Hello Metro colleagues,

Happy Earth Day everyone!

Today is the 50th anniversary of Earth Day - an opportunity to recommit to, or even double down on, our efforts to protect our life support systems and to create a just and equitable future. While the COVID crisis means that we can't gather in person on Earth Day, it reminds us how much we rely on each other, and how much one person can make a difference.

To that end, the [Sustainability Program and Metro Regional Center Green Team invite you to visit MetroNet](#) to learn about activities you and your family can engage in to honor Earth Day, including a fun, virtual Eco Bingo game. The Metro Green Team acknowledges that we've all been impacted differently by COVID and may not all be able to participate, but for those of you who can, the team hopes you find this an engaging way to take action in honor of Earth Day.
