

What eco-action
will you take on?

Identify:

- What is the **problem** you want to solve?
- What are the **benefits** from solving this problem?
- What are the **barriers** to fixing this problem?
- Who are your **allies** in this project?
- What **action** will you take?
- How will you know if you **succeeded**?

Please let us know
if we can help! We
would love to hear
about your efforts!

Community-Based Eco-Action Steps

Identify:

Problem	Allies
Benefits	Action
Barriers	Success

1. What is the **problem** or outcome that you would like to change?
2. What are the **benefits** of solving this problem?
3. What are the **barriers** that are causing this problem or preventing people from making this change?

How can you collect data to support your work (audit, interviews, observations)?

4. Who are the **allies** who can help you with this project?

What supplies will you need?

5. What **action** can be done?

Who will complete the actions?

6. What does **success** look like? How will you know if you solved the problem?
