

RLIS OPEN DATABASE END USER LICENSE AGREEMENT

Using Data under this License:

Metro's Regional Land Information System ("RLIS") database, content, and materials ("Data") were developed to support Metro's functions and services. This Data is made available through Metro's Data Resource Center and through this RLIS Open Database End User License Agreement ("License" or "Agreement").

By accessing or using the Data, you (whether a person or entity) and Metro agree that the following terms and conditions govern your use.

Permission:

Metro grants you a limited, worldwide, royalty-free, non-exclusive, revocable license to:

- 1) Copy, publish, distribute, and share the Data;
- 2) Extract, modify, and adapt the Data; and
- 3) Combine it with other data, or include it in your own product or application.

When you do any of the above, you must:

- 1) Do so only under the terms of this License; and
- 2) Acknowledge the source of the Data by including any attribution statement specified by Metro and, where possible, provide a hyperlink to this License as such:

Regional Land Information System data are a product of Metro and made publicly available according to the license agreement found in <https://rlisdiscovery.oregonmetro.gov/pages/open-database-license>

If you are using information from several information providers and listing multiple attributions is not practical in your product or application, you may include a URI or hyperlink to a resource that contains the required attribution statements.

This License does not cover:

- Any personal data in the Data, unless otherwise agreed to in writing by Metro;
- Third-party rights Metro is not authorized to license;
- Other intellectual property rights, including copyrights, trademarks, patents, privacy, or personality rights; and
- Rights to individual contents contained in the database.

You agree that Metro retains all rights to its intellectual property, including Metro's Data, copyrights, patents, trademarks, and service marks.

Terms and limitations on use of Data:

Each time you communicate the Data, in whole or in part, Metro offers the recipient a license to the Data on the same terms and conditions as this License.

You are solely responsible for any modifications of derivative works you or others make at your direction.

You agree that you will not attempt to restrict or interfere with use of the Data by Metro or others. You may not impose any further restrictions on the exercise of rights granted or affirmed under this License with respect to the Data. Sublicensing the Data is prohibited. You may impose your own license terms with respect to your derivative works.

This License does not affect any rights you may have under other copyright or database right exceptions and limitations.

This License does not grant you any right to use the Data in a way that suggests any official status or that Metro endorses you or your use of the Data.

If you fail to comply with the terms and conditions of this License, your rights under it automatically and immediately terminate without notice to you. All terms and conditions limiting Metro's responsibility, protecting Metro's rights and property, and imposing obligations on you survive termination of this License.

Unless terminated, this License is granted to you for the duration of any applicable copyright or database rights.

Metro reserves the right to release the Data under different license terms or to stop distributing or making the Data available.

Non-warranty:

The Data is licensed "AS IS" and "AS AVAILABLE." Metro accepts no responsibility for errors, omissions, or accuracy in the Data or the underlying related information.

Metro disclaims all representations and warranties of any kind, express or implied, including without limitation the implied warranties of merchantability, fitness for a particular purpose, accuracy or completeness, the presence or absence of errors, non-infringement, or otherwise.

Metro is not and cannot be held liable for any losses or damages, direct or indirect, including without limitation, loss of profits and special, consequential, or incidental damages, no matter how caused and regardless of any legal theory, arising out of or related to your use or distribution of the Data or use under this License, whether by you or anyone else, and whether or not caused by any fault on your part. In addition, you must also defend, save, and hold harmless the officials, officers, agents, and employees of Metro and any party providing Metro with any source data or information that is contained in the Data from all claims, demands, suits, actions, losses, damages, liabilities, costs, and expenses of whatsoever nature (including all attorneys' fees and costs at trial and on appeal), arising out of or resulting from the your receipt and use of the Data.

Governing law:

This License is construed and interpreted pursuant to the laws of the State of Oregon. Venue for any action or claim arising out of or in connection with this License is in the Circuit Court for Multnomah County, Oregon.

If any term of this license is found illegal, invalid, or unenforceable by a Court, it will not affect the remainder of this License.

These terms and conditions constitute the entire agreement between you and Metro as to the above subject matter.

These terms are compatible with the Creative Commons Attribution License 4.0 and the Open Data Commons Attribution License, both of which license copyright and database rights. This means that when the Information is adapted and licensed under either of those licenses, you automatically satisfy the conditions of this RLIS OPEN DATABASE END USER LICENSE AGREEMENT when you comply with the other license.
