clearing debris
- Stumps accepted

Fee: \$14/yard for yard debris; \$14/yard for clean stumps

## **Konell Construction and Demolition**

### **503-668-3516**

36000 SE Industrial Way, Sandy, OR 97055  
[www.konell.net](http://www.konell.net)

- Wood, branches and limbs
- Woody debris can be mixed with clean un-treated/ dimensional lumber scrap.
- No painted wood
- Stumps and root balls accepted- no size limit
- No grass clippings, leaves or dirt
- Drop box rental available for large loads of clean, separated land-clearing debris
- Retail/wholesale outlet for soil blends, used brick, crushed concrete and landscape products

Call for pricing information.

**WOODCO****503-649-5430**

3011 SW 170th Ave, Aloha, OR 97003

[www.woodcofuel.com](http://www.woodcofuel.com)

- Branches and woody yard debris
- Sod and dirt with no rocks
- No large stumps over 24" circumference
- Branches must be shorter than 6 feet
- Dirt must be removed from root balls
- Retail outlet for compost products

Call for fees and hours.

## Wood Waste Management

**503-493-3370**

7315 NE 47th Ave., Portland, OR 97218

[www.northwestcompostproducts.com](http://www.northwestcompostproducts.com)

- Land-clearing debris and yard debris
- Stumps accepted
- Retail/wholesale outlet for compost and bark products

Fee: \$30 minimum covers up to 2 yards then \$20/yard/yard for woody yard debris; \$25/yard for leaves and grass. Call for pricing information.

## Metal

**WARNING:** Some electrical wiring, electrical panels, HVAC ducts, piping and appliances may contain asbestos, which is a cancer-causing mineral fiber. The only way to ensure that your metal items are asbestos-free is to have a sample tested by a laboratory. Oregon Department of Environmental Quality maintains a list of accredited laboratories that can test materials before you disturb or remove them ([oregonmetro.gov/toolkit](http://oregonmetro.gov/toolkit)). Bring the laboratory results with you when you recycle your materials. Before you disturb or remove metal electrical wiring, electrical panels, HVAC ducts, piping and appliances, call Metro Recycling Information at 503-234-3000 for more information and see pages 2-3 for a list of building materials suspected to contain asbestos.

### **Aurora Mills Architectural Salvage** **503-678-6083**

14971 First Street NE, Aurora, OR 97002

[www.auroramills.com](http://www.auroramills.com)

- Vintage (older) industrial and commercial machinery, tooling, parts, gears, workbenches, metal cabinets, lockers, shelving and vintage auto parts
- No appliances, vehicle engines, wire fencing or tanks
- Free pickup service available
- Call before delivery

May purchase material or salvage rights.

Call for information.

**Which location is closest?** Ask Metro at 503-234-3000 or [oregonmetro.gov/toolkit](http://oregonmetro.gov/toolkit).

**Calbag Metals Co.****503-226-3441**

2495 NW Nicolai St., Portland, OR 97210

[www.calbag.com](http://www.calbag.com)

- Ferrous and nonferrous metals
- May provide pick up service for consistent and ongoing customers

May purchase material. Call for information.

**Environmentally Conscious Recycling****503-253-0867**

12409 NE San Rafael, Portland, OR 97230

[www.eccrecycling.com](http://www.eccrecycling.com)

- Ferrous and nonferrous metals accepted separated or mixed with other construction debris
- Non-freon containing appliances

Free drop-off for separated metals. Call for more information on loads containing metals and other materials.

**Far West Fibers Hillsboro****503-643-9944**

- Metal, separated or mixed with other construction debris
- If mixed with construction debris, it must be transported in a hydraulic or automated dump vehicle.
- Manual unload allowed for separated metal.

Free drop-off.

## Mixed construction debris recycling

Combine different types of construction and demolition debris in one container or load. Don't worry about sorting. All mixed construction debris, regardless of which facility you use, is sorted and recycled for you. The following items are not accepted in mixed loads: household garbage, food, liquid, hazardous waste and torch-down roofing. For more information ask Metro at **503-234-3000** or **[oregonmetro.gov/toolkit](https://oregonmetro.gov/toolkit)**.

**NOTICE:** Metro cannot accept construction waste with asbestos-containing materials at Metro Central and Metro South transfer stations. Metro recently implemented new procedures for the screening of construction waste to protect the health and safety of our customers and employees. To protect your health and minimize the chances of your load being refused, please call Metro Recycling Information Center at 503-234-3000 or visit [oregonmetro.gov/asbestosrules](https://oregonmetro.gov/asbestosrules) to learn about the new requirements for asbestos screening at Metro's transfer stations. More information about asbestos-containing materials and Metro's screening procedures can be found on pages 1-3.

## **CORE Recycling**

**503-285-9940**

4530 NE 138th Ave, Portland, OR 97230

(enter off easement on NE 138th)

[www.cityofrosedisposal.com](http://www.cityofrosedisposal.com)

## Salvage and used building materials

Salvaged building materials taken from structures built before 1978 may contain lead-based paint. Exposure to lead paint may cause health problems. Call the State of Oregon Lead-based Paint Program at 971-673-0434 for more information.

**WARNING:** Used building materials can contain asbestos, which is a cancer-causing mineral fiber. The only way to ensure that your items are asbestos-free is to have a sample tested by a laboratory. Oregon Department of Environmental Quality maintains a list of accredited laboratories that can test materials before you disturb or remove them ([oregonmetro.gov/toolkit](http://oregonmetro.gov/toolkit)). Bring the laboratory results with you when you sell, donate or recycle your materials. See pages 2-3 for a list of building materials suspected to contain asbestos. Or call Metro Recycling Information at 503-234-3000 for more information.

## **1874 House Antiques**
