The guidelines shall specify the amount each councilor shall be allocated for authorized expenditures, the type of authorized expenditure, and procedures for the request and approval of expenditure reimbursement requests.
- (c) Pursuant to Metro Charter Section 21(4), the salary paid to members of the Council is the full and exclusive compensation that may be paid to them by Metro. [Ord. 50, Sec. 3.]

2.03.040 Notice of Violation and Intent to Assess Civil Penalty

- (a) Except as provided in subsection (d) of this section, prior to the assessment of any civil penalty the Director shall serve a written notice of violation and intent to assess civil penalties upon the respondent.

At the hearing, the burden of proof and the burden of coming forward with evidence regarding the respondent's economic and financial condition or regarding any factor urged in mitigation shall be upon the respondent. [Ord. 50, Sec. 5.]

- 2.14.010 Purpose and Policy
- 2.14.020 Definitions
- 2.14.030 Parking Regulations

2.14.010 Purpose and Policy

The purpose of this chapter is to give policy direction as to the use and regulation of parking lots and structures at Metro regional facilities.

It is the policy of Metro to obtain maximum use of its regional facilities by assisting the public and Metro employees to gain access to and use of those facilities, consistent with their planned use and with other region-wide Metro policies and objectives.

Parking is an integral part of the regional facility that enables the facility to fulfill its mission and objectives. The administration of parking lots and structures is carried out as part of the administration of the facility.

Parking lots and structures are for the use of the visitors to the facility and Metro employees and staff assigned to the facilities. Metro may assist employees in gaining access to its regional facilities in a manner that promotes alternatives to the use of single occupancy motor vehicles.

Parking lots and structures may be operated in an entrepreneurial manner that generates revenues for Metro and its facilities.

Metro will work with appropriate local jurisdictions to ensure that design and operation of its parking lots and structures is consistent with this parking policy. [Ord. 95-586; Ord. 99-807A, Sec. 2.]

2.15.010 Independence

The Office of Auditor is an elected position defined by the Metro Charter with specific duties, including the requirement to make continuous investigations of the operations of Metro. These investigations include financial and performance audits. The Auditor is required to make reports to the Metro Council with recommendations for action.

The Office of Auditor consists of the Metro Auditor and such subordinate employees as the Council may provide. The Auditor has neither a management nor a policy role; rather the Auditor provides independent and objective information about Metro programs and services. The functions of the Auditor include financial as well as performance audits of all departments, offices, commissions, activities and operations of Metro and reports regarding compliance with adopted laws, policies and sound fiscal practices.

The Office of Auditor will adhere to government auditing standards in conducting its work and will be considered independent as defined by those standards. The Auditor will strive to assure maximum coordination between its function and the audit needs of Metro, including the Council and Chief Operating Officer. [Ord. 95-610A, Sec. 1; Ord. 02-967, Sec. 1.]

2.15.020 Funding

In each annual budget sufficient funds and personnel shall be provided by the Metro Council to carry out the responsibilities specified herein. [Ord. 95-610A, Sec. 1.]

2.15.025 Procedure for Submission of Metro Auditor's Budget

The Auditor shall transmit the proposed budget for the Office of the Auditor to the Metro Chief Operating Officer at the same time that Metro departments do so. The Chief Operating Officer shall review the submitted budget and submit the Auditor's proposed budget to the Council with the Chief Operating Officer's general budget submission to the Council, together with any recommendations the Chief Operating Officer may have for changes in the Auditor's proposed budget. The Chief Operating Officer shall include in the submitted budget the necessary cost allocation for providing services to the Auditor. The Auditor's budget shall be subject to review and approval by the Council, which shall make the final determination of cost allocations for any services provided. [Ord. 07-1164A, Sec. 3.]

2.15.030 Audit Schedule

Each year the Auditor shall submit an annual plan to the Metro Council for review and comment. The plan shall include the departments, commissions, activities, functions and offices scheduled for audit during the year. This plan may be amended during the year as deemed necessary by the Auditor. However, additional resources not authorized in the annual budget may not be utilized without Council approval. Additionally, the Auditor may spontaneously initiate and conduct any other audit deemed necessary to undertake with notification to the Council prior to conducting the audit.

In the selection of audit areas, the determination of audit scope and timing of audit work, the Auditor should consult with federal, state, local jurisdiction auditors, and independent auditors so the desirable audit coverage is provided and audit effort may be properly coordinated.

The Metro Council may request that the Auditor perform special audits that are not included in the annual audit schedule. Such audits will be considered by the Auditor taking into account available resources and audit priorities. The final decision regarding the audit schedule shall remain with the Auditor.

Special audit reports will be handled the same as regular audit reports, except that in personnel matters of a confidential nature, reporting on results may be limited to the Chief Operating Officer and the Council President. [Ord. 95-610A, Sec. 1; Ord. 02-967, Sec. 1.]

2.15.040 Scope of Audits

- (a) The Auditor shall conduct financial and performance audits to independently determine whether:
 - (1) Activities and programs being implemented have been authorized by Metro Charter or Code, state law or applicable federal law regulations;
 - (2) Activities and programs are being conducted as prescribed by the Council to accomplish the objectives intended by the Metro Charter or Code, state law or applicable federal law or regulations;

 - (7) Financial and other reports are being provided that disclose fairly and fully all information that is required by law, that is necessary to ascertain the nature and scope of programs and activities, and that is necessary to establish a proper basis for evaluating the programs and activities;
 - (8) There are adequate operating and administrative procedures and practices, systems or accounting internal control systems and internal management controls which have been established by management; or
 - (9) There are indications of fraud, abuse or illegal acts which need further investigation.

- (b) Audits shall be conducted in accordance with government auditing standards applicable to financial and performance audits. [Ord. 95-610A, Sec. 1; Ord. 02-967, Sec. 1.]

2.15.050 Access to Records and Property

All officers and employees of Metro shall furnish the Auditor with requested information and records within their custody regarding powers, duties, activities, organization, property, financial transactions and method of business required to conduct an audit or otherwise perform audit duties. In addition, they shall provide access for the Auditor to inspect all property, equipment and facilities within their custody. If such officers or employees fail to produce the aforementioned information, then the Auditor may cause a search to be made and exhibits to be taken from any book, paper or record of any such official or employee, excepting personal information, and every office having the custody of such records shall make a search and forward such requested exhibits to the Auditor. [Ord. 95-610A, Sec. 1.]

2.15.060 Audit Reports

Each audit conducted by the Auditor shall result in a written report. These final audit reports shall be made available to the public. The final audit report will include the written responses of the audited entity before it is released to the public. The Auditor shall provide the final report to the Council President prior to releasing the report to the public. [Ord. 95-610A, Sec. 1; Ord. 02-967, Sec. 1.]

The head of the audited entity may respond in writing to the Auditor's recommendations within 10 working days, or at the Auditor's discretion, a longer time frame may be specified. If a timely response is not received, the Auditor shall so note at the time the report is released. The response must specify agreement with the audit findings and recommendations, or reasons for disagreement, as well as proposed plans for implementing solutions to identified problems and a proposed timetable to complete such activities. [Ord. 95-610A, Sec. 1.]

2.15.080 External Audits

Subject to the requirements of the Metro Code pertaining to contracts, the Metro Auditor shall appoint external certified public accountants to conduct certified financial statement audits, as specified by state or local law. The Metro Auditor will monitor the process for the annual financial audit with the advice of the Audit Committee provided for in Section 2.19.250. The Metro Auditor shall coordinate and monitor the conduct of and the responses to external financial statement audits. The Metro Auditor shall work toward the

elimination of duplicative audit work through cooperation with state, federal and external auditors. The Metro Auditor may also, within budgeted appropriations, contract with other professionals to assist in the performance of the audit function. The Metro Auditor will coordinate and monitor audit related assistance provided by such professionals. [Ord. 95-610A, Sec. 1; Ord. 10-1233, Sec. 1.]

2.15.090 Report of Irregularities

If the Auditor detects apparent violations of law or apparent instances of malfeasance or nonfeasance by an officer or employee or information that indicates derelictions may be reasonably anticipated, the Auditor shall report the irregularities to the Council President of the Metro Council and the Chief Operating Officer. If the irregularity is potentially criminal in nature, the Auditor shall notify the district attorney, when appropriate, in addition to those previously cited. 2.19.010 Purpose and Intent

It is the purpose of this chapter to set forth general terms, conditions, functions and responsibility for all advisory committees (Advisory Committees) that have been created by action of the Metro Council or are required pursuant to applicable provisions of the 1992 Metro Charter or Oregon or federal law. In general, this chapter applies to all Advisory Committees of Metro that are public bodies subject to Oregon's Public Meetings (ORS 192.610 et. seq.), whether or not the specific Advisory Committee is mentioned herein. It is not the intent to govern or adopt requirements for committees that are appointed by or report solely to individual Metro officers and which are therefore not subject to Oregon Public Meeting Law. In addition, this chapter does not apply to committees created by the Metro Council that consist solely of members of the Council or to any Metro Commission which exercises administrative functions. It is also not the intent of this chapter to amend any existing agreement with other governmental bodies, which have provisions for the creation and utilization of jointly appointed Advisory Committees. [Ord. 00-860A, Sec. 1; Ord. 02-955A, Sec. 1.]

2.19.020 Definitions

For the purposes of this chapter, unless the context requires otherwise, the following terms shall have the meanings indicated:

2.19.030 Membership of the Advisory Committees

(a) Membership in General.

- (1) The Council President shall ensure that the recruitment and selection process for appointments to vacant positions is open to all segments of the community and ensures a broad representation and diversity of membership. It is the policy of Metro not to discriminate with regard to race, color, religion, natural origin, sex, age, disability, sexual orientation, or mental or familial status in making appointments to Advisory Committees.
- (2) The Council President is encouraged to streamline and standardize the recruitment and selection process, to a reasonable extent, and to facilitate a standing pool of volunteer candidates across the agency.
- (3) Advisory committees may submit names to the Council President for inclusion in a list of interested and qualified candidates but nomination by an Advisory Committee may not be a requirement for appointment.

(b) Appointments and Confirmations.

- (1) Except as it is specifically provided for membership of MPAC and JPACT, or for certain positions specified for elected officials, as set forth in this chapter, all members of all Advisory Committees shall be appointed by the Council President. All persons appointed by the Council President shall be subject to confirmation by the Council. A minimum of four (4) votes in favor of a specific appointment shall be necessary to confirm the appointment. Any person whose confirmation is defeated by four (4) or more votes in opposition, shall not be eligible for appointment to the

same Advisory Committee during the succeeding twelve (12) months. The appointing authority may remove appointed members.

- (2) Appointments of members to individual Advisory Committees may be subject to nominations made by specified entities to the appointing authority. Under no circumstance shall any Advisory Committee have the authority to nominate members to serve on the committee itself.
 - (3) Appointments and confirmation to Advisory Committees may be made with relevant geographical expertise or other criteria in mind. As a general rule, however, recruitment, appointment and confirmation of committee members will be conducted in a manner that attempts to reflect the demographic profile of the region as a whole.
 - (4) Alternate Members. Alternates may vote only in the absence of a specific regular member. Appointment and confirmation of alternates shall be subject to the same requirements that apply to regular members.
- (c) Terms.
- (1) All appointments made by the Council President shall be for a term of two (2) years or to fill a vacancy in the remaining portion of a term not to exceed two (2) years.
 - (2) No person may be appointed to serve more than two (2) consecutive full two (2) year terms on the same committee nor may any person be appointed to fill more than one partial term on any one committee.
 - (3) The limitations on terms set forth in subsection (2) shall not apply to:
 - (A) Employees of public agencies serving as the representative of their public employer; or
 - (B) Representatives of associations, cooperatives, or other non-profit groups, provided such group continues to renominate the designated representative every two years.
 - (4) Members shall continue to serve until their successor is appointed and confirmed. [Ord. 00-860A, Sec. 1; Ord. 02-960; Ord. 02-955A, Sec. 1.]

2.19.040 Advisory Committee Purpose and Authority

The purpose and authority of each Advisory Committee shall be limited to matters specified in the action creating the committee and other matters specifically authorized by action of the Metro Council or other provisions of applicable law. [Ord. 00-860A, Sec. 1.]

2.19.050 Advisory Committee Bylaws

Each Advisory Committee may adopt bylaws governing the Advisory Committee's functions and procedures. Bylaws may not govern the membership or authority of any Advisory Committee. Unless specifically authorized by the Council for any specific Advisory Committee, Advisory Committees shall function as committees of the whole and may not appoint sub-committees or otherwise create any advisory body that constitutes a public body pursuant to Oregon Public Meeting law. However, sub-committees of limited duration may be created as provided in Section 2.19.070(d). [Ord. 00-860A, Sec. 1; Ord. 02-955A, Sec. 1.]

2.19.060 Task Forces

Task Forces are all Advisory Committees created by Metro Council action that have not been specifically provided for in a provision of the Metro Code. All Task Forces are of limited duration and the existence of any Task Force shall terminate one (1) year after its creation, unless specifically renewed and re-authorized by Metro Council action. However, in no circumstance, may a Task Force be continued for more than three (3) years unless authorized by a duly adopted ordinance, which shall be codified. [Ord. 00-860A, Sec. 1.]

2.19.070 Status of All Advisory Committees

- (a) MPAC, JPACT, and PERC are Advisory Committees that have permanent and continuing existence. They shall report directly to the Council and the Council President. The Metro Council shall provide for these committees in the annual budget. The Chief Operating Officer shall provide reasonable staff support for these three (3) committees from any legally available and budgeted resources.
- (b) All other Advisory Committees authorized by this chapter or other provisions of Metro Code shall continue in active status only so long as the Metro Council specifically provides budgeted resources to support the committee's functions. All committees shall operate on a fiscal year basis, July 1 to June 30. In any fiscal year that Metro Council fails to authorize budgeted resources for any committee, that committee shall be in inactive status and shall not meet.
- (c) Task Forces may be created by Metro Council adopted resolutions, but shall be of limited duration and shall not meet unless the Metro Council has identified specific resources for support within the fiscal year budget at the time the Task Force is created and for any subsequent fiscal year. No Task Force may be re-authorized or continued without the Metro Council identifying resources necessary to support its function. The purpose of the Task Force shall be clearly defined in the authorizing resolution.

- (d) Subcommittees may be created by specific action of Advisory Committees provided that the authorization for any subcommittee may not extend beyond the end of any fiscal year. Any Advisory Committee authorizing or re-authorizing any subcommittee shall identify how the subcommittee will function within the limitation of the budget resources provided to the committee.
- (e) This chapter does not apply to the Smith and Bybee Lakes Management Committee, the Portland Center for Performing Arts Advisory Committee or any other Advisory Committee created or authorized by an agreement between Metro and another government. [Ord. 00-860A, Sec. 1; Ord. 02-955A, Sec. 1; Ord. 12-1275A, Sec. 4.]

2.21.060 Review of New Claim by Chief Operating Officer

- (a) The Chief Operating Officer (COO) shall review the claim to ensure that it provides the information required by Section 2.21.050(b). If the COO determines that the claim is incomplete, the COO shall, within 60 days after the filing of the claim, provide written notice of the incompleteness to the claimant. - (b) A claim filed under this section shall not be considered complete until the claimant has submitted the information required by this section. If the claimant fails to submit a complete claim within 60 days after the notice prescribed in subsection (a), the claim shall be deemed withdrawn.
- (c) The COO shall conduct a preliminary review of a claim to determine whether it satisfies all of the following prerequisites for full evaluation of the claim:
 - (1) The property lies within Metro's jurisdictional boundary;
 - (2) The land use regulation that is the basis for the claim is a provision of a functional plan or was adopted by a city or county to comply with a functional plan; and

- (g) The COO shall prepare a written report, to be posted at Metro's website, with the determinations required by subsection (e) of this section and the reasoning to support the determination. The report shall include a recommendation to the Metro Council on the validity of the claim and, if valid, whether Metro should compensate the claimant for the reduction of value or waive the regulation. If the COO recommends compensation or waiver, the report shall recommend any conditions that should be placed upon the compensation or waiver to help achieve the purpose of this chapter and the policies of the Regional Framework Plan. If the COO recommends waiver, the report shall recommend the specific number of single-family dwellings Metro should authorize to offset the reduction in fair market value of the property.
- (h) The COO shall provide the report to the Council, the claimant, the city or county with land use responsibility for the property, and other persons who request a copy. If the Council adopted the regulation in order to comply with state law, the COO shall send a copy of the report to the Oregon Department of Administrative Services. [Ord. 07-1168, Sec. 1.]

2.21.070 Hearing before Metro Council

 - (2) Judicial review of Metro's final determination is limited to the written evidence and arguments submitted to Metro prior to or at the public hearing; and
 - (3) Judicial review is available only for issues that are raised with sufficient specificity to afford Metro an opportunity to respond in its final determination.

- (c) After the close of the public hearing the Metro Council shall make its final determination on the claim and enter an order with findings of fact and conclusions of law, based upon the record made before Metro, that explain the determination. The COO shall mail a copy of the final determination to the claimant, the county in which the subject property lies and any person who submitted written or oral testimony prior to the close of the public hearing. [Ord. 07-1168, Sec. 1.]

2.21.080 Fee for Processing Claim

- (a) The COO may establish a fee to be paid by a person filing a new claim under Section 2.21.050 at the time the person files the claim. The fee shall be based upon an estimate of the actual cost incurred by Metro in reviewing and processing the claim. The COO may waive the fee if the claimant demonstrates that the fee would impose an undue hardship.
- (b) The COO shall maintain a record of Metro's costs in reviewing and processing the claim. After the final determination by the Council under Section 2.21.060, the COO shall determine Metro's total cost and issue a refund to the claimant if the estimated fee exceeded the total cost or a bill for the amount by which the total cost exceeded the estimated fee. 3.02.006 Study Areas

- (a) Treatment System Study Areas:

- (1) Certain areas may be designated on the Treatment System Service Area Map as "Treatment System Study Areas." Such designations are temporary and indicate areas requiring designation of that land to which each management agency intends to provide wastewater treatment services, as identified in an acceptable facilities plan.
 - (2) Wastewater treatment facilities within treatment system study areas shall be allowed only if:
 - (A) Required to alleviate a public health hazard or water pollution problem in an area officially designated by the appropriate state agency;
 - (B) Needed for parks or recreation lands which are consistent with the protection of natural resources or for housing necessary for the conduct of resource-related activities; or

At the time of designation, collection system study areas shall become

designated collection system service areas. The Regional Plan and the appropriate support documents shall be amended to incorporate the collection system service area pursuant to Section 3.02.009 of this chapter.

- (2) Designation as a collection system study area shall not be construed to interfere with any grants or loans for facility planning, design or construction. [Adopted by CRAG Rule. Amended by Ord. No. 80-102, Sec. 6, and Ord. No. 86-206, Sec. 1.]

3.02.008 Project Prioritization

3.06.010 Policy and Purpose

The Council recognizes its authority and responsibility pursuant to ORS 268.390 to prepare and adopt functional plans for areas and activities which have impact on air quality, water quality, transportation and other aspects of metropolitan area development identified by the Council.

This chapter is intended to define a planning procedure for identifying and designating those activities and areas in need of functional planning.

(Ordinance No. 91-408A, Sec. 1.)

3.06.020 Procedures and Implementation

(a) The Chief Operating Officer from time to time shall report to the Council those aspects of development in addition to water quality, air quality, and transportation, which are related to the orderly and responsible development of the metropolitan area.

(b) As part of the Council standing committee recommendations from review of the Chief Operating Officer's annual proposed budget, the standing committees shall report to the Council whether there are aspects of development in addition to water quality, air quality and transportation, which are related to the orderly and responsible development of the metropolitan area.

ⁱ The Urban Growth Management Functional Plan was adopted by the Metro Council by Ordinance No. 96-647C, and Ordinance No. 97-691C, prior to being codified as Metro Code Chapter 3.07 by Ordinance No. 97-715B.

3.07.010 Purpose

The regional policies which are adopted by this Urban Growth Management Functional Plan recommend and require changes to city and county comprehensive plans and implementing ordinances. The purpose of this functional plan is to implement regional goals and objectives adopted by the Metro Council as the Regional Urban Growth Goals and Objectives (RUGGO) including the Metro 2040 Growth Concept and the Regional Framework Plan. The comprehensive plan changes and related actions, including implementing regulations, required by this functional plan as a component of the Regional Framework Plan, shall be complied with by cities and counties as required by Section 5(e)(2) of the Metro Charter.

Any city or county determination not to incorporate all required functional plan policies into comprehensive plans shall be subject to the conflict resolution and mediation processes included within the RUGGO, Goal I provisions, prior to the final adoption of inconsistent policies or actions. [Ord. 97-715B, Sec. 1.]

3.07.020 Regional Policy Basis

The regional policies adopted in this Urban Growth Management Functional Plan are formulated from, and are consistent with, the RUGGOs, including the Metro 2040 Growth Concept. The overall principles of the Greenspaces Master Plan are also incorporated within this functional plan. In addition, the Regional Transportation Functional Plan (RTFP), adopted on June 10, 2010, as Metro Code 3.08, serves as the primary transportation policy implementation of the 2040 Growth Concept. [Ord. 97-715B, Sec. 1. Ord. 02-972A, Sec. 1.]

3.07.030 Structure of Requirements

The Urban Growth Management Functional Plan is a regional functional plan which contains "requirements" that are binding on cities and counties of the region as well as recommendations that are not binding. "Shall" or other directive words are used with requirements. The words "should" or "may" are used with recommendations. In general, the plan is structured so that local jurisdictions may choose either performance standard requirements or prescriptive requirements. The intent of the requirements is to assure that cities and counties have a significant amount of flexibility as to how they meet requirements. Performance standards are included in most titles. If local jurisdictions demonstrate to Metro that they meet the performance standard, they have met that requirement of the title. Standard methods of compliance are also included in the plan to establish one very specific way that jurisdictions may meet a title requirement, but these standard methods are not the only way a city or county may show compliance. In addition, certain mandatory requirements that apply to all cities and counties are established by this functional plan. [Ord. 97-715B, Sec. 1.]

REGIONAL FUNCTIONAL PLAN REQUIREMENTS

Title 1: Housing Capacity

3.07.110 Purpose and Intent

The Regional Framework Plan calls for a compact urban form and a “fair-share” approach to meeting regional housing needs. It is the purpose of Title 1 to accomplish these policies by requiring each city and county to maintain or increase its housing capacity except as provided in section 3.07.120. [Ord. 97-715B, Sec. 1. Ord. 02-969B, Sec. 1. Ord. 10-1244B, Sec. 2.]

3.07.120 Housing Capacity

- (a) A city or county may reduce the minimum zoned capacity of the Central City or a Regional Center, Town Center, Corridor, Station Community or Main Street under subsection (d) or (e). A city or county may reduce its minimum zoned capacity in other locations under subsections (c), (d) or (e).
- (b) Each city and county shall adopt a minimum dwelling unit density for each zone in which dwelling units are authorized except for zones that authorize mixed-use as defined in section 3.07.1010(gg). If a city or county has not adopted a minimum density for such a zone prior to March 16, 2011, the city or county shall adopt a minimum density that is at least 80 percent of the maximum density.
- (c) A city or county may reduce its minimum zoned capacity by one of the following actions if it increases minimum zoned capacity by an equal or greater amount in other places where the increase is reasonably likely to be realized within the 20-year planning period of Metro’s last capacity analysis under ORS 197.299:
 - (1) Reduce the minimum dwelling unit density, described in subsection (b), for one or more zones;
 - (2) Revise the development criteria or standards for one or more zones; or
 - (3) Change its zoning map such that the city’s or county’s minimum zoned capacity would be reduced.Action to reduce minimum zoned capacity may be taken any time within two years after action to increase capacity.
- (d) A city or county may reduce the minimum zoned capacity of a zone without increasing minimum zoned capacity in another zone for one or more of the following purposes:
 - (1) To re-zone the area to allow industrial use under Title 4 of this chapter or an educational or medical facility similar in scale to those listed in section 3.07.1340(d)(5)(B)(i) of Title 13 of this chapter; or
 - (2) To protect natural resources pursuant to Titles 3 or 13 of this chapter.

- (e) A city or county may reduce the minimum zoned capacity of a single lot or parcel so long as the reduction has a negligible effect on the city's or county's overall minimum zoned residential capacity.
- (f) A city or county may amend its comprehensive plan and land use regulations to transfer minimum zoned capacity to another city or county upon a demonstration that:
 - (1) A transfer between designated Centers, Corridors or Station Communities does not result in a net reduction in the minimum zoned capacities of the Centers, Corridors or Station Communities involved in the transfer; and
 - (2) The increase in minimum zoned capacity is reasonably likely to be realized within the 20-year planning period of Metro's last capacity analysis under ORS 197.299.
- (g) A city or county shall authorize the establishment of at least one accessory dwelling unit for each detached single-family dwelling unit in each zone that authorizes detached single-family dwellings. The authorization may be subject to reasonable regulation for siting and design purposes. [Ord. 97-715B, Sec. 1. Ord. 02-972A, Sec. 1. Ord. 02-969B, Sec. 1. Ord. 07-1137A, Sec. 1. Ord. 10-1244B, Sec. 2. Ord. 15-1357.]

Title 2 Regional Parking Policy Title 2 is repealed. [Ord. 97-715B, Sec. 1. Ord. 10-1241B, Sec. 6.]

Title 3: Water Quality And Flood Management

3.07.310 Intent

To protect the beneficial water uses and functions and values of resources within the Water Quality and Flood Management Areas by limiting or mitigating the impact on these areas from development activities and protecting life and property from dangers associated with flooding. [Ord. 97-715B, Sec. 1. Ord. 98-730C, Sec. 1. Ord. 00-839, Sec. 1. Ord. 05-1077C, Sec. 6.]

3.07.320 Applicability

- (a) Title 3 applies to:
 - (1) Development in Water Quality Resource and Flood Management Areas.
 - (2) Development which may cause temporary or permanent erosion on any property within the Metro Boundary.
- (b) Title 3 does not apply to work necessary to protect, repair, maintain, or replace existing structures, utility facilities, roadways, driveways, accessory uses and exterior improvements in response to emergencies provided that after the emergency has passed, adverse impacts are mitigated in accordance with the performance standards in Section 3.07.340. [Ord. 97-715B, Sec. 1. Ord. 98-730C, Sec. 1. Ord. 00-839, Sec. 1. Ord. 02-972A, Sec. 1. Ord. 05-1077C, Sec. 6.]

3.07.330 Implementation Alternatives for Cities and Counties

- (a) Cities and counties shall comply with this title in one of the following ways:
 - (1) Amend their comprehensive plans and implementing ordinances to adopt all or part of the Title 3 Model Ordinance or code language that substantially complies with the performance standards in Section 3.07.340 and the intent of this title, and adopt either the Metro Water Quality and Flood Management Area Map or a map which substantially complies with the Metro map. Cities and counties may choose one of the following options for applying this section:
 - (A) Adopt code language implementing this title which prevails over the map and uses the map as reference; or
 - (B) Adopt a city or county field verified map of Water Quality and Flood Management Areas based on the Metro Water Quality and Flood Management map implementing this title which prevails over adopted code language.

Field verification is a process of identifying or delineating Protected Water Features, Water Quality Resource Areas and Flood Management Areas shown on the Metro Water Quality and Flood Management Areas map. This process includes examination of information such as site visit reports, wetlands inventory maps, aerial photographs, and public input and review. The field verification process shall result in a locally adopted Water Quality and Flood Management Areas map which:

 - (i) Applies the Title 10 definitions of Protected Water Feature, Water Quality Resource Areas and Flood Management Areas to all those protected areas on the Metro Water Quality and Flood Management Areas map to show the specific boundaries of those protected areas on the locally adopted Water Quality and Flood Management Areas map; and
 - (ii) Is subject to amendment by applying adopted code language to add Protected Water Features, Water Quality Resource Areas and Flood Management Areas and to correct errors in the local Water Quality and Flood Management Areas map consistent with Section 3.07.330(d).
 - (2) Demonstrate that existing city and county comprehensive plans and implementing ordinances substantially comply with the performance standards in Section 3.07.340 and the intent of this title.
 - (3) Any combination of (1) and (2) above that substantially complies with all performance standards in Section 3.07.340.

- (b) Cities and counties shall hold at least one public hearing prior to adopting comprehensive plan amendments, ordinances and maps implementing the performance standards in Section 3.07.340 of this title or demonstrating that existing city or county comprehensive plans and implementing ordinances substantially comply with Section 3.07.340, to add Protected Water Features, and wetlands which meet the criteria in Section 3.07.340(e)(3), to their Water Quality and Flood Management Area map. The proposed comprehensive plan amendments, implementing ordinances and maps shall be available for public review at least 45 days prior to the public hearing.
- (c) Cities and counties shall conduct a review of their Water Quality and Flood Management Areas map concurrent with local periodic review required by ORS 197.629.
- (d) Some areas which would otherwise be mapped as Protected Water Features, Water Quality Resource Areas and Flood Management Areas do not appear on the Metro Water Quality and Flood Management Areas map because streams had been culverted, wetlands had been filled or a fill permit had been approved, or the area was demonstrated to have existing conflicting water dependent uses, or existing plans or agreements for such uses, or the area was developed or committed to other uses.

Notwithstanding any other provision of this title, cities and counties are not required to establish Protected Water Features, Water Quality Resource Areas and Flood Management Areas through adopted code provisions or mapping for areas which were examined but not included on the Water Quality and Flood Management Areas map adopted by the Metro Council. [Ord. 97-715B, Sec. 1. Ord. 98-730C, Sec. 1. Ord. 00-839, Sec. 1. Ord. 02-972A, Sec. 1. Ord. 15-1357.]

3.07.340 Performance Standards

- (a) Flood Management Performance Standards.
 - (1) The purpose of these standards is to reduce the risk of flooding, prevent or reduce risk to human life and property, and maintain functions and values of floodplains such as allowing for the storage and conveyance of stream flows through existing and natural flood conveyance systems.
 - (2) All development, excavation and fill in the Flood Management Areas shall conform to the following performance standards:
 - (A) Development, excavation and fill shall be performed in a manner to maintain or increase flood storage and conveyance capacity and not increase design flood elevations.
 - (B) All fill placed at or below the design flood elevation in Flood Management Areas shall be balanced with at least an equal amount of soil material removal.

- (C) Excavation shall not be counted as compensating for fill if such areas will be filled with water in non-storm winter conditions.
 - (D) Minimum finished floor elevations for new habitable structures in the Flood Management Areas shall be at least one foot above the design flood elevation.
 - (E) Temporary fills permitted during construction shall be removed.
 - (F) Uncontained areas of hazardous materials as defined by DEQ in the Flood Management Area shall be prohibited.
- (3) The following uses and activities are not subject to the requirements of subsection(2):
- (A) Excavation and fill necessary to plant new trees or vegetation.
 - (B) Excavation and fill required for the construction of detention facilities or structures, and other facilities such as levees specifically designed to reduce or mitigate flood impacts. Levees shall not be used to create vacant buildable lands.
 - (C) New culverts, stream crossings, and transportation projects may be permitted if designed as balanced cut and fill projects or designed to not significantly raise the design flood elevation. Such projects shall be designed to minimize the area of fill in Flood Management Areas and to minimize erosive velocities. Stream crossing shall be as close to perpendicular to the stream as practicable. Bridges shall be used instead of culverts wherever practicable.

(b) Water Quality Performance Standards.

- (1) The purpose of these standards is to: 1) protect and improve water quality to support the designated beneficial water uses as defined in Title 10, and 2) protect the functions and values of the Water Quality Resource Area which include, but are not limited to:
- (A) Providing a vegetated corridor to separate Protected Water Features from development;
 - (B) Maintaining or reducing stream temperatures;
 - (C) Maintaining natural stream corridors;
 - (D) Minimizing erosion, nutrient and pollutant loading into water;
 - (E) Filtering, infiltration and natural water purification; and
 - (F) Stabilizing slopes to prevent landslides contributing to sedimentation of water features.
- (2) Local codes shall require all development in Water Quality Resource Areas to conform to the following performance standards:

- (A) The Water Quality Resource Area is the vegetated corridor and the Protected Water Feature. The width of the vegetated corridor is specified in Table 3.07-3. At least three slope measurements along the water feature, at no more than 100-foot increments, shall be made for each property for which development is proposed. Depending on the width of the property, the width of the vegetated corridor will vary.
- (B) Water Quality Resource Areas shall be protected, maintained, enhanced or restored as specified in Section 3.07.340(b)(2).
- (C) Prohibit development that will have a significant negative impact on the functions and values of the Water Quality Resource Area, which cannot be mitigated in accordance with subsection (2)(F).
- (D) Native vegetation shall be maintained, enhanced or restored, if disturbed, in the Water Quality Resource Area. Invasive non-native or noxious vegetation may be removed from the Water Quality Resource Area. Use of native vegetation shall be encouraged to enhance or restore the Water Quality Resource Area. This shall not preclude construction of energy dissipaters at outfalls consistent with watershed enhancement, and as approved by local surface water management agencies.
- (E) Uncontained areas of hazardous materials as defined by DEQ in the Water Quality Resource Area shall be prohibited.
- (F) Cities and counties may allow development in Water Quality Resource Areas provided that the governing body, or its designate, implement procedures which:
 - (i) Demonstrate that no practicable alternatives to the requested development exist which will not disturb the Water Quality Resource Area; and
 - (ii) If there is no practicable alternative, limit the development to reduce the impact associated with the proposed use; and
 - (iii) Where the development occurs, require mitigation to ensure that the functions and values of the Water Quality Resource Area are restored.
- (G) Cities and counties may allow development for repair, replacement or improvement of utility facilities so long as the Water Quality Resource Area is restored consistent with Section 3.07.340(b)(2)(D).
- (H) The performance standards of Section 3.07.340(b)(2) do not apply to routine repair and maintenance of existing structures,

roadways, driveways, utilities, accessory uses and other development.

- (3) For lots or parcels which are fully or predominantly within the Water Quality Resource Area and are demonstrated to be unbuildable by the vegetative corridor regulations, cities and counties shall reduce or remove vegetative corridor regulations to assure the lot or parcel will be buildable while still providing the maximum vegetated corridor practicable. Cities and counties shall encourage landowners to voluntarily protect these areas through various means, such as conservation easements and incentive programs.

(c) Erosion and Sediment Control.

- (1) The purpose of this section is to require erosion prevention measures and sediment control practices during and after construction to prevent the discharge of sediments.
- (2) Erosion prevention techniques shall be designed to prevent visible and measurable erosion as defined in Title 10.
- (3) To the extent erosion cannot be completely prevented, sediment control measures shall be designed to capture, and retain on-site, soil particles that have become dislodged by erosion.

(d) Implementation Tools to Protect Water Quality and Flood Management Areas.

- (1) Cities and counties shall either adopt land use regulations, which authorize transfer of permitted units and floor area to mitigate the effects of development restrictions in Water Quality and Flood Management Areas, or adopt other measures that mitigate the effects of development restrictions.
- (2) Metro encourages local governments to require that approvals of applications for partitions, subdivisions and design review actions be conditioned upon one of the following:
 - (A) Protection of Water Quality and Flood Management Areas with a conservation easement;
 - (B) Platting Water Quality and Flood Management Areas as common open space; or
 - (C) Offer of sale or donation of property to public agencies or private non-profits for preservation where feasible.
- (3) Additions, alterations, rehabilitation or replacement of existing structures, roadways, driveways, accessory uses and development in the Water Quality and Flood Management Area may be allowed provided that:
 - (A) The addition, alteration, rehabilitation or replacement is not inconsistent with applicable city and county regulations, and

- (B) The addition, alteration, rehabilitation or replacement does not encroach closer to the Protected Water Feature than the existing structures, roadways, driveways or accessory uses and development, and
- (C) The addition, alteration, rehabilitation or replacement satisfies Section 3.07.340(c) of this title.
- (D) In determining appropriate conditions of approval, the affected city or county shall require the applicant to:
 - (i) Demonstrate that no reasonably practicable alternative design or method of development exists that would have a lesser impact on the Water Quality Resource Area than the one proposed; and
 - (ii) If no such reasonably practicable alternative design or method of development exists, the project should be conditioned to limit its disturbance and impact on the Water Quality Resource to the minimum extent necessary to achieve the proposed addition, alteration, restoration, replacement or rehabilitation; and
 - (iii) Provide mitigation to ensure that impacts to the functions and values of the Water Quality Resource Area will be mitigated or restored to the extent practicable.
- (4) Cities and counties may choose not to apply the Water Quality and Flood Management Area performance standards of Section 3.07.340 to development necessary for the placement of structures when it does not require a grading or building permit.
- (5) Metro encourages cities and counties to provide for restoration and enhancement of degraded Water Quality Resource Areas through conditions of approval when development is proposed, or through incentives or other means.
- (6) Cities and counties shall apply the performance standards of this title to Title 3 Wetlands as shown on the Metro Water Quality and Flood Management Areas Map and locally adopted Water Quality and Flood Management Areas maps. Cities and counties may also apply the performance standards of this title to other wetlands.
- (e) Map Administration.

Cities and counties shall amend their comprehensive plans and implementing ordinances to provide a process for each of the following:

 - (1) Amendments to city and county adopted Water Quality and Flood Management Area maps to correct the location of Protected Water Features, Water Quality Resource Areas and Flood Management Areas.

Amendments shall be initiated within 90 days of the date the city or county receives information establishing a possible map error.

- (2) Modification of the Water Quality Resource Area upon demonstration that the modification will offer the same or better protection of water quality, the Water Quality and Flood Management Area and Protected Water Feature.
- (3) Amendments to city and county adopted Water Quality and Flood Management Area maps to add Title 3 Wetlands when the city or county receives significant evidence that a wetland meets any one of the following criteria:
 - (A) The wetland is fed by surface flows, sheet flows or precipitation, and has evidence of flooding during the growing season, and has 60 percent or greater vegetated cover, and is over one-half acre in size; or

The wetland qualifies as having "intact water quality function" under the 1996 Oregon Freshwater Wetland Assessment Methodology; or
 - (B) The wetland is in the Flood Management Area, and has evidence of flooding during the growing season, and is five acres or more in size, and has a restricted outlet or no outlet; or

The wetland qualifies as having "intact hydrologic control function" under the 1996 Oregon Freshwater Wetland Assessment Methodology; or
 - (C) The wetland or a portion of the wetland is within a horizontal distance of less than one-fourth mile from a water body which meets the Department of Environmental Quality definition of "water quality limited" water body in OAR Chapter 340, Division 41.

Examples of significant evidence that a wetland exists that may meet the criteria above are a wetland assessment conducted using the 1996 Oregon Freshwater Wetland Assessment Methodology, or correspondence from the Division of State Lands that a wetland determination or delineation has been submitted or completed for property in the city or county.
- (4) Cities and counties are not required to apply the criteria in Section 3.07.340(e)(3) to water quality or stormwater detention facilities. [Ord. 97-715B, Sec. 1. Ord. 98-730C, Sec. 1. Ord. 00-839, Sec. 1. Ord. 02-972A, Sec. 1. Ord. 05-1077C, Sec. 6. Ord. 15-1357.]

The Model Ordinance shall be advisory, and cities and counties are not required to adopt the Model Ordinance, or any part thereof, to substantially comply with this title. However, cities and counties which adopt the Model Ordinance in its entirety and a Water Quality and Flood Management Areas Map shall be deemed to have substantially complied with the requirements of this title. ² **Secondary Protected Water Features** include intermittent streams draining 50-100 acres.

³ Where the Protected Water Feature is confined by a ravine or gully, the top of ravine is the break in the ≥ 25% slope (see slope measurement in Appendix).

⁴ A maximum reduction of 25 feet may be permitted in the width of vegetated corridor beyond the slope break if a geotechnical report demonstrates that slope is stable. To establish the width of the vegetated corridor, slope should be measured in 25-foot increments away from the water feature until slope is less than 25% (top of ravine).

Title 4: Industrial and Other Employment Areas

3.07.410 Purpose and Intent

The Regional Framework Plan calls for a strong regional economy. To improve the economy, Title 4 seeks to provide and protect a supply of sites for employment by limiting the types and scale of non-industrial uses in Regionally Significant Industrial Areas (RSIAs), Industrial and Employment Areas. Title 4 also seeks to provide the benefits of "clustering" to those industries that operate more productively and efficiently in proximity to one another than in dispersed locations. Title 4 further seeks to protect the capacity and efficiency of the region's transportation system for the movement of goods and services and to encourage the location of other types of employment in Centers, Corridors, Main Streets and Station Communities. The Metro Council will evaluate the effectiveness of Title 4 in achieving these purposes as part of its periodic analysis of the capacity of the urban growth boundary. [Ord. 97-715B, Sec. 1. Ord. 02-969B, Sec. 5. Ord. 04-1040B, Sec. 2. Ord. 10-1244B, Sec. 3.]

