DESCRIPTION

Jobs assigned to this series function as Veterinarians, maintaining and promoting the health of the Zoo's animal collection through the use of current preventive and curative veterinary medical procedures, diagnostics, and treatment practices. They are also responsible for animal nutrition programs.

DISTINGUISHING FEATURES

This series classification includes Veterinarian I and Veterinarian II. Both levels specialize in the professional practice of veterinary medicine and research for the Zoo's collection of exotic and native animals. The Veterinarian I classification is the professional, journey level of this series and backs up the Veterinarian II. The Veterinarian II supervises the Veterinarian I classification and has overall management responsibility for the Zoo's veterinary program and animal hospital.

DUTIES AND RESPONSIBILITIES

Veterinarian I

1. Directs, supervises and participates in a variety of veterinary medical practices including treatment of sick animals, prophylactic exams of healthy animals, advising other Zoo staff on animal husbandry, design, materials, landscaping, maintenance and related exhibit issues, develops and supervises animal diet and feeding programs, and coordinates animal shipments and receiving including health monitoring and quarantine.
2. Performs and supervises research on Zoo animals to enhance species survival by studying their health and their reproductive processes; designs, performs and manages reproductive enhancement techniques, specialized procedures and breeding programs, and coordinates research activities and projects with other Zoos.
3. Supervises, performs and assists with clinical, surgical, obstetric, pediatric, disease and parasite treatment, necropsy and other veterinary procedures on animals to help ensure their health and survival.
4. Manages and coordinates compliance with Animal Welfare Act regulations and communicates with the State Health Department on communicable disease issues.
5. Maintains accurate medical records including computer entry of clinical notes, lab results and examinations.
6. Orders supplies and cleans and stocks hospital.

Veterinarian II

1. Performs all those duties described for Veterinarian I.
2. Manages the operations of the Zoo's animal hospital including staff, supplies, budget, and maintenance.

It is the responsibility of all Metro employees to:

1. Actively participate on committees and/or attend meetings as assigned.
2. Fulfill Metro's core values of public service, excellence, teamwork, respect, innovation and sustainability. This includes, but is not limited to:
 - Build and maintain positive relationships and contribute to a positive team atmosphere; engage others in ways that foster respect and trust
 - Encourage and appreciate diversity in people and ideas – seek to understand the perspectives of others
 - Provide excellent customer service – assist the public, public officials and agency partners, and other employees in a professional and courteous manner with the goal of meeting or exceeding expectations
 - Practice continuous improvement - research new possibilities, contribute ideas and stay current in field of work
 - Demonstrate sustainable practices in applicable field and generally for resource use and protection
 - Work assigned schedule (if applicable); exhibit regular and predictable attendance
 - Practice safe work habits
 - Comply with Metro and Metro's visitor venues policies, procedures and applicable work rules; applicable law and collective bargaining agreements as appropriate
3. Perform assigned duties during an emergency situation.
4. Perform other duties as assigned.
