Bird checklist

GREATER PORTLAND

This checklist of the birds regularly seen in greater Portland was originally created by Metro parks naturalist James Davis, based on the one by Harry Nehls in “Wild in the City.” For the latest information on bird sightings in the region, call the Audubon Society of Portland’s rare bird alert at 503-292-6855 or visit audubonportland.org for other birding links.

Updated: fall 2018

Key

c – common

Seen or heard often in suitable habitat. Hard to miss.

u – uncommon

Usually present in suitable habitat but not numerous. You’ll probably find at least one.

o – occasional

Irregular and hard to predict. May be secretive, low in number, or very local. You might find one if you’re in the right place at the right time.

r – rare

Very few seen each year and there may be some years with no sightings. Lots of luck.

n – nests in our region (N)

For the purposes of this checklist, spring **(Sp)** is March through May; summer **(Su)** is June through August; fall **(F)** is August through October; winter **(W)** is November through February.

Common names are based on the American Ornithologists Union’s Checklist of North American Birds, the authority for bird names and classifications. Non-native birds are indicated by the word “introduced,” also in parentheses.

Very rare birds

These birds have been seen in our region a few times, but are basically out of their normal range. If one is spotted you can be sure it will be on the rare bird alert at the Audubon Society of Portland.

Red-necked grebe	Arctic tern
Brown pelican	Snowy owl
Snowy egret	Long-eared owl
Cattle egret	Black swift
White-faced ibis	Black-chinned hummingbird
Emperor goose	Costa's hummingbird
Tufted duck	Calliope hummingbird
Harlequin duck	Black phoebe
Long-tailed duck	Tropical kingbird
Northern goshawk	Loggerhead shrike
Swainson's hawk	Black-bellied magpie
Ferruginous hawk	Rock wren
Prairie falcon	Bohemian waxwing
American golden-plover	Tennessee warbler
Pacific golden-plover	Palm warbler
Willet	Black-and-white warbler
Ruddy turnstone	American tree sparrow
Black turnstone	Brewer's sparrow
Semipalmated sandpiper	Vesper sparrow
Sharp-tailed sandpiper	Lark sparrow
Stilt sandpiper	Black-throated sparrow
Buff-breasted sandpiper	Lark bunting
Ruff	Rose-breasted grosbeak
Red phalarope	Indigo bunting
Slaty-backed gull	Tricolored blackbird
Sabine's gull	Rusty blackbird
Common tern	Brambling
Forster's tern	Common redpoll

Hello, we're Metro.

Metro brings people together to shape the future of greater Portland and provides places, services and tools that work best at a regional scale. Led by an elected council, this unique government gives Oregonians a voice in their community.

Parks and nature

Metro protects clean water, restores fish and wildlife habitat, and connects people to nature across 17,000 acres of parks, trails and natural areas – and the Oregon Zoo.

Land and transportation

Metro plans for new homes, jobs, transportation options and access to local businesses and parks.

Garbage and recycling

Metro manages the garbage and recycling system and is a resource for information about safe disposal and ways to reduce waste.

Arts and events

Metro runs the Oregon Convention Center, Portland Expo Center and Portland's Centers for the Arts.