3.07.420 Protection of Regionally Significant Industrial Areas

- (a) Regionally Significant Industrial Areas (RSIAs) are those areas near the region's most significant transportation facilities for the movement of freight and other areas most suitable for movement and storage of goods. Each city and county with land use planning authority over RSIAs shown on the Employment and Industrial Areas Map shall derive specific plan designation and zoning district boundaries of RSIAs within its jurisdiction from the Map, taking into account the location of existing uses that would not conform to the limitations on non-industrial uses in this section and the need to achieve a mix of employment uses.
- (b) Cities and counties shall review their land use regulations and revise them, if necessary, to include measures to limit the size and location of new buildings for retail commercial uses - such as stores and restaurants - and retail and professional services that cater to daily customers - such as financial, insurance, real estate, legal, medical and dental offices - to ensure that they serve primarily the needs of workers in the area. One such measure shall be that new buildings for stores, branches, agencies or other outlets for these retail uses and services shall not occupy more than 3,000 square feet of sales or service area in a single outlet, or multiple outlets that occupy more than 20,000 square feet of sales or service area in a single building or in multiple buildings that are part of the same development project, with the following exceptions:
 - (1) Within the boundaries of a public use airport subject to a facilities master plan, customary airport uses, uses that are accessory to the travel-related and freight movement activities of airports, hospitality uses, and retail uses appropriate to serve the needs of the traveling public; and

- (2) Training facilities whose primary purpose is to provide training to meet industrial needs.
- (c) Cities and counties shall review their land use regulations and revise them, if necessary, to include measures to limit the siting and location of new buildings for the uses described in subsection (b) and for non-industrial uses that do not cater to daily customers—such as banks or insurance processing centers—to ensure that such uses do not reduce off-peak performance on Main Roadway Routes and Roadway Connectors shown on the Regional Freight Network Map in the RTP or require added road capacity to prevent falling below the standards.
 - (d) Cities and counties shall review their land use regulations and revise them, if necessary, to prohibit the siting of schools, places of assembly larger than 20,000 square feet or parks intended to serve people other than those working or residing in the RSIA. Nothing in this subsection is intended to prohibit trails and facilities accessory to and in support of trails from being located within an area designated RSIA on Metro’s Title 4 Map, including but not limited to trailhead amenities, parking areas, benches, information kiosks, restrooms, shelters, bicycle racks, picnic areas and educational facilities. Where possible, trails and accessory facilities should be planned and located in a manner that limits impacts on industrial uses while still fulfilling the purpose of the trail and providing a positive experience for trail users.
 - (e) No city or county shall amend its land use regulations that apply to lands shown as RSIA on the Employment and Industrial Areas Map to authorize uses described in subsection (b) that were not authorized prior to July 1, 2004.
 - (f) Cities and counties may allow division of lots or parcels into smaller lots or parcels as follows:
 - (1) Lots or parcels smaller than 50 acres may be divided into any number of smaller lots or parcels.
 - (2) Lots or parcels 50 acres or larger may be divided into smaller lots and parcels pursuant to a master plan approved by the city or county so long as the resulting division yields at least one lot or parcel of at least 50 acres in size.
 - (3) Lots or parcels 50 acres or larger, including those created pursuant to paragraph (2) of this subsection, may be divided into any number of smaller lots or parcels pursuant to a master plan approved by the city or county so long as at least 40 percent of the area of the lot or parcel has been developed with industrial uses or uses accessory to industrial use, and no portion has been developed, or is proposed to be developed, with uses described in subsection (b) of this section.
 - (4) Notwithstanding paragraphs (2) and (3) of this subsection, any lot or parcel may be divided into smaller lots or parcels or made subject to rights-of-way for the following purposes:

- (A) To provide public facilities and services;
 - (B) To separate a portion of a lot or parcel in order to protect a natural resource, to provide a public amenity, or to implement a remediation plan for a site identified by the Oregon Department of Environmental Quality pursuant to ORS 465.225;
 - (C) To separate a portion of a lot or parcel containing a nonconforming use from the remainder of the lot or parcel in order to render the remainder more practical for a permitted use; or
 - (D) To allow the creation of a lot solely for financing purposes when the created lot is part of a master planned development.
- (g) Notwithstanding subsection (b) of this section, a city or county may allow the lawful use of any building, structure or land at the time of enactment of an ordinance adopted pursuant to this section to continue and to expand to add up to 20 percent more floor area and 10 percent more land area. Notwithstanding subsection (e) of this section, a city or county may allow division of lots or parcels pursuant to a master plan approved by the city or county prior to July 1, 2004.[Ord. 97-715B, Sec. 1. Ord. 02-969B, Sec. 5. Ord. 04-1040B, Sec. 2. Ord. 10-1244B, Sec. 3. Ord. 14-1329B.]

3.07.430 Protection of Industrial Areas

- (a) Cities and counties shall review their land use regulations and revise them, if necessary, to include measures to limit new buildings for retail commercial uses—such as stores and restaurants—and retail and professional services that cater to daily customers—such as financial, insurance, real estate, legal, medical and dental offices—in order to ensure that they serve primarily the needs of workers in the area. One such measure shall be that new buildings for stores, branches, agencies or other outlets for these retail uses and services shall not occupy more than 5,000 square feet of sales or service area in a single outlet, or multiple outlets that occupy more than 20,000 square feet of sales or service area in a single building or in multiple buildings that are part of the same development project, with the following exceptions:
- (1) Within the boundaries of a public use airport subject to a facilities master plan, customary airport uses, uses that are accessory to the travel-related and freight movement activities of airports, hospitality uses, and retail uses appropriate to serve the needs of the traveling public; and
 - (2) Training facilities whose primary purpose is to provide training to meet industrial needs.
- (b) Cities and counties shall review their land use regulations and revise them, if necessary, to include measures to limit new buildings for the uses described in subsection (a) to ensure that they do not interfere with the efficient movement

of freight along Main Roadway Routes and Roadway Connectors shown on the Regional Freight Network Map in the RTP. Such measures may include, but are not limited to, restrictions on access to freight routes and connectors, siting limitations and traffic thresholds. This subsection does not require cities and counties to include such measures to limit new other buildings or uses.

- (c) No city or county shall amend its land use regulations that apply to lands shown as Industrial Area on the Employment and Industrial Areas Map to authorize uses described in subsection (a) of this section that were not authorized prior to July 1, 2004.
- (d) Cities and counties may allow division of lots or parcels into smaller lots or parcels as follows:
 - (1) Lots or parcels smaller than 50 acres may be divided into any number of smaller lots or parcels.
 - (2) Lots or parcels 50 acres or larger may be divided into smaller lots and parcels pursuant to a master plan approved by the city or county so long as the resulting division yields at least one lot or parcel of at least 50 acres in size.
 - (3) Lots or parcels 50 acres or larger, including those created pursuant to paragraph (2) of this subsection, may be divided into any number of smaller lots or parcels pursuant to a master plan approved by the city or county so long as at least 40 percent of the area of the lot or parcel has been developed with industrial uses or uses accessory to industrial use, and no portion has been developed, or is proposed to be developed with uses described in subsection (a) of this section.
 - (4) Notwithstanding paragraphs (2) and (3) of this subsection, any lot or parcel may be divided into smaller lots or parcels or made subject to rights-of-way for the following purposes:
 - (A) To provide public facilities and services;
 - (B) To separate a portion of a lot or parcel in order to protect a natural resource, to provide a public amenity, or to implement a remediation plan for a site identified by the Oregon Department of Environmental Quality pursuant to ORS 465.225;
 - (C) To separate a portion of a lot or parcel containing a nonconforming use from the remainder of the lot or parcel in order to render the remainder more practical for a permitted use;
or
 - (D) To allow the creation of a lot solely for financing purposes when the created lot is part of a master planned development.
- (e) Notwithstanding subsection (b) of this section, a city or county may allow the lawful use of any building, structure or land at the time of enactment of an ordinance adopted pursuant to this section to

continue and to expand to add up to 20 percent more floor space and 10 percent more land area. [Ord. 97-715B, Sec. 1. Ord. 02-969B, Sec. 5. Ord. 04-1040B, Sec. 2. Ord. 10-1244B, Sec. 3.]

3.07.440 Protection of Employment Areas

- (a) Except as provided in subsections (c),(d), and (e), in Employment Areas mapped pursuant to Metro Code section 3.07.450, cities and counties shall limit new and expanded commercial retail uses to those appropriate in type and size to serve the needs of businesses, employees and residents of the Employment Areas.
- (b) Except as provided in subsections (c), (d) and (e), a city or county shall not approve a commercial retail use in an Employment Area with more than 60,000 square feet of gross leasable area in a single building, or commercial retail uses with a total of more than 60,000 square feet of retail sales area on a single lot or parcel, or on contiguous lots or parcels, including those separated only by transportation right-of-way.
- (c) A city or county whose zoning ordinance applies to an Employment Area and is listed on Table 3.07-4 may continue to authorize commercial retail uses with more than 60,000 square feet of gross leasable area in that zone if the ordinance authorized those uses on January 1, 2003.
- (d) A city or county whose zoning ordinance applies to an Employment Area and is not listed on Table 3.07-4 may continue to authorize commercial retail uses with more than 60,000 square feet of gross leasable area in that zone if:
 - (1) The ordinance authorized those uses on January 1, 2003;
 - (2) Transportation facilities adequate to serve the commercial retail uses will be in place at the time the uses begin operation; and
 - (3) The comprehensive plan provides for transportation facilities adequate to serve other uses planned for the Employment Area over the planning period.
- (e) A city or county may authorize new commercial retail uses with more than 60,000 square feet of gross leasable area in Employment Areas if the uses:
 - (1) Generate no more than a 25 percent increase in site-generated vehicle trips above permitted non-industrial uses; and
 - (2) Meet the Maximum Permitted Parking – Zone A requirements set forth in Table 3.08-3 of Title 4 of the Regional Transportation Functional Plan.
[Ord. 97-715B, Sec. 1. Ord. 02-969B, Sec. 5. Ord. 04-1040B, Sec. 2. Ord. 10-1244B, Sec. 3.]

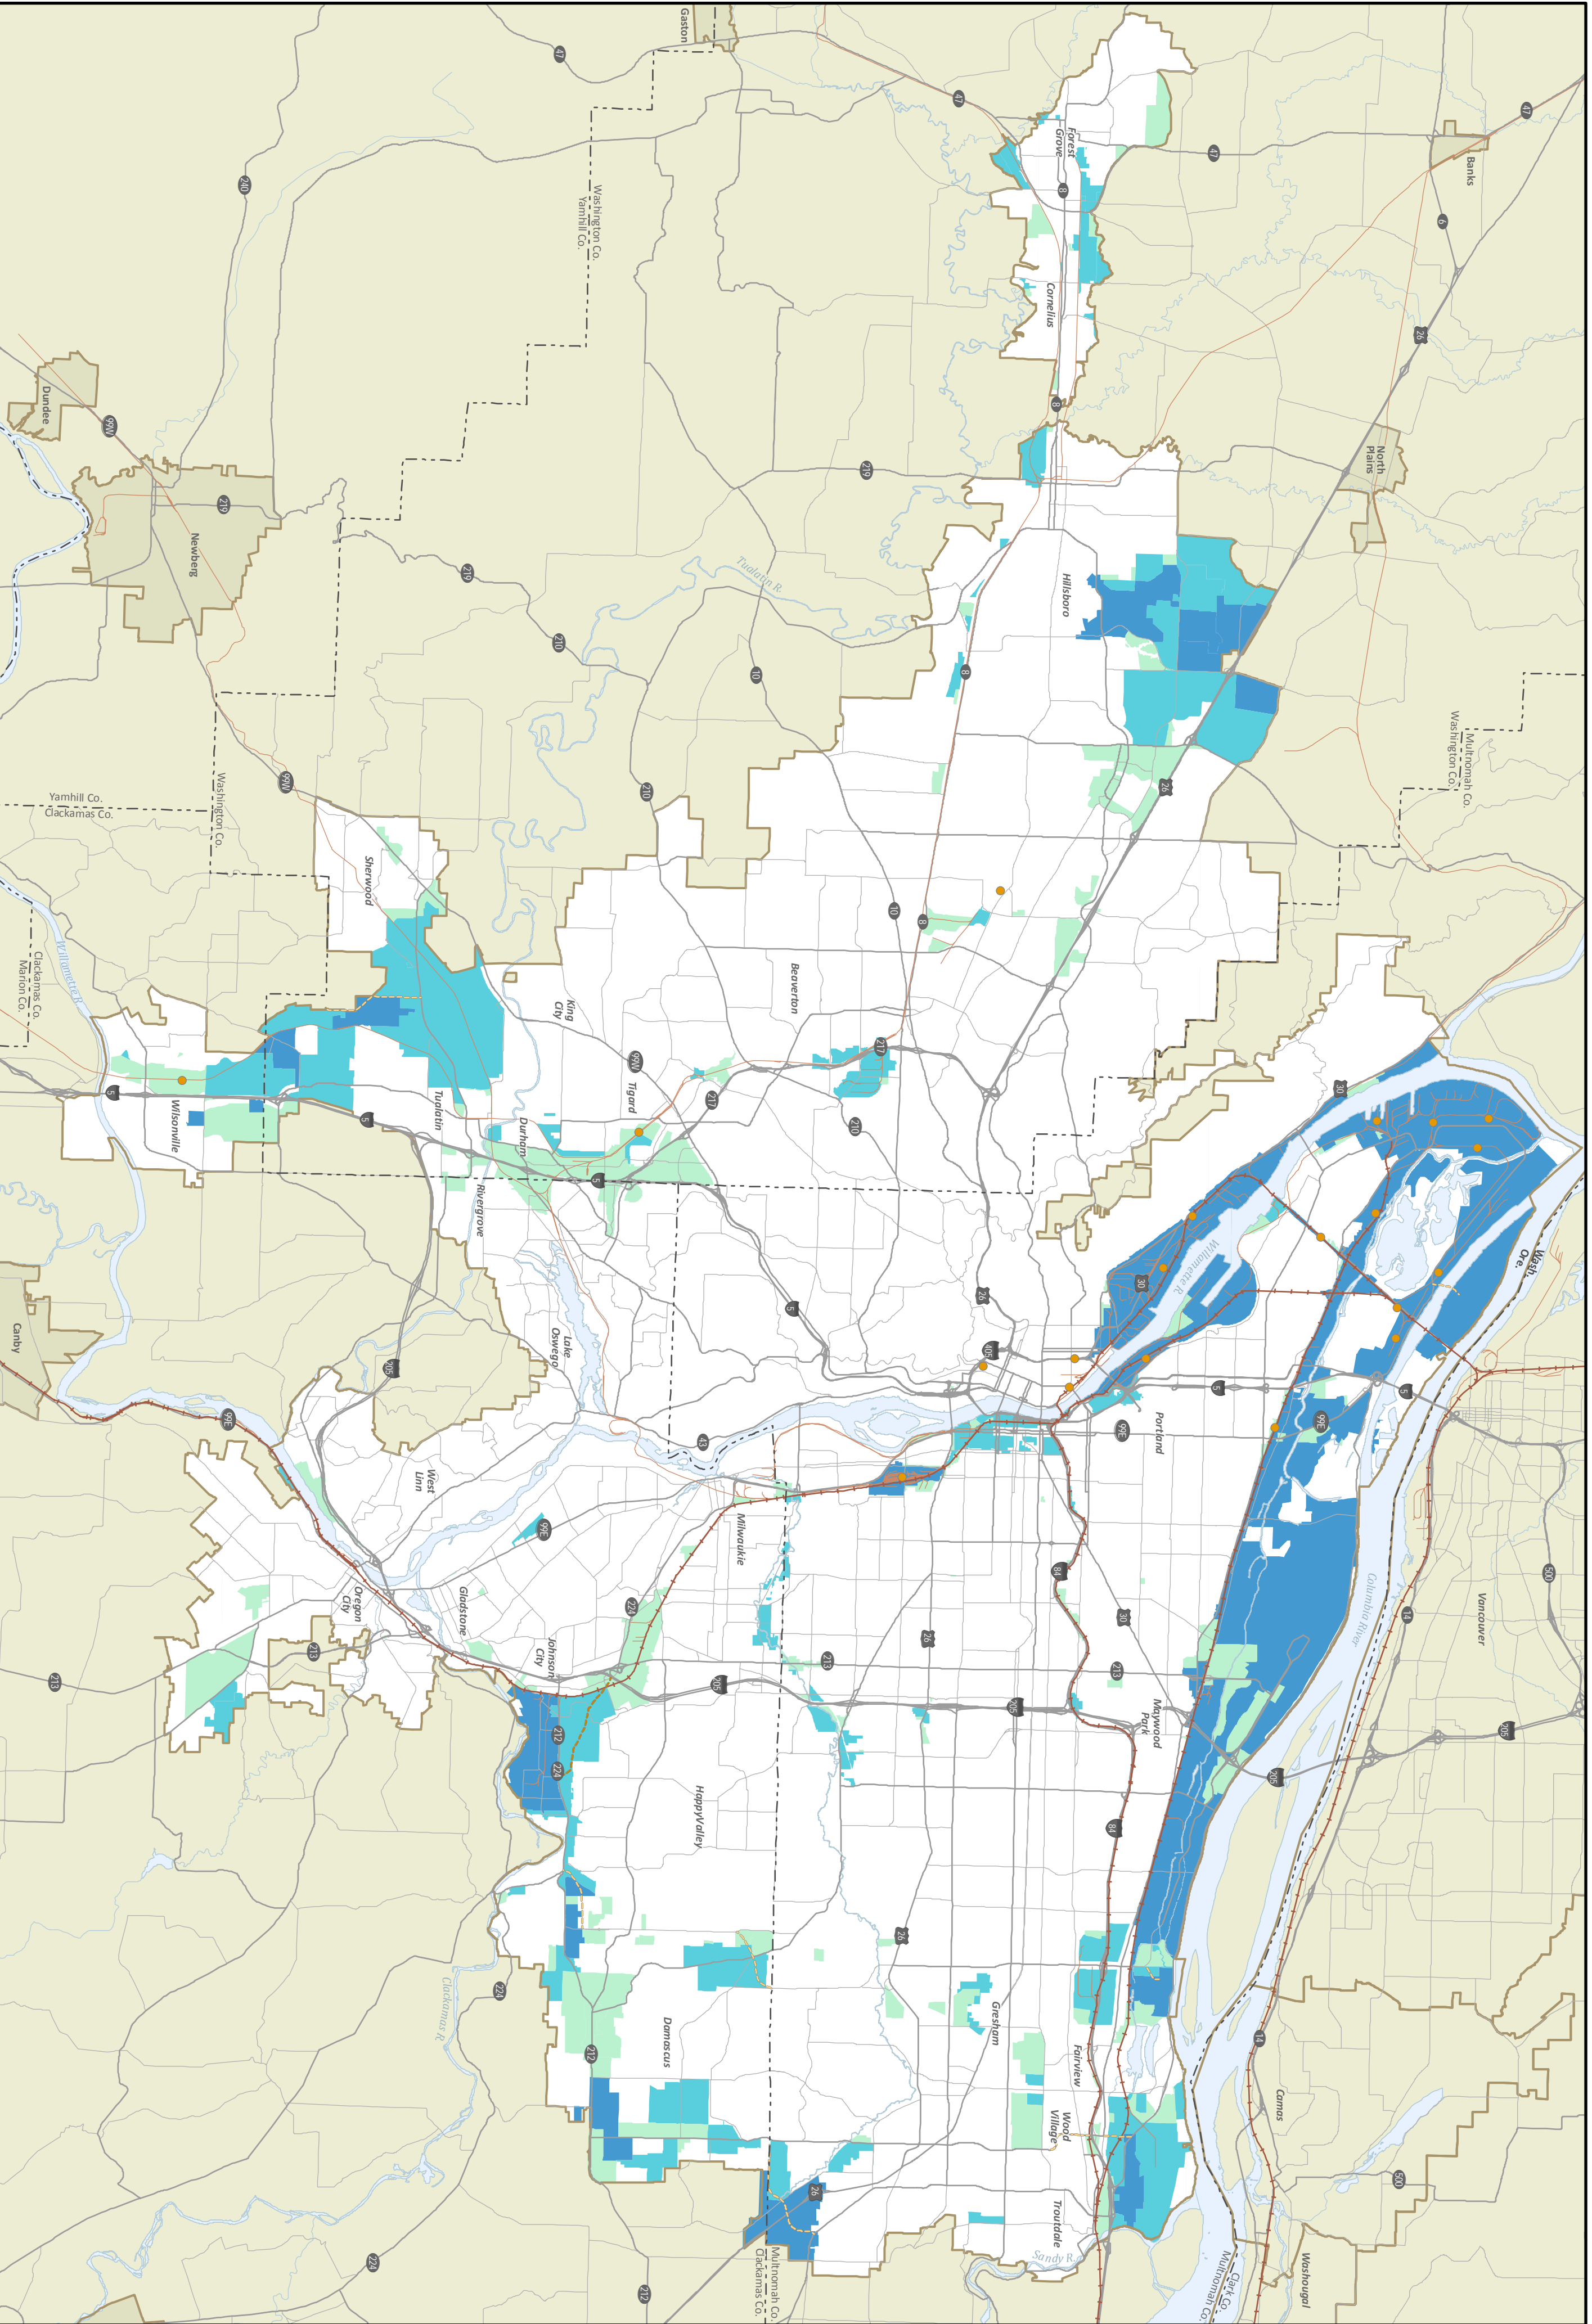

3.07.450 Employment and Industrial Areas Map

- (a) The Employment and Industrial Areas Map is the official depiction of the boundaries of Regionally Significant Industrial Areas, Industrial Areas and Employment Areas.
- (b) If the Metro Council adds territory to the UGB and designates all or part of the territory Regionally Significant Industrial Area, Industrial Area or Employment Area, after completion of Title 11 planning by the responsible city or county, the Chief Operating Officer (COO) shall issue an order to conform the map to the boundaries established by the responsible city or county. The order shall also make necessary amendments to the Habitat Conservation Areas Map, described in section 3.07.1320 of Title 13 of this chapter, to ensure implementation of Title 13.
- (c) A city or county may amend its comprehensive plan or zoning regulations to change its designation of land on the Employment and Industrial Areas Map in order to allow uses not allowed by this title upon a demonstration that:
 - (1) The property is not surrounded by land designated on the map as Industrial Area, Regionally Significant Industrial Area or a combination of the two;
 - (2) The amendment will not reduce the employment capacity of the city or county;
 - (3) If the map designates the property as Regionally Significant Industrial Area, the subject property does not have access to specialized services, such as redundant electrical power or industrial gases, and is not proximate to freight loading and unloading facilities, such as trans-shipment facilities;
 - (4) The amendment would not allow uses that would reduce off-peak performance on Main Roadway Routes and Roadway Connectors shown on the Regional Freight Network Map in the RTP below volume-to-capacity standards in the plan, unless mitigating action is taken that will restore performance to RTP standards within two years after approval of uses;
 - (5) The amendment would not diminish the intended function of the Central City or Regional or Town Centers as the principal locations of retail, cultural and civic services in their market areas; and
 - (6) If the map designates the property as Regionally Significant Industrial Area, the property subject to the amendment is ten acres or less; if designated Industrial Area, the property subject to the amendment is 20 acres or less; if designated Employment Area, the property subject to the amendment is 40 acres or less.

- (d) A city or county may also amend its comprehensive plan or zoning regulations to change its designation of land on the Employment and Industrial Areas Map in order to allow uses not allowed by this title upon a demonstration that:
 - (1) The entire property is not buildable due to environmental constraints; or
 - (2) The property borders land that is not designated on the map as Industrial Area or Regionally Significant Industrial Area; and
 - (3) The assessed value of a building or buildings on the property, built prior to March 5, 2004, and historically occupied by uses not allowed by this title, exceeds the assessed value of the land by a ratio of 1.5 to 1.
- (e) The COO shall revise the Employment and Industrial Areas Map by order to conform to an amendment made by a city or county pursuant to subsection (c) or (d) of this section within 30 days after notification by the city or county that no appeal of the amendment was filed pursuant to ORS 197.825 or, if an appeal was filed, that the amendment was upheld in the final appeal process.
- (f) After consultation with MPAC, the Council may issue an order suspending operation of subsection (c) in any calendar year in which the cumulative amount of land for which the Employment and Industrial Areas Map is changed during that year from Regionally Significant Industrial Area or Industrial Area to Employment Area or other 2040 Growth Concept design type designation exceeds the industrial land surplus. The industrial land surplus is the amount by which the current supply of vacant land designated Regionally Significant Industrial Area and Industrial Area exceeds the 20-year need for industrial land, as determined by the most recent "Urban Growth Report: An Employment Land Need Analysis", reduced by an equal annual increment for the number of years since the report.
- (g) The Metro Council may amend the Employment and Industrial Areas Map by ordinance at any time to make corrections in order to better achieve the policies of the Regional Framework Plan.
- (h) Upon request from a city or a county, the Metro Council may amend the Employment and Industrial Areas Map by ordinance to consider proposed amendments that exceed the size standards of paragraph (6) of subsection (c) of the section. To approve an amendment, the Council must conclude that the amendment:
 - (1) Would not reduce the employment capacity of the city or county;
 - (2) Would not allow uses that would reduce off-peak performance on Main Roadway Routes and Roadway Connectors shown on the Regional Freight Network Map in the RTP below volume-to-capacity standards in the plan, unless mitigating action is taken that will restore performance to RTP standards within two years after approval of uses;

- (3) Would not diminish the intended function of the Central City or Regional or Town Centers as the principal locations of retail, cultural and civic services in their market areas;
 - (4) Would not reduce the integrity or viability of a traded sector cluster of industries;
 - (5) Would not create or worsen a significant imbalance between jobs and housing in a regional market area; and
 - (6) If the subject property is designated Regionally Significant Industrial Area, would not remove from that designation land that is especially suitable for industrial use due to the availability of specialized services, such as redundant electrical power or industrial gases, or due to proximity to freight transport facilities, such as trans-shipment facilities.
- (i) Amendments to the Employment and Industrial Areas Map made in compliance with the process and criteria in this section shall be deemed to comply with the Regional Framework Plan.
 - (j) The Council may establish conditions upon approval of an amendment to the Employment and Industrial Areas Map under subsection (f) to ensure that the amendment complies with the Regional Framework Plan and state land use planning laws.
 - (k) By January 31 of each year, the COO shall submit a written report to the Council and MPAC on the cumulative effects on employment land in the region of the amendments to the Employment and Industrial Areas Map made pursuant to this section during the preceding year. The report shall include any recommendations the COO deems appropriate on measures the Council might take to address the effects. [Ord. 07-1137A, Sec. 2. Ord. 10-1244B, Sec. 3. Ord. 11-1264B, Sec. 1.]

Title 6: Centers, Corridors, Station Communities and Main Streets

3.07.610 Purpose

The Regional Framework Plan identifies Centers, Corridors, Main Streets and Station Communities throughout the region and recognizes them as the principal centers of urban life in the region. Title 6 calls for actions and investments by cities and counties, complemented by regional investments, to enhance this role. A regional investment is

an investment in a new high-capacity transit line or designated a regional investment in a grant or funding program administered by Metro or subject to Metro's approval. [Ord. 97-715B, Sec. 1. Ord. 98-721A, Sec. 1. Ord. 02-969B, Sec. 7. Ord. 10-1244B, Sec. 5.]

3.07.620 Actions and Investments in Centers, Corridors, Station Communities and Main Streets

- (a) In order to be eligible for a regional investment in a Center, Corridor, Station Community or Main Street, or a portion thereof, a city or county shall take the following actions:
 - (1) Establish a boundary for the Center, Corridor, Station Community or Main Street, or portion thereof, pursuant to subsection (b);
 - (2) Perform an assessment of the Center, Corridor, Station Community or Main Street, or portion thereof, pursuant to subsection (c); and
 - (3) Adopt a plan of actions and investments to enhance the Center, Corridor, Station Community or Main Street, or portion thereof, pursuant to sub(d).
- (b) The boundary of a Center, Corridor, Station Community or Main Street, or portion thereof, shall:
 - (1) Be consistent with the general location shown in the RFP except, for a proposed new Station Community, be consistent with Metro's land use final order for a light rail transit project;
 - (2) For a Corridor with existing high-capacity transit service, include at least those segments of the Corridor that pass through a Regional Center or Town Center;
 - (3) For a Corridor designated for future high-capacity transit in the RTP, include the area identified during the system expansion planning process in the RTP; and
 - (4) Be adopted and may be revised by the city council or county board following notice of the proposed boundary action to the Oregon Department of Transportation and to Metro in the manner set forth in subsection (a) of section 3.07.820 of this chapter.
- (c) An assessment of a Center, Corridor, Station Community or Main Street, or portion thereof, shall analyze the following:
 - (1) Physical and market conditions in the area;
 - (2) Physical and regulatory barriers to mixed-use, pedestrian-friendly and transit-supportive development in the area;
 - (3) The city or county development code that applies to the area to determine how the code might be revised to encourage mixed-use, pedestrian-friendly and transit-supportive development;

- (4) Existing and potential incentives to encourage mixed-use pedestrian-friendly and transit-supportive development in the area; and
 - (5) For Corridors and Station Communities in areas shown as Industrial Area or Regionally Significant Industrial Area under Title 4 of this chapter, barriers to a mix and intensity of uses sufficient to support public transportation at the level prescribed in the RTP.
- (d) A plan of actions and investments to enhance the Center, Corridor, Station Community or Main Street shall consider the assessment completed under subsection (c) and include at least the following elements:
 - (1) Actions to eliminate, overcome or reduce regulatory and other barriers to mixed-use, pedestrian-friendly and transit-supportive development;
 - (2) Revisions to its comprehensive plan and land use regulations, if necessary, to allow:
 - (A) In Regional Centers, Town Centers, Station Communities and Main Streets, the mix and intensity of uses specified in section 3.07.640; and
 - (B) In Corridors and those Station Communities in areas shown as Industrial Area or Regionally Significant Industrial Area in Title 4 of this chapter, a mix and intensity of uses sufficient to support public transportation at the level prescribed in the RTP;
 - (3) Public investments and incentives to support mixed-use pedestrian-friendly and transit-supportive development; and
 - (4) A plan to achieve the non-SOV mode share targets, adopted by the city or county pursuant to subsections 3.08.230(a) and (b) of the RTFP, that includes:
 - (A) The transportation system designs for streets, transit, bicycles and pedestrians consistent with Title 1 of the RTFP;
 - (B) A transportation system or demand management plan consistent with section 3.08.160 of the RTFP; and
 - (C) A parking management program for the Center, Corridor, Station Community or Main Street, or portion thereof, consistent with section 3.08.410 of the RTFP.
- (e) A city or county that has completed all or some of the requirements of subsections (b), (c), and (d) may seek recognition of that compliance from Metro by written request to the COO.
- (f) Compliance with the requirements of this section is not a prerequisite to:
 - (1) Investments in Centers, Corridors, Station Communities or Main Streets that are not regional investments; or

- (2) Investments in areas other than Centers, Corridors, Station Communities and Main Streets. [Ord. 97-715B, Sec. 1. Ord. 98-721A, Sec. 1. Ord. 02-969B, Sec. 7. Ord. 10-1244B, Sec. 5.]

3.07.630 Eligibility Actions for Lower Mobility Standards and Trip Generation Rates

- (a) A city or county is eligible to use the higher volume-to-capacity standards in Table 7 of the 1999 Oregon Highway Plan when considering an amendment to its comprehensive plan or land use regulations in a Center, Corridor, Station Community or Main Street, or portion thereof, if it has taken the following actions:
 - (1) Established a boundary pursuant to subsection (b) of section 3.07.620; and
 - (2) Adopted land use regulations to allow the mix and intensity of uses specified in section 3.07.640.
- (b) A city or county is eligible for an automatic reduction of 30 percent below the vehicular trip generation rates reported by the Institute of Traffic Engineers when analyzing the traffic impacts, pursuant to OAR 660-012-0060, of a plan amendment in a Center, Corridor, Main Street or Station Community, or portion thereof, if it has taken the following actions:
 - (1) Established a boundary pursuant to subsection (b) of section 3.07.620;
 - (2) Revised its comprehensive plan and land use regulations, if necessary, to allow the mix and intensity of uses specified in section 3.07.640 and to prohibit new auto-dependent uses that rely principally on auto trips, such as gas stations, car washes and auto sales lots; and
 - (3) Adopted a plan to achieve the non-SOV mode share targets adopted by the city or county pursuant to subsections 3.08.230 (a) and (b) of the RTFP, that includes:
 - (A) Transportation system designs for streets, transit, bicycles and pedestrians consistent with Title 1 of the RTFP;
 - (B) A transportation system or demand management plan consistent with section 3.08.160 of the RTFP; and
- (c) A parking management program for the Center, Corridor, Station Community or Main Street, or portion thereof, consistent with section 3.08.410 of the RTFP. [Ord. 97-715B, Sec. 1. Ord. 98-721A, Sec. 1. Ord. 02-969B, Sec. 7. Ord. 10-1244B, Sec. 5.]

3.07.640 Activity Levels for Centers, Corridors, Station Communities and Main Streets

- (a) A Centers, Corridors, Station Communities and Main Streets need a critical number of residents and workers to be vibrant and successful. The following average number of residents and workers per acre is recommended for each:
 - (1) Central City - 250 persons
 - (2) Regional Centers - 60 persons

Local governments shall submit their first progress reports on July 31, 2007, and by

April 15 every two years following that date. Progress reports shall include, at least, the following information:

[Repealed, Ord. 06-1129B, Sec. 2.]

Title 8: Compliance Procedures

3.07.810 Compliance With the Functional Plan

- (a) The purposes of this chapter are to establish a process for ensuring city or county compliance with requirements of the Urban Growth Management Functional Plan and for evaluating and informing the region about the effectiveness of those requirements. Where the terms "compliance" and "comply" appear in this title, the terms shall have the meaning given to "substantial compliance" in section 3.07.1010.
- (b) Cities and counties shall amend their comprehensive plans and land use regulations to comply with the functional plan, or an amendment to the functional plan, within two years after acknowledgement of the functional plan or amendment, or after any later date specified by the Metro Council in the ordinance adopting or amending the functional plan. The COO shall notify cities and counties of the acknowledgment date and compliance dates described in subsections (c) and (d).
- (c) After one year following acknowledgment of a functional plan requirement, cities and counties that amend their comprehensive plans and land use

regulations shall make such amendments in compliance with the new functional plan requirement.

- (d) Cities and counties whose comprehensive plans and land use regulations do not yet comply with the new functional plan requirement shall, after one year following acknowledgment of the requirement, make land use decisions consistent with the requirement. The COO shall notify cities and counties of the date upon which functional plan requirements become applicable to land use decisions at least 120 days before that date. For the purposes of this subsection, "land use decision" shall have the meaning of that term as defined in ORS 197.015(10).
- (e) An amendment to a city or county comprehensive plan or land use regulation shall be deemed to comply with the functional plan upon the expiration of the appropriate appeal period specified in ORS 197.830 or 197.650 or, if an appeal is made, upon the final decision on appeal. Once the amendment is deemed to comply, the functional plan requirement shall no longer apply to land use decisions made in conformance with the amendment.
- (f) An amendment to a city or county comprehensive plan or land use regulation shall be deemed to comply with the functional plan as provided in subsection (e) only if the city or county provided notice to the COO as required by subsection (a) of section 3.07.820. [Ord. 97-715B, Sec. 1. Ord. 98-730C, Sec. 4. Ord. 00-839, Sec. 1. Ord. 00-882C, Sec. 2. Ord. 01-925E, Sec. 1. Ord. 02-972A, Sec. 1. Ord. 05-1077C, Sec. 6. Ord. 10-1244B, Sec. 7.]

3.07.820 Review by the Chief Operating Officer

- (a) A city or county proposing an amendment to a comprehensive plan or land use regulation shall submit the proposed amendment to the COO at least 35 days prior to the first evidentiary hearing on the amendment. The COO may request, and if so the city or county shall submit, an analysis of compliance of the amendment with the functional plan. If the COO submits comments on the proposed amendment to the city or county, the comment shall include analysis and conclusions on compliance and a recommendation with specific revisions to the proposed amendment, if any, that would bring it into compliance with the functional plan. The COO shall send a copy of comment to those persons who have requested a copy.
- (b) If the COO concludes that the proposed amendment does not comply with the functional plan, the COO shall advise the city or county that it may:
 - (1) Revise the proposed amendment as recommended in the COO's analysis;
 - (2) Seek an extension of time, pursuant to section 3.07.830, to bring the proposed amendment into compliance with the functional plan; or
 - (3) Seek an exception pursuant to section 3.07.840. [Ord. 97-715B, Sec. 1. Ord. 98-730C, Sec. 5, 6, 7. Ord. 98-727C, Sec. 1. Ord. 00-839, Sec. 1. Ord. 00-882C, Sec. 2. Ord. 01-925E, Sec. 1. Ord. 02-972A, Sec. 1. Ord. 10-1244B, Sec. 7. Ord. 15-1357.]

3.07.830 Extension of Compliance Deadline

- (a) A city or county may seek an extension of time for compliance with a functional plan requirement. The city or county shall file an application for an extension on a form provided by the COO. Upon receipt of an application, the COO shall notify the city or county and those persons who request notification of applications for extensions. Any person may file a written comment in support of or opposition to the extension.
- (b) The COO may grant an extension if the city or county is making progress toward compliance or there is good cause for failure to meet the deadline for compliance. Within 30 days after the filing of a complete application for an extension, the COO shall issue an order granting or denying the extension. The COO shall not grant more than two extensions of time. The COO shall send the order to the city or county and any person who filed a written comment.
- (c) The COO may establish terms and conditions for the extension in order to ensure that compliance is achieved in a timely and orderly fashion and that land use decisions made by the city or county during the extension do not undermine the ability of the city or county to achieve the purposes of the functional plan requirement. A term or condition must relate to the requirement of the functional plan to which the COO has granted the extension.
- (d) The city or county applicant or any person who filed written comment on the extension may appeal the COO's order to the Metro Council within 15 days after receipt of the order. If an appeal is filed, the Council shall hold a hearing to consider the appeal. After the hearing, the Council shall issue an order granting or denying the extension and shall send copies to the applicant and any person who participated in the hearing. The city or county or a person who participated in the proceeding may seek review of the Council's order as a land use decision described in ORS 197.015(10)(a)(A). [Ord. 97-715B, Sec. 1. Ord. 98-727C, Sec. 2; Ord. 01-925E, Sec. 1. Ord. 02-972A, Sec. 1. Ord. 10-1244B, Sec. 7.]

- (a) A city or county may seek an exception from compliance with a functional plan requirement by filing an application on a form provided by the COO. Upon receipt of an application, the COO shall notify the city or county and those persons who request notification of requests for exceptions. Any person may file a written comment in support of or opposition to the exception.
- (b) Except as provided in subsection (c), the COO may grant an exception if:
 - (1) It is not possible to achieve the requirement due to topographic or other physical constraints or an existing development pattern;
 - (2) This exception and likely similar exceptions will not render the objective of the requirement unachievable region-wide;

- (3) The exception will not reduce the ability of another city or county to comply with the requirement; and
 - (4) The city or county has adopted other measures more appropriate for the city or county to achieve the intended result of the requirement.
- (c) The COO may grant an exception to the housing capacity requirements in section 3.07.120 if:
- (1) The city or county has completed the analysis of capacity for dwelling units required by section 3.07.120;
 - (2) It is not possible to comply with the requirements due to topographic or other physical constraints, an existing development pattern, or protection of natural resources pursuant to Titles 3 or 13 of this chapter; and
 - (3) This exception and other similar exceptions will not render the targets unachievable region-wide.
- (d) The COO may establish terms and conditions for the exception in order to ensure that it does not undermine the ability of the region to achieve the purposes of the requirement. A term or condition must relate to the requirement of the functional plan to which the COO grants the exception. The COO shall incorporate the terms and conditions into the order on the exception.
- (e) The city or county applicant or a person who filed a written comment on the exception may appeal the COO's order to the Metro Council within 15 days after receipt of the order. If an appeal is filed, the Council shall hold a hearing to consider the appeal. After the hearing, the Council shall issue an order granting or denying the exception and send copies to the applicant and any person who participated in the hearing. The city or county or a person who participated in the proceeding may seek review of the Council's order as a land use decision described in ORS 197.015(10)(a)(A). [Ord. 97-715B, Sec. 1. Ord. 01-925E, Sec. 1. Ord. 02-972A, Sec. 1; and Ord. 10-1244B, Sec. 7.]

3.07.850 Enforcement of Functional Plan

- (a) The Metro Council may initiate enforcement if a city or county has failed to meet a deadline for compliance with a functional plan requirement or if the Council has good cause to believe that a city or county is engaged in a pattern or a practice of decision-making that is inconsistent with the functional plan, ordinances adopted by the city or county to implement the plan, or the terms or conditions in an extension or an exception granted pursuant to section 3.07.830 or 3.07.840, respectively. The Council may consider whether to initiate enforcement proceedings upon the request of the COO or a Councilor. The Council shall consult with the city or county before it determines there is good cause to proceed to a hearing under subsection (b).

