How much funding is available?

Individual groups can request up to \$3,500 per request. During this pilot year, there will be two semi-annual review cycles. This fall cycle will have \$25,000 total available.

Where do the funds come from?

In 2013 and 2016, voters across the region approved a Parks and Natural Areas Levy to protect water quality, fish and wildlife habitat, and create opportunities to enjoy nature close to home. This levy includes funding for a Parks and Nature community partnerships program that supports communities of color in building capacity and connecting people with nature at Metro parks and natural areas. There are four community partnership program areas: co-created community partnerships, sponsorships for community-led activities, support to participate in activities led by Metro staff, and partnership innovation funds.
