RE: Reissuance NPDES Permit Number 1200-Z
File Number: 116824 EPA Number. : ORR507035
Facility: Metro South Station, 2001 Washington Street, Oregon City
Clackamas County
SIC Code(s): 4953

Dear Permit Registrant:

The Oregon Department of Environmental Quality has reissued the August 1, 2017, 1200-Z industrial stormwater general permit upon reconsideration. You will find a revised monitoring requirements table based on the settlement terms. This change does not impact monitoring waiver approvals or your Tier II evaluation year. The monitoring year still extends from July 1 to June 30, with two distinct sampling time frames: July 1 through December 31 and January 1 through June 30.

It is your responsibility to take all necessary steps to comply with conditions established in the permit to help protect Oregon's waterways. The October 2018 reissued permit and technical assistance materials are posted on DEQ's industrial stormwater website:

<https://www.oregon.gov/deq/wq/wqpermits/Pages/Stormwater-Industrial.aspx>.

Included in this mailing is a summary of changes. Please print the permit from DEQ's website, read all documents carefully and replace these documents with previously received monitoring requirements table. The monitoring frequencies have increased and Discharge Monitoring Reports are now due quarterly.

Please contact Jenni Seven in DEQ's Northwestern Region office at 503-229-5886 if you have any questions about your permit requirements.

Respectfully,

Jenni Seven, WQ Permit Coordinator
Northwestern Region

Monitoring Requirements

You must monitor for the pollutants in the table below. If a parameter is listed more than once in the table below, you must sample according to the highest frequency and the laboratory results must meet the lowest concentration. If benchmarks are exceeded, please refer to Schedule A.10 of the permit for appropriate corrective actions.

Region	Pollutant	Statewide Benchmark	Unit	Frequency
Regional	Total Copper	0.020	mg/L	Four times per year
Regional	Total Lead	0.015	mg/L	Four times per year
Regional	Total Zinc	0.12	mg/L	Four times per year