- (b) If the Council decides there is good cause, the Council President shall set the matter for a public hearing before the Council within 90 days of its decision. The COO shall publish notice of the hearing in a newspaper of general circulation in the city or county and send notice to the city or county, MPAC and any person who requests a copy of such notices.
- (c) The COO shall prepare a report and recommendation on the pattern or practice, with a proposed order, for consideration by the Council. The COO shall publish the report at least 14 days prior to the public hearing and send a copy to the city or county and any person who requests a copy.
- (d) At the conclusion of the hearing, the Council shall adopt an order that dismisses the matter if it decides the city or county complies with the requirement. If the Council decides the city or county has failed to meet a deadline for compliance with a functional plan requirement or has engaged in a pattern or a practice of decision-making that is inconsistent with the functional plan, ordinances adopted by the city or county to implement the plan, or terms or conditions of an extension or an exception granted pursuant to section 3.07.830 or 3.07.840, respectively, the Council may adopt an order that:
 - (1) Directs changes in the city or county ordinances necessary to remedy the pattern or practice; or
 - (2) Includes a remedy authorized in ORS 268.390(7).
- (e) The Council shall issue its order not later than 30 days following the hearing and send copies to the city or county, MPAC and any person who requests a copy. [Ord. 97-715B, Sec. 1. Ord. 01-925E, Sec. 1. Ord. 02-972A, Sec. 1. Ord. 10-1244B, Sec. 7.]

3.07.860 Citizen Involvement in Compliance Review

- (a) Any person may contact Metro staff or the COO or appear before the Metro Council to raise issues regarding local functional plan compliance, to request Metro participation in the local process, or to request the COO to appeal a local enactment for which notice is required pursuant to subsection (a) of section 3.07.820. Such contact may be oral or in writing and may be made at any time.
- (b) In addition to considering requests as described in (a) above, the Council shall at every regularly scheduled meeting provide an opportunity for people to address the Council on any matter related to this functional plan. The COO shall maintain a list of persons who request notice in writing of COO reviews, reports and orders and proposed actions under this chapter and shall send requested documents as provided in this chapter.
- (c) Cities, counties and the Council shall comply with their own adopted and acknowledged Citizen Involvement Requirements (Citizen Involvement) in all decisions, determinations and actions taken to implement and comply with this functional plan. The COO shall publish a citizen involvement fact sheet, after consultation with the Metro Public Engagement Review Committee (PERC), that

describes opportunities for citizen involvement in Metro's growth management procedures as well as the implementation and enforcement of this functional plan. [Ord. 97-715B, Sec. 1. Ord. 01-925E, Sec. 1. Ord. 02-972A, Sec. 1. Ord. 10-1244B, Sec. 7. Ord. 15-1357.]

3.07.870 Compliance Report

- (a) The COO shall submit a report to the Metro Council by March 1 of each calendar year on the status of compliance by cities and counties with the requirements of the Urban Growth Management Functional Plan. The COO shall send a copy of the report to MPAC, JPACT, PERC and each city and county within Metro.
- (b) A city, county or person who disagrees with a determination in the compliance report may seek review of the determination by the Council by written request to the COO. The Council shall notify the requestor, all cities and counties, MPAC, JPACT, PERC, the Department of Land Conservation and Development and any person who requests notification of the review. The notification shall state that the Council does not have jurisdiction to:

 - (2) Reconsider a determination in a prior order issued under this section that a city or county complies with a requirement of the functional plan.
- (c) Following its review at a public hearing, the Council shall adopt an order that determines whether the city or county complies with the functional plan requirement raised in the request. The order shall be based upon the COO's report and testimony received at the public hearing. The COO shall send a copy of the order to cities and counties and any person who testifies, orally or in writing, at the public hearing.
- (d) A city or county or a person who participated, orally or in writing, at the public hearing, may seek review of the Council's order as a land use decision described in ORS 197.015(10)(a)(A). [Ord. 01-925E, Sec. 2. Ord. 02-972A, Sec. 1. Ord. 10-1244B, Sec. 7. Ord. 15-1357.]

² On file in Metro Council office.

walkable, transit-friendly communities. It is the purpose of Title 11 to guide such long-range planning for urban reserves and areas added to the UGB. It is also the purpose of Title 11 to provide interim protection for areas added to the UGB until city or county amendments to land use regulations to allow urbanization become applicable to the areas. [Ord. 99-818A, Sec. 3. Ord. 02-969B, Sec. 11. Ord. 10-1238A, Sec. 5. Ord. 11-1252A, Sec. 1.]

3.07.1110 Planning for Areas Designated Urban Reserve

- (a) The county responsible for land use planning for an urban reserve and any city likely to provide governance or an urban service for the area, shall, in conjunction with Metro and appropriate service districts, develop a concept plan for the urban reserve prior to its addition to the UGB pursuant to sections 3.07.1420, 3.07.1430 or 3.07.1435 of this chapter. The date for completion of a concept plan and the area of urban reserves to be planned will be jointly determined by Metro and the county and city or cities.
- (b) A local government, in creating a concept plan to comply with this section, shall consider actions necessary to achieve the following outcomes:
 - (1) If the plan proposes a mix of residential and employment uses:
 - (A) A mix and intensity of uses that will make efficient use of the public systems and facilities described in subsection (c);
 - (B) A development pattern that supports pedestrian and bicycle travel to retail, professional and civic services;
 - (C) A range of housing of different types, tenure and prices addressing the housing needs in the prospective UGB expansion area in the context of the housing needs of the governing city, the county, and the region if data on regional housing needs are available, in order to help create economically and socially vital and complete neighborhoods and cities and avoiding the concentration of poverty and the isolation of families and people of modest means;
 - (D) Sufficient employment opportunities to support a healthy economy, including, for proposed employment areas, lands with characteristics, such as proximity to transportation facilities, needed by employers;
 - (E) Well-connected systems of streets, bikeways, parks, recreational trails and public transit that link to needed housing so as to reduce the combined cost of housing and transportation;
 - (F) A well-connected system of parks, natural areas and other public open spaces;
 - (G) Protection of natural ecological systems and important natural landscape features; and

- (H) Avoidance or minimization of adverse effects on farm and forest practices and important natural landscape features on nearby rural lands.
- (2) If the plan involves fewer than 100 acres or proposes to accommodate only residential or employment needs, depending on the need to be accommodated:
 - (A) A range of housing of different types, tenure and prices addressing the housing needs in the prospective UGB expansion area in the context of the housing needs of the governing city, the county, and the region if data on regional housing needs are available, in order to help create economically and socially vital and complete neighborhoods and cities and avoiding the concentration of poverty and the isolation of families and people of modest means;
 - (B) Sufficient employment opportunities to support a healthy economy, including, for proposed employment areas, lands with characteristics, such as proximity to transportation facilities, needed by employers;
 - (C) Well-connected systems of streets, bikeways, pedestrian ways, parks, natural areas, recreation trails;

 - (E) Avoidance or minimization of adverse effects on farm and forest practices and important natural landscape features on nearby rural lands.
- (c) A concept plan shall:
 - (1) Show the general locations of any residential, commercial, industrial, institutional and public uses proposed for the area with sufficient detail to allow estimates of the cost of the public systems and facilities described in paragraph (2);
 - (2) For proposed sewer, park and trail, water and stormwater systems and transportation facilities, provide the following:
 - (A) The general locations of proposed sewer, park and trail, water and stormwater systems;
 - (B) The mode, function and general location of any proposed state transportation facilities, arterial facilities, regional transit and trail facilities and freight intermodal facilities;
 - (C) The proposed connections of these systems and facilities, if any, to existing systems;

 - (F) Consideration for protection of the capacity, function and safe operation of state highway interchanges, including existing and planned interchanges and planned improvements to interchanges.
- (3) If the area subject to the concept plan calls for designation of land for industrial use, include an assessment of opportunities to create and protect parcels 50 acres or larger and to cluster uses that benefit from proximity to one another;
 - (4) If the area subject to the concept plan calls for designation of land for residential use, the concept plan will describe the goals for meeting the housing needs for the concept planning area in the context of the housing needs of the governing city, the county, and the region if data on regional housing needs are available. As part of this statement of objectives, the concept plan shall identify the general number, price and type of market and nonmarket-provided housing. The concept plan shall also identify preliminary strategies, including fee waivers, subsidies, zoning incentives and private and nonprofit partnerships, that will support the likelihood of achieving the outcomes described in subsection (b) of this section;
 - (5) Show water quality resource areas, flood management areas and habitat conservation areas that will be subject to performance standards under Titles 3 and 13 of this chapter;

 - (8) Include an agreement between or among the county and the city or cities that preliminarily identifies the local government responsible for comprehensive planning of the area, and the city or cities that will have authority to annex the area, or portions of it, following addition to the UGB;
 - (9) Provide that an area added to the UGB must be annexed to a city prior to, or simultaneously with, application of city land use regulations to the area intended to comply with subsection (c) of section 3.07.1120; and

- (10) Be coordinated with schools districts, including coordination of demographic assumptions.
- (d) Concept plans shall guide, but not bind:

 - (2) Conditions in the Metro ordinance that adds the area to the UGB; or
 - (3) Amendments to city or county comprehensive plans or land use regulations following addition of the area to the UGB.
- (e) If the local governments responsible for completion of a concept plan under this section are unable to reach agreement on a concept plan by the date set under subsection (a), then the Metro Council may nonetheless add the area to the UGB if necessary to fulfill its responsibility under ORS 197.299 to ensure the UGB has sufficient capacity to accommodate forecasted growth. [Ord. 98-772B, Sec. 2. Ord. 99-818A, Sec. 3. Ord. 02-969B, Sec. 11. Ord. 06-1110A, Sec. 1. Ord. 10-1238A, Sec. 5. Ord. 11-1252A, Sec. 1. Ord. 15-1357.]

Title 12: Protection of Residential Neighborhoods

3.07.1210 Purpose and Intent

Existing neighborhoods are essential to the success of the 2040 Growth Concept. The intent of Title 12 of the Urban Growth Management Functional Plan is to protect the region's residential neighborhoods. The purpose of Title 12 is to help implement the policy of the Regional Framework Plan to protect existing residential neighborhoods from air and water pollution, noise and crime and to provide adequate levels of public services. [Ord. 02-969B, Sec. 3.]

3.07.1220 Residential Density

Metro shall not require any city or county to authorize an increase in the residential density of a single-family neighborhood in an area mapped solely as Neighborhood. [Ord. 02-969B, Sec. 3. Ord. 15-1357.]

3.07.1230 Access to Commercial Services

- (a) In order to reduce air pollution and traffic congestion, and to make commercial retail services more accessible to residents of Neighborhoods, a city or county may designate in its comprehensive plan and land use regulations one or more Neighborhood Centers within or in close proximity to Neighborhoods to serve as a convenient location of commercial services.
- (b) To ensure that commercial development serves the needs of the residents of Neighborhoods but does not generate excessive traffic, noise or air pollution, a city or county that designates a Neighborhood Center shall adopt limitations on the scale of commercial services in Neighborhood Centers. In a Neighborhood Center, a city or county shall not approve:
 - (1) A commercial retail use with more than 20,000 square feet of gross leasable area in a single building; or
 - (2) Office commercial uses with more than 10,000 square feet of gross leasable area in a single building or on a single lot or parcel. [Ord. 02-969B, Sec. 3. Ord. 15-1357.]

3.07.1240 Access to Parks and Schools

- (a) Each city and county shall, within two years following adoption by the Metro Council of a process and criteria for such standards, establish a level of service standard for parks and greenspaces that calls for a park facility within a specified distance of all residences.
- (b) To make parks and greenspaces more accessible to residents of Neighborhoods and all residents of the region, each city and county shall provide for access to parks and greenspaces by walking, biking and transit, where transit is available or planned.
- (c) To make parks and schools more accessible to neighborhood residents, to reduce traffic, and to use land more efficiently, cities, counties, park providers and school districts shall, where appropriate, provide for shared use of school facilities for park purposes and of park facilities for school purposes.
- (d) To make public schools more accessible to neighborhood residents, cities, counties and school districts shall prioritize school sites that are near concentrations of population and are connected to those concentrations by safe and convenient walking, biking and, where transit is available or planned, transit facilities. [Ord. 02-969B, Sec. 3. Ord. 15-1357.]

Title 13: Nature In Neighborhoods

3.07.1310 Intent

The purposes of this program are to (1) conserve, protect, and restore a continuous ecologically viable streamside corridor system, from the streams' headwaters to their confluence with other streams and rivers, and with their floodplains in a manner that is integrated with upland wildlife habitat and with the surrounding urban landscape; and (2) to control and prevent water pollution for the protection of the public health and safety, and to maintain and improve water quality throughout the region. This program:

- (a) Will achieve its purpose through conservation, protection, and appropriate restoration of riparian and upland fish and wildlife habitat through time, using a comprehensive approach that includes voluntary, incentive-based, educational, and regulatory elements;
- (b) Balances and integrates goals of protecting and enhancing fish and wildlife habitat, building livable Region 2040 communities, supporting a strong economy, controlling and preventing water pollution for the protection of the public health and safety, and complying with federal laws including the Clean Water Act and the Endangered Species Act;
- (c) Includes provisions to monitor and evaluate program performance over time to determine whether the program is achieving the program's objectives and targets, to determine whether cities and counties are in substantial compliance

with this title, and to provide sufficient information to determine whether to amend or adjust the program in the future; and

- (d) Establishes minimum requirements and is not intended to repeal or replace existing requirements of city and county comprehensive plans and implementing ordinances to the extent those requirements already meet the minimum requirements of this title, nor is it intended to prohibit cities and counties from adopting and enforcing fish and wildlife habitat protection and restoration programs that exceed the requirements of this title. [Ord. 05-1077C, Sec. 5.]

3.07.1320 Inventory and Habitat Conservation Areas

The purpose of this section is to describe the geographic information system (GIS) data and maps that form the basis of Metro's fish and wildlife habitat protection and restoration program. This data and maps are referenced in various ways in this title, but may or may not be relevant within a city or county depending upon which implementation alternative the city or county chooses pursuant to Metro Code Section 3.07.1330(b). The maps referred to in this title are representations of data contained within Metro's GIS system, operated by the Metro Data Resource Center, and references to such maps shall be interpreted as references to the maps themselves and to the underlying GIS data that the maps represent.

- (a) The Regionally Significant Fish and Wildlife Habitat Inventory Map (hereinafter the "Inventory Map"), attached hereto³, identifies the areas that have been determined to contain regionally significant fish and wildlife habitat. The Inventory Map divides habitat into two general categories, riparian and upland wildlife, and further differentiates each habitat category into low, medium, and high value habitats.
- (b) The Habitat Conservation Areas Map, attached hereto⁴, identifies the areas that are subject to the performance standards and best management practices described in Metro Code Section 3.07.1340, to the extent that a city or county chooses to comply with Metro Code Section 3.07.1330 by using the Habitat Conservation Areas map, or a map that substantially complies with the Habitat Conservation Areas map. For such cities and counties, the Habitat Conservation Areas Map further identifies, subject to the map verification process described in Metro Code Sections 3.07.1330(g) and 3.07.1340(d), which areas will be subject to high, moderate, and low levels of habitat conservation based on Metro Council's consideration of the results of the economic, social, environmental, and energy (ESEE) consequences of protecting or not protecting the habitat, public input, and technical review, and the Metro Council's subsequent decision to balance conflicting uses in habitat areas.

- (1) Table 3.07-13a describes how (1) Class I and II riparian habitat areas, and (2) Class A and B upland wildlife habitat areas within publicly-owned parks and open spaces, except for parks and open spaces where the acquiring agency clearly identified that it was acquiring the property to develop it for active recreational uses, located within the Metro boundary on December 28, 2005, were designated as high, moderate, and low Habitat Conservation Areas.
 - (2) Table 3.07-13b describes how Class I and II riparian habitat areas and Class A and B upland wildlife areas brought within the Metro UGB after December 28, 2005, will be designated as high, moderate, and low Habitat Conservation Areas. Metro Code Section 3.07.1360 describes the procedures for how Table 3.07-13b and Metro Code Section 3.07.1340 shall be applied in such areas.
- (c) Exempt International Marine Terminals
- (1) Marine dependent properties which would otherwise have been mapped as Habitat Conservation Areas do not appear on the Habitat Conservation Areas Map because the Metro Council concluded, based on its analysis of the economic, social, environmental, and energy implications of its decision, that the economic importance of such properties far outweighed the environmental importance of the properties as fish and wildlife habitat. The Metro Council applied the criteria described in subsection (c)(2) of this section to conclude that the following properties should not be considered Habitat Conservation Areas:
 - (A) The International Terminal property, located at 12005 N. Burgard Way, Portland, Oregon, 97203;
 - (B) Port of Portland Marine Terminal 4;
 - (C) Port of Portland Marine Terminal 5; and
 - (D) Port of Portland Marine Terminal 6.
 - (2) The Metro Council may, at its discretion, consider and adopt ordinances to exempt from the provisions of this title any additional properties along the Willamette and Columbia Rivers, or portions of such properties, where it can be demonstrated that:
 - (A) The property is currently developed for use as an international marine terminal capable of mooring ocean-going tankers or cargo ships; and
 - (B) The property is substantially without vegetative cover. [Ord. 05-1077C, Sec. 5.]

3.07.1330 Implementation Alternatives for Cities and Counties

- (a) Under Oregon law, upon acknowledgment of this program by the Oregon Land Conservation and Development Commission (LCDC), cities and counties wholly or partly within the Metro boundary shall apply the requirements of this title with respect to areas identified as riparian habitat on the Inventory Map and areas identified as upland wildlife habitat on the Inventory Map, according to the compliance deadlines established in Metro Code Section 3.07.810, rather than applying the requirements of division 23 of chapter 660 of the Oregon Administrative Rules ("OAR"), promulgated by LCDC, except that:
- (1) A city or county shall apply the requirements of division 23 of OAR chapter 660 in order to adopt comprehensive plan amendments or land use regulations that (i) would otherwise require compliance with division 23 of OAR chapter 660 but for the adoption of this title (i.e., amendments or regulations adopted to protect Goal 5 resources), and (ii) will limit development in areas not identified as riparian habitat on the Inventory Map, unless such provisions (a) are part of a program intended to comply with Metro Code Section 3.07.1330(b)(3) and apply only to areas identified as upland wildlife habitat on the Inventory Map (i.e., they do not apply to areas not identified as habitat); or (b) apply to areas identified as Class A or B upland wildlife habitat on the Inventory Map that are brought within the UGB after December 28, 2005. Such a city or county shall seek acknowledgement of such provisions from LCDC or treat such provisions as post-acknowledgement plan amendments under ORS chapter 197;
 - (2) A city or county that, prior to December 28, 2005, adopted any comprehensive plan amendments or land use regulations that (a) apply to areas identified as upland wildlife habitat on the Inventory Map but not identified as riparian habitat on the Inventory Map, (b) limit development in order to protect fish or wildlife habitat, and (c) were adopted in compliance with division 23 of OAR chapter 660, shall not repeal such amendments or regulations, nor shall it amend such provisions in a manner that would allow any more than a de minimis increase in the amount of development that could occur in areas identified as upland wildlife habitat; and
 - (3) After a city or county has demonstrated that it is in substantial compliance with the requirements of this title, if the city or county wishes to adopt comprehensive plan amendments or land use regulations applicable to areas identified as riparian habitat on the Inventory Map that have the effect of imposing greater limits on development than those imposed by provisions that are in substantial compliance with the requirements of this title, such a city or county shall comply with the provisions of division 23 of OAR chapter 660, and shall seek acknowledgement of such provisions from LCDC or treat such

provisions as post-acknowledgement plan amendments under ORS chapter 197.

- (b) Each city and county in the region shall either:
- (1) Amend its comprehensive plan and implementing ordinances to adopt the Title 13 Model Ordinance and the Metro Habitat Conservation Areas Map, and demonstrate compliance with the provisions of (a) Metro Code Section 3.07.1340(a)(5), related to enhanced fish and wildlife protection and management of publicly-owned parks and open spaces that have been designated as natural areas and are not intended for future urban development, and (b) Metro Code Section 3.07.1340(a)(8), related to the restoration of Habitat Conservation Areas when developed property is undergoing significant redevelopment;
 - (2) Demonstrate that its existing or amended comprehensive plan and existing, amended, or new implementing ordinances substantially comply with the performance standards and best management practices described in Metro Code Section 3.07.1340, and that maps that it has adopted and uses substantially comply with the Metro Habitat Conservation Areas Map;
 - (3) Demonstrate that it has implemented a program based on alternative approaches that will achieve protection and enhancement of Class I and II riparian habitat areas, and of Class A and B upland wildlife habitat areas in territory added to the Metro UGB after December 28, 2005, substantially comparable with the protection and restoration that would result from the application of a program that complied with Metro Code Sections 3.07.1330(b)(1) or (b)(2). A city or county developing such a program:
 - (A) Shall demonstrate that its alternative program will provide a certainty of habitat protection and enhancement to achieve its intended results, such as by using proven programs and demonstrating stable and continuing funding sources sufficient to support elements of the program that require funding;
 - (B) May assert substantial compliance with this provision by relying on either or both the city's or county's comprehensive plan and implementing ordinances and on the use of incentive based, voluntary, education, acquisition, and restoration programs, such as:
 - (i) An existing tree protection ordinance;
 - (ii) A voluntary program for tree protection, tree replacement, and habitat restoration;
 - (iii) Habitat preservation incentive programs, such as programs that provide reduced development or storm water management fees and property taxes in return for

taking measures to protect and restore habitat (including, for example, the Wildlife Habitat Special Tax Assessment Program, ORS 308A.400 through 308A.430, and the Riparian Habitat Tax Exemption Program, ORS 308A.350 through 308A.383);

- (iv) Habitat-friendly development standards to reduce the detrimental impact of storm water run-off on riparian habitat;
- (v) A local habitat acquisition program; and
- (vi) Maintaining and enhancing publicly-owned habitat areas, such as by:
 - a) Using habitat-friendly best management practices, such as integrated pest management programs, in all regionally significant habitat areas within publicly-owned parks and open spaces;
 - b) Ensuring that publicly-owned parks and open spaces that have been designated as natural areas and are not intended for future urban development are managed to maintain and enhance the quality of fish and wildlife habitat that they provide; and
 - c) Pursuing funding to support local park, open space, and habitat acquisition and restoration, such as with local bond measures, System Development Charge (SDC) programs, Federal Emergency Management Act (FEMA) grants, or other funding mechanisms.

(4) District Plans

- (a) Adopt one or more district plans that apply over portions of the city or county, and demonstrate that, for the remainder of its jurisdiction, the city or county has a program that complies with either Metro Code Section 3.07.1330(b)(1) or Metro Code Section 3.07.1330(b)(2). If a city or county adopts one or more district plans pursuant to this paragraph, it shall demonstrate that, within each district plan area, the district plan complies with Metro Code Section 3.07.1330(b)(3). District plans shall be permitted under this subsection only for areas within a common watershed, or which are within areas in adjoining watersheds that share an interrelated economic infrastructure and development pattern. Cities and counties that choose to develop district plans are encouraged to coordinate such district plans with other entities whose activities impact the same watershed to which the district plan applies, including other cities and counties, special districts,

state and federal agencies, watershed councils, and other governmental and non-governmental agencies.

- (b) The City of Portland shall develop a District Plan that complies with Metro Code Section 3.07.1330(b)(4)(a), in cooperation with the Port of Portland, that applies to West Hayden Island; or
- (5) For a city or county that is a member of the Tualatin Basin Natural Resources Coordinating Committee (the "TBNRCC," which includes Washington County and the cities of Beaverton, Cornelius, Durham, Forest Grove, Hillsboro, King City, Sherwood, Tigard, and Tualatin), amend its comprehensive plan and implementing ordinances to comply with the maps and provisions of the TBNRCC Goal 5 Program, attached hereto⁵ and incorporated herein by reference, adopted by the TBNRCC on April 4, 2005 (the "Tualatin Basin Program"), subject to the intergovernmental agreement entered into between Metro and the TBNRCC. All other provisions of this Metro Code Section 3.07.1330, as well as Metro Code Section 3.07.1360, shall still apply to each city and county that is a member of the TBNRCC. In addition, in order for a city or county that is a member of the TBNRCC to be in compliance with this functional plan, the following conditions must be satisfied:
- (a) Within the compliance timeline described in Paragraph 6 of the Intergovernmental Agreement entered into between Metro and the TBNRCC, the TBNRCC and its members comply with the six (6) steps identified in section B of Chapter 7 of the Tualatin Basin Program;
 - (b) Clean Water Services approves and begins implementing its Healthy Streams Plan;
 - (c) The TBNRCC members agree to renew and extend their partnership to implement the projects on the Healthy Streams Project List and target projects that protect and restore Class I and II Riparian Habitat, including habitat that extends beyond the Clean Water Services "vegetated corridors," and the TBNRCC shall continue to coordinate its activities with Metro and cooperate with Metro on the development of regional public information about the Nature in Neighborhoods Initiative;
 - (d) The city or county has adopted provisions to facilitate and encourage the use of habitat-friendly development practices, where technically feasible and appropriate, in all areas identified as Class I and II riparian habitat areas on the Metro Regionally Significant Fish and Wildlife Habitat Inventory Map. Table 3.07-13c provides examples of the types of habitat-friendly development practices that shall be encouraged and considered;

⁵ On file in the Metro Council office and copies available from the Metro Planning Department.

- (e) The city or county has adopted provisions to allow for the reduction of the density and capacity requirements of Title 1 of the Urban Growth Management Functional Plan, Metro Code Sections 3.07.110 to 170, consistent with Metro Code Section 3.07.1330(h). Particularly, the provisions shall (1) apply only to properties that were within the Metro urban growth boundary on January 1, 2002; (2) require the protection of regionally significant habitat on the property, such as via a public dedication or restrictive covenant; and (3) allow only for a reduction in the minimum number of units required to be built based on the amount of area protected as provided in part (2) of this paragraph. In addition, cities and counties will be required to report to Metro as provided in Metro Code Section 3.07.1330(h)(3);
 - (f) The city or county complies with the provisions of Metro Code Section 3.07.1330(b)(1) to (b)(3) as those provisions apply to upland wildlife habitat in territory added to the Metro urban growth boundary after December 28, 2005. For example, (1) each city and county shall either adopt and apply Metro's Title 13 Model Ordinance to upland wildlife habitat in new urban areas, (2) substantially comply with the requirements of Metro Code Section 3.07.1340 as it applies to upland wildlife habitat in new urban areas, or (3) demonstrate that it has implemented an alternative program that will achieve protection and enhancement of upland wildlife habitat in new urban areas comparable with the protection and restoration that would result from one of the two previous approaches described in this sentence; and
 - (g) The TBNRCC and the city or county complies with the monitoring and reporting requirements of Metro Code Section 3.07.1360.
- (c) The comprehensive plan and implementing ordinances relied upon by a city or county to comply with this title shall contain clear and objective standards. A standard shall be considered clear and objective if it meets any one of the following criteria:
- (1) It is a fixed numerical standard, such as fixed distance (e.g. "50 feet") or land area (e.g. "1 acre");
 - (2) It is a nondiscretionary requirement, such as a requirement that grading not occur beneath the dripline of a protected tree; or
 - (3) It is a performance standard that describes the outcome to be achieved, specifies the objective criteria to be used in evaluating outcome or performance, and provides a process for application of the performance standard, such as a conditional use or design review process.

- (d) In addition to complying with subsection (c) of this section, the comprehensive plan and implementing ordinances that a city or county relies upon to satisfy the requirements of this title may include an alternative, discretionary approval process that is not clear and objective provided that the comprehensive plan and implementing ordinance provisions of such a process:
 - (1) Specify that property owners have the choice of proceeding under either the clear and objective approval process, which each city or county must have pursuant to subsection (c) of this section, or under the alternative, discretionary approval process; and
 - (2) Require a level of protection for, or enhancement of, the fish and wildlife habitat that meets or exceeds the level of protection or enhancement that would be achieved by following the clear and objective standards described in subsection (c) of this section.
- (e) Use of Habitat-Friendly Development Practices In Regionally Significant Fish And Wildlife Habitat.
 - (1) Each city and county in the region shall:
 - (A) Identify provisions in the city's or county's comprehensive plan and implementing ordinances that prohibit or limit the use of the habitat-friendly development practices such as those described in Table 3.07-13c; and
 - (B) Adopt amendments to the city's or county's comprehensive plan and implementing ordinances to remove the barriers identified pursuant to subsection (e)(1)(a) of this section, and shall remove such barriers so that such practices may be used, where practicable, in all regionally significant fish and wildlife habitat; provided, however that such practices shall not be permitted if their use is prohibited by an applicable and required State or Federal permit issued to a unit of local government having jurisdiction in the area, such as a permit required under the Clean Water Act, 33 U.S.C. §§1251 et seq., or the Safe Drinking Water Act, 42 U.S.C. §§300f et seq., and including conditions or plans required by such permit.
 - (2) Metro shall provide technical assistance to cities and counties to comply with the provisions of this subsection (e) of this section.
- (f) Cities and counties shall hold at least one public hearing prior to adopting comprehensive plan amendments, implementing ordinances, and maps implementing this title or demonstrating that existing city or county comprehensive plans, implementing ordinances, and maps substantially comply with this title. The proposed comprehensive plan amendments, implementing ordinances, and maps shall be available for public review at least 45 days prior to the public hearing.

- (g) The comprehensive plan provisions and implementing ordinances that each city or county amends, adopts, or relies on to comply with this title shall provide property owners with a reasonable, timely, and equitable process to verify the specific location of habitat areas subject to the provisions of the city's or county's comprehensive plan and implementing ordinances. It is the intent of this requirement that, in the majority of cases, the process be as simple and straightforward as possible and not result in a change that would require an amendment to the city's or county's comprehensive plan. Such process shall:
 - (1) Allow a property owner, or another person with the property owner's consent, to confirm the location of habitat on a lot or parcel at any time, whether or not the property owner has submitted a specific request for a development permit, provided, however, that a city or county may impose a fee to cover the actual staff, equipment and other administrative costs of providing such a service;
 - (2) As often as reasonably possible, provide a simple, default approach that allows a property owner to verify the location of habitat on a lot or parcel without having to hire an environmental consultant and without having to pay a significant processing or application fee;
 - (3) Allow a property owner to present detailed documentation to verify the location of habitat on a lot or parcel, such as information collected and analyzed by an environmental consultant; and
 - (4) Ensure that the process provides adequate opportunities for appeals and a fair and equitable dispute resolution process, consistent with state law.
- (h) Reducing Regional Density and Capacity Requirements to Allow Habitat Protection.
 - (1) Notwithstanding the provisions of Metro Code Section 3.07.120, cities and counties may approve a subdivision or development application that will result in a density below the minimum density for the zoning district if:
 - (A) The property lot or parcel was within the Metro UGB on January 1, 2002;
 - (B) An area of the property lot or parcel to be developed has been identified as regionally significant fish and wildlife habitat on the Metro Inventory Map or as a significant resource on a local Goal 5 riparian, wetlands, or wildlife resource inventory map that had been acknowledged by the LCDC prior to December 28, 2005; and
 - (C) Such a decision will directly result in the protection of the remaining undeveloped regionally significant fish and wildlife habitat or significant resource located on the property lot or parcel, such as via a public dedication or a restrictive covenant.

- (2) The amount of reduction in the minimum density requirement that may be approved under this subsection (h) of this section shall be calculated by subtracting the number of square feet of regionally significant fish and wildlife habitat or significant resource that is permanently protected under subsection (h)(1)(C) of this section from the total number of square feet that the city or county otherwise would use to calculate the minimum density requirement for the property.
- (3) If a city or county approves a subdivision or development application that will result in a density below the minimum density for the zoning district pursuant to subsection (h)(1) of this section, then such city or county shall:
 - (A) Be permitted an offset against the capacity specified for that city or county in Table 3.07-1 of the Metro Code. The amount of such offset shall be calculated by subtracting the difference between the number of dwelling units that the city or county approved to be built pursuant to subsection (h)(1) of this section and the minimum number of dwelling units that would have otherwise been required to be built on the property pursuant to the applicable minimum density requirements for the zoning district where the property is located; and
 - (B) Report to Metro by April 15 of every year the number of approvals made pursuant to this subsection (h) of this section, including documentation that the factors in subsection (h)(1) had been satisfied for each such approval, and the capacity offsets that the city or county shall be afforded as a result of such approvals.

3.07.1340 Performance Standards and Best Management Practices for Habitat Conservation Areas

The following performance standards and best management practices apply to all cities and counties that choose to adopt or rely upon their comprehensive plans and implementing ordinances to comply, in whole or in part, with Metro Code Section 3.07.1330(b)(2):

- (a) City and county comprehensive plans and implementing ordinances shall conform to the following performance standards and best management practices:
 - (1) Habitat Conservation Areas shall be protected, maintained, enhanced, and restored as specified in this Metro Code Section 3.07.1340, and city and county development codes shall include provisions for enforcement of these performance standards and best management practices.
 - (2) In addition to requirements imposed by this title, the requirements of Title 3 of the Urban Growth Management Functional Plan, Metro Code Sections 3.07.310 to 3.07.360 shall continue to apply.

- (3) The performance standards and best management practices of this Metro Code Section 3.07.1340 shall not apply:
 - (A) When the application of such standards and practices would restrict or regulate farm structures or farming practices in violation of ORS 215.253 or ORS 561.191; or
 - (B) In areas outside of the Metro UGB but within the Metro boundary at the effective date of this title:
 - (i) When such standards and practices violate ORS 527.722 by prohibiting, limiting, regulating, subjecting to approval, or in any other way affecting forest practices on forestlands located outside of an acknowledged urban growth boundary, except as provided in ORS 527.722(2), (3) and (4); or
 - (ii) Pursuant to ORS 196.107, in areas within Multnomah County and the Columbia River Gorge National Scenic Area, provided that Multnomah County has adopted and implements ordinances that are approved pursuant to sections 7(b) and 8(h) through 8(k) of the Columbia River Gorge National Scenic Area Act, 16 U.S.C. §§ 544e(b) and 544f(h) through 544f(k).
- (4) The performance standards and best management practices of this Metro Code Section 3.07.1340 shall not apply to any use of residential properties if, as of the local program effective date:
 - (A) Construction of the residence was completed in compliance with all applicable local and state laws and rules for occupancy as a residence or the residence had been occupied as a residence for the preceding ten years; and
 - (B) Such uses would not have required the property owner to obtain a land use approval or a building, grading, or tree removal permit from their city or county.
- (5) Habitat Conservation Areas within publicly-owned parks and open spaces that have been designated as natural areas and are not intended for future urban development shall be protected and managed so that the quality of fish and wildlife habitat that they provide is maintained and enhanced, and that habitat-friendly best management practices, such as integrated pest management programs, are used in such areas.
- (6) Invasive non-native or noxious vegetation shall not be planted in any Habitat Conservation Area. The removal of invasive non-native or noxious vegetation from Habitat Conservation Areas shall be allowed. The planting of native vegetation shall be encouraged in Habitat Conservation Areas.

- (7) Except as provided in subsection (a)(8) of this section, routine repair, maintenance, alteration, rehabilitation, or replacement of existing structures, roadways, driveways, utilities, accessory uses, or other development within Habitat Conservation Areas may be allowed provided that:
- (A) The project is consistent with all other applicable local, state, and federal laws and regulations;
 - (B) The project will not permanently or irreparably result in more developed area within a Habitat Conservation Area than the area of the existing development; and
 - (C) Native vegetation is maintained, enhanced and restored, if disturbed; other vegetation is replaced, if disturbed, with vegetation other than invasive non-native or noxious vegetation; and the planting of native vegetation and removal of invasive non-native or noxious vegetation is encouraged.
- (8) Notwithstanding subsection (a)(7) of this section, when a city or county exercises its discretion to approve zoning changes to allow a developed property that contains a Habitat Conservation Area to (1) change from an industrial or heavy commercial zoning designation to a residential or mixed-use/residential designation, or (2) increase the type or density and intensity of development in any area, then the city or county shall apply the provisions of this Metro Code Section 3.07.1340, or provisions that will achieve substantially comparable habitat protection and restoration as do the provisions of this section. This provision will help to insure that, when developed areas are redeveloped in new ways to further local and regional urban and economic development goals, property owners should restore regionally significant fish and wildlife habitat as part of such redevelopment.
- (9) Any activity within Habitat Conservation Areas that is required to implement a Federal Aviation Administration (FAA)-compliant Wildlife Hazard Management Plan (WHMP) on property owned by the Port of Portland within 10,000 feet of an Aircraft Operating Area, as defined by the FAA, shall be allowed provided that mitigation for any such projects is completed in compliance with mitigation requirements adopted pursuant to subsections (b)(1), (b)(2)(C), and (b)(3) of this section. In addition, habitat mitigation for any development within Habitat Conservation Areas on property owned by the Port of Portland within 10,000 feet of an Aircraft Operating Area, as defined by the FAA, shall be permitted at any property located within the same 6th Field Hydrologic Unit Code subwatershed as delineated by the United States Department of Agriculture's Natural Resources Conservation Service (NRCS) without having to demonstrate that on-site mitigation is not practicable, feasible, or appropriate.

(10) Within Habitat Conservation Areas located in Multnomah County Drainage District No. 1, Peninsula Drainage District No. 1, Peninsula Drainage District No. 2, and the area managed by the Sandy Drainage Improvement Company, routine operations, repair, maintenance, reconfiguration, rehabilitation, or replacement of existing drainage and flood control facilities, and existing related facilities, including any structures, pump stations, water control structures, culverts, irrigation systems, roadways, utilities, accessory uses (such as off-load facilities that facilitate water-based maintenance), erosion control projects, levees, soil and bank stabilization projects, dredging and ditch clearing within the hydraulic cross-section in existing storm water conveyance drainageways, or other water quality and flood storage projects applicable to existing facilities and required to be undertaken pursuant to ORS Chapters 547 or 554 or Titles 33 or 44 of the Code of Federal Regulations, shall be allowed provided that:

- (A) The project is consistent with all other applicable local, state, and federal laws and regulations;
- (B) The project does not encroach closer to a surface stream or river, wetland, or other body of open water than existing operations and development;
- (C) Disturbed areas are replanted with vegetation and no bare soils remain after project completion; the planting of native vegetation and removal of invasive non-native or noxious vegetation is encouraged; and invasive non-native or noxious vegetation shall not be planted; and
- (D) Each district submits an annual report, to all local permitting agencies in which the district operates, describing the projects the district completed in the previous year and how those projects complied with all applicable federal and state laws and requirements.

(b) City and county comprehensive plans and implementing ordinances shall contain review standards applicable to development in all Habitat Conservation Areas that include:

- (1) Clear and objective development approval standards consistent with Metro Code Section 3.07.1330(c) that protect Habitat Conservation Areas but which allow limited development within High Habitat Conservation Areas, slightly more development in Moderate Habitat Conservation Areas, and even more development in Low Habitat Conservation Areas. Such standards shall allow (a) property owners to consider reduced building footprints and the use of minimal excavation foundation systems (e.g., pier, post or piling foundation), and (b) the flexible application of local code requirements that may limit a property owner's ability to avoid development in Habitat Conservation Areas,

such as setback and landscaping requirements or limits on clustering and the transfer of development rights on-site. The habitat-friendly development practices described in Table 3.07-13c, which are intended to minimize the magnitude of the impact of development in Habitat Conservation Areas, shall be allowed, encouraged, or required to the extent that cities and counties can develop clear and objective standards for their use, unless their use is prohibited by an applicable and required State or Federal permit issued to a unit of local government having jurisdiction in the area, such as a permit required under the Clean Water Act, 33 U.S.C. §§1251 et seq., or the Safe Drinking Water Act, 42 U.S.C. §§300f et seq., and including conditions or plans required by such permit. The clear and objective development standards required by this paragraph also shall require that all development in Habitat Conservation Areas be mitigated to restore the ecological functions that are lost or damaged as a result of the development. Standards that meet the requirements of this subsection and Metro Code Section 3.07.1330(c) are provided in Section (7) of the Metro Title 13 Model Ordinance⁶; and

- (2) Discretionary development approval standards consistent with Metro Code Section 3.07.1330(d) that comply with subsections (b)(2)(A), (b)(2)(B), and (b)(2)(C) of this section. Standards that meet the requirements of this subsection (b)(2) and Metro Code Section 3.07.1330(d) are provided in Section (8) of the Metro Title 13 Model Ordinance.
 - (A) Avoid Habitat Conservation Areas.
 - (i) Development may occur within a Habitat Conservation Area only if a property owner demonstrates that no practicable alternatives to the requested development exist which will not disturb the Habitat Conservation Area;
 - (ii) When implementing this requirement to determine whether a practicable alternative exists, cities and counties shall include consideration of the type of Habitat Conservation Area that will be affected by the proposed development. For example, High Habitat Conservation Areas have been so designated because they are areas that have been identified as having lower urban development value and higher-valued habitat, while Low Habitat Conservation Areas have been so designated because they are areas that have been identified as having higher urban development value and lower-valued habitat; and
 - (iii) Cities and counties shall allow flexibility in the application of local code requirements that may limit a property owner's ability to avoid development in Habitat

⁶ On file in the Metro Council office and copies available from the Metro Planning Department.

