The Viewfinder

72nd and Baylor - Community Development Partners (CDP) - Housing Authority of Washington County

The six-story Viewfinder building is the second project in Washington County funded through Metro's affordable housing bond to break ground. The project will consist of 25 one-bedroom apartments and 56 larger units that will be available to families and veterans. Residents will enjoy both indoor and outdoor community gathering spaces, play areas, laundry facilities on each floor, bicycle storage, and 64 parking spaces.

The Viewfinder is a partnership between Community Development Partners (CDP) and the Housing Authority of Washing County. Thirty-four units will be deeply affordable to households earning 30 percent of area median income (AMI) or below, including 10 two-bedroom and 10 three-bedroom units. Of these 34 units, eight will be supported with project – based Section 8 vouchers and eight will be supported with Veterans Affairs Supportive Housing (VASH) vouchers.

The goal of the Viewfinder is to create affordable housing in a vibrant area where people of all ages, abilities and incomes can live and work within walking distance to shops, grocery stores, restaurants, parks and other amenities. Located in the heart of the Tigard Triangle area, the site is in the northeast corner of the city, just east of downtown Tigard, and is easily accessible by bordering roadways of Highway 99W, Highway 217, and Interstate 5. Viewfinder will have a generous amount of common space including three offices, a maintenance office, computer room and media lounge to accommodate the various programming that will exist onsite. Outdoor areas include a playground, pet relief area and parking lot with an electric vehicle charging station.
