About Metro

Clean air and clean water do not stop at city limits or county lines. Neither does the need for jobs, a thriving economy, and sustainable transportation and living choices for people and businesses in the region. Voters have asked Metro to help with the challenges and opportunities that affect the 25 cities and three counties in the Portland metropolitan area.

A regional approach simply makes sense when it comes to providing services, operating venues and making decisions about how the region grows. Metro works with communities to support a resilient economy, keep nature close by and respond to a changing climate. Together we're making a great place, now and for generations to come.

Stay in touch with news, stories and things to do.

SECTION 1: COMMUNITY ENHANCEMENT GRANT PROGRAM – METRO CENTRAL

For nearly three decades, Metro’s community enhancement grants have helped improve neighborhoods where the region’s solid waste transfer stations are located including North and Northwest Portland, Forest Grove, Oregon City, Troutdale, Sherwood and Wilsonville.

Funded by a surcharge on waste at the [Metro Central Transfer Station](#) located off of Highway 30 in Northwest Portland, Metro Central Enhancement Grants benefit the neighborhoods of Forest Park, Cathedral Park and Linnton; the Northwest District Association and the Northwest Industrial Area; and an area directly adjacent to the St. Johns Bridge. These investments help the Metro Council fulfill their goal of supporting communities at the neighborhood and regional level and deliver on the Metro Council’s six desired outcomes for the region, including

- Vibrant communities;
- Clean air, clean water and healthy ecosystems; and
- Regional equity.

During the 2021 grant cycle, approximately \$300,000 is estimated to be available for grants from community enhancement fees collected at the Metro Central transfer station. **Application requests are typically up to \$50,000.** Grants typically cover one year (Jan. 1 through Dec. 31, 2021). Metro will also consider grants which will take up to 18 or 24 months to complete.

For the previous grant cycle, Metro received 22 applications requesting \$665,000 in funding for programs that benefit the residents of Northwest Portland. The grant review committee approved funding for 16 of the 22 applications and awarded over \$300,000 with an average award amount of \$22,500.

WHO MAY APPLY?

Metro Central grants were created more than 20 years ago with the intention of enhancing neighborhoods impacted by the Metro Central transfer facility. They are designed to support residents within a defined target area that stretches along the west side of the Willamette River from the Northwest Neighborhood Association to Linnton, along with North Portland’s Cathedral Park neighborhood and an area around the St. Johns Bridge. See target area boundary map (p. 3) for boundary details.

Individuals, community groups, neighborhoods, nonprofits, schools and school groups, government agencies, faith groups and service groups with nonprofit or other tax-exempt status may apply. Metro is not eligible to apply for or receive grant funds.

Community enhancement grants are intended to serve people within the target area of all ages and abilities from all backgrounds. **Metro encourages applications for projects that involve the leadership and meaningful participation of people of color, immigrants, elders, youth, those with disabilities, low-income residents, and other underrepresented groups.**

Additionally, short-form progress reports are also required for each reimbursement request. The final report will include a summary of grant activities, the actual project expenses, photos, follow-up activities, and evaluation of the project's success.

In your application you'll need to describe the outcomes you will report for your project, according to the overall purpose and goals established for your grant. What will you measure to illustrate the effectiveness of your project or program? What stories can you tell about your project or program's success? How will you use the information to improve your community or your programs in the future?

CONTRACTING AND REIMBURSEMENT PROCESS – PLEASE REVIEW

Once the application is approved by the Metro Central Enhancement Committee, Metro staff will work with the successful applicant to enter into the necessary agreements for the project between Metro and the applicant and/or their fiscal agent. METRO'S CONTRACTING AND REIMBURSEMENT PROCESS – PLEASE REVIEW

Grantees who are approved for funding must enter into a contractual agreement with Metro that specifies legal and contractual obligations, including insurance requirements and the use of a fiscal agent. Grantee must not pre-commit or spend funds before the grant agreement is signed by both parties. In general, grantees will have up to 12 months (Jan. 1, 2020 to Dec. 31, 2020) to complete the proposed project. Some years, the Metro Central Enhancement Committee will also consider projects that take up to two years to complete.

Funding is available on a reimbursement basis only (except your first initiation payment up to 30% of your total grant award). Reimbursement requests Grantee submits to Metro must represent both payment and grant work that is or will be completed during the defined term of the grant agreement. Reimbursement requests include but are not limited to:

- Capital improvement projects

- Subcontractor services
- Events and other services
- Programmatic and staffing costs
- Product procurement

When external factors impact deliverables being completed within timeline, grantees may request a contract amendment and extension. In some cases, Metro may consult the grant committee for approval. Metro will not reimburse for work that has been paid for but not completed during the contract cycle without an approved amendment/extension.

Once Grantee submits a reimbursement request, Metro will issue the payment within 30 days of Metro's approval of the reimbursement request. **Grant projects are subject to Metro audits and reviews.** The Grantee must acknowledge Metro and the Metro Central Enhancement Program as grant sponsors on any written or published material, grant product and/or project signage. Grantee must make reasonable progress towards the project goals and objectives within the first six months of award. A mid-term progress report is due six months in to the project. A final report is due upon project completion. Grantee must provide Metro with copies of any grant products including but not limited to curriculum, videos, guides and brochures, upon request.