Conservation Areas, such as setback and landscaping requirements or limits on clustering and the transfer of development rights on-site. Property owners shall also consider reduced building footprints and use of minimal excavation foundation systems (e.g., pier, post or piling foundation). The use of the techniques described in this paragraph shall be part of the alternatives analysis to determine whether any alternative to development within the Habitat Conservation Area is practicable; and

- (B) Minimize Impacts on Habitat Conservation Areas and Water Quality.
 - (i) If there is no practicable alternative, limit the development to minimize, to the extent practicable, the detrimental impacts on Habitat Conservation Areas associated with the proposed development;
 - (ii) When implementing this requirement to determine whether development has been minimized to the extent practicable, cities and counties shall include consideration of the type of Habitat Conservation Area that will be affected by the proposed development. For example, High Habitat Conservation Areas have been so designated because they are areas that have been identified as having lower urban development value and higher-valued habitat, while Low Habitat Conservation Areas have been so designated because they are areas that have been identified as having higher urban development value and lower-valued habitat; and
 - (iii) The techniques described in subsection (b)(2)(A)(iii) of this section shall be used to demonstrate that development within a Habitat Conservation Area has been minimized. In addition, the magnitude of the impact of development within Habitat Conservation Areas also shall be minimized, such as by use of the habitat-friendly development practices described in Table 3.07-13c, unless the use of such practices is prohibited by an applicable and required State or Federal permit issued to a unit of local government having jurisdiction in the area, such as a permit required under the Clean Water Act, 33 U.S.C. §§1251 et seq., or the Safe Drinking Water Act, 42 U.S.C. §§300f et seq., and including conditions or plans required by such permit; and

(C) Mitigate Impacts on Habitat Conservation Areas and Water Quality.

When development occurs, require mitigation to restore the ecological functions that were lost or damaged as a result of the development, after taking into consideration the property owner's efforts to minimize the magnitude of the detrimental impacts through the use of the techniques described in Table 3.07-13c and through any additional or innovative techniques.

- (3) When development occurs within delineated wetlands, then the mitigation required under subsections (b)(1) and (b)(2) of this title shall not require any additional mitigation than the mitigation required by state and federal law for the fill or removal of such wetlands.
- (c) City and county comprehensive plans and implementing ordinances shall include procedures to consider claims of hardship and to grant hardship variances for any property demonstrated to be converted to an unbuildable lot by application of any provisions implemented to comply with the requirements of this title.
- (d) Administering the Habitat Conservation Areas Map and Site-Level Verification of Habitat Location.
- (1) Each city and county shall be responsible for administering the Habitat Conservation Areas Map, or the city's or county's map that has been deemed by Metro to be in substantial compliance with the Habitat Conservation Areas Map, within its jurisdiction, as provided in this subsection (d) of this section.
 - (2) The comprehensive plan and implementing ordinances amended, adopted or relied upon to comply with this subsection (d) of this section shall comply with Metro Code Section 3.07.1330(g).
 - (3) Verification of the Location of Habitat Conservation Areas. Each city and county shall establish a verification process consistent with subsections (d)(4) through (d)(6) of this section. The site-level verification of Habitat Conservation Areas is a three-step process. The first step is determining the boundaries of the habitat areas on the property, as provided in subsection (d)(4) of this section. The second step is determining the urban development value of the property, as provided in subsection (d)(5) of this section. The third step is cross-referencing the habitat classes with the urban development value of the property to determine whether the property contains High, Moderate, or Low Habitat Conservation Areas, or none at all, as provided in subsection (d)(6) of this section.
 - (4) Habitat Boundaries.
 - (A) Locating riparian habitat and determining its habitat class is a five-step process.

- (i) Step 1. Locate the water feature that is the basis for identifying riparian habitat:
- 1) Locate the top of bank of all streams, rivers, and open water within 200 feet of the property;
 - 2) Locate all flood areas within 100 feet of the property (areas that were mapped as flood areas but were filled to a level above the base flood level prior to the local program effective date, consistent with all applicable local, state, and federal laws and regulations shall no longer be considered habitat based on their status as flood areas); and
 - 3) Locate all wetlands within 150 feet of the property based on the Local Wetland Inventory map (if completed) and on the Metro 2004 Wetland Inventory Map (available from the Metro Data Resource Center, 600 N.E. Grand Ave., Portland, OR 97232; 503-797-1742). Identified wetlands shall be further delineated consistent with methods currently accepted by the Oregon Division of State Lands and the U.S. Army Corps of Engineers.
- (ii) Step 2. Identify the vegetative cover status of all areas on the property that are within 200 feet of the top of bank of streams, rivers, and open water, are wetlands or are within 150 feet of wetlands, and are flood areas and within 100 feet of flood areas:
- 1) Vegetative cover status shall be as identified on the Metro Vegetative Cover Map, attached hereto⁷ and incorporated herein by reference. The vegetative cover type assigned to any particular area was based on two factors: the type of vegetation observed in aerial photographs and the size of the overall contiguous area of vegetative cover to which a particular piece of vegetation belonged. As an example of how the categories were assigned, in order to qualify as "forest canopy" the forested area had to be part of a larger patch of forest of at least one acre in size; and
 - 2) In terms of mapping the location of habitat, the only allowed corrections to the vegetative cover status of a property are those based on an area being developed prior to the local program effective date and those based on errors made at the time the vegetative cover

status was determined based on analysis of the aerial photographs used to create the Metro Vegetative Cover Map (for the original map, the aerial photos used were Metro's summer 2002 photos) and application of the vegetative cover definitions provided in the footnotes to Table 3.07-13d.

- (iii) Step 3. Determine whether the degree that the land slopes upward from all streams, rivers, and open water within 200 feet of the property is greater than or less than 25% (using the methodology described in the Appendix to Exhibit A to Ordinance 00-839 re-adopting Title 3 of the Urban Growth Management Functional Plan).
 - (iv) Step 4. Identify the habitat class (Class I, Class II, or none) of the areas within up to 200 feet of the identified water feature, consistent with Table 3.07-13d. Note that areas that have been identified as habitats of concern, as depicted on the Metro Habitats of Concern Map, attached hereto⁸ and incorporated herein by reference, are all classified as Class I riparian habitat.
 - (v) Step 5. Confirm that the development and vegetative cover status of areas within up to 200 feet of the identified water feature has not been altered without the required approval of the city or county since the local program effective date and, if it has, then verify the original habitat location using the best available evidence of its location on the local program effective date.
- (B) For territory brought within the Metro UGB after December 28, 2005, the location of upland wildlife habitat and its habitat class shall be as identified in Metro's habitat inventory of such territory performed pursuant to Metro Code Section 3.07.1370. The only factors that may be reviewed to verify the location of upland wildlife habitat shall be:
- (i) For territory that was within the Metro boundary on December 28, 2005, whether regionally significant fish and wildlife habitat was removed, consistent with all other applicable local, state, and federal laws and regulations, prior to the date that the property was brought within the Metro UGB and, if so, then areas where habitat was removed shall not be identified as Habitat Conservation Areas;

⁸ On file in the Metro Council office and copies available from the Metro Data Resource Center.

- (ii) Whether errors were made at the time the vegetative cover status was determined based on (1) analysis of the aerial photographs used to determine the vegetative cover status, and (2) application of the vegetative cover definitions provided in the footnotes to Table 3.07-13d; and
 - (iii) Whether there are discrepancies between the locations of property lot lines and the location of Habitat Conservation Areas, as shown on the Habitat Conservation Areas Map.
- (e) Urban Development Value of the Property. The urban development value of property designated as regionally significant habitat is depicted on the Metro Habitat Urban Development Value Map, attached hereto⁹ and incorporated herein by reference. The Metro Habitat Urban Development Value Map is based on an assessment of three variables, the land value of property, the employment value of property, and the Metro 2040 Design Type designation of property. Cities and counties shall make an upward adjustment of a property's urban development value designation (i.e., from low to medium or high, or from medium to high) if:
 - (A) The Metro 2040 Design Type designation has changed from a category designated as a lower urban development value category to one designated as a higher urban development value category. Properties in areas designated as the Central City, Regional Centers, Town Centers, and Regionally Significant Industrial Areas are considered to be of high urban development value; properties in areas designated as Main Streets, Station Communities, Other Industrial Areas, and Employment Centers are of medium urban development value; and properties in areas designated as Neighborhoods and Corridors are of low urban development value; or
 - (B) The property, or adjacent lots or parcels, is owned by a regionally significant educational or medical facility and, for that reason, should be designated as of high urban development value because of the economic contributions the facility provides to the citizens of the region.
 - (i) The following facilities are regionally significant educational or medical facilities, as further identified on the Regionally Significant Educational or Medical Facilities Map, attached hereto¹⁰:

(ii) The Metro Council may add a property to the list of facilities identified in subsection (d)(5)(B)(i) of this section in the future by adopting an ordinance amending that section if the Council finds that the use of the property:

- 1) Supports the 2040 Growth Concept by providing a mixed-use environment that may include employment, housing, retail, cultural and recreational activities, and a mix of transportation options such as bus, bicycling, walking, and auto;
- 2) Provides, as a primary objective, a service that satisfies a public need rather than just the consumer

economy (i.e., producing, distributing, selling or servicing goods);

- 3) Draws service recipients (e.g., students, patients) from all reaches of the region and beyond;
 - 4) Relies on capital infrastructure that is so large or specialized as to render its relocation infeasible; and
 - 5) Has a long-term campus master plan that has been approved by the city or county in which it is located.
- (f) Cross-Referencing Habitat Class With Urban Development Value. City and county verification of the locations of High, Moderate, and Low Habitat Conservation Areas shall be consistent with Tables 3.07-13a and 3.07-13b. [Ord. 05-1077C, Section 5.]

3.07.1350 Claims Pursuant to ORS 195.305(Ballot Measure 49)

- (a) The purpose of this section is to provide for Metro to accept potential liability for claims filed against cities and counties pursuant to ORS 195.305 (Ballot Measure 49) as a result of the cities' and counties' good faith implementation of Metro Code Sections 3.07.1310 through 3.07.1370. As a corollary of accepting financial and administrative responsibility for these claims, Metro seeks the authority and cooperation of cities and counties in the evaluation and settlement of claims.
- (b) Provided that cities and counties meet the requirements set out below, Metro shall indemnify a city or county for any claim made against a city or county based on its implementation of the requirements of Metro Code Sections 3.07.1310 through 3.07.1370. In order to receive the benefits of this provision, a city or county must:
- (1) Upon receipt of a written demand for compensation pursuant to ORS 195.305, from an owner of private real property located within its jurisdiction alleging that a comprehensive plan amendment or land use regulation adopted or relied upon to comply with the requirements of this title reduces the fair market value of the property, a city or county shall forward a copy of the demand to Metro no later than seven (7) days following receipt of the demand;
 - (2) Reasonably cooperate with Metro throughout Metro's consideration and disposition of the claim, including promptly providing Metro with any information related to the property in question, to an assessment of its fair market value, or to the city's or county's adoption of the comprehensive plan amendment or land use regulation that is the basis of the demand made pursuant to ORS 195.305; and
 - (3) Substantially concur with Metro's recommendation regarding disposition of the claim, which disposition may include, but not be limited to, a cash payment or other

compensation, a decision to modify, remove, or not apply the regulation, dismissal of the claim, and the imposition of appropriate conditions. Metro shall forward to the city or county Metro's recommended disposition of the claim within 120 days of Metro's receipt of notice of the claim from the city or county; provided, however, that if Metro does not provide such recommendation within the 120 day deadline then the city or county may dispose of the claim as it determines appropriate and Metro will neither indemnify the city or county for the claim nor use the city's or county's decision on the claim as a basis for finding that the city or county is not in compliance with this title. A city or county may also satisfy this requirement by entering into an intergovernmental agreement with Metro in order to grant Metro sufficient authority to implement, on the city or county's behalf, Metro's recommendation regarding the disposition of the claim. [Ord. 05-1077C, Section 5. Ord. 15-1357.]

3.07.1360 Program Objectives, Monitoring and Reporting

This section describes the program performance objectives, the roles and responsibilities of Metro, cities, counties, and special districts in regional data coordination and inventory maintenance, monitoring and reporting, and program evaluation.

- (a) The following program objectives are established:
 - (1) Performance objectives:
 - (A) Preserve and improve streamside, wetland, and floodplain habitat and connectivity;
 - (B) Preserve large areas of contiguous habitat and avoid habitat fragmentation;
 - (C) Preserve and improve connectivity for wildlife between riparian corridors and upland wildlife habitat; and
 - (D) Preserve and improve special habitats of concern such as native oak habitats, native grasslands, wetlands, bottomland hardwood forests, and riverine islands.
 - (2) Implementation objectives:
 - (A) Increase the use of habitat-friendly development throughout the region; and
 - (B) Increase restoration and mitigation actions to compensate for adverse effects of new and existing development on ecological function.
- (b) Program Monitoring and Evaluation.
 - (1) Metro will monitor the region's progress toward meeting the vision of conserving, protecting, and restoring the region's fish and wildlife habitat and the intent of this title by:

- (A) Developing and monitoring regional indicators and targets as set forth in Table 3.07-13e to evaluate progress in achieving the four performance objectives described in subsection (a)(1) of this section;
 - (B) Developing and monitoring regional indicators as set forth in Table 3.07-13e to evaluate progress in achieving the two implementation objectives described in subsection (a)(2) of this section;
 - (C) Collaborating with local, state, and federal agencies and non-governmental organizations in carrying out field studies and data sharing to increase understanding of the health of the region's watersheds and to identify restoration opportunities and priorities; and
 - (D) Preparing and presenting monitoring and program evaluation reports to Metro Council no later than December 31, 2006, and by December 31 of each even-numbered year thereafter.
- (2) Metro will practice adaptive management by using the results of monitoring studies and the availability of new information to assess whether the goals, objectives, and targets of this title are being achieved.
- (c) Reporting Requirements for Cities and Counties.
- (1) Cities and counties shall report to Metro no later than December 31, 2007, and by December 31 of each odd-numbered year thereafter on their progress in using voluntary and incentive-based education, acquisition, and restoration habitat protection efforts; and
 - (2) At least 45 days prior to a city's or county's final public hearing on a proposed new or amended ordinance or regulation relating to protection of, or mitigation of damage to, habitat, trees or other vegetation, cities and counties shall mail written notice of the proposed ordinance or regulation to Metro. Cities and counties that require applications for land use approvals or building, grading, or tree removal permits to include documentation that the development meets habitat, tree, or vegetation protection and mitigation requirements adopted by a special district, including any county service district established pursuant to ORS chapter 451, shall mail written notice to Metro of any proposed new or amended ordinance or regulation relating to protection of, or mitigation of damage to, trees or other vegetation that is proposed by such a special district at least 45 days prior to the special district's final public hearing on the proposed new or amended ordinance or regulation.
- (d) Regional Data Coordination and Maintenance.
- (1) Metro will act as the regional coordinator for Geographic Information System (GIS) data used to create and maintain the Regionally Significant Fish and Wildlife Habitat Inventory Map and other data relevant to

program implementation, monitoring, and evaluation. To carry out this role cities and counties shall provide Metro with local data in a timely fashion and in a form compatible with Metro's GIS program. To the extent that such data is collected by county service districts established pursuant to ORS chapter 451, then the county in which the county service district operates shall comply with this section. Such data shall include:

- (A) Adopted and revised Local Wetland Inventories approved by the Division of State Lands and those determined to be locally significant under ORS 197.279(3)(b);
 - (B) Wetland mitigation sites approved by the Division of State Lands or U.S. Army Corps of Engineers;
 - (C) For cities and counties that have not carried out Local Wetland Inventories, wetland boundaries delineated using accepted protocols by Division of State Lands or U.S. Army Corps of Engineers;
 - (D) Revised or updated local surface stream inventories;
 - (E) Revised or updated 100-year Federal Emergency Management Act (FEMA) flood area maps or revisions to the 1996 area of inundation maps to incorporate FEMA-approved floodplain map revisions or floodplain fills approved by the U.S. Army Corps of Engineers;
 - (F) Completed restoration and enhancement projects; and
 - (G) Revised or updated Metro Habitats of Concern data layer.
- (2) Metro will periodically update its Regionally Significant Fish and Wildlife Habitat Inventory for use in program monitoring and evaluation. Metro will maintain a study area boundary one mile beyond the perimeter of the Metro boundary and Metro Urban Growth Boundary. [Ord. 05-1077C, Sec. 5. Ord. 15-1357.]

3.07.1370 Future Metro Urban Growth Boundary Expansion Areas

The Metro Inventory Map identifies regionally significant fish and wildlife habitat within the entire Metro boundary, including areas outside of the Metro UGB at the time this title was adopted. As described in Metro Code Section 3.07.1320, the Metro Council has designated as Habitat Conservation Areas the regionally significant fish and wildlife habitat that has been identified as riparian Class I and II habitat within the Metro boundary. In addition, the Metro Council has also determined that the regionally significant fish and wildlife habitat identified as upland wildlife Class A and B habitat that is currently outside of the Metro UGB shall be designated as Habitat Conservation Areas at such time that those areas are brought within the Metro UGB. Territory where the Metro UGB may expand includes both areas within the current Metro boundary and areas outside of the current Metro boundary.

(a) New Urban Territory that was Previously Within the Metro Boundary.

The Metro Inventory Map already identifies the regionally significant upland wildlife Class A and B habitat in territory within the current Metro boundary but outside the current Metro UGB. At the time such territory is brought within the Metro UGB, consistent with Title 11 of this functional plan, Metro Code Sections 3.07.1110 et seq., Metro shall update its inventory of regionally significant fish and wildlife habitat for such territory using the same methodology used by Metro to establish the Metro Inventory Map. Based on the updated Metro Inventory Map, Metro shall prepare a Habitat Conservation Areas Map for such new territory, as described in Metro Code Section 3.07.1320(c), using the 2040 Design Types that are assigned to such territory to determine the area's urban development value.

(b) New Urban Territory that was Previously Outside of the Metro Boundary.

At the time such territory is brought within the Metro UGB, consistent with Title 11 of this functional plan, Metro Code Sections 3.07.1110 et seq., Metro shall prepare an inventory of regionally significant fish and wildlife habitat for such territory using the same methodology used by Metro to establish the Metro Inventory Map. Upon adoption of such inventory, Metro shall update its Metro Inventory Map to include such information. Based on the updated Metro Inventory Map, Metro shall prepare a Habitat Conservation Areas Map for such new territory, as described in Metro Code Section 3.07.1320(b), using the 2040 Design Types that are assigned to such territory to determine the area's urban development value.

(c) Metro recognizes that the assigned 2040 Design Types may change as planning for territory added to the Metro UGB progresses, and that the relevant Habitat Conservation Area designations will also change as a result of the 2040 Design Type changes during such planning. [Ord. 05-1077C, Sec. 5.]

Table 3.07-13c. Habitat-friendly Development Practices

Part (a): Design and Construction Practices to Minimize Hydrologic Impacts	
1.	Amend disturbed soils to original or higher level of porosity to regain infiltration and stormwater storage capacity.
2.	Use pervious paving materials for residential driveways, parking lots, walkways, and within centers of cul-de-sacs.
3.	Incorporate stormwater management in road right-of-ways.
4.	Landscape with rain gardens to provide on-lot detention, filtering of rainwater, and groundwater recharge.
5.	Use green roofs for runoff reduction, energy savings, improved air quality, and enhanced aesthetics.
6.	Disconnect downspouts from roofs and direct the flow to vegetated infiltration/filtration areas such as rain gardens.
7.	Retain rooftop runoff in a rain barrel for later on-lot use in lawn and garden watering.
8.	Use multi-functional open drainage systems in lieu of more conventional curb-and-gutter systems.
9.	Use bioretention cells as rain gardens in landscaped parking lot islands to reduce runoff volume and filter pollutants.
10.	Apply a treatment train approach to provide multiple opportunities for storm water treatment and reduce the possibility of system failure.
11.	Reduce sidewalk width and grade them such that they drain to the front yard of a residential lot or retention area.
12.	Reduce impervious impacts of residential driveways by narrowing widths and moving access to the rear of the site.
13.	Use shared driveways.
14.	Reduce width of residential streets, depending on traffic and parking needs.
15.	Reduce street length, primarily in residential areas, by encouraging clustering and using curvilinear designs.
16.	Reduce cul-de-sac radii and use pervious vegetated islands in center to minimize impervious effects, and allow them to be utilized for truck maneuvering/loading to reduce need for wide loading areas on site.
17.	Eliminate redundant non-ADA sidewalks within a site (i.e., sidewalk to all entryways and/or to truck loading areas may be unnecessary for industrial developments).
18.	Minimize car spaces and stall dimensions, reduce parking ratios, and use shared parking facilities and structured parking.
19.	Minimize the number of stream crossings and place crossing perpendicular to stream channel if possible.
20.	Allow narrow street right-of-ways through stream corridors whenever possible to reduce adverse impacts of transportation corridors.

Part (b): Design and Construction Practices to Minimize Impacts on Wildlife Corridors and Fish Passage

1. Carefully integrate fencing into the landscape to guide animals toward animal crossings under, over, or around transportation corridors.
2. Use bridge crossings rather than culverts wherever possible.
3. If culverts are utilized, install slab, arch or box type culverts, preferably using bottomless designs that more closely mimic stream bottom habitat.
4. Design stream crossings for fish passage with shelves and other design features to facilitate terrestrial wildlife passage.
5. Extend vegetative cover through the wildlife crossing in the migratory route, along with sheltering areas.

Part (c): Miscellaneous Other Habitat-Friendly Design and Construction Practices

1. Use native plants throughout the development (not just in HCA).
2. Locate landscaping (required by other sections of the code) adjacent to HCA.
3. Reduce light-spill off into HCAs from development.
4. Preserve and maintain existing trees and tree canopy coverage, and plant trees, where appropriate, to maximize future tree canopy coverage.

¹ Development/vegetative cover status is identified on the Metro Vegetative Cover Map (on file in the Metro Council office). The vegetative cover type assigned to any particular area was based on two factors: the type of vegetation observed in aerial photographs and the size of the overall contiguous area of vegetative cover to which a particular piece of vegetation belonged.

² "Developed areas not providing vegetative cover" are areas that lack sufficient vegetative cover to meet the one-acre minimum mapping unit for any type of vegetative cover.

³ "Low structure vegetation or open soils" means areas that are part of a contiguous area one acre or larger of grass, meadow, crop-lands, or areas of open soils located within 300 feet of a surface stream (low structure vegetation areas may include areas of shrub vegetation less than one acre in size if they are contiguous with areas of grass, meadow, crop-lands, orchards, Christmas tree farms, holly farms, or areas of open soils located within 300 feet of a surface stream and together form an area of one acre in size or larger).

- 4 "Woody vegetation" means areas that are part of a contiguous area one acre or larger of shrub or open or scattered forest canopy (less than 60% crown closure) located within 300 feet of a surface stream.
- 5 "Forest canopy" means areas that are part of a contiguous grove of trees of one acre or larger in area with approximately 60% or greater crown closure, irrespective of whether the entire grove is within 200 feet of the relevant water feature.
- 6 Areas that have been identified as habitats of concern, as designated on the Metro Habitats of Concern Map (on file in the Metro Council office and copies available from the Metro Data Resource Center), shall be treated as Class I riparian habitat areas in all cases, subject to the provision of additional information that establishes that they do not meet the criteria used to identify habitats of concern as described in Metro's Technical Report for Fish and Wildlife. Examples of habitats of concern include: Oregon white oak woodlands, bottomland hardwood forests, wetlands, native grasslands, riverine islands or deltas, and important wildlife migration corridors.
- 7 Except that areas within 50 feet of surface streams shall be Class II riparian areas if their vegetation status is "Low structure vegetation or open soils," and if they are high gradient streams. High gradient streams are identified on the Metro Vegetative Cover Map. If a property owner believes the gradient of a stream was incorrectly identified, then the property owner may demonstrate the correct classification by identifying the channel type using the methodology described in the Oregon Watershed Assessment Manual, published by the Oregon Watershed Enhancement Board, and appended to the Metro's Riparian Corridor and Wildlife Habitat Inventories Report, Attachment 1 to Exhibit F to this ordinance.
- 8 If development prior to the effective date of this title within a contiguous, undeveloped flood area (to include contiguous flood areas on adjacent properties) that was not mapped as having any vegetative cover has reduced the size of that contiguous flood area to less than one half of an acre in size, then the remaining flood area shall also be considered a developed flood area and shall not be identified as habitat.
- 9 Only if within 300 feet of a river or surface stream.

TITLE 14: URBAN GROWTH BOUNDARY

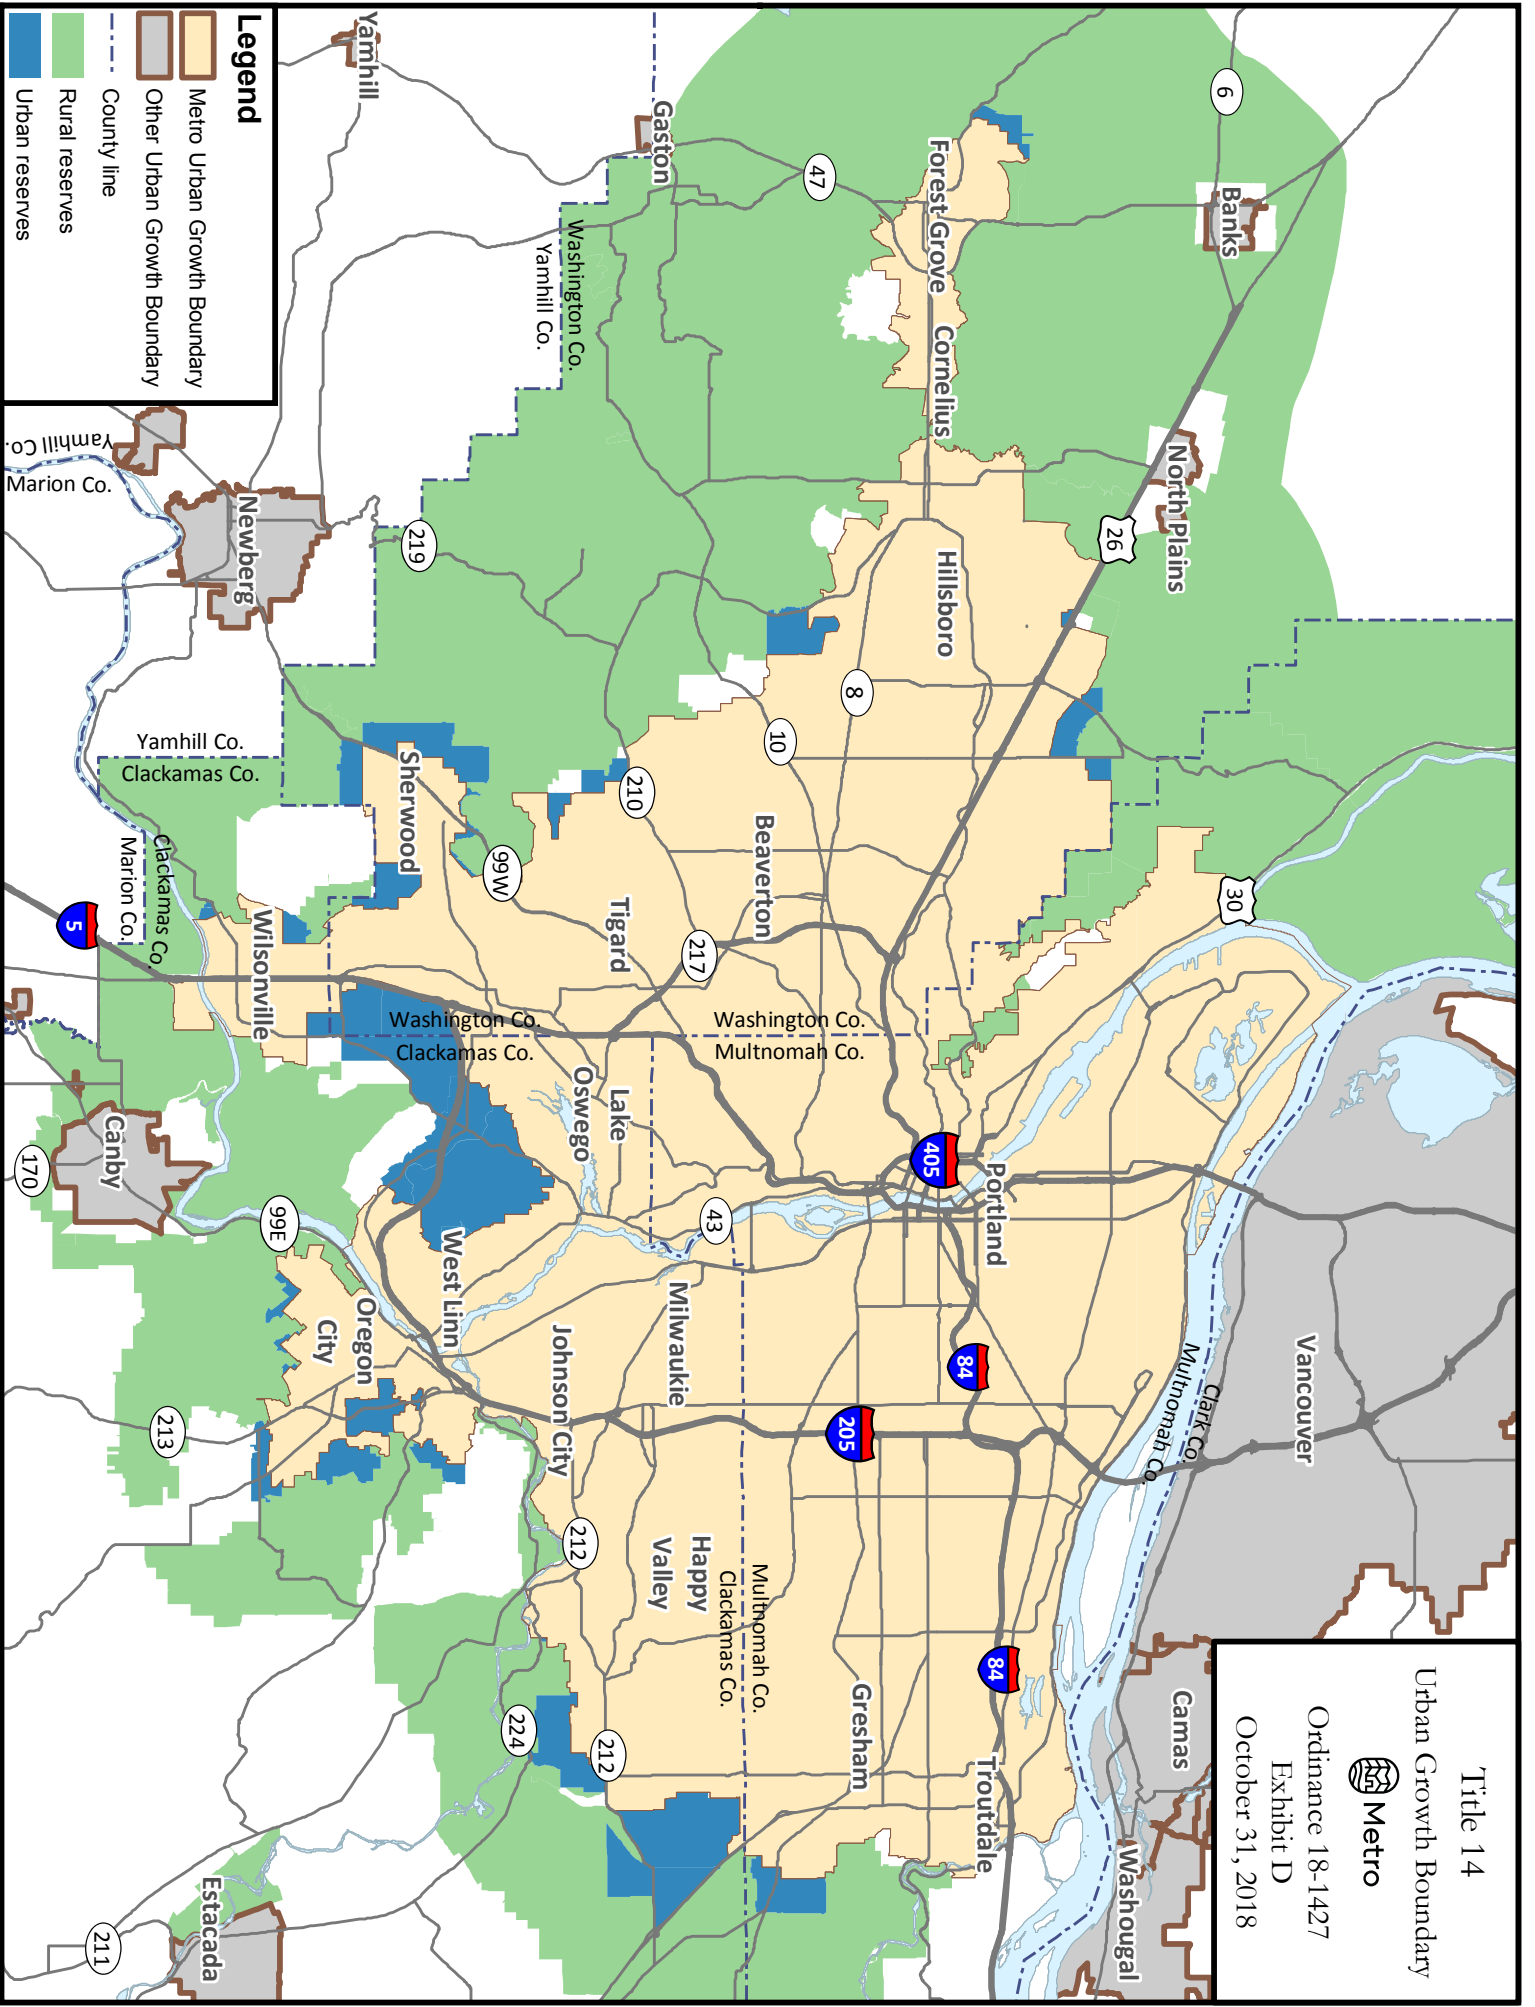

3.07.1405 Purpose

The Regional Framework Plan (RFP) calls for a clear transition from rural to urban development, an adequate supply of urban land to accommodate long-term population and employment, and a compact urban form. Title 14 prescribes criteria and procedures for amendments to the urban growth boundary (UGB) to achieve these objectives. [Ord. 10-1244B, Sec. 12.]

3.07.1410 Urban Growth Boundary

- (a) The UGB for the metropolitan area is incorporated into this title and is depicted on the Urban Growth Boundary and Urban and Rural Reserves Map. Cities and counties within the Metro boundary shall depict the portion of the UGB, if any, that lies within their boundaries on their comprehensive plan maps. Within 21 days after acknowledgment of an amendment to the UGB under this title, the COO shall submit the amended UGB to the city and county in which the amended UGB lies. The city and county shall amend their comprehensive plan maps to depict the amended UGB within one year following receipt of the amendment from the COO.
- (b) Urban and Rural Reserves are depicted on the Urban Growth Boundary and Urban and Rural Reserves Map. Amendments to the UGB made pursuant to this title shall be based upon this map. [Ord. 10-1244B, Sec. 12. Ord. 11-1264B, Sec. 3. Ord. 15-1357; Ord. 18-1427.]

3.07.1420 Legislative Amendment to UGB - Procedures

- (a) Legislative amendments follow periodic analysis of the capacity of the UGB and the need to amend it to accommodate long-range growth in population and employment. The Metro Council shall initiate a legislative amendment to the UGB when required by state law and may initiate a legislative amendment when it determines there is a need to add land to the UGB.
- (b) Except as otherwise provided in this title, the Council shall make legislative amendments to the UGB by ordinance in the manner prescribed for ordinances in Chapter VII of the Metro Charter. For each legislative amendment, the Council shall establish a schedule of public hearings that allows for consideration of the proposed amendment by MPAC, other advisory committees and the general public.
- (c) Notice to the public of a proposed legislative amendment of the UGB shall be provided as prescribed in section 3.07.1465.
- (d) Prior to the final hearing on a proposed legislative amendment of the UGB in excess of 100 acres, the COO shall prepare a report on the effect of the proposed amendment on existing residential neighborhoods. The COO shall provide copies of the report to all households located within one mile of the proposed amendment area and to all cities and counties within the district at least 20 days prior to the hearing. The report shall address:
 - (1) Traffic patterns and any resulting increase in traffic congestion, commute times and air quality;
 - (2) Whether parks and open space protection in the area to be added will benefit existing residents of the district as well as future residents of the added territory; and
 - (3) The cost impacts on existing residents of providing needed public facilities and services, police and fire services, public schools, emergency services and parks and open spaces. [Ord. 10-1244B, Sec. 12.]

3.07.1425 Legislative Amendment to the UGB - Criteria

- (a) This section sets forth the factors and criteria for amendment of the UGB from state law and the Regional Framework Plan. Compliance with this section shall constitute compliance with statewide planning Goal 14 (Urbanization) and the Regional Framework Plan.
- (b) The Council shall determine whether there is a need to amend the UGB. In determining whether a need exists, the Council may specify characteristics, such as parcel size, topography or proximity, necessary for land to be suitable for an identified need. The Council's determination shall be based upon:
 - (1) Demonstrated need to accommodate future urban population, consistent with a 20-year population range forecast coordinated with affected local governments; and

- (2) Demonstrated need for land suitable to accommodate housing, employment opportunities, livability or uses such as public facilities and services, schools, parks, open space, or any combination of the foregoing in this paragraph; and
 - (3) A demonstration that any need shown under paragraphs (1) and (2) of this subsection cannot reasonably be accommodated on land already inside the UGB.
- (c) If the Council determines there is a need to amend the UGB, the Council shall evaluate areas designated urban reserve for possible addition to the UGB and shall determine which areas better meet the need considering the following factors:
- (1) Efficient accommodation of identified land needs;
 - (2) Orderly and economic provision of public facilities and services;
 - (3) Comparative environmental, energy, economic and social consequences; and
 - (4) Compatibility of proposed urban uses with nearby agricultural and forest activities occurring on land outside the UGB designated for agriculture or forestry pursuant to a statewide planning goal.
 - (5) Equitable and efficient distribution of housing and employment opportunities throughout the region;
 - (6) Contribution to the purposes of Centers and Corridors;
 - (7) Protection of farmland that is most important for the continuation of commercial agriculture in the region;
 - (8) Avoidance of conflict with regionally significant fish and wildlife habitat; and
 - (9) Clear transition between urban and rural lands, using natural and built features to mark the transition.
- (d) If the Council determines there is a need to amend the UGB for housing, in addition to consideration of the factors listed in subsection (c) of this section, the Council shall also consider the following factors in determining which urban reserve areas better meet the housing need:
- (1) Whether the area is adjacent to a city with an acknowledged housing needs analysis that is coordinated with the Metro regional growth forecast and population distribution in effect at the time the city's housing needs analysis or planning process began;
 - (2) Whether the area has been concept planned consistent with section 3.07.1110 of this chapter;
 - (3) Whether the city responsible for preparing the concept plan has demonstrated progress toward the actions described in section 3.07.620 of this chapter in its existing urban areas;

- (4) Whether the city responsible for preparing the concept plan has implemented best practices for preserving and increasing the supply and diversity of affordable housing in its existing urban areas; and
 - (5) Whether the city responsible for preparing the concept plan has taken actions to advance Metro's six desired outcomes set forth in Chapter One of the Regional Framework Plan.
- (e) The Council may not add land designated rural reserve to the UGB.
 - (f) The Council may not amend the UGB in such a way that would create an island of urban land outside the UGB or an island of rural land inside the UGB. [Ord. 10-1244B, Sec. 12; Ord. 17-1408.]

3.07.1427 Mid-Cycle Amendments – Procedures

- (a) The Metro Council may consider a mid-cycle amendment to the UGB for residential needs between legislative UGB amendments, as provided in ORS 197.299(6). Cities may initiate a mid-cycle amendment to the UGB for areas adjacent to the city by filing a proposal on a form provided by Metro.
- (b) The COO will accept proposals from cities for mid-cycle UGB amendments during the period that is between 24 and 30 months after the date of the Council's adoption of its most recent analysis of the regional buildable land supply under ORS 197.296.
- (c) The COO shall provide written notice of the deadline for proposals for mid-cycle amendments not less than 90 days before the first date proposals may be accepted to each city and county within the Metro region and to anyone who has requested notification.
- (d) Proposals must indicate that they have the support of the governing body of the city making the proposal.
- (e) As part of any proposal, the city shall provide the names and addresses of property owners for notification purposes, consistent with section 3.07.1465.
- (f) The proposing city shall provide a concept plan for the urban reserve area that includes the proposed expansion area consistent with section 3.07.1110.
- (g) The proposing city shall provide written responses to the criteria listed in 3.07.1428(b).
- (h) Proposals from cities under this section shall be initially reviewed by the COO and the Metro Planning Department. No later than 60 days after the final date for receiving proposals under subsection (b) of this section, the COO shall submit a recommendation to the Metro Council regarding the merits of each proposal, including consideration of the criteria listed in Section 3.07.1428.

