

CEDS 101

BUILDING OUR REGION'S FUTURE

WHAT IS A CEDS?

A Comprehensive Economic Development Strategy (CEDS) is an action-oriented strategy for regional economic development. It is the result of a regionally-owned planning process designed to build capacity and guide the economic prosperity and resiliency of our region.

Greater Portland Economic Development District

Greater Portland Inc develops the region's CEDS every five years on behalf of the Greater Portland Economic Development District (Multnomah, Washington, Clackamas and Clark counties). The CEDS currently underway is being developed in direct partnership with Metro.

OUR CORE PILLARS

Equity: ensure under-represented and under-resourced people have the same level of access to the economy and wealth creation as all other residents.

Resilience: capacity of regional assets and diverse labor force can respond to chronic stresses and acute shocks the region experiences.

Strong Economic Growth: increasing GDP over time and at higher rates than peers. Realized by a globally connected economy tied to emerging technologies.