- (i) The Metro Council is not obligated to take action on proposals submitted by cities or on the recommendation of the COO. If the Council chooses to expand the UGB in accordance with one or more of the proposals, it may add no more than 1000 acres total.
- (j) If the Council elects to amend the UGB under this section, it shall be accomplished by ordinance in the manner prescribed for ordinances in Chapter VII of the Metro Charter. For each mid-cycle amendment, the Council shall establish a schedule of public hearings that allows for consideration of the proposed amendment by MPAC, other relevant advisory committees, and the public.
- (k) Any decision by the Council to amend the UGB under this section must be adopted not more than four years after the date of the Council's adoption of its most recent analysis of the regional buildable land supply under ORS 197.296.
- (l) Notice to the public of a proposed amendment to the UGB under this section shall be provided as prescribed in section 3.07.1465. [Ord. 17-1408.]

3.07.1428 Mid-Cycle Amendments – Criteria

- (a) In reviewing city proposals for mid-cycle UGB amendments, the Metro Council shall determine whether each proposal demonstrates a need to revise the most recent analysis of the regional buildable land supply as described in ORS 197.299(5). The Council's decision shall include consideration of:
 - (1) Need to accommodate future population, consistent with the most recently adopted 20-year population range forecast; and
 - (2) Need for land suitable to accommodate housing and supporting public facilities and services, schools, parks, open space, commercial uses, or any combination thereof.
- (b) If, after revising its most recent analysis of the buildable land supply under paragraph (a) of this subsection, the Council concludes that expansion of the UGB is warranted, the Council shall evaluate those areas that have been proposed by cities for possible addition to the UGB. Any expansion(s) under this section may not exceed a total of 1000 acres. Cities proposing mid-cycle UGB amendments shall demonstrate that:
 - (1) The city has an acknowledged housing needs analysis that was completed in the last six years and is coordinated with the Metro regional growth forecast and population distribution in effect at the time the city's housing needs analysis or planning process began;
 - (2) The housing planned for the city's proposed UGB expansion area is likely to be built in fewer than 10 years. As part of any proposal, cities must provide a concept plan that is consistent with section 3.07.1110 of this chapter. Cities may also provide evidence of property owner support for the proposed UGB

expansion, and/or other evidence regarding likelihood of development occurring within 10 years;

- (3) The city has demonstrated progress toward the actions described in section 3.07.620 of this chapter in its existing urban areas;
 - (4) The city has implemented best practices for preserving and increasing the supply and diversity of affordable housing in its existing urban areas. Such practices may include regulatory approaches, public investments, incentives, partnerships, and streamlining of permitting processes; and
 - (5) The city has taken actions in its existing jurisdiction as well as in the proposed expansion area that will advance Metro's six desired outcomes set forth in Chapter One of the Regional Framework Plan.
- (c) The land proposed for UGB expansion must be a designated urban reserve area.
- (d) Mid-cycle UGB amendments made under this section are exempt from the boundary location requirements described in Statewide Planning Goal 14. [Ord. 17-1408.]

3.07.1430 Major Amendments - Procedures

- (a) A city, a county, a special district or a property owner may initiate a major amendment to the UGB by filing an application on a form provided by Metro. The COO will accept applications for major amendments between February 1 and March 15 of each calendar year except that calendar year in which the Council is completing its analysis of buildable land supply under ORS 197.299. Upon a request by a Metro Councilor and a finding of good cause, the Metro Council may accept an application at other times by a vote of five members of the Council.
- (b) Except for that calendar year in which the Council is completing its analysis of buildable land supply, the COO shall give notice of the March 15 deadline for applications for major amendments not less than 120 days before the deadline and again 90 days before the deadline in a newspaper of general circulation in Metro and in writing to each city and county in Metro and anyone who has requested notification. The notice shall explain the consequences of failure to file before the deadline and shall specify the Metro representative from whom additional information may be obtained.
- (c) With the application, the applicant shall provide the names and addresses of property owners for notification purposes, consistent with section 3.07.1465. The list shall be certified as true and accurate as of the specified date by a title company, a county assessor or designate of the assessor or the applicant.
- (d) The applicant shall provide a written statement from the governing body of each city or county with land use jurisdiction over the area and any special district that has an agreement with that city or county to provide an urban service to the area that it recommends approval or denial of the application. The Council may waive this requirement if the city, county or special district has a policy not to comment on

major amendments, or has not adopted a position within 120 days after the applicant's request for the statement. The governing body of a local government may delegate the decision to its staff.

- (e) The COO will determine whether an application is complete and will notify the applicant of the determination within seven working days after the filing of the application. The COO will dismiss an application and return application fees if a complete application is not received within the 14 days after the notice of incompleteness.
- (f) Within 14 days after receipt of a complete application, the COO will:
 - (1) Set the matter for a public hearing before a hearings officer for a date no later than 55 days following receipt of a complete application; and
 - (2) Notify the public of the public hearing as prescribed in section 3.07.1465 of this title.
- (g) The COO shall submit a report and recommendation on the application to the hearings officer not less than 15 days before the hearing and send copies to the applicant and others who have requested copies. Any subsequent report by the COO to be used at the hearing shall be available to the public at least seven days prior to the hearing.
- (h) If the proposed major amendment would add more than 100 acres to the UGB, the COO shall prepare a report on the effect of the proposed amendment on existing residential neighborhoods in the manner prescribed in subsection (d) of section 3.07.1420.
- (i) An applicant may request postponement of the hearing within 20 days after filing a complete application. The COO may postpone the hearing for no more than 60 days. If the applicant fails to request rescheduling within 90 days after the request for postponement, the application shall be considered withdrawn and the COO will return the unneeded portion of the fee deposit assessed pursuant to section 3.07.1460.
- (j) Participants at a hearing before a hearings officer need not be represented by an attorney. If a person wishes to represent an organization orally or in writing, the person must show the date of the meeting at which the organization adopted the position presented and authorized the person to represent it.
- (k) Failure of the applicant to appear at the hearing shall be grounds for dismissal of the application unless the applicant requests a continuance prior to the hearing. The applicant has the burden of demonstrating that the proposed amendment complies with the criteria.
- (l) The hearings officer shall provide the following information to participants at the beginning of the hearing:

- (1) The criteria applicable to major amendments and the procedures for the hearing;
 - (2) A statement that testimony and evidence must be directed toward the applicable criteria or other criteria the person believes apply to the proposal; and
 - (3) A statement that failure to raise an issue in a manner sufficient to afford the hearings officer and participants an opportunity to respond to the issue precludes appeal of that issue.
- (m) The hearing shall be conducted in the following order:
- (1) Presentation of the report and recommendation of the COO;
 - (2) Presentation of evidence and argument by the applicant;
 - (3) Presentation of evidence and argument in support of or opposition to the application by other participants; and
 - (4) Presentation of rebuttal evidence and argument by the applicant.
- (n) The hearings officer may grant a request to continue the hearing or to leave the record open for presentation of additional evidence upon a demonstration that the evidence could not have been presented during the hearing. If the hearings officer grants a continuance, the hearing shall be continued to a date, time and place certain at least seven (7) days from the date of the initial evidentiary hearing. A reasonable opportunity shall be provided at the continued hearing for persons to present and rebut new evidence.
- (o) If new evidence is submitted at the continued hearing, the hearings officer may grant a request, made prior to the conclusion of the continued hearing, to leave the record open to respond to the new evidence. If the hearings officer grants the request, the record shall be left open for at least seven (7) days. Any participant may respond to new evidence during the period the record is left open.
- (p) Cross-examination by parties shall be by submission of written questions to the hearings officer, who shall give participants an opportunity to submit such questions prior to closing the hearing. The hearings officer may set reasonable time limits for oral testimony and may exclude or limit cumulative, repetitive, or immaterial testimony.
- (q) A verbatim record shall be made of the hearing, but need not be transcribed unless necessary for appeal.
- (r) The hearings officer may consolidate applications for hearing after consultation with Metro staff and applicants. If the applications are consolidated, the hearings officer shall prescribe rules to avoid duplication or inconsistent findings, protect the rights of all participants, and allocate the charges on the basis of cost incurred by each applicant.

- (s) Within 15 days following the close of the record, the hearings officer shall submit a proposed order, with findings of fact and conclusions of law and the record of the hearing, to the COO, who shall make it available for review by participants.
- (t) Within seven (7) days after receipt of the proposed order from the hearings officer, the COO shall set the date and time for consideration of the proposed order by the Council, which date shall be no later than 40 days after receipt of the proposed order. The COO shall provide written notice of the Council meeting to the hearings officer and participants at the hearing before the hearings officer, and shall post notice of the hearing at Metro's website, at least 10 days prior to the meeting.
- (u) The Council shall consider the hearings officer's report and recommendation at the meeting set by the COO. The Council will allow oral and written argument by those who participated in the hearing before the hearings officer. Argument must be based upon the record of those proceedings. Final Council action shall be as provided in section 2.05.045 of the Metro Code. The Council shall adopt the order, or ordinance if the Council decides to expand the UGB, within 15 days after the Council's consideration of the hearings officer's proposed order. [Ord. 10-1244B, Sec. 12.]

3.07.1435 Major Amendments – Expedited Procedures

- (a) The COO may file an application at any time to add land to the UGB for industrial use, pursuant to section 3.07.460, by major amendment following the expedited procedures in this section. The application under this section remains subject to subsections (c), (d), (h), (m) and (q) of section 3.07.1430.

 - (2) Notify the public of the public hearing as prescribed in section 3.07.1465.
- (c) The COO shall submit a report and recommendation on the application to the Council not less than 15 days before the hearing and send copies to those who have requested copies. Any subsequent report by the COO to be used at the hearing shall be available to the public at least seven (7) days prior to the hearing.
- (d) Participants at the hearing need not be represented by an attorney. If a person wishes to represent an organization orally or in writing, the person must show the date of the meeting at which the organization adopted the position presented and authorized the person to represent it.
- (e) The Council President shall provide the following information to participants at the beginning of the hearing:
 - (1) The criteria applicable to major amendments and the procedures for the hearing;

- (2) A statement that testimony and evidence must be directed toward the applicable criteria or other criteria the person believes apply to the proposal.
- (f) The Council President may grant a request to continue the hearing or to leave the record open for presentation of additional evidence upon a demonstration that the evidence could not have been presented during the hearing. If the Council President grants a continuance, the hearing shall be continued to a date, time and place certain at least seven (7) days from the date of the initial evidentiary hearing. A reasonable opportunity shall be provided at the continued hearing for persons to present and rebut new evidence.
- (g) If new evidence is submitted at the continued hearing, the Council President may grant a request, made prior to the conclusion of the continued hearing, to leave the record open to respond to the new evidence. If the Council President grants the request, the record shall be left open for at least seven (7) days. Any participant may respond to new evidence during the period the record is left open.
- (h) The Council President may set reasonable time limits for oral testimony and may exclude or limit cumulative, repetitive, or immaterial testimony.

3.07.1440 Major Amendments - Criteria

- (a) The purpose of the major amendment process is to provide a mechanism to address needs for land that cannot wait until the next analysis of buildable land supply under ORS 197.299. Land may be added to the UGB under sections 3.07.1430 and 3.07.1440 only for public facilities and services, public schools, natural areas and other non-housing needs and as part of a land trade under subsection (d). An applicant under section 3.07.1430 must demonstrate compliance with this purpose and these limitations.
- (b) The applicant shall demonstrate that the proposed amendment to the UGB will provide for an orderly and efficient transition from rural to urban land use and complies with the criteria and factors in subsections (b), (c), (d), (e), and (f) of section 3.07.1425. The applicant shall also demonstrate that:
 - (1) The proposed uses of the subject land would be compatible, or through measures can be made compatible, with uses of adjacent land;
 - (2) If the amendment would add land for public school facilities, the coordination required by subsection (c)(5) of section 3.07.1120 of this chapter has been completed; and

- (3) If the amendment would add land for industrial use pursuant to section 3.07.1435, a large site or sites cannot reasonably be created by land assembly or reclamation of a brownfield site.
- (c) If the application was filed under section 3.07.1435, the applicant shall demonstrate that the amendment is consistent with any concept plan for the area developed pursuant to section 3.07.1110 of this chapter.
- (d) To facilitate implementation of the Metropolitan Greenspaces Master Plan of 1992, the Council may add land to the UGB in a trade that removes a nearly equal amount of land from the UGB. If the Council designates the land to be added for housing, it shall designate an appropriate average density per net developable acre. [Ord. 10-1244B, Sec. 12. Ord. 15-1357.]

3.07.1445 Minor Adjustments - Procedures

- (a) Minor adjustments make small changes to the UGB so that land within the UGB functions more efficiently and effectively. A city, a county, a special district, Metro or a property owner may initiate a minor adjustment to the UGB by filing an application on a form provided by Metro. The application shall include a list of the names and addresses of owners of property within 100 feet of the land involved in the application. The application shall also include the positions on the application of appropriate local governments and special districts, in the manner required by subsection (d) of section 3.07.1430.
- (b) The COO will determine whether an application is complete and shall notify the applicant of the determination within ten working days after the filing of the application. If the application is not complete, the applicant shall complete it within 14 days of notice of incompleteness. The COO will dismiss an application and return application fees if a complete application is not received within 14 days of the notice of incompleteness.
- (c) Notice to the public of a proposed minor adjustment of the UGB shall be provided as prescribed in section 3.07.1465.
- (d) The COO shall review the application for compliance with the criteria in section 3.07.1450 and shall issue an order with analysis and conclusions within 90 days of receipt of a complete application. The COO shall send a copy of the order to the applicant, the city or county with jurisdiction over the land that is the subject of the application, to each member of the Council and any person who requests a copy.
- (e) The applicant or any person who commented on the application may appeal the COO's order to the Council by filing an appeal on a form provided by Metro within 14 days after receipt of the order. A member of the Council may request in writing within 14 days of receipt of the order that the decision be reviewed by the Council. The Council shall consider the appeal or Councilor referral at a public hearing held not more than 60 days following receipt of a timely appeal or referral.
- (f) Notice to the public of a Council hearing on a proposed minor adjustment to the UGB shall be provided as prescribed in section 3.07.1465.

- (g) Following the hearing, the Council shall uphold, deny or modify the COO's order. The Council shall issue an order with its analysis and conclusions and send a copy to the appellant, the city or county with jurisdiction over the land that is the subject of the application and any person who requests a copy. [Ord. 10-1244B, Sec. 12.]

3.07.1450 Minor Adjustments – Criteria

- (a) The purpose of this section is to provide a mechanism to make small changes to the UGB in order to make land within it function more efficiently and effectively. It is not the purpose of this section to add land to the UGB to satisfy a need for housing or employment. This section establishes criteria that embody state law and Regional Framework Plan policies applicable to minor adjustments.
- (b) Metro may adjust the UGB under this section only for the following reasons: (1) to site roads and lines for public facilities and services; (2) to trade land outside the UGB for land inside the UGB; or (3) to make the UGB coterminous with nearby property lines or natural or built features.
- (c) To make a minor adjustment to site a public facility line or road, or to facilitate a trade, Metro shall find that:
 - (1) The adjustment will result in the addition to the UGB of no more than two net acres for a public facility line or road and no more than 20 net acres in a trade;
 - (2) Adjustment of the UGB will make the provision of public facilities and services easier or more efficient;
 - (3) Urbanization of the land added by the adjustment would have no more adverse environmental, energy, economic or social consequences than urbanization of land within the existing UGB;
 - (4) Urbanization of the land added by the adjustment would have no more adverse effect upon agriculture or forestry than urbanization of land within the existing UGB;
 - (5) The adjustment will help achieve the 2040 Growth Concept;
 - (6) The adjustment will not result in an island of urban land outside the UGB or an island of rural land inside the UGB; and
 - (7) If the adjustment is to facilitate a trade, the adjustment would not add land to the UGB that is designated rural reserve or for agriculture or forestry pursuant to a statewide planning goal.
- (d) To approve a minor adjustment to make the UGB coterminous with property lines, natural or built features, Metro shall find that:
 - (1) The adjustment will result in the addition of no more than two net acres to the UGB;

- (2) Urbanization of the land added by the adjustment would have no more adverse environmental, energy, economic or social consequences than urbanization of land within the existing UGB;
 - (3) Urbanization of the land added by the adjustment would have no more adverse effect upon agriculture or forestry than urbanization of land within the existing UGB;
 - (4) The adjustment will help achieve the 2040 Growth Concept; and
 - (5) The adjustment will not result in an island of urban land outside the UGB or an island of rural land inside the UGB.
- (e) Where the UGB is intended to be coterminous with the 100-year floodplain, as indicated on the map of the UGB maintained by Metro's Data Resource Center, Metro may adjust the UGB in order to conform it to a more recent delineation of the floodplain. To approve such an adjustment, Metro shall find that:
- (1) The delineation was done by a professional engineer registered by the State of Oregon;
 - (2) The adjustment will result in the addition of no more than 20 net acres to the UGB;
 - (3) The adjustment will help achieve the 2040 Growth Concept; and
 - (4) The adjustment will not result in an island of urban land outside the UGB or an island of rural land inside the UGB.
- (f) If a minor adjustment adds more than two (2) acres of land available for housing to the UGB, Metro shall designate an appropriate average density per net developable acre for the area.
- (g) The COO shall submit a report to the Council at the end of each calendar year with an analysis of all minor adjustments made during the year. The report shall demonstrate how the adjustments, when considered cumulatively, are consistent with and help achieve the 2040 Growth Concept. [Ord. 10-1244B, Sec. 12.]

3.07.1455 Conditions of Approval

- (a) Land added to the UGB pursuant to sections 3.07.1420, 3.07.1430 and 3.07.1435 shall be subject to the requirements of sections 3.07.1120 and 3.07.1130 of this chapter.
- (b) If the Council amends the UGB pursuant to sections 3.07.1420, 3.07.1430 or 3.07.1435, it shall:
 - (1) In consultation with affected local governments, designate the city or county responsible for adoption of amendments to comprehensive plans and land use regulations to allow urbanization of each area added to the UGB,

pursuant to Title 11 of this chapter. If local governments have an agreement in a concept plan developed pursuant to Title 11 that establishes responsibility for adoption of amendments to comprehensive plans and land use regulations for the area, the Council shall assign responsibility according to the agreement.

- (2) Establish the 2040 Growth Concept design type designations applicable to the land added to the UGB, including the specific land need, if any, that is the basis for the amendment. If the design type designation authorizes housing, the Council shall designate an appropriate average density per net developable acre consistent with the need for which the UGB is expanded.
 - (3) Establish the boundaries of the area that shall be included in the planning required by Title 11. A planning area boundary may include territory designated urban reserve, outside the UGB.
 - (4) Establish the time period for city or county compliance with the requirements of Title 11, which shall be two (2) years following the effective date of the ordinance adding the area to the UGB unless otherwise specified.
- (c) If the Council amends the UGB pursuant to any of the sections of this title, it may establish other conditions it deems necessary to ensure the addition of land complies with state planning laws and the Regional Framework Plan. If a city or county fails to satisfy a condition, the Council may enforce the condition after following the notice and hearing process set forth in section 3.07.850 of this chapter. [Ord. 10-1244B, Sec. 12. Ord. 15-1357.]

3.07.1460 Fees

- (a) Each application submitted by a property owner or group of property owners pursuant to this title shall be accompanied by a filing fee in an amount to be established by the Council. Such fee shall not exceed Metro's actual cost to process an application. The fee may include administrative costs, the cost of a hearings officer and of public notice.
- (b) The fee for costs shall be charged from the time an application is filed through mailing of the notice of adoption or denial to the Department of Land Conservation and Development and other interested persons.
- (c) Before a hearing is scheduled, an applicant shall submit a fee deposit. In the case of an application for a minor adjustment pursuant to section 3.07.1445, the applicant shall submit the fee deposit with the application.
- (d) The unexpended portion of an applicant's deposit, if any, shall be returned to the applicant at the time of final disposition of the application. If hearings costs exceed the amount of the deposit, the applicant shall pay to Metro an amount equal to the costs in excess of the deposit prior to final action by the Council.

- (e) The Council may, by resolution, reduce, refund or waive the fee, or portion thereof, if it finds that the fee would create an undue hardship for the applicant. [Ord. 10-1244B, Sec. 12.]

3.07.1465 Notice Requirements

- (a) For a proposed legislative amendment under section 3.07.1420, the COO shall provide notice of the public hearing in the following manner:
 - (1) In writing to the Department of Land Conservation and Development and local governments of the Metro region at least 35 days before the first public hearing on the proposal; and

¹ Metro Code Chapter 3.08 formerly called Affordable Housing Technical Advisory Committee (Repealed Ord. 00-860A § 2).

² Metro Code Chapter 3.08 now called The Regional Transportation Functional Plan (Ordinance No. 10-1241B, § 5, adopted 06/10/10, effective 09/08/10).

3.08.010 Purpose of Regional Transportation Functional Plan

- A. The Regional Transportation Plan establishes an outcomes-based framework that is performance-driven and includes policies, objectives and actions that direct future planning and investment decisions to consider economic, equity and environmental objectives. The principal performance objectives of the RTP are improved public health, safety and security for all; attraction of jobs and housing to downtowns, main streets, corridors and employment areas; creating vibrant, livable communities, sustaining the region's economic competitiveness and prosperity; efficient management to maximize use of the existing transportation system; completion of the transportation system for all modes of travel to expand transportation choices; increasing use of the transit, pedestrian and bicycle systems; ensuring equity and affordable transportation choices; improving freight reliability; reducing vehicle miles traveled and resulting emissions; and promoting environmental and fiscal stewardship and accountability. Metro and its regional partners will continue to develop a regional data collection and performance monitoring system to better understand the benefits and impacts of actions required by this functional plan relative to the RTP performance objectives. Local plan updates and amendments should rely on Metro data and tools or other locally-developed data and tools, when practical. Through performance evaluation and monitoring the region can be a responsible steward of public funds and be more accountable and transparent about local and regional planning and investment choices.
- B. The Regional Transportation Functional Plan (RTFP) implements the Goals and Objectives in section 2.3 of the Regional Transportation Plan (RTP) and the policies of the Regional Transportation Plan (RTP) and its constituent freight, high-capacity transit and transportation system management and operations plans which cities and counties of the region will carry out in their comprehensive plans, transportation system plans (TSPs), other land use regulations and transportation project development. Local implementation of the RTP will result in a more comprehensive approach for implementing the 2040 Growth Concept, help communities achieve their aspirations for growth and support current and future efforts to achieve the principal objectives of the RTP and address climate change.

- C. The RTFP is intended to be consistent with federal law that applies to Metro in its role as a metropolitan planning organization, the Oregon Transportation Plan, and Statewide Planning Goal 12 (Transportation) and its Transportation Planning Rule (TPR). If a TSP is consistent with this RTFP, Metro shall deem it consistent with the RTP.

(Ordinance No. 10-1241B, § 5)

TITLE 1: TRANSPORTATION SYSTEM DESIGN

3.08.110 Street System Design

- A. To ensure that new street construction and re-construction projects are designed to improve safety, support adjacent land use and balance the needs of all users, including bicyclists, transit vehicles, motorists, freight delivery vehicles and pedestrians of all ages and abilities, city and county street design regulations shall allow implementation of:
1. Complete street designs as set forth in *Creating Livable Streets: Street Design Guidelines for 2040* (2nd Edition, 2002), or similar resources consistent with regional street design policies;
 2. Green street designs as set forth in *Green Streets: Innovative Solutions for Stormwater and Street Crossings* (2002) and *Trees for Green Streets: An Illustrated Guide* (2002) or similar resources consistent with federal regulations for stream protection; and
 3. Transit-supportive street designs that facilitate existing and planned transit service pursuant subsection 3.08.120B.
- B. City and county local street design regulations shall allow implementation of:
1. Pavement widths of less than 28 feet from curb-face to curb-face;
 2. Sidewalk widths that include at least five feet of pedestrian through zones;

3. Landscaped pedestrian buffer strips, or paved furnishing zones of at least five feet, that include street trees;
 4. Traffic calming devices, such as speed bumps and cushions, woonerfs and chicanes, to discourage traffic infiltration and excessive speeds;
 5. Short and direct right-of-way routes and shared-use paths to connect residences with commercial services, parks, schools, hospitals, institutions, transit corridors, regional trails and other neighborhood activity centers; and
 6. Opportunities to extend streets in an incremental fashion, including posted notification on streets to be extended.
- C. To improve connectivity of the region's arterial system and support walking, bicycling and access to transit, each city and county shall incorporate into its TSP, to the extent practicable, a network of major arterial streets at one-mile spacing and minor arterial streets or collector streets at half-mile spacing considering the following:
1. Existing topography;
 2. Rail lines;
 3. Freeways;
 4. Pre-existing development;
 5. Leases, easements or covenants in place prior to May 1, 1995; and
 6. The requirements of Titles 3 and 13 of the Urban Growth Management Functional Plan (UGMFP).
 7. Arterial design concepts in Table 2.6 and Figure 2.11 of the RTP.
 8. Best practices and designs as set forth in Green Streets: Innovative Solutions for Stormwater, Street Crossings (2002) and Trees for Green Streets: An Illustrated Guide (2002), Creating Livable Streets: Street Design Guidelines for 2040 (2nd Edition, 2002), and state or locally-adopted plans and best

practices for protecting natural resources and natural areas.

- D. To improve local access and circulation, and preserve capacity on the region's arterial system, each city and county shall incorporate into its TSP a conceptual map of new streets for all contiguous areas of vacant and re-developable lots and parcels of five or more acres that are zoned to allow residential or mixed-use development. The map shall identify street connections to adjacent areas to promote a logical, direct and connected system of streets and should demonstrate opportunities to extend and connect new streets to existing streets, provide direct public right-of-way routes and limit closed-end street designs consistent with subsection E.
- E. If proposed residential or mixed-use development of five or more acres involves construction of a new street, the city and county regulations shall require the applicant to provide a site plan that:
1. Is consistent with the conceptual new streets map required by subsection D;
 2. Provides full street connections with spacing of no more than 530 feet between connections, except if prevented by barriers such as topography, rail lines, freeways, pre-existing development, leases, easements or covenants that existed prior to May 1, 1995, or by requirements of Titles 3 and 13 of the UGMFP;
 3. If streets must cross water features protected pursuant to Title 3 UGMFP, provides a crossing every 800 to 1,200 feet unless habitat quality or the length of the crossing prevents a full street connection;
 4. If full street connection is prevented, provides bicycle and pedestrian accessways on public easements or rights-of-way spaced such that accessways are not more than 330 feet apart, unless not possible for the reasons set forth in paragraph 3;
 5. Provides for bike and pedestrian accessways that cross water features protected pursuant to Title 3 of the UGMFP at an average of 530 feet between accessways unless habitat quality or the length of the crossing prevents a connection;

6. If full street connection over water features protected pursuant to Title 3 of the UGMFP cannot be constructed in centers as defined in Title 6 of the UGMFP or Main Streets shown on the 2040 Growth Concept Map, or if spacing of full street connections exceeds 1,200 feet, provides bike and pedestrian crossings at an average of 530 feet between accessways unless habitat quality or the length of the crossing prevents a connection;
 7. Limits cul-de-sac designs or other closed-end street designs to circumstances in which barriers prevent full street extensions and limits the length of such streets to 200 feet and the number of dwellings along the street to no more than 25; and
 8. Provides street cross-sections showing dimensions of right-of-way improvements and posted or expected speed limits.
- F. For redevelopment of contiguous lots and parcels less than five acres in size that require construction of new streets, cities and counties shall establish their own standards for local street connectivity, consistent with subsection E.
- G. To protect the capacity, function and safe operation of existing and planned state highway interchanges or planned improvements to interchanges, cities and counties shall, to the extent feasible, restrict driveway and street access in the vicinity of interchange ramp terminals, consistent with Oregon Highway Plan Access Management Standards, and accommodate local circulation on the local system to improve safety and minimize congestion and conflicts in the interchange area. Public street connections, consistent with regional street design and spacing standards in this section, shall be encouraged and shall supercede this access restriction, though such access may be limited to right-in/right-out or other appropriate configuration in the vicinity of interchange ramp terminals. Multimodal street design features including pedestrian crossings and on-street parking shall be allowed where appropriate.

(Ordinance No. 10-1241B, § 5)

3.08.120 Transit System Design

TITLE 2: DEVELOPMENT AND UPDATE OF TRANSPORTATION SYSTEM PLANS

3.08.210 Transportation Needs

- A. Each city and county shall update its TSP to incorporate regional and state transportation needs identified in the 2035 RTP and its own transportation needs. The determination of local transportation needs shall be based upon:
 1. System gaps and deficiencies identified in the inventories and analysis of transportation systems pursuant to Title 1;

Table 3.08-2 or the alternative thresholds and standards established pursuant to section 3.08.230;

3. Consideration and documentation of the needs of youth, seniors, people with disabilities and environmental justice populations within the city or county, including minorities and low-income families.
- B. A city or county determination of transportation needs must be consistent with the following elements of the RTP:
1. The population and employment forecast and planning period of the RTP, except that a city or county may use an alternative forecast for the city or county, coordinated with Metro, to account for changes to comprehensive plan or land use regulations adopted after adoption of the RTP;
 2. System maps and functional classifications for street design, motor vehicles, transit, bicycles, pedestrians and freight in Chapter 2 of the RTP; and
 3. Regional non-SOV modal targets in Table 3.08-1 and the Deficiency Thresholds and Operating Standards in Table 3.08-2.
- C. When determining its transportation needs under this section, a city or county shall consider the regional needs identified in the mobility corridor strategies in Chapter 4 of the RTP.

(Ordinance No. 10-1241B, § 5)

3.08.220 Transportation Solutions

- A. Each city and county shall consider the following strategies, in the order listed, to meet the transportation needs determined pursuant to section 3.08.210 and performance targets and standards pursuant to section 3.08.230. The city or county shall explain its choice of one or more of the strategies and why other strategies were not chosen:
1. TSMO strategies, including localized TDM, safety, operational and access management improvements;
 2. Transit, bicycle and pedestrian system improvements;
 3. Traffic-calming designs and devices;

4. Land use strategies in OAR 660-012-0035(2) to help achieve the thresholds and standards in Tables 3.08-1 and 3.08-2 or alternative thresholds and standards established pursuant to section 3.08.230;
 5. Connectivity improvements to provide parallel arterials, collectors or local streets that include pedestrian and bicycle facilities, consistent with the connectivity standards in section 3.08.110 and design classifications in Table 2.6 of the RTP, in order to provide alternative routes and encourage walking, biking and access to transit; and
 6. Motor vehicle capacity improvements, consistent with the RTP Arterial and Throughway Design and Network Concepts in Table 2.6 and section 2.5.2 of the RTP, only upon a demonstration that other strategies in this subsection are not appropriate or cannot adequately address identified transportation needs.
- B. A city or county shall coordinate its consideration of the strategies in subsection A with the owner of the transportation facility affected by the strategy. Facility design is subject to the approval of the facility owner.
- C. If analysis under subsection 3.08.210A indicates a new regional or state need that has not been identified in the RTP, the city or county may propose one of the following actions:
1. Propose a project at the time of Metro review of the TSP to be incorporated into the RTP during the next RTP update; or
 2. Propose an amendment to the RTP for needs and projects if the amendment is necessary prior to the next RTP update.

Each city and county shall demonstrate that solutions adopted pursuant to section 3.08.220 will achieve progress toward the targets and standards in Tables 3.08-1, and 3.08-2 and measures in subsection D, or toward alternative targets and standards adopted by the city or county pursuant to subsections B and, C. The city or county shall include the regional targets and standards or its alternatives in its TSP.

- B. A city or county may adopt alternative targets or standards in place of the regional targets and standards prescribed in subsection A upon a demonstration that the alternative targets or standards:
1. Are no lower than the modal targets in Table 3.08-1 and no lower than the ratios in Table 3.08-2;
 2. Will not result in a need for motor vehicle capacity improvements that go beyond the planned arterial and throughway network defined in Figure 2.12 of the RTP and that are not recommended in, or are inconsistent with, the RTP; and
 3. Will not increase SOV travel to a degree inconsistent with the non-SOV modal targets in Table 3.08-1.
- C. If the city or county adopts mobility standards for state highways different from those in Table 3.08-2, it shall demonstrate that the standards have been approved by the Oregon Transportation Commission.
- D. Each city and county shall also include performance measures for safety, vehicle miles traveled per capita, freight reliability, congestion, and walking, bicycling and transit mode shares to evaluate and monitor performance of the TSP.
- E. To demonstrate progress toward achievement of performance targets in Tables 3.08-1 and 3.08-2 and to improve performance of state highways within its jurisdiction as much as feasible and avoid their further degradation, the city or county shall adopt the following:
1. Parking minimum and maximum ratios in Centers and Station Communities consistent with subsection 3.08.410A;
 2. Designs for street, transit, bicycle, freight and pedestrian systems consistent with Title 1; and
 3. TSMO projects and strategies consistent with section 3.08.160; and

(Ordinance No. 10-1241B, § 5)

TITLE 3: TRANSPORTATION PROJECT DEVELOPMENT

3.08.310 Defining Projects in Transportation System Plans

- A. Each city or county developing or amending a TSP shall specify the general locations and facility parameters, such as minimum and maximum ROW dimensions and the number and width of traffic lanes, of planned regional transportation facilities and improvements identified on the appropriate RTP map. The locations shall be within the general location depicted in the appropriate RTP map. Except as otherwise provided in the TSP, the general location is as follows:
1. For new facilities, a corridor within 200 feet of the location depicted on the appropriate RTP map;
 2. For interchanges, the general location of the crossing roadways, without specifying the general location of connecting ramps;
 3. For existing facilities planned for improvements, a corridor within 50 feet of the existing right-of-way; and
 4. For realignments of existing facilities, a corridor within 200 feet of the segment to be realigned as measured from the existing right-of-way depicted on the appropriate RTP map.
- B. A city or county may refine or revise the general location of a planned regional facility as it prepares or revises its TSP. Such revisions may be appropriate to reduce the impacts of the facility or to comply with comprehensive plan or statewide planning goals. If, in developing or amending its TSP, a city or county determines that the general location of a planned regional facility or improvement is inconsistent with its comprehensive plan or a statewide planning goal requirement, it shall:
1. Propose a revision to the general location of the planned facility or improvement to achieve consistency and, if the revised location lies outside the general location depicted in the appropriate RTP map, seek an amendment to the RTP; or
 2. Propose a revision to its comprehensive plan to authorize the planned facility or improvement at the revised location.

TITLE 4: REGIONAL PARKING MANAGEMENT

3.08.410 Parking Management

- A. Cities and county parking regulations shall establish parking ratios, consistent with the following:
1. No minimum ratios higher than those shown on Table 3.08-3.
 2. No maximums ratios higher than those shown on Table 3.08-3 and illustrated in the Parking Maximum Map. If 20-minute peak hour transit service has become available to an area within a one-quarter mile walking distance for bus transit or one-half mile walking distance from a high capacity transit station, that area shall be added to Zone A. If 20-minute peak hour transit service is no longer available to an area within a one-quarter mile walking distance for bus transit or one-half mile walking distance from a high capacity transit station, that area shall be removed from Zone A. Cities and counties should designate Zone A parking ratios in areas with good pedestrian access to commercial or employment areas (within one-third mile walk) from adjacent residential areas.
- B. Cities and counties may establish a process for variances from minimum and maximum parking ratios that includes criteria for a variance.
- C. Cities and counties shall require that free surface parking be consistent with the regional parking maximums for Zones A and B in Table 3.08-3. Following an adopted exemption process and criteria, cities and counties may exempt parking structures; fleet parking; vehicle parking for sale, lease, or rent; employee car pool parking; dedicated valet parking; user-paid parking; market rate parking; and other high-efficiency parking management alternatives from maximum parking standards. Reductions associated with redevelopment may be done in phases. Where mixed-use development is proposed, cities and counties shall provide for blended parking rates. Cities and counties may count adjacent on-street parking spaces, nearby public parking and shared parking toward required parking minimum standards.
- D. Cities and counties may use categories or standards other than those in Table 3.08-3 upon demonstration that the

effect will be substantially the same as the application of the ratios in the table.

- E. Cities and counties shall provide for the designation of residential parking districts in local comprehensive plans or implementing ordinances.
- F. Cities and counties shall require that parking lots more than three acres in size provide street-like features, including curbs, sidewalks and street trees or planting strips. Major driveways in new residential and mixed-use areas shall meet the connectivity standards for full street connections in section 3.08.110, and should line up with surrounding streets except where prevented by topography, rail lines, freeways, pre-existing development or leases, easements or covenants that existed prior to May 1, 1995, or the requirements of Titles 3 and 13 of the UGMFP.
- G. To support local freight delivery activities, cities and counties shall require on-street freight loading and unloading areas at appropriate locations in centers.
- H. To encourage the use of bicycles and ensure adequate bicycle parking for different land uses, cities and counties shall establish short-term (stays of less than four hours) and long-term (stays of more than four hours and all-day/monthly) bicycle parking minimums for:
 - 1. New multi-family residential developments of four units or more;
 - 2. New retail, office and institutional developments;
 - 3. Transit centers, high capacity transit stations, inter-city bus and rail passenger terminals; and
 - 4. Bicycle facilities at transit stops and park-and-ride lots.
- I. Cities and counties shall adopt parking policies, management plans and regulations for Centers and Station Communities. The policies, plans and regulations shall be consistent with subsection A through H. Plans may be adopted in TSPs or other adopted policy documents and may focus on sub-areas of Centers. Plans shall include an inventory of parking supply and usage, an evaluation of bicycle parking needs with consideration of *TriMet Bicycle Parking Guidelines*. Policies shall be adopted in the TSP.

Policies, plans and regulations must consider and may include the following range of strategies:

1. By-right exemptions from minimum parking requirements;
2. Parking districts;
3. Shared parking;
4. Structured parking;
5. Bicycle parking;
6. Timed parking;
7. Differentiation between employee parking and parking for customers, visitors and patients;
8. Real-time parking information;
9. Priced parking;
10. Parking enforcement.

(Ordinance No. 10-1241B, § 5)

TITLE 5: AMENDMENT OF COMPREHENSIVE PLANS

3.08.510 Amendments of City and County Comprehensive and Transportation System Plans

- A. When a city or county proposes to amend its comprehensive plan or its components, it shall consider the strategies in subsection 3.08.220A as part of the analysis required by OAR 660-012-0060.
- B. If a city or county adopts the actions set forth in subsection 3.08.230E and Title 6 of the UGMFP, it shall be eligible for the automatic reduction provided in Title 6 below the vehicular trip generation rates reported by the Institute of Transportation Engineers when analyzing the traffic impacts, pursuant to OAR 660-012-0060, of a plan amendment in a Center, Main Street, Corridor or Station Community.
- C. If a city or county proposes a transportation project that is not included in the RTP and will result in a significant increase in SOV capacity or exceeds the

planned function or capacity of a facility designated in the RTP, it shall demonstrate consistency with the following in its project analysis:

1. The strategies set forth in subsection 3.08.220A (1) through (5);
 2. Complete street designs adopted pursuant to subsection 3.08.110A and as set forth in *Creating Livable Streets: Street Design Guidelines for 2040* (2nd Edition, 2002) or similar resources consistent with regional street design policies; and
 3. Green street designs adopted pursuant to subsection 3.08.110A and as set forth in *Green Streets: Innovative Solutions for Stormwater and Street Crossings* (2002) and *Trees for Green Streets: An Illustrated Guide* (2002) or similar resources consistent with federal regulations for stream protection.
- D. If the city or county decides not to build a project identified in the RTP, it shall identify alternative projects or strategies to address the identified transportation need and inform Metro so that Metro can amend the RTP.
- E. This section does not apply to city or county transportation projects that are financed locally and would be undertaken on local facilities.

(Ordinance No. 10-1241B, § 5)

TITLE 6: COMPLIANCE PROCEDURES

3.08.610 Metro Review of Amendments to Transportation System Plans

- A. Cities and counties shall update or amend their TSPs to comply with the RTFP, or an amendment to it, within two years after acknowledgement of the RTFP, or an amendment to it or by a later date specified in the ordinance that amends the RTFP. The COO shall notify cities and counties of the dates by which their TSPs must comply.
- B. Cities and counties that update or amend their TSPs after acknowledgment of the RTFP or an amendment to it, but before two years following its acknowledgment, shall make the amendments in compliance with the RTFP or the

amendment. The COO shall notify cities and counties of the date of acknowledgment of the RTFP or an amendment to it.

- C. One year following acknowledgment of the RTFP or an amendment to it, cities and counties whose TSPs do not yet comply with the RTFP or the amendment shall make land use decisions consistent with the RTFP or the amendment. The COO, at least 120 days before the specified date, shall notify cities and counties of the date upon which RTFP requirements become applicable to land use decisions. The notice shall specify which requirements become applicable to land use decisions in each city and county.
- D. An amendment to a city or county TSP shall be deemed to comply with the RTFP upon the expiration of the appropriate appeal period specified in ORS 197.830 or 197.650 or, if an appeal is made, upon the final decision on appeal. Once the amendment is deemed to comply with the RTFP, the RTFP shall no longer apply directly to city or county land use decisions.
- E. An amendment to a city or county TSP shall be deemed to comply with the RTFP as provided in subsection D only if the city or county provided notice to the COO as required by subsection F.
- F. At least 45 days prior to the first public hearing on a proposed amendment to a TSP, the city or county shall submit the proposed amendment to the COO. The COO may request, and if so the city or county shall submit, an analysis of compliance of the amendment with the RTFP. Within four weeks after receipt of the notice, the COO shall submit to the city or county a written analysis of compliance of the proposed amendment with the RTFP, including recommendations, if any, that would bring the amendment into compliance with the RTFP. The COO shall send a copy of its analysis to those persons who have requested a copy.
- G. If the COO concludes that the proposed amendment does not comply with RTFP, the COO shall advise the city or county that it may:
 - 1. Revise the proposed amendment as recommended in the COO's analysis;

2. Seek an extension of time, pursuant to section 3.08.620, to bring the proposed amendment into compliance;
 3. Seek an exception to the requirement, pursuant to section 3.08.630; or
 4. Seek review of the noncompliance by the Metro Council.
- H. A city or county may postpone further consideration of the proposed amendment and seek review of the COO's analysis by the Metro Council. If a city or county seeks such review, the Council shall schedule the review at the earliest convenient time. At the conclusion of the review, the Council shall decide whether it agrees or disagrees with the COO's analysis and provide a written explanation as soon as practicable.
- I. A city or county that adopts an amendment to its TSP shall send a printed or electronic copy of the ordinance making the amendment to the COO within 14 days after its adoption.

(Ordinance No. 10-1241B, § 5)

3.08.620 Extension of Compliance Deadline

- A. A city or county may seek an extension of time for compliance with the RTFP by filing an application on a form provided by the COO. Upon receipt of an application, the COO shall notify the city or county, the Oregon Department of Transportation and those persons who request notification of applications for extensions. Any person may file a written comment in support of or opposition to the extension.
- B. The COO may grant an extension if the city or county is making progress toward compliance or there is good cause for failure to meet the compliance deadline. Within 30 days after the filing of a complete application for an extension, the COO shall issue an order granting or denying the extension. The COO shall not grant more than two extensions of time. The COO shall send the order to the city or county and any person who filed a written comment.
- C. The COO may establish terms and conditions for an extension to ensure that compliance is achieved in a

timely and orderly fashion and that land use decisions made by the city or county during the extension do not undermine the ability of the city or county to achieve the purposes of the RTFP requirement. A term or condition must relate to the requirement of the RTFP for which the Council grants the extension. The COO shall incorporate the terms and conditions into the order on the extension.

- D. The city or county applicant or any person who filed written comment on the extension may appeal the COO's order to the Metro Council within 15 days after receipt of the order. If an appeal is filed, the Council shall hold a hearing to consider the appeal. After the hearing, the Council shall issue an order with its conclusion and analysis and send a copy to the city or county and any person who participated in the proceeding. The city or county or a person who participated in the proceeding may seek review of the Council's order as a land use decision described in ORS 197.015(10)(a)(A).

(Ordinance No. 10-1241B, § 5; and Ordinance 12-1278)

3.08.630 Exception from Compliance

- A. A city or county may seek an exception from compliance with a requirement of the RTFP by filing an application on a form provided by the COO. Upon receipt of an application, the COO shall notify the city or county, the Oregon Department of Transportation and those persons who request notification of requests for exceptions. Any person may file a written comment in support of or opposition to the exception.

The COO may grant an exception if:

1. It is not possible to achieve the requirement due to topographic or other physical constraints or an existing development pattern;
2. This exception and likely similar exceptions will not render the objective of the requirement unachievable region-wide;
3. The exception will not reduce the ability of another city or county to comply with the requirement; and
4. The city or county has adopted other measures more appropriate for the city or county to achieve the intended result of the requirement.

- B. Within 30 days after the filing of a complete application for an exception, the COO shall issue an order granting or denying the exception.
- C. The COO may establish terms and conditions for the exception in order to ensure that it does not undermine the ability of the region to achieve the policies of the RTP. A term or condition must relate to the requirement of the RTP to which the Council grants the exception. The COO shall incorporate the terms and conditions into the order on the exception.
- D. The city or county applicant or a person who filed a written comment on the exception may appeal the COO's order to the Metro Council within 15 days after receipt of the order. If an appeal is filed, the Council shall hold a hearing to consider the appeal. After the hearing, the Council shall issue an order with its conclusion and analysis and send a copy to the city or county, the DLCD and those persons who have requested a copy of the order. The city or county or a person who participated in the proceeding may seek review of the Council's order as a land use decision described in ORS 197.015(10) (a) (A).

(Ordinance No. 12-1241B § 5; and Ordinance No. 12-1278)

3.08.640 Exemptions

- A. A city or county may seek an exemption from the requirements of the RTP. Upon receipt of a request, the COO shall notify the city or county, the Department of Land Conservation and Development, the Oregon Department of Transportation and those persons who request notification of applications for exemptions. Any person may file a written comment in support of or opposition to the exemption.
- B. The COO may grant an exemption from some or all requirements if:
 - 1. The city or county's transportation system is generally adequate to meet transportation needs;
 - 2. Little population or employment growth is expected over the period of the exemption;
 - 3. The exemption would not make it more difficult to accommodate regional or state transportation needs; and
 - 4. The exemption would not make it more difficult to achieve the performance objectives set forth in section 3.08.010A.

- C. Within 30 days after the filing the request for an exemption, the COO shall issue an order granting or denying the exemption.
- D. The COO shall prescribe the duration of the exemption and may establish other terms and conditions for the exemption so long as the terms and conditions relate to the requirement of the RTFP to which the Council grants the exemption. The COO shall incorporate the terms and conditions into the order on the exemption.
- E. The city or county applicant or any person who filed written comment on the exemption may appeal the COO's order to the Metro Council within 15 days after receipt of the order. If an appeal is filed, the Council shall hold a hearing to consider the appeal. After the hearing, the Council shall issue an order with its conclusion and analysis and send a copy to the city or county and any person who participated in the proceeding. The city or county or a person who participated in the proceeding may seek review of the Council's order as a land use decision described in ORS 197.015(10) (a) (A).

This definition excludes large, single-use land uses such as colleges, hospitals, and business campuses. Minor incidental land uses that are accessory to the primary land use should not result in a development being designated as "mixed-use development." The size and definition of minor incidental, accessory land uses allowed within large, single-use developments should be determined by cities and counties through their comprehensive plans and implementing ordinances.
- KK. "Mobility" means the speed at which a given mode of travel operates in a specific location.

The purpose of this chapter is to carry out the provisions of ORS 268.347 to 268.354. This chapter applies to boundary changes within the boundaries of Metro or of urban reserves designated by Metro and any annexation of territory to the Metro boundary. Nothing in this chapter affects the jurisdiction of the Metro Council to amend the region's Urban Growth Boundary (UGB).

- B. The expedited process must provide for a minimum of 20 days' notice prior to the date set for decision to all necessary parties and other persons entitled to notice by the laws of the city or Metro. The notice shall state that the petition is subject to the expedited process unless a necessary party gives written notice of its objection to the boundary change.

A. After a reviewing entity makes a final decision on a boundary change, the entity and Metro shall follow the process set forth below:

1. The reviewing entity shall send its final decision, with the map, legal description and other supporting materials required by law, to the Oregon Department of Revenue (DOR);

2. The DOR will review the materials to determine whether they are in final approval form and notify the reviewing entity of its determination;
 3. The reviewing entity shall send its final decision, with supporting materials and the DOR approval, to Metro;
 4. Metro shall record and map the final decision, with supporting materials and DOR determination, and send it to the Secretary of State (SOS), the reviewing entity, the appropriate county assessor's and elections offices, making the final decision effective on the date of Metro's submittal;
 5. The SOS will send its filing letter to Metro;
 6. Metro shall post the final decision, supporting materials, the DOR determination and the SOS filing letter at the Metro website.
- B. If a reviewing entity notifies Metro that the entity needs expedited treatment of its final decision at the time the entity sends its decision to the DOR, Metro will ensure it completes Step 4 in subsection A within one working day of its receipt of the final decision and DOR determination from the entity.
- C. The COO shall establish a fee structure establishing the amounts to be paid by the reviewing entity with submittal of its final decision in Step 3 of subsection A to cover Metro's costs for the services set forth in this section. The COO shall file the fee schedule with the Clerk of the Council and send it to all cities, counties and special districts in the Metro region.

allowed by ORS 198.850(3). Petitions shall meet the requirements of section 3.09.040 above. The COO shall establish a filing fee schedule for petitions that shall reimburse Metro for the expense of processing and considering petitions. The fee schedule shall be filed with the Council.

 - 3. The proposed change is consistent with any applicable cooperative or urban service agreements adopted pursuant to ORS Chapter 195 and any concept plan.
- F. Changes to the Metro boundary that occur by operation of law pursuant to ORS 268.390(3)(b) are not subject to the procedures or criteria set forth in this section.

- B. A petition to incorporate a city that includes territory within Metro's jurisdictional boundary may include territory that lies outside Metro's UGB. However, incorporation of a city with such territory shall not authorize urbanization of that territory until the Metro Council includes the territory in the UGB pursuant to Metro Code Chapter 3.07.
- C. The following criteria shall apply in lieu of the criteria set forth in section 3.09.050(D). An approving entity shall demonstrate that:

 2. The petitioner's economic feasibility statement must demonstrate that the city's proposed permanent rate limit would generate sufficient operating tax revenues to support an adequate level of urban services, as defined in this chapter and required by ORS 221.031; and
 3. Any city whose approval of the incorporation is required by ORS 221.031(4) has given its approval or has failed to act within the time specified in that statute.

(Ordinance No. 04-1033A, Sec. 1. Amended and renumbered by Ordinance No. 07-1165A, Sec. 1. Amended by Ordinance No. 10-1244B, Sec. 14.)

3.09.090 Extension of Services Outside UGB

Neither a city nor a district may extend water or sewer service from inside a UGB to territory that lies outside the UGB.

- (1) Prohibited from disposal at a disposal site by state or federal law, regulation, rule, code, permit or permit condition; or
- (2) Special waste without an approved special waste permit.

Useful material means material that still has useful physical, chemical, or biological properties after serving its original purpose(s) or function(s), and which, when separated from solid waste, is suitable for use in the same or other purpose(s). For purposes of this Code, cleanup materials are not useful materials. Types of useful materials include, but are not limited to:

- (1) Material that can be reused;
- (2) Recyclable material;
- (3) Organic material(s) suitable for controlled biological decomposition (such as for making compost);
- (4) Material used in the preparation of fuel;
- (5) Material intended to be used, and which is in fact used, for construction or land reclamation (such as inert material for fill);

- (6) Material intended to be used, and which is in fact used, productively in landfill operations (such as roadbeds or alternative daily cover).

Vermiprocessing means a controlled method or system of biological processing that utilizes worms to consume and digest organic materials, and that produces worm castings for productive uses.

Waste means any material considered to be useless, unwanted or discarded by the person who last used the material for its intended and original purpose. For the purpose of Chapter 5.09, the term “waste” also includes any such material even if it is broken, recoverable, or recyclable.

Waste hauler means any person who is (1) franchised, licensed or permitted by a local government unit pursuant to state law to collect and haul solid waste; or (2) engaged, in whole or part, in the collection, transportation, delivery, or disposal of solid waste generated by such person or others within the Metro boundary.

Waste hierarchy means first, reduce the amount of solid waste generated; second, reuse material for its originally intended purpose; third, recycle or compost material that cannot be reduced or reused; fourth, recover energy from material that cannot be reduced, reused, recycled or composted so long as the energy recovery facility preserves the quality of air, water and land resources; and fifth, landfill solid waste that cannot be reduced, reused, recycled, composted or from which energy cannot be recovered.

Waste Reduction Program means the Waste Reduction Program required by ORS 459.055(2)(a), adopted by the Metro Council as part of the RWP, and accepted and approved by the DEQ as part of the RWP.

Yard debris means vegetative and woody material generated from residential or commercial landscaping activities. Yard debris includes landscape waste, grass clippings, leaves, hedge trimmings, branches, sod, scrapings, stumps and other vegetative waste having similar properties. This term does not include other solid waste such as soil, demolition debris, painted or treated wood waste. - (b) A licensee seeking renewal of a license must submit a request as required by this section not less than 120 days before the license's expiration date. The licensee must:
 - (1) File a completed application for renewal;
 - (2) Pay a \$300.00 application fee; and
 - (3) Provide a statement of proposed material changes from the previous license application, along with any other information the Chief Operating Officer requires.
- (c) The Chief Operating Officer must approve a solid waste facility license renewal unless the Chief Operating Officer determines that the proposed renewal is not in the public interest. The Chief Operating Officer may attach conditions to any renewed license.
- (d) The Chief Operating Officer is not obligated to renew a license earlier than the expiration date of the existing license even if the renewal request is filed more than

120 days before the existing license expires. [Ord. 98-762C, Secs. 22-23; Ord. 98-767, Sec. 3; Ord. 02-974; Ord. 03-1018A, Sec. 11; Ord. 14-1332; Ord. 16-1387; Ord. 17-1411.]

 - (1) Accept wastes other than those the license authorizes, or
 - (2) Perform activities other than those the license authorizes, or
 - (3) Modify other limiting conditions of the applicant's license.
- (b) The licensee must file an application for a change in authorization or limits on forms or in the format provided by the Chief Operating Officer.
- (c) An application for a change in authorizations or limits to the applicant's license does not substitute for an application that Metro would otherwise require under Section 5.01.050.
- (d) A licensee must notify Metro in writing when the licensee proposes to cease accepting authorized wastes or cease performing authorized activities at the solid waste facility or disposal site.
- (e) The application fee for changes of authorizations or limits is \$100.00. [Ord. 98-762C, Secs. 25-26; Ord. 98-767, Sec. 4; Ord. 02-974; Ord. 03-1018A, Sec. 13; Ord. 14-1332; Ord. 16-1387.]

- (a) Pursuant to Chapter 5.02, regional system fees apply to solid waste facilities and disposal sites that Metro owns, operates, licenses or franchises, or which are liable for payment of the fees pursuant to a special agreement with Metro.
- (b) Regional system fees are in addition to any other fee, tax or charge imposed upon a solid waste facility or disposal site.
- (c) Regional system fees must be separately stated upon records of the solid waste facility or disposal site.
- (d) Regional system fees and finance charges on those fees must be paid as specified in Metro Code Chapter 5.02. [Ord. 81-111, Sec. 16; Ord. 86-214, Sec. 1; Ord. 91-422B, Sec. 4; Ord. 93-509, Sec. 2; Ord. 95-621A, Sec. 7; Ord. 98-762C, Sec. 41; Ord. 00-866, Sec. 6; Ord. 02-974; Ord. 03-1018A, Sec. 19; Ord. 14-1332; Ord. 16-1387.]

5.01.310 Determination of Rates

- (a) The Council may establish facility rates if it finds that setting facility rates is in the public interest as a matter of metropolitan concern.
- (b) Notwithstanding any other provision of this section:
 - (1) Licensees are exempt from all rate setting; and
 - (2) Franchisees are exempt from rate setting unless Metro requires rate setting as a franchise condition. [Ord. 81-111, Sec. 19; Ord. 82-136, Sec. 4; Ord. 91-436A, Sec. 2; Ord. 98-762C, Sec. 43-44; Ord. 03-1018A, Sec. 20; Ord. 16-1387.]

ENFORCEMENT AND APPEALS

5.01.320 Enforcement Provisions

- (a) Any person who violates any provision of this chapter or who fails to comply with a license or franchise condition is subject to the fines and penalties set forth in this chapter.
- (b) The Chief Operating Officer may investigate whether there is sufficient cause to suspend, modify or revoke a franchise or license. If there is sufficient evidence to suspend, modify, or to revoke a franchise or license, the Chief Operating Officer will notify the franchisee or licensee in writing of the alleged violation, and the necessary steps the violator must take to correct the violation. If the franchisee or licensee is unable to or refuses to correct the violation within a reasonable time after Metro sends notice, the Chief Operating Officer may provide notice to the franchisee or licensee that Metro will impose penalties pursuant to Section 5.01.330 or that Metro will suspend, modify or revoke the franchise or license.
- (c) The Chief Operating Officer will send the notice upon finding that the franchisee or licensee has:
 - (1) Violated the franchise or license, the administrative rules or performance standards issued by the Chief Operating Officer, this chapter, the Code, state law, local ordinance or the rules promulgated there under or any other applicable law or regulation;
 - (2) Misrepresented material facts or information in the franchise or license application, or other information that Metro requires the licensee or franchisee to submit;
 - (3) Refused to provide adequate service at a licensed or franchised site, facility or station, after Metro provides written notification and reasonable opportunity to do so;
 - (4) Misrepresented the gross receipts from the operation of the licensed or franchised site, facility or station;
 - (5) Failed to pay when due the fees required under this chapter; or
 - (6) Violated a city or county ordinance if the ordinance requires licensees or franchisees to comply with the Metro solid waste facility regulation code.
- (d) Except as provided in subsection (e), if the Chief Operating Officer revokes, modifies or suspends a license or franchise, it does not become effective until Metro gives the licensee or franchisee an opportunity to request a contested case hearing under Metro Code 2.05.
- (e) If Metro finds a serious danger to the public health or safety as a result of the actions or inactions of a franchisee or licensee, the Chief Operating Officer may in accordance with Code Chapter 2.05 immediately suspend the franchise or license and may take whatever steps may be necessary to abate the danger. In addition, in the case of a franchise, the Chief Operating Officer may authorize another franchisee

or another person to provide service or to use and operate the site, station, facilities and equipment of an affected franchisee for reasonable compensation in order to provide service or abate the danger for so long as the danger continues. If Metro immediately suspends a franchise, the franchisee has 30 days from the suspension date to request a contested case hearing under Code Chapter 2.05.

- (f) If Metro revokes a franchise or license, all franchisee or licensee rights in the franchise or license become void. [Ord. 81-111, Sec. 20; Ord. 82-136, Sec. 5; Ord. 95-621A, Sec. 8; Ord. 91-436A, Sec. 2; Ord. 98-762C, Sec. 45; Ord. 02-974; Ord. 03-1018A, Sec. 21; Ord. 14-1332; Ord. 16-1387.]

5.01.330 Penalties

- (a) Each violation of this chapter is punishable by a fine of not more than \$500.00. Each day a violation continues constitutes a separate violation. Metro may join separate offenses in one Notice of Violation in several counts.
- (b) If the Chief Operating Officer finds that a licensee or franchisee is in violation of this chapter, the Code, the license or franchise, or the administrative rules or performance standards adopted pursuant to Section 5.01.280, the Chief Operating Officer will provide written notice to the violator describing the violation and requiring the violator to correct the violation within the time specified in the notice.
- (c) If a licensee or franchisee fails to correct the violation within the specified time period, the Chief Operating Officer will issue a Notice of Violation, indicating the continuing violation, the date of re-inspection and the fine imposed as specified in subsection (a).
- (d) If after re-inspection, the Chief Operating Officer finds the licensee or franchisee has failed to correct the violation, the violation is punishable by a fine as specified in subsection (a). Metro will give notice of a final deadline for correcting the violation at the time of re-inspection.
- (e) If the licensee or franchisee fails to correct the violation after the final deadline, the licensee or franchisee must cease the activity resulting in the violation.
- (f) Metro will conduct further inspections to ensure that the licensee or franchisee suspends the offending activity. If the licensee or franchisee fails to suspend the offending activity, the Chief Operating Officer may:
 - (1) Impose a remedy suitable to Metro to be implemented by and at the expense of the licensee or franchisee;
 - (2) Suspend all solid waste activities on site;
 - (3) Impose a lien on the property for the amount of the fines; or
 - (4) Suspend, modify or revoke the license or franchise pursuant to Section 5.01.320.
- (g) In addition to subsection (a), Metro may enjoin any violation of this chapter upon suit in a court of competent jurisdiction, and the violator may also be subject to a

civil penalty not to exceed \$500.00 per day for each day of violation. [Ord. 81-111, Sec. 22; Ord. 91-436A, Sec. 2; Ord. 98-762C, Sec. 47; Ord. 98-767, Sec. 6; Ord. 02-974; Ord. 03-1018A, Sec. 22; Ord. 14-1332; Ord. 16-1387.]

5.01.340 Appeals

- (a) Any applicant, franchisee or licensee may request a contested case hearing pursuant to Code Chapter 2.05 upon the suspension, modification, revocation or refusal by the Council or Chief Operating Officer, as appropriate, to issue, renew, modify or transfer a franchise or license or to grant a variance.
- (b) Except as provided in subsection (d), if the Council refuses to renew a franchise or the Chief Operating Officer refuses to renew a license, the refusal does not become effective until Metro affords the franchisee or licensee an opportunity for a contested case hearing if one is requested.
- (c) The refusal by either the Council or Chief Operating Officer to grant a variance, or to issue, modify or transfer a franchise or license is effective immediately. The franchisee, licensee or applicant may request a hearing on the refusal within 30 days of notice of the refusal.
- (d) Upon a finding of serious danger to the public health or safety, the Chief Operating Officer may suspend a franchise or license or the Council or Chief Operating Officer may refuse to renew a franchise or license and that action is effective immediately. If a franchise or license renewal is refused, the franchisee or licensee has 30 days from the date of the action to request a contested case hearing. [Ord. 81-111, Sec. 11; Ord. 95-621A, Sec. 6; Ord. 02-974; Ord. 03-1018A, Sec. 14; Ord. 16-1387.]

MISCELLANEOUS PROVISIONS

5.01.350 Miscellaneous Provisions

- (a) The Chief Operating Officer is responsible for the administration and enforcement of this chapter.
- (b) Metro's granting of a license or franchise does not vest any right or privilege in the licensee or franchisee to receive specific quantities of solid waste during the license or franchise term.
- (c) Metro has the power to regulate, in the public interest, the exercise of the privileges it grants by a license or franchise. Metro may establish or amend rules, regulations or standards regarding matters within Metro's authority and enforce those requirements against licensees or franchisees.
- (d) No waiver of any license or franchise condition is effective unless it is in writing and signed by the Chief Operating Officer. If Metro waives a license or franchise condition, that waiver does not waive or prejudice Metro's right to require performance of the same condition or any other condition.

- (e) Metro will construe, apply and enforce a license or franchise in accordance with the laws of the State of Oregon.
- (f) If a court of competent jurisdiction determines that any license or franchise provision is invalid, illegal or unenforceable in any respect, that determination does not affect the validity of the remaining provisions in the license or franchise.
- (g) Nothing in this chapter limits the power of a federal, state, or local agency to enforce any provision of law relating to any solid waste facility or disposal site that it is authorized or required to enforce or administer.
- (h) Nothing in this chapter should be construed as relieving any owner, operator, or designee from the obligation of obtaining all required permits, licenses, or other clearances and complying with all orders, laws, regulations, reports or other requirements of other regulatory agencies, including but not limited to, local health departments, regional water quality control boards, local land use authorities, and fire authorities. - 5.02.110 Use of Regional System Fees
- 5.02.120 Scale Weights Required
- 5.02.130 Administrative Rules to Implement Chapter

5.02.010 Purpose

The purpose of this chapter is to establish the method for setting, collecting and administering the regional system fee. Metro uses regional system fee revenue to recover the costs for all associated regional solid waste activities related to managing, planning and administering the entire recycling, processing and disposal system.

5.02.020 Regional System Fee Requirement

- (a) Except as otherwise provided in this chapter, all solid waste generated from inside the Metro jurisdictional boundary is subject to a regional system fee at the time the waste is delivered to a Metro transfer station or otherwise disposed.
- (b) Any person who transports solid waste generated from inside the Metro jurisdictional boundary must pay the regional system fee to Metro at the time the waste is disposed.
- (c) Notwithstanding subsection (b), Metro may authorize a designated facility located outside the Metro jurisdictional boundary to collect and remit the regional system fee on behalf of the person transporting the waste.
- (d) Metro will round the regional system fee to the nearest one-hundredth of a ton and prorate it based on the actual weight of solid waste.
- (e) The regional system fee owed to Metro by any person pursuant to this chapter is a debt owed to Metro.

5.02.030 Exceptions to Regional System Fee

The regional system fee does not apply to:

- (a) Solid waste accepted at a licensed or franchised solid waste facility located within the Metro jurisdictional boundary;
- (b) Solid waste accepted at a facility that is exempt from regulation under Chapter 5.01;
- (c) Cleanup material accepted at a facility that treats the cleanup material to applicable DEQ standards and provided that the treated waste is not transported to a disposal site;
- (d) Useful material that is accepted at a disposal site that is a Metro designated facility pursuant to Chapter 5.05 or accepted at a disposal site under authority of a Metro non-system license issued pursuant to Chapter 5.05, provided that the useful material is:
 - (1) Used productively in the operation of the disposal site (such as for roadbeds or alternative daily cover); and
 - (2) Accepted at the disposal site at no fee.

- (e) Processing residual produced by any tire processor that is regulated pursuant to Chapter 5.01 and that sorts, classifies or processes used tires into fuel or other products, provided the processing residual conforms to Environmental Quality Commission standards established pursuant to ORS 459.710(2). This exemption is only granted to the extent specified in a Metro license or franchise under Chapter 5.01.

5.02.040 Declaration of Origin

- (a) If a person transports solid waste to a designated facility outside of the Metro jurisdictional boundary, then the person must inform the designated facility operator that the solid waste was generated or originated inside the Metro region.
- (b) If a dispute arises regarding whether a person informed the facility operator that the solid waste was generated or originated inside the Metro region, then the person transporting the waste has the burden of proving that the person communicated this to the designated facility operator.

5.02.050 Regional System Fee Applied to Mixed Waste Loads

If a solid waste load in a vehicle or container contains a mixture of waste generated both inside and outside of the Metro jurisdictional boundary, then the entire load is considered to be generated within the Metro region. In such cases, the person transporting the waste must report the waste as generated inside the Metro region and pay the regional system fee on the entire load, unless the person provides documentation to Metro showing the total weight of that waste that was generated only within the Metro jurisdictional boundary.

5.02.060 Regional System Fee on Cleanup Material

Notwithstanding Sections 5.02.020 and 5.02.030, a reduced regional system fee applies to cleanup material that is transported to any disposal site authorized by Metro to accept that material.

5.02.070 Special Exemptions and Waivers from Regional System Fee

- (a) The Chief Operating Officer may issue a special exemption to a public agency, local government, or qualified non-profit entity as specified in Metro Code Subsections 5.07.030(a), (b), (d) and (j) to waive the regional system fee for solid waste generated within the Metro jurisdictional boundary.
- (b) For all special exemptions in subsection (a), the Chief Operating Officer must provide the Council with an annual report indicating:
 - (1) The amount of solid waste recycled and disposed under the special exemption permits granted by the Chief Operating Officer during the fiscal year; and
 - (2) The total regional system fee revenue that was not collected during the fiscal year because of the special exemptions granted.

- (c) The Chief Operating Officer may waive the regional system fee on putrescible solid waste if the waste is:
 - (1) Generated outside of Metro's regional boundary;
 - (2) Collected by a hauler that is regulated by a local government unit; and
 - (3) Accepted at Metro Central Station or Metro South Station.

5.02.080 Collection and Payment of Regional System Fees

A person satisfies payment of the regional system fee as required under Section 5.02.020 if the person pays the fee at a Metro transfer station or pays the fee:

- (a) As required by a non-system license authorized under Chapter 5.05, or
- (b) To a designated facility located outside the Metro jurisdictional boundary if Metro has authorized that designated facility to collect and remit the regional system fee on behalf of the person transporting the waste.

5.02.090 Due Date of Regional System Fees

- (a) Regional system fees accumulate on a monthly basis. A person liable for regional system fees must pay the accumulated fees to Metro by the last day of the month for waste disposed of in the preceding month. For example, regional system fees for the month of April would be due on May 31. If the last day of the month occurs on a holiday or weekend, amounts are due by the end of the first business day that follows.
- (b) Finance Charges. In addition to any penalties imposed for late payment, Metro will assess a finance charge of 1.5 percent on all delinquent regional system fees required to be remitted under this chapter. Metro will assess finance charges on the first day of the month following the month in which regional system fees are due, and on the first day of each month thereafter until paid. For example, if regional system fees are due on the last day of April, then Metro will assess finance charges on the first day of May. Metro will assess finance charges only on unpaid delinquent balances and penalties, and not on previously assessed finance charges. [Ord. 21-1462.]

5.02.100 Liability for Worthless or Uncollectible Accounts

- (a) Metro may waive liability for regional system fees on charge accounts that are worthless and charged off as uncollectible, provided that the facility operator submits to Metro an affidavit stating the name and amount of each uncollectible charge account and documenting good faith efforts that the operator made to collect the accounts.
- (b) Regional system fees are not considered uncollectible unless the underlying account is also uncollectible. If the operator has paid the regional system fees previously and wishes to deduct the previously paid regional system fees from the next payment

due to Metro, the operator must notify Metro in writing that the underlying account is uncollectible. If Metro agrees that the underlying account is uncollectible, Metro may then authorize the operator to deduct from the next payment due to Metro the previously paid amount found worthless and charged off. However, if the operator thereafter collects on any such account, in whole or in part, the operator must include the amount collected in the first return it files after the collection and pay the regional system fees with the return.

5.02.110 Use of Regional System Fees

Metro may only use regional system fee funds to recover the costs for all associated regional solid waste activities related to managing, planning and administering the entire recycling, processing and disposal system.

5.02.120 Scale Weights Required

A facility or disposal site that receives solid waste generated or originated within the Metro jurisdictional boundary must use certified scale weights to calculate, on a tonnage basis, all regional system fees that the facility or disposal site submits to Metro.

5.02.130 Administrative Rules to Implement Chapter

The Chief Operating Officer may adopt administrative rules under the provisions set forth in Chapter 5.08 to govern the obligations under this chapter and implement all provisions of this chapter. [Ord. 19-1439.]

5.03.160	Administrative Rules to Implement Chapter

5.03.010 Purpose

The purpose of this chapter is to establish a consistent, predictable and transparent framework when Metro adopts solid waste fees for its transfer stations.

5.03.020 Metro Transfer Station Fees

- (a) Metro assesses the following fees at its transfer stations and household hazardous waste facilities:
- (1.) Disposal fee
 - (2.) Transaction fee
 - (3.) Household hazardous waste management fee
 - (4.) Conditionally exempt generator waste fee
 - (5.) Recoverable solid waste fee
 - (6.) Special waste fee
 - (7.) Litter control fee
- (b) As In addition to the fees listed in subsection (a), Metro may also assess any applicable Metro “pass through” fees (such as the regional system fee, Metro excise tax and community enhancement fee) as well as any applicable DEQ fees.

5.03.030 Source-Separated Recyclable Materials Credit

- (a) A non-commercial customer at Metro Central Station or Metro South Station who delivers certain source-separated recyclable materials (except yard debris) that are generated by a household may receive a disposal charge credit. The Chief Operating Officer will establish by administrative rule the circumstances under which the credit is available.
- (b) Notwithstanding subsection (a), the Chief Operating Officer may also designate source-separated recyclable materials that Metro will accept from customers at no charge.

5.03.040 Metro Transfer Station Operating Authority

- (a) The Chief Operating Officer has authority to operate and manage the Metro transfer stations. The Chief Operating Officer may delegate that authority.
- (b) In addition to the Chief Operating Officer's authority to operate and manage the Metro transfer stations, the Chief Operating Officer may also establish by administrative rule the circumstances and conditions under which Metro transfer station fees apply.
- (c) The Chief Operating Officer may establish an additional fee as necessary for a waste stream not specifically listed in Section 5.03.020. If the Chief Operating Officer establishes a fee not listed in Section 5.03.020, that fee is only effective for not more than 120 days unless the Metro Council affirms or modifies it.

5.03.050 Metro Transfer Station Fees Adopted Annually

Each year the Metro Council will determine Metro transfer station fees. In doing so, the Council will use the procedures and criteria set forth in this chapter. The Council may adopt changes to the fees as it deems necessary and may update the fee amount more frequently than annually.

5.03.060 Fee Setting Requirements; Provisional Fees

Each year the Chief Operating Officer will propose fee amounts to the Council. The Chief Operating Officer's proposed fees are provisional until adopted by Council pursuant to Section 5.03.080. In preparing provisional fee amounts the Chief Operating Officer will:

- (a) Consider all sources and uses of funds that affect the solid waste revenue fund budget during the next fiscal year;
- (b) Follow generally accepted practices for selection of methodologies, assumptions, requirements, and other technical factors that determine the fees;
- (c) Consider any solid waste fee criteria and fee setting policies adopted by Council;

- (d) Consider operational needs for each transfer station, including customer demand; and
- (e) Perform any other due diligence that the Chief Operating Officer finds necessary to meet the purpose of this chapter.

5.03.070 Independent Review of Fee Setting Process; Written Report

- (a) Before the Council can adopt the provisional Metro transfer station fees, the Chief Operating Officer must submit the provisional fees to at least one independent reviewer. The Chief Operating Officer will provide the reviewer with the fee model, data, assumptions, criteria, and any other information that the Chief Operating Officer used to calculate the provisional fees.
- (b) The independent reviewer will test the provisional fees using criteria set forth in this chapter, any fee criteria adopted by Council, and any other criteria the Chief Operating Officer specifies or which the reviewer recommends based on generally accepted best practices for fee review.
- (c) After the review is complete, the independent reviewer will submit a written report to the Chief Operating Officer documenting the reviewer's findings, exceptions and recommendations. The Chief Operating Officer must include this written report in the materials submitted for review during Council consideration.

5.03.080 Council Adoption of Metro Transfer Station Fees; Emergency Fee

- (a) After the independent reviewer has submitted the required written report, the Council may adopt the Chief Operating Officer's provisional fee amounts by resolution. In adopting the fee amounts, Council will consider all materials the Chief Operating Officer provided to the independent reviewer under section 5.03.070(a) as well as the independent reviewer's written report.
- (b) The fees adopted by Council will take effect 30 days after adoption unless Council chooses a later date.
- (c) Notwithstanding subsection (a), the Chief Operating Officer may establish a Metro transfer station fee under an emergency circumstance. Any fee established under this authority is effective for not more than 120 days unless either the Council affirms or modifies the fee or unless the circumstance giving rise to the emergency ceases to exist.

5.03.090 Posting Metro Transfer Station Fees

Upon the effective date of any transfer station fee amount, Metro will post the fees at Metro Central Station and Metro South Station. Metro will also post a list of all current Metro transfer station fees on the Metro website and otherwise publicize the fees to its customers and the public generally.

5.03.100 Solid Waste Fees at Metro Transfer Stations

The solid waste fees at the Metro Central Station and Metro South Station consist of:

- (a) A fee for each ton of solid waste comprised of:
 - (1.) A disposal fee;
 - (2.) The regional system fee as set forth in Chapter 5.02;
 - (3.) The community enhancement fee as set forth in Chapter 5.06; and
 - (4.) All applicable DEQ fees established in Oregon Revised Statutes Chapters 459 and 459A, as implemented in Chapter 340 Division 90 of Oregon Administrative Rules.
- (b) All applicable solid waste excise taxes as set forth in Chapter 7.01, stated separately; and
- (c) A transaction fee.

5.03.110 Transaction Fee

There is a fee for every transaction at a Metro transfer station. A transaction may occur at a staffed scale or at an automated scale.

5.03.120 Minimum Fee

Notwithstanding Section 5.03.100, there is a minimum fee to accept solid waste at Metro Central Station and Metro South Station. The minimum fee consists of the transaction fee as set forth in Section 5.03.110 plus a fee based on a minimum load weight.

5.03.130 Waiver of Metro Transfer Station Fees

- (a) The Chief Operating Officer may waive the disposal fee for solid waste accepted from a non-commercial customer at the Metro Central Station or Metro South Station under extraordinary, emergency conditions or circumstances.
- (b) The Chief Operating Officer may waive the regional system fee for solid waste accepted at the Metro Central Station or Metro South Station if the waste is generated outside of the Metro jurisdictional boundary and collected by a hauler that is regulated by a local government.

5.03.140 Review of Metro Transfer Station

The Council may undertake a review of the Metro transfer station fee criteria and policies at any time to ensure that they reflect the purpose of this chapter, meet Metro's needs, support Metro's management of the regional solid waste system, and address any Council findings that result from the periodic review.

5.03.150 Account Policy at Metro Transfer Stations

By administrative rule the Chief Operating Officer will establish appropriate account policy requirements for Metro's transfer stations. The account policy requirements will be designed to diminish Metro's risk of loss due to non-payment for new and existing accounts, and to establish payment methods, due dates and prudent credit practices.

5.03.160 Administrative Rules to Implement Chapter

The Chief Operating Officer may adopt administrative rules under the provisions set forth in Chapter 5.08 to govern the obligations under this chapter and implement all provisions of this chapter. [Ord. 19-1440.]

5.05.010 Purpose

- (a) This chapter governs the regulation of solid waste transported, managed and disposed at locations outside the Metro regional boundary. The purposes of this chapter are to:
 - (1) Protect and preserve the health, safety and welfare of Metro's residents;
 - (2) Implement the Regional Waste Plan cooperatively with federal, state and local agencies;
 - (3) Provide a coordinated regional disposal and resource recovery program and a solid waste management plan to benefit all citizens of Metro;
 - (4) Reduce the volume of solid waste disposal through source reduction, recycling, reuse and resource recovery; and
 - (5) Protect the citizens of the region from liability arising from the use of a disposal site subject to federal law.
- (b) The provisions of this chapter shall be liberally construed to accomplish these purposes. [Ord. 16-1389; Ord. 19-1432.]

5.05.020 Special Findings for Solid Waste Flow Control

The Council makes the following findings:

- (a) Metro has limited land and resources for the disposal, transfer and recovery of resources from solid and liquid waste, and it is the Council's responsibility to protect and judiciously utilize Metro's limited land and resources.
- (b) Metro has developed the system as a regional waste disposal and recovery system within the framework of a Regional Waste Plan, and it has done so in cooperation with federal, state and local agencies for the benefit of all Metro citizens.
- (c) Pursuant to the authority granted to Metro under ORS 268, Metro may require any person or class of persons who generate solid or liquid waste to make use of:
 - (1) The system's disposal sites or solid waste facilities, or
 - (2) Metro's designated disposal sites or solid waste facilities.
- (d) ORS 268.317 and ORS 268.360 authorize Metro to require any person or class of persons who pickup, collect, or transport solid or liquid waste to make use of:
 - (1) The system's disposal sites or solid waste facilities, or
 - (2) Metro's designated disposal sites or solid waste facilities.

- (e) Under the authority granted in ORS 268.317, ORS 268.360 and the Regional Waste Plan, this chapter's provisions authorize Metro to require persons who generate, pickup, collect or transport solid or liquid waste to make use of:
 - (1) The system's disposal sites or solid waste facilities, or
 - (2) Metro's designated disposal sites or solid waste facilities. [Ord. 89-319; Ord. 01-917, Sec. 2; Ord. 02-974; Ord. 16-1389; Ord. 19-1432.]

5.05.030 Authority, Jurisdiction, and Application

- (a) Metro's solid waste flow control authority is derived from ORS Chapter 268 for solid waste and the Metro Charter. It includes the authority to regulate solid waste generated within Metro.
- (b) This chapter governs:
 - (1) The transportation, transfer, disposal and other processing of all solid waste generated within Metro as authorized by state law; and
 - (2) Any person who generates solid waste within Metro; and
 - (3) Any person who transports, transfers, disposes or otherwise deals with or processes solid waste generated within Metro.
- (c) All solid waste regulation is subject to the authority of all other applicable laws, regulations or requirements in addition to those contained in this chapter. Nothing in this chapter abridges or alters the rights of action by the State or by a person that exist in equity, common law, or other statutes to abate pollution or to abate a nuisance. The provisions of this chapter should be liberally construed to accomplish these purposes. [Ord. 89-319; Ord. 01-917, Sec. 3; Ord. 02-974; Ord. 03-1019, Sec. 2; Ord. 16-1389.]

5.05.040 Prohibited Activities

- (a) Unless a person has a valid, Metro-issued non-system license, no person may transport, or cause to be transported, solid waste generated within Metro to any solid waste facility or disposal site.
- (b) No person may falsely state to a system facility operator that solid waste delivered to that facility for disposal was generated outside of Metro if the waste was actually generated inside of Metro.
- (c) No person may direct another person to falsely state to a system facility operator that solid waste delivered to that facility for disposal was generated outside of Metro if the waste was actually generated inside of Metro. A person is deemed to have directed another person to make false statements under this subsection if the person doing the directing knew or reasonably should have known that the person transporting the solid waste to the system facility would falsely state the origin of

the solid waste being delivered. [Ord. 01-917, Secs. 4-5; Ord. 02-974; Ord. 06-1104; Ord. 16-1389.]

5.05.050 Exemptions to Prohibited Activities

- (a) This chapter does not apply to transportation, transfer or processing of, or other dealing with, non-putrescible source-separated recyclable materials that are either:
 - (i) reused or recycled, or
 - (ii) transferred, transported or delivered to a person or facility that will reuse or recycle them.
- (b) If a designated facility is in compliance with all local, state, federal and Metro regulations, including any agreement entered into between Metro and the system facility, then a non-system license is not required of any person to:
 - (1) Transport solid waste generated within Metro to that designated facility, or
 - (2) Utilize the designated facility for disposing or processing solid waste that was generated within Metro.
- (c) A non-system license is not required for a government agency to transport solid waste to the Covanta Waste-to-Energy facility located in Brooks, Oregon, for the primary purpose of destroying the waste in order to assure public safety or for the public good. Solid waste exempt under this subsection includes, but is not limited to, contraband, postage stamps, expired pharmaceuticals, and lottery tickets. [Ord. 01-917, Secs. 6-7; Ord. 02-974; Ord. 06-1106; Ord. 16-1389.]

5.05.055 Limited Capacity Landfills and New Landfills

- (a) No person may dispose of solid waste generated within the Metro jurisdictional boundary at a limited capacity landfill or new landfill.
- (b) Metro will not accept any application for a designated facility or non-system license that seeks to dispose of solid waste generated within the Metro jurisdictional boundary at a limited capacity landfill or new landfill.
- (c) If a solid waste system facility becomes a limited capacity landfill, then within 30 days of becoming a limited capacity landfill Metro will terminate any existing designated facility agreement and non-system license in effect for that facility.
- (d) This section does not apply to a disposal site that holds an applicable permit issued by the appropriate state or federal authority to:
 - (1) Accept hazardous waste for disposal under Subtitle C of the Resource Conservation and Recovery Act; or
 - (2) Accept only cleanup material such as contaminated soil and sediment. [Ord. 17-1401; Ord. 22-1478.]

5.05.060 Designated Facilities of the System

- (a) Designated Facilities. The following described facilities are designated facilities of the system, and the Metro Council finds that these facilities meet the criteria set forth in Metro Code Chapter 5.05:
 - (1) Metro owned or operated disposal sites or solid waste facilities.
 - (2) Disposal sites or solid waste facilities within Metro's boundary that are subject to Metro regulatory authority under Chapter 5.01.

 - (1) On its own motion;
 - (2) Upon the Chief Operating Officer's recommendation; or
 - (3) Upon a facility application under Metro Code Section 5.05.060(c).
- (b) The Council will consider the following factors when deciding whether to add a facility to the designated facilities list:

- (1) The degree to which Metro had knowledge of prior facility users and waste types accepted at the facility and the degree to which those wastes pose a future risk of environmental contamination;

 - (6) Any other factor the Council considers appropriate to accomplish the purposes of this chapter.

- (c) Council may remove a facility from the designated facilities list upon the facility's request under Metro Code Section 5.05.060(c) without considering the factors set forth in subsection (b).
- (d) The Chief Operating Officer may change a facility name or address on the designated facilities list without Council action if no substantive change has occurred as set forth in subsection (b). [Ord. 14-1337; Ord. 16-1389.]

5.05.090 Contents of Designated Facilities List and Council Adoption Every Five Years

- (a) The designated facilities list will include the name and address of:
 - (1) The designated facilities located outside the Metro region; and
 - (2) Metro-owned facilities.
- (b) Disposal sites and solid waste facilities within Metro's boundary that are subject to Metro regulatory authority are designated facilities of the system but will not be included on the list described in subsection (a).
- (c) In addition to any resolution adopted under Metro Code Sections 5.05.070 and 5.05.080, the Council will adopt by resolution a list of designated facilities at least every five years. [Ord. 14-1337; Ord. 16-1389.]

5.05.100 Agreements with Designated Facilities

- (a) The Chief Operating Officer may execute an agreement between Metro and a designated facility located outside the region for any solid waste that Council approves pursuant to Section 5.05.070. This authority includes any later amendments to the agreement.
- (b) An agreement between Metro and a designated facility must specify the types of waste that the facility can accept from within Metro boundaries.
- (c) An agreement between Metro and a designated facility may not authorize the acceptance of non-putrescible waste originating or generated within Metro boundaries if the waste has not yet undergone material recovery, unless:
 - (1) The designated facility receives non-putrescible waste from a facility that Metro has issued a license or franchise pursuant to Chapter 5.01 authorizing such facility to perform material recovery on non-putrescible waste;
 - (2) The designated facility receives non-putrescible waste from a designated facility that has an agreement with Metro authorizing it to perform material recovery on non-putrescible waste; or

- (3) The designated facility and Metro have an agreement authorizing the facility to perform material recovery on non-putrescible waste pursuant to subsection (d).
- (d) Any agreement between Metro and a designated facility that authorizes the facility to accept non-putrescible waste that (i) has not yet undergone material recovery, (ii) is not comprised of processing residual, and (iii) originated or generated within Metro boundaries, must:
 - (1) Require the designated facility to perform material recovery on the waste; and
 - (2) Demonstrate, in a manner that can be verified and audited, that the processing achieves material recovery substantially comparable to that required of an in-region material recovery facility under Metro Code Section 5.01.260 by either:
 - (A) Meeting the material recovery requirements for all non-putrescible waste received at the facility, whether or not from within Metro boundaries; or
 - (B) Keeping all non-putrescible waste received from within Metro boundaries segregated from other waste throughout processing, keeping processing residual from such processing segregated from other solid waste after processing, and meeting such material recovery requirements for all such non-putrescible waste.
 - (3) Demonstrate, in a manner that can be verified and audited, that the facility substantially complies with:
 - (A) The performance goals described in Metro Code Sections 5.01.090(c) and 5.01.190(c); and
 - (B) The rules, performance standards, design requirements, and operating requirements applicable to licensed and franchised material recovery facilities operating within the Metro region and adopted by Metro as administrative rules pursuant to Metro Code Chapter 5.08.  - (1) New non-system licenses. Within 60 days after the Chief Operating Officer receives a completed application along with any additional information the Chief Operating Officer may require, the Chief Operating Officer will determine whether to issue the non-system license and will inform the applicant in writing of that determination.
 - (2) Non-system license renewals.
 - (A) A non-system license renewal application must be substantially similar to the existing non-system license with regard to waste type, quantity and destination.
 - (B) A non-system licensee must submit a completed non-system license renewal application at least 60 days before the existing non-system license expires, along with any additional information the Chief Operating Officer may require.
 - (C) The Chief Operating Officer will determine whether to renew the non-system license and will inform the applicant in writing of that determination before the existing non-system license expires.
 - (D) The Chief Operating Officer is not obligated to make a determination earlier than the non-system license's expiration date, even if the licensee files the renewal request more than 60 days before the existing non-system license expires.
- (b) The Chief Operating Officer may impose conditions on the issuance of a new or renewed non-system license for non-putrescible waste as the Chief Operating Officer considers necessary under the circumstances to accomplish the purposes of this chapter. [Ord. 14-1337; Ord. 16-1389.]

5.05.160 Non-System License Issuance Timetable for Putrescible Waste

5.05.180 Non-System Licensee Requirements

Each non-system licensee is required to:

- (1) Maintain complete and accurate records of, including but not limited to, the information required by the Chief Operating Officer regarding all solid waste transported, disposed or otherwise processed pursuant to the non-system license, and make those records available to Metro or its duly designated agents for inspection, auditing and copying upon not less than three days written notice from Metro;

- (b) The Chief Operating Officer may allocate tonnage to either a transfer station that is designated under this chapter or franchised under Chapter 5.01.
- (c) In addition to the allocation methodology factors adopted by administrative rule, the Chief Operating Officer may also consider the following factors when allocating tonnage amounts annually to a transfer station located outside the regional boundary:
 - (1) The public benefits to the regional solid waste system;
 - (2) How the allocation will affect regional solid waste system;
 - (3) How the allocation will affect the proportional amount of regional tonnage reserved for Metro's transfer stations (a minimum of 40 percent of the regional tonnage is to be reserved for Metro transfer stations);
 - (4) The proportional amount of regional tonnage allocated to companies;
 - (5) The rate that the transfer station charges for accepting putrescible waste from the Metro region; and
 - (6) Any other factor the Chief Operating Officer considers relevant to achieve the purposes and intent of this section.
- (d) The Chief Operating Officer may further adjust a transfer station's tonnage allocation at other times if it is in the public interest and necessary to address a significant disruption as defined in Chapter 5.00. An adjustment under this subsection does not require Council approval.

- (e) The Chief Operating Officer may not allocate more than 40 percent of the available regional tonnage to any combination of transfer stations owned by the same company. [Ord. 18-1426.]

5.05.196 Obligations and Limits for Selected Types of Activities

- (a) To be eligible to receive a tonnage allocation from Metro when a transfer station is located outside the Metro regional boundary, the transfer station must:
 - (1) Be a designated facility in accordance with 5.05.070; and
 - (2) Enter into an agreement with Metro in accordance with 5.05.100.
- (b) A designated transfer station that received putrescible waste from the Metro region must:
 - (1) Demonstrate it has the authorization from the applicable local or state solid waste authority to accept solid waste from the Metro region;
 - (2) Allow Metro to inspect, monitor, review and audit as if it were a facility located inside the regional boundary in accordance with Chapter 5.01;
 - (3) Report information monthly to Metro on all solid waste accepted or rejected that was generated from within the Metro regional boundary;
 - (4) Collect and remit regional system fees to Metro monthly in accordance with Chapter 5.02 on all solid waste accepted from the Metro regional boundary; and
 - (5) Collect and remit excise taxes to Metro monthly in accordance with Chapter 7.01 on all solid waste accepted from the Metro regional boundary.

Any person may request or the Chief Operating Officer may initiate an investigation of a designated facility to ensure that it complies with this section. [Ord. 18-1426; Ord. 22-1478.]

5.05.200 Issuance of Required Use Orders

- (a) The Chief Operating Officer may issue a “required use order” to any person within Metro. This order requires the recipient to deliver waste to a specific designated facility. The Chief Operating Officer must comply with the provisions of this section and Section 5.05.210 if the Chief Operating Officer issues a required use order.
- (b) The following priorities apply when determining whether to issue a required use order:
 - (1) Metro will allow persons to use the designated facility of their choice to the extent doing so is consistent with state, Metro and local regulations, facility obligations and facility limitations; and

- (2) It may be necessary for the Chief Operating Officer to override the facility choice of a person if the Chief Operating Officer finds that allowing specific persons to exercise their choice appears likely to:
 - (A) Overload or underutilize a specific designated facility or facilities; or
 - (B) Create system inefficiencies or negative impacts on the public health, safety or welfare as specified by the Chief Operating Officer.
- (c) When determining whether it is necessary to issue or amend a required use order, the Chief Operating Officer will consider the following factors:
 - (1) The location of the person's route and/or facilities in relation to designated facilities, in terms of travel time and/or distance;
 - (2) The equipment being utilized by the person at the time of the order's issuance in relation to the equipment handling capabilities of designated facilities;
 - (3) The types of waste being disposed of by the person, in relation to the capabilities of designated facilities to most appropriately process those wastes; and
 - (4) Other considerations that the Chief Operating Officer finds relevant, including but not limited to other health, safety and welfare considerations. [Ord. 89-319; Ord. 91-388, Sec. 3; Ord. 01-917, Sec. 11; Ord. 02-974; Ord. 14-1337; Ord. 16-1389.]

5.05.210 Content of Required Use Orders; Notice

- (a) Required use orders will contain the following:
 - (1) The names of the persons subject to the required use order, together with the person's address or place of business and telephone number;
 - (2) The type and quantity of solid waste subject to the required use order;
 - (3) The name and location of the designated facility that the recipient is required to use;
 - (4) The effective date of the required use order. Absent an emergency, the effective date may not be less than 10 days from the date of the order;
 - (5) A brief description of the procedure for how a recipient may request that the Chief Operating Officer reconsider either issuance or specific details of the order; and
 - (6) Any other information the Chief Operating Officer considers necessary.
- (b) Within two days after the date of any required use order, the Chief Operating Officer will give notice of the required use order as follows:

- (1) By United States mail, postage prepaid, to each person subject to the required use order at the person's last known address; and
 - (2) By any other method that the Chief Operating Officer considers necessary, and most likely, to ensure actual notice to the person subject to the order.
- (c) The failure of any person subject to a required use order to receive notice of the order does not affect the order's validity and it does not excuse any person from complying with the order's terms. [Ord. 89-319; Ord. 91-388, Sec. 4; Ord. 14-1337; Ord. 16-1389.]

5.05.220 Requests for Reconsideration of Required Use Order

- (a) Any person receiving a required use order may request that the Chief Operating Officer reconsider issuance of the order or specific details of the order. The requesting person may premise the request on any matter that was relevant to the order's issuance, as specified in Metro Code Section 5.05.200.
- (b) A request for reconsideration must be in writing and on a form provided by Metro. To be timely, the Chief Operating Officer must receive a request for reconsideration within 30 days of the required use order's issuance date, as specified in the order.
- (c) The Chief Operating Officer will review a request for reconsideration and, within 15 days of receipt, either affirm or modify the order.
 - (1) The affirmance or modification will be considered timely if Metro deposits it in the mail within the 15-day period, with regular first class postage and addressed to the person requesting review.
 - (2) The affirmance or modification must include a brief statement of the decision's basis, and a brief statement on how the requesting party may request that the Chief Operating Officer review the decision.
- (d) The reconsideration process is intended to be informal. It may include personal, written, or telephone contact between the requesting party and the Chief Operating Officer or Finance and Regulatory Services staff.
- (e) If the Chief Operating Officer fails to issue a timely decision, the person receiving the order may appeal the decision to a hearings officer as specified in Metro Code Section 5.05.230.
- (f) A request for reconsideration does not stay the order issued. A required use order is effective on the date issued, and will remain in effect until Metro modifies or revokes the order. [Ord. 91-388, Sec. 5; Ord. 02-974; Ord. 14-1337; Ord. 16-1389.]

5.05.230 Appeals to the Hearings Officer

- (a) Any person receiving a required use order may appeal the order to a hearings officer. The hearings officer may review any matter that was relevant to the order's issuance, as set forth in Metro Code Section 5.05.200.
- (b) An appeal to the hearings officer must be in writing and on a form provided by Metro. The hearings officer must receive the appeal within 30 days of the order's issuance date or affirmance date.
- (c) Within 15 days of receiving the appeal, the hearings officer must issue a written order either affirming or modifying the Chief Operating Officer's decision.
 - (1) The hearings officer's order is timely if it is deposited in the mail within the 15-day period, with regular first class postage and addressed to the appellant.
 - (2) The hearings officer's order must include a brief statement of the basis for the decision, and a brief statement of the process for contested case review of the decision by the Council.
- (d) If the appellant is not satisfied with the hearings officer's order, or if the hearings officer fails to issue a timely order, the person receiving the Order may appeal the order to the Council as a contested case proceeding. The contested case hearing will be limited to the following whether:
 - (1) Exceptional circumstances of the person justify Council to revoke or modify the order; or
 - (2) The order is likely to cause extreme financial hardship to the person subject to the order.
- (e) An appeal does not stay the order issued. A required use order is effective on the date issued and remains in effect until modified or revoked. [Ord. 91-388, Sec. 5; Ord. 02-974; Ord. 14-1337; Ord. 16-1389.]

5.05.240 Solid Waste Tracking System

The Chief Operating Officer will maintain a system for tracking solid waste that is generated, collected, transported or disposed within or outside Metro for the purpose of ensuring compliance with the requirements of this chapter. [Ord. 89-319; Ord. 02-974; Ord. 14-1337; Ord. 16-1389.]

5.05.250 Solid Waste Flow Control Enforcement; Fines, Penalties and Damages for Violations

- (a) Any person who violates any provision of this chapter, any non-system license condition, or a required use order is subject to the fines and penalties set forth in this section.

- (b) The Chief Operating Officer may assess the following fines and penalties:
- (1) A fine not to exceed \$500 for each violation; and
 - (2) A revocation of credit by Metro for the use of any system facility until the violator pays in full all fines owing under this chapter as a result of any violation.
- (c) In addition to the fines and penalties in subsection (b):
- (1) Any person who fails to comply with any non-system license condition must pay to Metro a fine in an amount equal to (i) the regional system fee multiplied by (ii) the number of tons (or fractions thereof) of solid waste generated within Metro transported, disposed of or otherwise processed in violation of the non-system license conditions;
 - (2) Any person who, without having a non-system license then in effect, transports solid waste generated within Metro to, or utilizes or causes to be utilized for the processing or disposal of any solid waste generated within Metro, any non-system facility must pay to Metro a fine in an amount equal to the non-system license application fee that would have otherwise been required to authorize the waste disposed, plus an amount equal to the regional system fee and excise tax multiplied by the number of tons (or fractions thereof) of solid waste generated within Metro transported, recycled, disposed of or otherwise processed to or at any non-system facility; and
 - (3) Any person who violates Metro Code Section 5.05.040(b) by falsely stating the origin of waste transported to a system facility must pay to Metro a fine in an amount equal to the regional system fee and excise tax multiplied by the number of tons (or fractions thereof) of solid waste generated within the Metro regional boundary transported to the system facility.
- (d) Metro may commence an appropriate legal action to collect the fines and penalties provided for above. Metro may also seek to enjoin any violation of this chapter or any failure to comply with any condition of a non-system license or required use order.
- (e) An authorized gatehouse employee may enforce a required use order at any Metro facility by denying facility access to any person if the person is:
- (1) Subject to a required use order, and
 - (2) Attempting to deliver waste to a facility not specified in the required use order.

This enforcement is in addition to the fines and penalties that Metro may levy pursuant to this section. [Ord. 89-319; Ord. 91-388, Sec. 6; Ord. 01-917, Sec. 12; Ord. 02-974; Ord. 03-992B, Sec. 2; Ord. 06-1104; Ord. 14-1337; Ord. 16-1389.]

5.05.270 Contested Case Proceedings

Any person wishing to contest any decision made by the Chief Operating Officer under this chapter may commence a contested case proceeding pursuant to Chapter 2.05 of the Metro Code. [Ord. 89-319; Ord. 02-974; Ord. 14-1337; Ord. 16-1389.]

CHAPTER 5.07

RECYCLING CREDITS

- 5.07.010 Purpose
- 5.07.020 Program Description
- 5.07.030 Eligibility Criteria
- 5.07.040 Annual Agreements for Credits
- 5.07.050 Budget Authorization

5.07.010 Purpose

The purpose of this chapter is to provide disposal cost relief at Metro solid waste disposal facilities for charitable, nonprofit entities that accomplish a significant level of waste reduction and recycling in operating programs that also have significant benefits to the region. [Ord. 90-362A, Sec. 1.]

5.07.020 Program Description

Recycling credits are established to provide disposal cost relief at Metro disposal facilities to organizations that qualify under the eligibility criteria listed in Section 5.07.030.

Recycling credits are based on an eligible organization's overall waste reduction level (summarized in this program as "recycling level"). The waste reduction level includes both reuse and recycling activities. The following formula establishes the amount of the recycling credit relative to the organization's recycling level. Recycling credits will be applied to total disposal costs at the time Metro bills the eligible organization:

If the recycling level is 70 percent or above, a 100 percent credit is granted;

If the recycling level is 65 percent or above, a 90 percent credit is granted;

If the recycling level is 60 percent or above, an 80 percent credit is granted;

If the recycling level is 55 percent or above, a 70 percent credit is granted;

If the recycling level is 50 percent or above, a 60 percent credit is granted;

If the recycling level is below 50 percent, no credit is granted.

The recycling level of the eligible organization will be based on documentation provided to Metro's solid waste Director on an annual basis. Recycling credits are not available at facilities where Metro does not serve as the billing entity. [Ord. 90-362A, Sec. 1.]

5.07.030 Eligibility Criteria

An organization qualifies to receive a recycling credit if the following criteria have been documented during the annual application process:

- (a) The organization must be classified as a nonprofit organization under Section 501(c)(3) of the United States Internal Revenue Code. Furthermore, the organization submits an annual report on Federal Form 990 (Return of Organization Exempt for Income Tax).
- (b) The organization must be registered as a nonprofit organization with the Corporation Commission of the State of Oregon.
- (c) The organization submits an annual report to the Oregon Department of Justice Charitable Trust Section and provides assistance to needy citizens of the region and opportunities for employment to those in need of assistance and rehabilitation.

- (d) The organization does not contract with for-profit organizations to collect, process, or sell used goods.
- (e) The organization must be engaged, as a primary form of revenue, in the processing of donated goods for resale or reuse.
- (f) The organization facilitates the opportunity to reuse and recycle for the general public via curbside collection of donated goods or staffing of drop-off sites.
- (g) The waste reduction activities of the organization divert a significant amount of material that might otherwise be landfilled. A significant amount is defined as a minimum of 250 tons per year of donated goods that are either reused or recycled.
- (h) The organization is a credit customer in good standing at Metro disposal facilities.
- (i) The organization submits annual waste reduction data to the Metro solid waste Director by February 15th of each year which documents the organization's recycling level for the preceding calendar year using a methodology approved by Metro.
- (j) No portion of Metro funds authorized by this program will benefit any religious function of any religious organization. [Ord. 90-362A, Sec. 1; Ord. 02-974, Sec. 1.]

5.07.040 Annual Agreements for Credits

The Chief Operating Officer is hereby authorized to enter into annual agreements which may not extend beyond the end of the current fiscal year with organizations determined by the Chief Operating Officer to be eligible and who meet the waste reduction levels established herein. Consistent with the budget authorization adopted by the Council of Metro, as provided for in Section 5.07.050 herein, the Chief Operating Officer shall on an annual basis enter into agreements with eligible organizations so desiring and allocate available funds for recycling credits to such organizations that continue to meet the eligibility criteria and program requirements provided for herein. In the event that sufficient funds are not available to provide the level of recycling credit established in Section 5.07.020 provided for herein each agreement shall provide that the organization shall only be entitled to the receipt of the credit for tonnages actually delivered until such time as the total authorized amount has been credited throughout the program. Once the annual authorized amount is exhausted by the combined efforts of the eligible organizations then recycling credits shall no longer be available during the remaining portion of that fiscal year unless a further authorization is approved.

The form of such agreements entered into by the Chief Operating Officer shall be consistent with the terms and provisions of this chapter and shall be in a form approved by the Metro Attorney. [Ord. 90-362A, Sec. 1; Ord. 02-974, Sec. 1.]

5.07.050 Budget Authorization

The Council shall establish by ordinance, which may be the annual budget ordinance, the amount available for applying for recycling credits pursuant to this program. The Chief Operating Officer may not enter into agreements or authorize the credits in an amount greater than that provided for by the Council. The agreements authorized under Section 5.07.040 are hereby exempted from the requirements of Chapter 2.04 but may be entered into with any eligible organization making application therefore within 30 days prior to funds being available for recycling credits as authorized by the Council. [Ord. 90-362A, Sec. 1; Ord. 02-974, Sec. 1.]

5.08.010 Purpose

The purpose of this chapter is to set forth consistent, transparent and objective procedures for adopting administrative rules that further implement the obligations and requirements of Metro Code Title V.

5.08.020 Chief Operating Officer May Adopt Rules

The Chief Operating Officer may adopt or amend rules to implement any provision of Title V (Solid Waste). Any rule adopted or amended under this chapter has the same force and effect as any other chapter provision in Title V.

5.08.030 Public Comment Opportunity Required

Before the Chief Operating Officer adopts or amends a rule, the Chief Operating Officer must provide an opportunity for written public comment for a period of at least 30 days. The Chief Operating Officer will provide notice of the public comment period in a manner reasonably calculated to reach interested parties. The notice will include a brief description of the proposed rule; the location at which a person may obtain a copy of the full text of the proposed rule; the method for submitting public comments; and the deadline for submitting public comments.

5.08.040 Oral Hearing; Requirements

- (a) In addition to written public comments, the Chief Operating Officer will also hold an oral hearing on any proposed rule or amendment to an existing rule during the written comment period. Metro will give notice of and schedule the oral hearing at the same time that it makes available the proposed rules, provided that the oral hearing cannot be scheduled less than 10 days from the notice date. The notice will include the time,

place, and purpose of the oral hearing, a brief description of the proposed rule, and the location at which a person may obtain copies of the full text of the proposed rule.

- (b) During the oral hearing, the Chief Operating Officer will receive any offered written or oral testimony regarding the proposed rule, in addition to any written comments received during the written public comment period.

5.08.050 Adoption of Administrative Rules

- (a) After the written public comment period is closed, the Chief Operating Officer may adopt the rule as originally proposed, adopt a modified version of the proposed rule, or reject the proposed rule.
- (b) If the Chief Operating Officer intends to adopt a substantially modified version of the proposed rule, the Chief Operating Officer must provide a notice of opportunity to comment on the proposed modifications along with a copy of the text of the new proposed changes to each person who has provided contact information and has either submitted written comments on the proposal, testified at the oral hearing, or asked to receive a notice of proposed modifications. Metro must also post the notice on its website. The public has 15 days from the notification date to provide written comment on the proposed modifications, but no further public hearing is required. After the 15-day comment period ends, the Chief Operating Officer may adopt the proposed rule.

5.08.060 Effective Date of Administrative Rules

With the exception of a temporary rule, any rule adopted under this chapter takes effect 30 days after the Chief Operating Officer adopts it, unless the Chief Operating Officer specifies a later effective date.

5.08.070 Temporary Rules; Adoption and Effective Date

Notwithstanding Sections 5.08.030 (Public Comment) and 5.08.040 (Oral Hearing), the Chief Operating Officer may adopt a temporary rule without prior public notice, written comment or hearing upon a written finding that a failure to act promptly will result in serious prejudice to the public interest or the interest of an affected party. The Chief Operating Officer must include the specific reasons for the serious prejudice. Any rule adopted pursuant to this section expires no later than 180 days from its effective date.

5.08.080 Writ of Review; Final Decision

For purposes of ORS 34.020, any rule adopted by the Chief Operating Officer under this chapter is considered a final decision.

5.08.090 Prior Rules, Performance Standards and Forms Remain in Effect

Any form, performance standard, or administrative rule (formerly known as an “administrative procedure”) that is in effect on the date when this chapter is adopted continues to remain in effect unless otherwise repealed or amended.

5.08.100 Agency-wide Rulemaking Procedures Supersede this Chapter

If the Metro Council establishes rulemaking procedures that are applicable agency-wide, then the rulemaking procedures set forth in this chapter are superseded by the agency-wide procedures. [Ord. 19-1441.]

- (b) To assist and coordinate with local governments in controlling illegal disposal throughout the Metro region;
- (c) To carry out the provisions related to illegal disposal in the Regional Waste Plan; and
- (d) To prevent fraudulent and unauthorized deliveries of hazardous waste to Metro transfer stations and household hazardous waste facilities. [Ord. 94-557; Ord. 06-1107; Ord. 13-1311; Ord. 14-1331, Sec. 6; Ord. 19-1432.]

- (a) No person shall transport or carry, or direct another person to transport or carry, any solid waste, including rubbish, trash, garbage, debris or other refuse, or recyclable material, in or on a motor vehicle or trailer, upon a public road right-of-way within Metro, unless such solid waste or recyclable material is:
 - (1) Completely covered on all sides and on the top and bottom and such cover is either a part of or securely fastened to the body of the motor vehicle or trailer; and
 - (2) Contained in the body of the motor vehicle or trailer in such a way as to prevent any part of the solid waste or recyclable material from being deposited upon any private or public property, road, right-of-way or driveway within Metro.
- (b) No person shall throw or place any solid waste, or direct another person to throw or place any solid waste, upon the private land or waters of another person, into a solid waste receptacle of another person without the permission of the owner, upon

public lands or waters, or upon any public place other than at a solid waste facility authorized to accept such waste by Oregon law and the Metro Code.

- (c) No person who has generated or otherwise has possession or control of solid waste shall direct or permit another person to dispose of such solid waste if the person who has generated or otherwise has possession or control of such solid waste knows, or has reason to know, that the person directed or permitted to dispose of such solid waste will not dispose of such solid waste in compliance with all applicable local, state, and federal laws and regulations. No person whose solid waste was collected by a hauler that is franchised or otherwise authorized by a local government to collect waste shall be held in violation of this chapter for illegal disposal of such waste.
- (d) No person shall deliver to a Metro transfer station any hazardous waste, other than hazardous waste delivered to a Metro household hazardous waste facility, that is household hazardous waste or hazardous waste generated by a conditionally exempt generator.
- (e) No person shall deliver to a Metro household hazardous waste facility or collection event any hazardous waste other than household hazardous waste or hazardous waste generated by a conditionally exempt generator.
- (f) No person shall make a false statement to Metro certifying that hazardous waste they have delivered to a Metro household hazardous waste facility or collection event for disposal or recovery is household hazardous waste or hazardous waste generated by a conditionally exempt generator.
- (g) No person shall deliver non-putrescible solid waste generated within Metro that has not undergone material recovery, or direct another person to deliver such solid waste, to any facility other than a Metro-authorized material recovery facility.
[Ord. 94-557; Ord. 02-974, Sec. 1; Ord. 06-1107.]

5.09.050 Civil Fines and Costs

- (a) Any person violating any provision of this chapter shall be subject to:
 - (1) A civil fine of not more than \$500 for each violation; and
 - (2) An award of costs to reimburse Metro for the following actual expenses:
 - (A) administrative costs of investigation and collection; and
 - (B) cleanup, management, and disposal costs incurred.

The fines and costs shall be included in the citation and a hearings officer shall not assess additional fines or costs except the hearings officer may assess an additional

fee, not to exceed \$50, if a party fails to appear at a hearing that he or she requested, unless for good cause shown.

- (b) Payment of a civil fine imposed by a citation issued under this chapter does not relieve a violator of responsibility to remedy the violation.
- (c) Nothing in this chapter is intended to prevent other legal action against a person alleged to have violated a provision enforceable under this chapter. Metro, or any person or governmental entity whose interest is or may be affected by violation of a provision enforceable under this chapter, may take whatever legal or equitable action necessary to abate a nuisance, impose criminal sanctions or collect damages, regardless of whether an action has been commenced under this chapter. Violation of Metro Code 5.09.040 is hereby declared to be a nuisance and subject to abatement or injunction as any other nuisance. [Ord. 94-557; Ord. 94-581, Sec. 1; Ord. 06-1107; and Ord. 13-1311.]

5.09.060 Persons Authorized to Issue Citations

The following persons are authorized to issue citations under this chapter:

- (a) The Chief Operating Officer or designee; and
- (b) A police officer, deputy sheriff, or other designated enforcement agent operating under cooperative arrangement or contract with Metro. [Ord. 94-557; Ord. 06-1107; and Ord. 13-1311.]

5.09.070 Procedure for Service of Citation

- (a) An authorized official shall serve a citation on a cited person in at least one of the following ways:
 - (1) Personally;
 - (2) By delivery to a person over 14 years of age residing at the cited person's abode, if the cited person is not available at the abode for service;
 - (3) If the person to be issued a citation is a firm, corporation, or other organization other than an individual, by delivery to any employee, agent or representative thereof, including such cited person's registered agent; or
 - (4) By certified or registered mail, return receipt requested. If the cited person is an individual, then such service shall be addressed to the person's abode. If the cited person is a corporation, firm, or other business entity, then such service shall be addressed to the person's registered agent or to any officer, director, general partner, or managing agent of such person.

- (b) An authorized official may not arrest any person for violation of this chapter. An authorized official may detain any person reasonably believed to have committed a violation of this chapter, but only so long as is necessary to determine, for the purposes of issuing a citation, the identity of the violator and such additional information as is appropriate for law enforcement agencies in the state. [Ord. 94-557; and Ord. 06-1107.]

5.09.080 Issuance of Warnings

- (a) A person authorized to issue a citation under this chapter may issue a warning of an alleged violation under this chapter.
- (b) If issued, a warning notice shall be in writing and shall be delivered to the person alleged to have committed the violation in person or in any other manner reasonably calculated to give notice of the violation, including posting or regular mail. [Ord. 94-557; Ord. 94-581, Sec. 2; Ord. 06-1107; and Ord. 13-1311.]

5.09.090 Citation Content

- (a) A citation substantially conforming to the requirements of this section and approved by the Chief Operating Officer and the Metro Attorney shall be used for all violations enforceable under this chapter.
- (b) Each citation shall contain the following information:
 - (1) Identification of Metro, as the public body in whose name the action is brought;
 - (2) Hearings officer file number;
 - (3) Name of the cited person;
 - (4) The Metro Code section violated;
 - (5) The date and time at which the violation is alleged to have occurred, or the date the violation was first observed by the authorized official issuing the citation or a complainant;
 - (6) A short and plain statement of the violation of which the person is charged;
 - (7) The place at which the violation is alleged to have occurred;
 - (8) The date on which the citation was issued;
 - (9) The name of the authorized official issuing the citation;

- (10) The amount of the civil fines and costs imposed for the violation;
 - (11) An explanation that paying the civil fine assessed in the citation does not relieve the cited person of the responsibility to remedy the violation, and that failure to remedy the violation may result in additional citations;
 - (12) The time by which the cited person must respond to the citation by either (a) requesting a hearing, (b) admitting responsibility and paying the civil fine and costs, or (c) paying the civil fine and costs and submitting a written explanation of why the cited person should not be found in violation of the Metro Code or of any mitigating circumstances related to the violation, and requesting that a hearings officer reduce and refund all or part of the civil fine and costs paid;
 - (13) The place where the cited person must direct his or her response;
 - (14) A notice statement informing the cited person that failure to respond to the citation could result in the entry of a default order against the cited person, including the imposition of a civil fine of up to \$500 per violation plus additional costs incurred to investigate the violation; to cleanup, manage, and dispose of solid waste that is the subject of the violation; and to collect all civil fines and costs. The notice shall further inform the cited person that the failure to pay civil fines and costs imposed by order of a hearings officer could result in entry of a judgment against the cited person for the unpaid civil fines and costs, the county clerk recording the person's name and the amount of the fines and costs in the county clerk lien record, and Metro seeking other legal or equitable relief as provided by law;
 - (15) A certification by the authorized official issuing the citation, under penalty of ORS 153.990, that the authorized official issuing the citation has reasonable grounds to believe, and does believe, that the cited person committed a violation enforceable under this chapter. A certificate conforming to this subsection shall be deemed equivalent to a sworn citation; and
 - (16) The method of service and certification that service has been made. If service is made by certified or registered mail, return receipt requested, it shall be so stated on the citation and the required certification of service may be made upon receipt of the "return receipt." Service by certified or registered mail shall be as specified in Section 5.09.070(a)(4).
- (c) An error in transcribing information into a citation, when determined by the hearings officer to be non-prejudicial to the defense of the cited person, may be corrected at the time of hearing or prior to time of hearing with notice to the cited person. Except as provided in this subsection, a citation that does not conform to the requirements of this section shall be set aside by the hearings officer upon

motion of the cited person before any other proceedings at the hearing. Minor variations in the form of citation shall not be a basis for setting aside a citation.

- (d) Nothing prohibits the hearings officer from amending a citation in the hearings officer's discretion. [Ord. 94-557; Ord. 94-581, Sec. 3; Ord. 06-1107; Ord. 13-1311.]

5.09.100 Representation at Hearing

- (a) A cited person may retain an attorney, at the person's own expense, for representation at the hearing provided that written notice of such representation is received by the Metro Attorney five working days in advance of the hearing. The hearings officer may waive this notice requirement in individual cases or reset the hearing for a later date.
- (b) When a cited person is not represented by legal counsel at the hearing, then Metro shall not be represented by legal counsel at the hearing. In such case, Metro legal counsel may advise Metro staff in preparation of the case, be present at the hearing for the purpose of consulting with and advising Metro staff, and answer procedural questions posed by the hearings officer. Nothing prevents the unrepresented party from consenting to legal counsel representing Metro at the hearing. [Ord. 94-557; Ord. 06-1107; and Ord. 13-1311.]

5.09.110 Appearance by Cited Person

- (a) The cited person shall either appear as specified in the citation on or before the close of business on the date indicated in the citation, or prior to such time deliver to the address noted in the citation:
 - (1) A request for a hearing;
 - (2) A statement of responsibility and a check, cash or money order in the amount of the civil fine set forth in the citation; or
 - (3) A statement of explanation in mitigation of the offense charged with a request for a reduction in fines and costs and a check, cash, or money order in the amount of the civil fine set forth in the citation, which combined shall constitute a waiver of hearing and consent to judgment by the hearings officer.
- (b) If the cited person requests a hearing, the hearings officer shall fix a date and time for a hearing. Unless notice is waived, the hearings officer shall mail to the cited person a notice of the date and time of the hearing at least five working days prior to the hearing. The notice shall:

- (1) Be in the form of a "Notice to Appear" and contain a warning that if the cited person fails to appear, a finding of responsibility will be entered against that person; and
 - (2) Be sent to the cited person at the person's last known address by regular mail.
- (c) By agreement of all parties, the hearing may be conducted using technology such as the telephone or video conferencing equipment. If setting a hearing by telephone or video conference, the hearings officer shall set the date and time by which the parties must exchange documents, exhibits, and witness lists. [Ord. 94-557; Ord. 94-581, Sec. 4; Ord. 06-1107; and Ord. 13-1311.]

5.09.120 Prehearing Discovery

The pretrial discovery rules in ORS 135.805 to 135.873 shall apply to violation cases under this chapter. As used in ORS 135.805 to 135.873, "district attorney" shall refer to a Metro attorney or authorized official, and "defendant" shall refer to a cited person under this chapter. [Ord. 94-557; Ord. 06-1107; and Ord. 13-1311.]

5.09.130 Procedures Before Hearings Officer

- (a) An allegation of violation of any provision of this chapter shall, if not admitted by the cited person or settled by the department prior to or during the hearing, be resolved by a hearings officer.
- (b) The hearings officer shall be independent of all Metro departments although, for administrative purposes, such officer or officers may be established as part of the Finance and Regulatory Services Department, Office of the Metro Attorney, or Office of the Auditor.
- (c) Metro shall have the burden of proving the alleged violation by a preponderance of the evidence.
- (d) The hearings officer shall apply the following rules of evidence:
 - (1) All evidence, including hearsay evidence, of a type commonly relied upon by reasonably prudent persons in conducting their serious affairs shall be admissible.
 - (2) Evidence objected to may be admitted at the hearing officer's discretion and all evidence offered but not objected to shall be received. All evidence is subject to the hearings officer's discretion to exclude irrelevant, prejudicial, untimely or unduly repetitious evidence and to weigh all evidence received.

- (A) Relevant evidence. Relevant evidence means evidence having any tendency to make the existence of any material fact more or less probable than it would be without the evidence.
 - (B) Prejudicial evidence. Prejudicial evidence means evidence whose probative value is outweighed by the danger of unfair prejudice, confusion of the issues, or considerations of undue delay, waste of time or needless presentation of cumulative evidence.
- (3) Rulings on the admissibility or exclusion of evidence may be made at the hearing or at the time an order is issued.
- (4) Upon reconsideration of an evidentiary ruling, a hearings officer shall preclude action only if the ruling was both erroneous and substantially prejudicial to the rights of a party.
- (5) The hearings officer shall give effect to the rules of privilege recognized by law.
- (e) A name of a person found on solid waste in such a way that it denotes ownership of the items constitutes rebuttable evidence that the person has violated Metro Code 5.09.040(b) or 5.09.040(c). The hearings officer shall determine at the hearing whether the evidence in question is sufficient to give rise to a rebuttable presumption of responsibility against the cited person, and shall so notify the cited person following presentation of Metro's case.
- (f) The hearings officer shall place on the record a statement of the substance of any written or oral ex parte communication made to the hearings officer on a fact in issue during the pendency of the proceedings. The hearings officer shall notify the parties of the communication and of their right to rebut such communication.
- (g) The hearings officer shall have the authority to administer oaths and take testimony of witnesses. In response to a request by Metro or the cited person, or upon the hearings officer's own motion, the hearings officer may issue subpoenas in accordance with the following provisions of this section, or if not addressed herein, with the Oregon Rules of Civil Procedure:
 - (1) Metro or the cited person shall request that the hearings officer order witnesses to appear by subpoena in writing at any time at least five days prior to the scheduled hearing.
 - (2) A \$15 deposit for each witness shall accompany each request for a subpoena by a cited person. The deposit will be refunded, as appropriate, if the witness cost is less than the amount deposited.

- (3) Witnesses ordered to appear by subpoena shall be allowed the same fees and mileage as allowed in civil cases.
- (4) If a civil fine is imposed in the final order, the order shall include an order for payment of actual costs for any witness fees attributable to the hearing.
- (h) The parties shall have the right to cross-examine witnesses who testify and shall have the right to submit evidence.
- (i) The cited person may not be required to be a witness in the hearing of any violation under this chapter.
- (j) Proof of a culpable mental state is not an element of a violation under this chapter.
- (k) After due consideration of the evidence and arguments, the hearings officer shall determine whether the violation alleged in the citation has been proven and enter an order as follows:
 - (1) If the hearings officer determines that the violation has not been proven, a final order dismissing the citation shall be entered.
 - (2) If the hearings officer determines that the violation has been proven, the hearings officer shall enter an appropriate final order that sets forth both findings of fact and conclusions of law, the amount of the civil fine and costs imposed, instructions regarding payment, and the appeal rights of the cited person.
 - (3) A copy of the final order shall be served on the cited person, or on the cited person's attorney(s) of record, by regular mail with certificate of service from the hearings officer.
- (l) An audio recording shall be made of the hearing unless waived by both parties. The recording or a written transcript shall be retained for at least 90 days following the hearing or final judgment on appeal, whichever is later. [Ord. 94-557; Ord. 94-581, Sec. 5; Ord. 02-974, Sec. 1; Ord. 06-1107; and Ord. 13-1311.]

5.09.140 Failure to Appear by Cited Person

A cited person fails to appear if he or she does not respond by the time specified on the citation or if he or she requests a hearing and does not appear at the time scheduled by the hearings officer. If the cited person fails to appear, the hearings officer shall review any evidence submitted to determine if Metro has established the violation by a preponderance of the evidence and shall enter an appropriate final order that includes instructions regarding payment and the process to appeal the decision. Where a cited person requests a hearing and fails to appear, the hearings officer may assess an additional fee not to exceed \$50. A copy of the hearings officer's final order shall be served on the cited person using

one of the methods of service described in Metro Code 5.09.070. [Ord. 94-557; Ord. 94-581, Sec. 6; Ord. 06-1107; and Ord. 13-1311.]

5.09.150 Review of Hearings Officer Decisions

- (a) A motion to reconsider the final order of the hearings officer must be filed within 10 days of the original order. The hearings officer may reconsider the final order with or without further briefing or oral argument. If allowed, reconsideration shall result in reaffirmance, modification, or reversal. Filing a motion for reconsideration does not toll the period for filing an appeal in court.
- (b) A cited person may appeal a final order by Writ of Review as provided in ORS 34.010 through 34.100. [Ord. 94-557; Ord. 06-1107; and Ord. 13-1311.]

5.09.160 Collection of Civil Fines and Costs

- (a) Fines and costs are payable upon receipt of an invoice from Metro pursuant to a written settlement or final order imposing fines and costs. Fines and costs under this chapter are a debt owing to Metro and may be collected in the same manner as any other debt.
- (b) The Chief Operating Officer or designee may initiate appropriate legal action, in law or equity, in any court of competent jurisdiction to enforce the provisions of any written settlement or final order of the hearings officer.
- (c) In addition to other remedies available in law or equity, when an order assessing civil fines and costs under this chapter becomes final by operation of law or on appeal and the amount of the fines or costs is not paid within 10 days after the order becomes final, the order may be recorded and enforced as provided in ORS 268.360(5). [Ord. 94-557; Ord. 02-974, Sec. 1; Ord. 06-1107; and Ord. 13-1311.]

5.09.170 [Repealed Ord. 19-1441; Effective February 19, 2020]

5.09.180 Severability

If any section, subsection, paragraph, sentence, clause, phrase, or other portion of this chapter is found to be invalid or unconstitutional by a court of competent jurisdiction, that portion of the chapter shall be deemed separate and distinct, and the remainder of this chapter shall continue in full force and effect. [Ord. 94-557.]

5.09.190 Authority to Settle

The Chief Operating Officer or designee is authorized to enter into negotiations with the parties or their legal representatives involving any provision of this chapter for the collection of fines and costs, to negotiate a settlement, or both. [Ord. 13-1311.]

5.11.030 Reserve Cap

Metro will allocate the fees described in Section 5.11.020 to the Disaster Debris Management Reserve until the Reserve amount reaches \$5 million, after which Metro will no longer allocate these fees to the Reserve. 5.15.010 Purpose and Intent

The purpose of this chapter is to establish a process for determining whether local government actions comply with the Regional Waste Plan. The Council intends the process to be efficient and cost effective and to provide an opportunity for the Council to interpret the requirements of the Regional Waste Plan.

5.15.020 Compliance with the Regional Waste Plan

- (a) A local government must comply with the Regional Waste Plan.
- (b) Metro will notify each local government that is not in compliance with the Regional Waste Plan. The Chief Operating Officer will make findings regarding the non-compliance and will recommend actions that will bring the local government into compliance.
- (c) A local government that receives a notice of non-compliance must respond to Metro in writing within 60 days from the date of the notification. The response must include:
 - An agreement to implement Metro's recommended actions;
 - An alternate proposal for Metro's consideration and approval that describes other actions that the local government will take to achieve compliance; or
 - A request for a compliance extension under Section 5.15.030.
- (d) If a local government fails to respond as provided in subsection (c) or refuses to comply with the Regional Waste Plan requirements, the Chief Operating Officer may proceed to the non-compliance procedures under Section 5.15.040 and as set forth in administrative rules.

5.15.030 Compliance Date; Extension Request

- (a) Metro will notify each local government of the compliance date of all Regional Waste Plan requirements.
- (b) A local government may seek an extension of time to comply with a Regional Waste Plan requirement by submitting a written request for an extension to Metro as set forth in administrative rules.

5.15.040 Non-Compliance

- (a) The Council may review the Chief Operating Officer's finding that a local government has not complied with the Regional Waste Plan requirements and performance standards. The process is set forth in administrative rules.
- (b) If the Council finds that the local government action is out of compliance with the Regional Waste Plan or any related rules or provisions of the Metro Code, the Council may adopt a resolution that (1) identifies the noncompliant action; (2) directs changes in the local government action; and (3) requires any other action, including penalties.
- (c) If the Council chooses not to review the Chief Operating Officer's findings, the Chief Operating Officer will direct the necessary actions.

5.15.050 Technical and Financial Assistance

Metro will encourage a local government to use the technical and financial assistance programs provided by Metro to help the local government comply with the Regional Waste Plan requirements.

5.15.060 Local Government Conformity to the Regional Waste Plan

A local government may not adopt any ordinance, order, regulation, or contract affecting solid waste management that conflicts with the Regional Waste Plan requirements.

5.15.070 Administrative Rules

- (a) The Chief Operating Officer may adopt administrative rules under the provisions set forth in Chapter 5.08 to govern the obligations under this chapter and implement all provisions of this chapter.
- (b) In addition to the general administrative rulemaking authority in Chapter 5.08, the Chief Operating Officer also has explicit authority to establish by administrative rule:
 - (1) The procedures and timelines for seeking an extension for compliance.
 - (2) The process for review of the Chief Operating Officer's findings per section 5.15.040.

RESIDENTIAL SERVICE

5.15.110 Purpose and Intent

A local government must adopt and implement the residential service standard as required by the Regional Waste Plan and as specified in this chapter and administrative rules. The residential service standard ensures a comprehensive and consistent level of solid waste collection service for the region.

5.15.120 Implementation and Compliance

- (a) A local government must implement the residential service standard by adopting the provisions of Section 5.15.130 and associated administrative rules.
- (b) A local government must provide information related to compliance with this requirement at Metro's request and as specified in administrative rules.

5.15.130 Residential Service Standard

The Chief Operating Officer will adopt administrative rules to implement the residential service standard. The standard requires, without limitation, that a local government must:

- (a) Provide comprehensive single-family residential solid waste collection services including collection of acceptable recyclable materials;
- (b) Provide comprehensive multifamily residential solid waste collection services including collection of acceptable recyclable materials;
- (c) Implement minimum service levels for all collected materials for multifamily residential customers;
- (d) Develop and implement standards for collection areas, to ensure adequate access to collection receptacles;
- (e) Provide supporting solid waste outreach and education programs and materials to all residential solid waste generators;
- (f) Implement regional standards for collection container colors, signage and related informational materials; and

BUSINESS SERVICE AND RECYCLING REQUIREMENT

5.15.210 Purpose and Intent

7.01.020 Tax Imposed

- (a) For the privilege of the use of the facilities, equipment, systems, functions, services, or improvements owned, operated, certified, licensed, franchised, or provided by Metro, each user, except persons subject to the tax provided in subsection 7.01.020(c), shall pay a tax of 7.5 percent of the payment charged by the operator or Metro for such use unless a lower rate has been established as provided in subsection 7.01.020(b). The tax constitutes a debt owed by the user to Metro which is extinguished only by payment of the tax directly to Metro or by the operator to Metro. The user shall pay the tax to Metro or to an operator at the time payment for the use is made. The operator shall enter the tax on his/her records when payment is collected if the operator keeps his/her records on the cash basis of accounting and when earned if the operator keeps his/her records on the accrual basis of accounting. If installment payments are paid to an operator, a proportionate share of the tax shall be paid by the user to the operator with each installment.
- (b) The Council may for any period commencing no sooner than July 1 of any year and ending on June 30 of the following year establish a tax rate lower than the rate of tax provided for in subsection 7.01.020(a) or in subsections 7.01.020(c)-(e) by so providing in an ordinance adopted by Metro. If the Council so establishes a lower rate of tax, the Chief Operating Officer shall immediately notify all operators of the new tax rate. Upon the end of the fiscal year the rate of tax shall revert to the maximum rate established in subsection 7.01.020(a) unchanged for the next year unless further action to establish a lower rate is adopted by the Council as provided for herein.

- (c) Except as provided in Metro Code Section 7.01.050, each person who disposes of solid waste at a solid waste system facility shall pay a tax in the amount calculated under subsection (e)(1) for each ton of solid waste disposed exclusive of recoverable solid waste accepted at Metro Central or Metro South stations and source separated recyclable materials accepted at the solid waste system facilities. The tax constitutes a debt owed by the person to Metro which is extinguished only by payment of the tax directly to Metro or by the operator to Metro. The person shall pay the tax to Metro or to an operator at the time payment for the use is made. The operator shall enter the tax on his/her records when payment is collected if the operator keeps his/her records on the cash basis of accounting and when earned if the operator keeps his/her records on the accrual basis of accounting. If installment payments are paid to an operator, a proportionate share of the tax shall be paid by the person to the operator with each installment.
- (d) For the Metro fiscal year beginning July 1, 2010, the tax rate imposed and calculated under subsections (c) through (f) of this section shall be sufficient to generate net excise tax revenue of \$11,370,000 after allowing for any tax credit or tax rebate for which provision is made in this chapter. For each Metro fiscal year thereafter the tax rate imposed and calculated under this section shall be sufficient to generate net excise tax revenue equal to the net excise tax revenue authorization in the previous fiscal year as adjusted in accordance with Section 7.01.022.
- (e) (1) The excise tax rate for each ton of solid waste, exclusive of (i) source separate recyclable materials accepted at the solid waste system facilities, (ii) inert materials, (iii) Cleanup Materials Contaminated by Hazardous Substances, and (iv) recoverable solid waste delivered to Metro Central or Metro South stations, shall be the amount that results from dividing the net excise tax revenue amount set forth in subsection (d) by the amount of solid waste tonnage which the Chief Operating Officer reports to the Council under subsection (f)(2). Subject to the provisions of subsection 7.01.020(b), the rate so determined shall be Metro's excise tax rate on solid waste during the subsequent Metro fiscal year. Commencing with Metro fiscal year 2014-15, and each fiscal year thereafter, the rate determined by this subsection shall be effective on the first day of each fiscal year unless another effective date is adopted by the Metro Council.
- (2) The excise tax rate for each ton of solid waste constituting Cleanup Materials Contaminated by Hazardous Substances shall be \$1.00.
- (f) By March 1st of each year, the Chief Operating Officer shall provide a written report to the Metro Council stating the following:
- (1) For the twelve (12) month period ending the previous December 31, the amount of solid wastes, exclusive of inert materials, delivered for disposal to any Solid Waste System Facility that is not exempt pursuant to Section 7.01.050(a) of this chapter, and

- (2) The amount of such solid wastes that would have been delivered for disposal to any such non-exempt Solid Waste System Facility if a Regional Recovery Rate of 58 percent had been met.

The result of such calculation by the Chief Operating Officer shall be used to determine the excise tax rate under sub-section (e)(1). 7.01.022 Consumer Price Index Adjustment

Commencing with the Metro fiscal year beginning July 1, 2003, and each year thereafter, the amount of revenue to be generated by the taxes imposed by Section 7.01.020(c) shall be the amount of tax revenue authorized in Section 7.01.020(d) for the previous fiscal year increased by a percentage equal to (a) the annualized rate of increase in the Consumer Price Index, All Items, for Portland–Salem (All Urban Consumers) reported for the first six (6) months of the federal reporting year as determined by the appropriate agency of the United States Government or (b) the most nearly equivalent index as determined by the Metro Council if the index described in (a) is discontinued, or such lesser amount as the Chief Operating Officer deems appropriate. [Ord. 00-857B, Secs. 3-4; Ord. 02-939A, Sec. 6; Ord. 02-976, Sec. 1.]

7.01.025 Collection of Tax by Metro

- (a) Metro shall allocate from all payments made directly to Metro by any user the amount of the tax provided for in Section 7.01.020.
- (b) Unless stated separately on any request for payment or charge imposed or established by Metro the excise tax shall be presumed to be included in the amount imposed or established by Metro so that the excise tax shall be computed in such amount that the total charged shall equal the amount of compensation owed to Metro plus the excise tax at the rate established herein. To the extent necessary to give effect to this provision, all rates and charges established by Metro and in effect on the effective date of this chapter shall be deemed decreased by such percentage amount so that after such date the amount of the rate or charge together with the amount of the excise tax provided for in Section 7.01.020 shall be equal to the previously established rate or charge. Thereafter rates and charges shall be subject to amendment as provided by law.
- (c) In the case of installment payments paid by the user to Metro a proportionate share of the tax shall be deemed paid by the user with each installment. [Ord. 90-333A, Sec. 2; Ord. 02-976, Sec. 1.]

7.01.030 Collection of Tax by Operator; Rules for Collection

- (a) Every operator, unless specifically exempted under the terms of this chapter, shall collect a tax from users as provided for in Section 7.01.020.

- (b) The operator shall report the tax to Metro consistent with the operator's basis of accounting, cash or accrual, except in the case of an operator of a solid waste facility. Solid waste facility operators shall report accrued revenue and excise tax calculated based upon loads or tons deposited at the site at the time of receipt of waste.
- (c) For the purpose of reporting the tax owed to Metro and notwithstanding the provisions of Section 7.01.040, the tax shall be presumed to be included in the amount imposed by the operator so that the excise tax shall be computed in such amount that the total charged shall equal the amount of compensation owed to the operator plus the excise tax owed to Metro at the rate established herein.
- (d) Metro shall provide the operator with a blank return and instructions that shall be used by the operator to report the excise tax owing to Metro. The amount of excise tax due shall be paid when the return is filed as provided for in Section 7.01.070.
- (e) There is no liability for excise taxes on charge accounts that are worthless and charged off as uncollectible, provided that an affidavit is filed with Metro stating the name and amount of each uncollectible charge account and documenting good faith efforts that have been made to collect the accounts. Excise taxes may not be deemed uncollectible unless the underlying account is also uncollectible. If the taxes have previously been paid, a deduction may be taken from the next payment due to Metro for the amount found worthless and charged off. If any such account is thereafter collected, in whole or in part, the amount so collected shall be included in the first return filed after such collection, and the taxes shall be paid with the return.
- (f) Installment payments of tax paid by the operator to Metro shall be applied first to finance charges and penalties and then to the oldest delinquent taxes.
- (g) The Chief Operating Officer shall enforce provisions of this chapter and shall have the power to adopt rules and regulations not inconsistent with this chapter as may be necessary to aid in the enforcement. Prior to the adoption of rules and regulations, the Chief Operating Officer shall give public notice of intent to adopt rules and regulations, provide copies of the proposed rules and regulations to interested parties, and conduct a public hearing on the proposed rules and regulations. Public notice shall be given when rules and regulations have been finally adopted. Copies of current rules and regulations shall be made available to the public upon request. It is a violation of this Code to violate rules and regulations duly adopted by the Chief Operating Officer. [Ord. 90-333A, Sec. 2; Ord. 92-464; Sec. 1; Ord. 93-509, Sec. 4; Ord. 02-976, Sec. 1.]

7.01.040 Operator's Duties

- (a) Each operator shall collect the tax imposed by this chapter at the same time as payment is collected from every user. The amount of tax shall be separately stated upon the operator's records, and any receipt or invoice rendered by the operator.
- (b) Each operator shall file a return in accordance with the terms provided for in Section 7.01.070. [Ord. 90-333A, Sec. 2; Ord. 92-464, Sec. 1.]

7.01.060 Registration of Operator; Form and Contents; Execution; Certification of Authority

- (a) Every person engaging or about to engage in business as an operator in Metro shall register with the Chief Operating Officer on a form provided by the Chief Operating Officer. Operators starting business must register within 15 calendar days after commencing business. The privilege of registration after the date of imposition of such tax shall not relieve any person from the obligation of payment or collection of tax regardless of registration. Registration shall set forth the name under which an operator transacts or intends to transact business, the location of his/her place of business and such other information to facilitate the collection of the tax as the Chief Operating Officer may require. The registration shall be signed by the operator.
- (b) The Chief Operating Officer shall, within 10 days after registration, issue without charge a certificate of authority to each registrant to collect the tax from users, together with a duplicate thereof for each additional place of business of each registrant. Certificates shall be nonassignable and nontransferable and shall be surrendered immediately to the Chief Operating Officer upon the cessation of business at the location named or upon the business sale or transfer. Each certificate and duplicate shall state the place of business to which it is applicable and shall be prominently displayed thereon so as to be seen and come to notice readily of all users.
- (c) Said certificate shall, among other things, state the following:
- (1) The name of the operator;
 - (2) The address of the facility;
 - (3) The date upon which the certificate was issued; and
 - (4) "This Excise Tax Registration Certificate signifies that the person named has fulfilled the requirements of the Excise Tax Chapter of the Code of Metro for the purpose of collecting and remitting the excise tax. This certificate does not

authorize any person to conduct any unlawful business or to conduct any lawful business in an unlawful manner, or to operate a facility without strictly complying with all local applicable laws. This certificate does not constitute a permit or a franchise." [Ord. 90-333A, Sec. 2; Ord. 02-976, Sec. 1.]

7.01.070 Due Date; Returns and Payments

- (a) The tax shall be collected from the operator by Metro as provided for in Section 7.01.030. All amounts of such taxes reported by any operator are due and payable to Metro by the last day of each month for the preceding month. For example, excise taxes for the month of April would be due on May 31. Taxes are delinquent if not received by Metro as specified in subsection (d) of this section by the due date. If the due date falls on a holiday or weekend, amounts are delinquent at the end of the first business day that follows. The initial return under this chapter may be for less than a full month preceding the due date. Thereafter, returns shall be made for the applicable monthly period.
- (b) On or before the last day of the month following each month of operation of a Metro facility, a return for the preceding month's tax shall be filed with the Chief Operating Officer. The return shall be filed in such form as the Chief Operating Officer may prescribe by every operator liable for payment of tax.
- (c) Returns shall show the amount of tax due for the related period. The Chief Operating Officer may require returns to show the total receipts upon which tax was collected or otherwise due, gross receipts of the operator for such period and an explanation in detail of any discrepancy between such amounts, and the amount of receipts exempt, if any.
- (d) The person required to file the return shall deliver the return, together with the tax due, to the Metro Administration Services Department of Finance and Management Information. Payment is considered to be delinquent if not received by Metro on or before the due date, by personal delivery to the Metro Administration Services Department of Finance and Management Information during business hours or, if delivered by mail, by receipt in Metro's mail room.
- (e) The Chief Operating Officer, if deemed necessary in order to ensure payment or facilitate collection by Metro of the amount of taxes in any individual case, may require returns and payment of the amount of taxes more frequently than monthly periods. [Ord. 90-333A, Sec. 2; Ord. 92-464, Sec. 1; Ord. 93-509, Sec. 5; Ord. 02-976, Sec. 1, Ord. 21-1462.]

7.01.080 Penalties and Finance Charges

- (a) Fraud. If the Chief Operating Officer determines that the nonpayment of any remittance due under this chapter is due to fraud or intent to evade the provisions thereof, a penalty of 25 percent of the amount of the tax shall be added thereto in addition to the penalties stated in paragraphs (a) and (b) of this section.

- (b) Finance Charges. In addition to any penalties imposed, a finance charge of 1.5 percent shall be assessed on all delinquent taxes required to be remitted by an operator under this chapter. Finance charges shall be assessed on the first day of the month following the month in which taxes are due, and on the first day of each month thereafter, until paid. For example, if taxes are due on the last day of April, then Metro will assess finance charges on the first day of May. Finance charges will be assessed only on unpaid delinquent balances and penalties, and not on previously assessed finance charges, and will continue to be assessed on negotiated repayment schedules.
- (c) Petition for Waiver. Any operator who fails to remit the tax herein levied within the time herein stated shall pay the penalties and finance charges herein stated, provided, however, the operator may petition the Chief Operating Officer for waiver and refund of the penalties and finance charges or any portion thereof and the Chief Operating Officer may, if a good and sufficient reason is shown, waive and direct a refund of the penalties or finance charges or any portion thereof. [Ord. 90-333A, Sec. 2; Ord. 93-509, Sec. 6; Ord. 94-533, Sec. 2; Ord. 02-976, Sec. 1, Ord. 21-1462.]

7.01.090 Deficiency Determination; Fraud, Evasion, Operator Delay

- (a) Deficiency Determinations. If the Chief Operating Officer determines that the results are incorrect, it may compute and determine the amount required to be paid on the basis of the facts contained in the return or returns, or upon the basis of any information within its possession or that may come into its possession. One or more deficiency determinations may be made of the amount due for one, or more than one period, and the amount so determined shall be due and payable immediately upon service of notice as herein provided after which the amount determined is delinquent. Penalties or deficiencies shall be applied as set forth in Section 7.01.080.
 - (1) In making a determination the Chief Operating Officer may offset overpayment, if any, which may have been previously made for a period or periods against any underpayment for a subsequent period or periods, or against penalties and interest on the underpayments. The interest on underpayments shall be computed in the manner set forth in Section 7.01.080.
 - (2) The Chief Operating Officer shall give to the operator a written notice of its determination. The notice may be served personally or by mail. If by mail, the notice shall be addressed to the operator at his/her address as it appears on the records of the Chief Operating Officer. In case of service by mail or any notice required by this chapter, the service is complete at the time of deposit in the United States Post Office.
 - (3) Except in the case of fraud or intent to evade this chapter or authorized rules and regulations, every deficiency determination shall be made and notice thereof mailed within three (3) years after the last day of the month following the close of the period for which the amount is proposed to be determined or

within three (3) years after the return is filed, whichever period expires the later.

- (4) Any determination shall become due and payable immediately upon receipt of notice and shall become final within 10 days after the Chief Operating Officer has given notice thereof, provided, however, the operator may petition for redemption and refund if the petition is filed before the determination becomes final as herein provided.
- (b) Fraud, Refusal to Collect, Evasion. If any operator shall fail or refuse to collect said tax or to make within the time provided in this chapter any report and remittance of said tax or any portion thereof required by this chapter, or makes a fraudulent return or otherwise willfully attempts to evade this chapter, the Chief Operating Officer shall proceed in such manner as deemed best to obtain facts and information on which to base an estimate of the tax due. As soon as the Chief Operating Officer has determined the tax due that is imposed by this chapter from any operator who has failed or refused to collect the same and to report and remit said tax, it shall proceed to determine and assess against such operator the tax, interest and penalties provided for by this chapter. In case such determination is made, the Chief Operating Officer shall give a notice in the manner aforesaid of the amount so assessed. Such determination and notice shall be made and mailed within three (3) years after discovery by the Chief Operating Officer of any fraud, intent to evade or failure or refusal to collect said tax, or failure to file return. Any determination shall become due and payable immediately upon receipt of notice and shall become final within 10 days after the Chief Operating Officer has given notice thereof, provided, however, the operator may petition for redemption and refund if the petition is filed before the determination becomes final as herein provided.
- (c) Operator Delay. If the Chief Operating Officer believes that the collection of any tax or any amount of tax required to be collected and paid to Metro will be jeopardized by delay, or if any determination will be jeopardized by delay, the Chief Operating Officer shall thereupon make a determination of the tax or amount of tax required to be collected, noting the fact upon the determination. The amount so determined as herein provided shall be immediately due and payable, and the operator shall immediately pay such determination to the Chief Operating Officer after service of notice thereof; provided, however, the operator may petition, after payment has been made, for redemption and refund of such determination, if the petition is filed within 10 days from the date of service of notice by the Chief Operating Officer. [Ord. 90-333A, Sec. 2; Ord. 02-976, Sec. 1.]

7.01.100 Hearings, Contested Cases

- (a) Any person against whom a determination is made under Section 7.01.090 or any person directly interested may request a hearing on the matter in contest and request redemption and refund within the time required in Section 7.01.090. The determination becomes final at the expiration of the allowable time and no hearing may be requested thereafter. Hearings shall be conducted as provided for in Chapter

2.05 except that the deadline for requesting a hearing shall be as provided for herein.

- (b) No request for a hearing and refund or appeal therefrom shall be effective for any purpose unless the operator has first complied with the payment provisions hereof. [Ord. 90-333A, Sec. 2.]

7.01.110 Security for Collection of Tax

The Chief Operating Officer, whenever deemed necessary to ensure compliance with this chapter, may require any operator subject thereto to deposit with it such security in the form of cash, bond, or other security as the Chief Operating Officer may determine. The amount of the security shall be fixed by the Chief Operating Officer but shall not be greater than twice the operator's estimated average liability for the period for which he/she files returns, determined in such manner as the Chief Operating Officer deems proper. The amount of the security may be increased or decreased by the Chief Operating Officer subject to the limitation herein provided. [Ord. 90-333A, Sec. 2; Ord. 02-976, Sec. 1.]

7.01.120 Refunds

- (a) Refunds by District to Operator. Whenever the amount of any tax, penalty, or interest has been paid more than once or has been erroneously collected or received by the Chief Operating Officer under this chapter, it may be refunded, provided a verified claim in writing therefore, stating the specific reason upon which the claim is founded, is filed with the Chief Operating Officer within three (3) years from the date of payment. The claim shall be made on forms provided by the Chief Operating Officer. If the claim is approved by the Chief Operating Officer, the excess amount collected or paid may be refunded or may be credited on any amounts then due and payable from the operator from whom it was collected or by whom paid and the balance may be refunded to such operator, his/her administrators, executors, or assignees.
- (b) Refunds by Metro to Users. Whenever the tax required by this chapter has been collected by Metro or by an operator, and deposited by the operator with the Chief Operating Officer, and it is later determined that the tax was erroneously collected or received by the Chief Operating Officer, it may be refunded by the Chief Operating Officer to the user, provided a verified claim in writing therefore, stating the specific reason on which the claim is founded, is filed with the Chief Operating Officer within three (3) years from the date of payment. [Ord. 90-333A, Sec. 2; Ord. 02-976, Sec. 1.]

7.01.130 Administration

- (a) Records Required From Operator, et cetera; Form. Every operator shall keep records of all sales and transactions. All records shall be retained by the operator for a period of three (3) years and six (6) months after they come into being.
- (b) Examination of Records; Investigations. The Chief Operating Officer, or any person authorized in writing by the Chief Operating Officer, may examine during normal business hours the books, papers and accounting records relating to any operator,

after notification to the operator liable for the collection and payment of the tax, and may investigate the business of the operator in order to verify the accuracy of any return made, or if no return is made by the operator, to ascertain and determine the amount required to be paid.

- (c) At any time within three (3) years after any tax or any amount of tax required to be collected becomes due and payable or at any time within three (3) years after any determination becomes final, the Chief Operating Officer may cause the Metro Attorney to bring an action in the courts of this state, or any other state, or of the United States in the name of Metro to collect the amount delinquent together with penalties and interest.
- (d) Confidential Financial Information. Except as otherwise required by law, it shall be unlawful for the Chief Operating Officer, or any officer, employee, or agent, to divulge, release, or make known in any manner any financial information submitted or disclosed to the Chief Operating Officer under the terms of this chapter. Nothing in this subsection shall be construed to prohibit:
 - (1) The disclosure to, or the examination of, financial records by Metro officials, employees or agents for the purpose of administering or enforcing the terms of this chapter, or collecting taxes imposed under the terms of this chapter; or
 - (2) The disclosure to the taxpayer or his/her authorized representative of financial information, including amounts of excise taxes, penalties, or interest, after filing of a written request by the taxpayer or his/her authorized representative and approval of the request by the Chief Operating Officer; or
 - (3) The disclosure of the names and addresses of any persons to whom excise tax registration certificates have been issued; or
 - (4) The disclosure of general statistics in a form which would prevent the identification of financial information regarding any particular taxpayer's return or application; or
 - (5) The disclosure of financial information to the office of the Metro Attorney, to the extent the Chief Operating Officer deems disclosure or access necessary for the performance of the duties of advising or representing the Chief Operating Officer. [Ord. 90-333A, Sec. 2; Ord. 02-976, Sec. 1.]

7.01.150 Violations

It is unlawful for any operator or other person so required to fail or refuse to register as required herein, or to furnish any return required to be made, or fail or refuse to furnish a supplemental return or other data required by the Chief Operating Officer or to render a false or fraudulent return. No person required to make, render, sign, or verify any report shall make any false or fraudulent report, with intent to defeat or evade the determination of any amount due required by this chapter. The Chief Operating Officer may impose a civil penalty of up to \$500 for each violation of this chapter. A violation includes, but is not limited to:

- (a) Failure to file any required tax payment and report, including any penalties and interest, within 60 days of the due date;

 - (1) The Value of New Construction is less than or equal to \$100,000; or
 - (2) The Person who would be liable for the tax is a corporation exempt from federal income taxation pursuant to 42 U.S.C. 501(c)(3), or a limited partnership the sole general partner of which is a corporation exempt from federal income taxation pursuant to 42 U.S.C. 501(c)(3), the Construction is used for residential purposes and the property is restricted to being occupied by people with incomes less than 60 percent (60%) of the median income for a period of 30 years or longer; or

7.04.045 Ceiling

Notwithstanding the provisions set forth in Sections 7.04.070 and 7.04.080, if the Construction Excise tax imposed by this Chapter would be greater than \$12,000 (Twelve Thousand Dollars) as measured by the Value of New Construction that would generate that amount of tax, then the Construction Excise Tax imposed for that Construction is capped at a ceiling of \$12,000 (Twelve Thousand Dollars). [Ord. 06-1115, Sec. 1.]

In order to protect against the cyclical nature of the construction industry and development patterns, the Council shall annually as part of the budget process create reserves from the revenues generated or expected to be generated by the Construction Excise Tax, which reserves are designed to protect against future fluctuations so as to promote stability in the funds needed to support required programs. [Ord. 06-1115, Sec. 1.]

7.04.210 Dedication of Revenue

- (b) Upon request of a taxfiler, or authorized representative, the Administrator will provide copies of any tax return information filed by the taxfiler in the Administrator's possession to the taxfiler or authorized representative.
- (c) If a court of competent jurisdiction issues a court order requiring the disclosure of a taxfiler's tax return information, the Administrator will comply with the terms of that court order after providing written notice to the taxfiler at taxfiler's last known address.
- (d) The Administrator may also disclose and give access to information described in Section 7.05.090 to:
1. The Metro Attorney, the Attorney's assistants and employees, or other legal representatives of Metro, to the extent disclosure or access is necessary for the performance of the duties of advising or representing Metro.
 2. The Administrator's Attorney, the Attorney's assistants and employees, or other legal representatives of the Administrator, to the extent the Administrator deems disclosure or access necessary for the performance of

the duties of advising or representing the Administrator, including but not limited to instituting legal actions on unpaid accounts.

3. Other Metro employees and agents, to the extent disclosure or access is necessary for such employees or agents to perform their duties regarding or under contracts or agreements between Metro and the Administrator.
 4. The Administrator's employees, agents and officials, to the extent the Administrator deems disclosure or access necessary for such employees, agents or officials to:
 - A. Aid in any legal collection effort on unpaid accounts;
 - B. Perform their duties under contracts or agreements between the Administrator and Metro or between the Administrator and any other department, bureau, agency or subdivision of the Administrator relating to the administration of the Metro Income Tax Laws; or
 - C. Aid in determining whether a Metro Income Tax Law account is in compliance with all City, County, State and Federal laws or policies.
- (e) All employees and agents specified in Section 7.05.100(d) above, prior to the performance of duties involving access to financial information submitted to Metro or the Administrator under the terms of the Personal Income Tax Law or Business Income Tax Law, must be advised in writing of Section 7.05.240 relating to penalties for the violation of Sections 7.05.090 and 7.05.100. Such employees and agents must execute a certificate in a form prescribed by the Chief Operating Officer or Administrator, stating that the person has reviewed these provisions of law, has had them explained, and is aware of the penalties for the violation of Sections 7.05.090 and 7.05.100.
- (f) No person described in subsection (a) to whom disclosure or access to financial information has been given may make a disclosure under this section unless that person:
1. Is advised in writing of Section 7.05.240 relating to penalties for the violation of Section 7.05.090; and
 2. Executes a certificate in a form prescribed by the Chief Operating Officer or Administrator, stating these provisions of law have been reviewed and that person is aware of the penalties for the violation of Section 7.05.090. The Chief Operating Officer's or Administrator's signature on the certificate, required by this subsection, constitutes consent to disclosure to the persons executing the certificate.
- (g) Any person that violates this section may be subject to criminal penalties as set forth in Section 7.05.240.

7.05.110 Taxfiler Representation

Third parties, such as attorneys or certified public accountants, may represent taxfilers before the Administrator. The Administrator may establish procedures for taxfilers to authorize a third party to represent the taxfiler, which may include a written authorization submitted to the Administrator. The Administrator is not required to recognize a third party who claims to represent a taxfiler if that third party does not comply with the established procedures.

7.05.120 Representation Restrictions

- (a) No employee or official of Metro, the Administrator, or any public agency authorized to collect taxes imposed by this chapter may represent any taxfiler in any matter before the Administrator. This restriction against taxfiler representation continues for two years after termination of employment or official status.
- (b) Members of the appeals board may not represent a taxfiler before the appeals board. No member of the appeals board may participate in any matter before the board if the appellant is a client of the member or the member's firm.

7.05.130 Information Request; Examination of Books, Records or Persons

- (a) The Administrator may require a taxfiler to produce documents. The Administrator may also examine any books, papers, records, or memoranda, including State and Federal income or excise tax returns, to ascertain the correctness of any tax return or to make an estimate of any tax. The Administrator has the authority, after notice, to:
 - 1. Require the attendance of any person required to file a tax return under the Metro Income Tax Laws, or officers, agents, or other persons with knowledge of the person's business operations, at any reasonable time and place the Administrator may designate;
 - 2. Take testimony, with or without the power to administer oaths to any person required to be in attendance; and
 - 3. Require proof for the information sought, necessary to carry out the provisions of this chapter.
- (b) The Administrator will designate the employees who have the power to administer oaths under this section.

7.05.135 Subpoena Powers

- (a) The Administrator may subpoena and examine witnesses, administer oaths, and require the production of any books or papers in the hands of any person, company or corporation, whenever necessary for the prosecution of any inquiries deemed necessary or proper.
- (b) If any person fails to comply with any subpoena of the Administrator or refuses to

testify when the Administrator requires that person to testify, the Administrator may apply to a court of competent jurisdiction for an order to the person to produce the books and papers or attend and testify, or otherwise comply with the demand of the Administrator.

- (c) The Administrator will apply to the court by ex parte motion, upon which the court will make an order requiring the person against whom it is directed to comply with the Administrator's request or demand within 10 days after the service of the order, or within the additional time granted by the court, or to justify the failure within that time. The order will be served upon the person to whom it is directed in the manner required by the State of Oregon or other applicable jurisdiction for service of process, which is required to confer jurisdiction upon the court.
- (d) Upon petition of the person subpoenaed, the court will make an order determining if the evidence sought by the subpoena is relevant to the pending proceeding and, if requested by the person subpoenaed, an order as required in the interests of justice to protect the confidentiality of the information subpoenaed. Upon failure of the subpoenaed person to show cause for noncompliance, the court will make an order requiring the person to comply with the demand of the Administrator within such time as the court directs.
- (e) Failure to obey any order issued by the court under this section is contempt of court. The remedy provided by this section is in addition to other remedies, civil or criminal, that may exist.
- (f) The Administrator will designate the employees who have the power to administer oaths under this section.

7.05.140 Taxfiler Records Retention

Every person required to file a return under the Business Income Tax Law or Personal Income Tax Law must keep and preserve for not less than seven years such documents and records, including State and Federal income and excise tax returns, accurately supporting the information reported on the taxfiler's return and calculation of tax for each year.

7.05.150 Deficiencies and Refunds

- (a) The Administrator may assess deficiencies and grant refunds any time within the periods set forth for deficiencies or refunds under ORS Chapter 314. The Administrator may by agreement with the taxfiler extend the time periods to the same extent as provided by statute.
- (b) When no tax return has been filed, there is no time limit for a notice of deficiency or the assessment of taxes, penalty and interest due.
- (c) Notwithstanding subsections (a) and (b), the Administrator is not required to accept any tax return for any tax period from a taxfiler if:
 - 1. The Administrator obtains a money judgment against the taxfiler for failure to pay an unpaid account balance due; and

2. The Administrator or its designee lawfully served the taxfiler with the lawsuit pursuant to the Oregon Rules of Civil Procedure; and
3. The tax return is for a taxable year that is the subject of the general money judgment; and
4. The Administrator gave written notice stating that the taxfiler had an outstanding balance due at least 30 days before the Administrator (or its designee) filed a lawsuit for those particular taxable years.

7.05.160 Protests and Appeals; Penalty Waiver

- (a) A taxfiler may protest any determination by the Administrator. The Administrator must receive written notice of the protest within 30 days after the Administrator mailed or delivered the initial notice of determination to the taxfiler. Failure to file such a written notice within the time permitted is deemed a waiver of any objections, and the Administrator will dismiss the appeal. The protest must state the name and address of the taxfiler and an explanation of the general grounds for the protest. The Administrator must respond within 30 days after the protest is filed with a final determination. The Administrator's final determination must include the reasons for the determination and state the time and manner for appealing the final determination. The time to file a protest or the time for the Administrator's response may be extended by the Administrator for good cause. Requests for extensions of time must be received before the original 30-day protest deadline expires. The Administrator will give written notice to the taxfiler if the Administrator's deadline is extended.
- (b) A taxfiler may appeal any final determination by the Administrator to the appeals board. The Administrator must receive written notice of the appeal within 30 days after the Administrator mailed or delivered the final determination to the appellant. The notice of appeal must state the name and address of the appellant and include a copy of the final determination.
- (c) Within 90 days after the Administrator mails or delivers the final determination to the appellant, the appellant must file with the appeals board a written statement containing:
 1. The reasons the Administrator's determination is incorrect; and
 2. What the correct determination should be.Failure to file this written statement within the time permitted is a waiver of any objections, and the appeal will be dismissed.
- (d) Within 150 days after the Administrator mails or delivers the final determination to the appellant, the Administrator will file with the appeals board a written response to the appellant's statement. A copy of the Administrator's response must be mailed to the address provided by the appellant within 10 days after the Administrator files it with the appeals board.

- (e) The Administrator must provide the appellant written notice of the hearing date and location at least 14 days before the hearing. The appellant and the Administrator may present relevant testimony, evidence, and oral argument at the hearing. The appeals board may request additional written comment and documents as the board deems appropriate.
- (f) Decisions of the appeals board must be in writing, state the basis and legal authority for the decision and be signed by the appeals board chair.
- (g) The decision of the appeals board is final as of the issue date and no further administrative appeal will be provided.
- (h) The filing of an appeal with the appeals board temporarily suspends the obligation to pay any tax that is the subject of the appeal pending a final decision by the appeals board.
- (i) Penalty waiver or reduction requests are not subject to the protest/appeal process or timeline outlined in subsections 7.05.160(a) through 160(h). The taxfiler must file a written request with the Administrator detailing why a penalty should be waived within 30 days of receipt of a billing notice that assesses a penalty. The Administrator must respond to requests to reduce or waive penalties within 60 days from the date the written request is received. If the taxfiler has requested that penalties be waived and the Administrator denies the taxfiler's request for this discretionary waiver of penalties, the taxfiler may request a conference with the Administrator (or Administrator's designee) within 30 days of the date of the Administrator's notice of denial. If the conference with the Administrator results in a denial of the penalty waiver request, that decision is final and may not be appealed to the Appeals Board. [Ord. 22-1485; Ord. 23-1492.]

7.05.170 Return Due Date; Extensions

- (a) Tax returns must be on forms provided or approved by the Administrator. All tax returns must be filed together with payment of the specified tax by the fifteenth day of the fourth month following the end of the tax year. If the due date falls on a weekend or Federal or State holiday, the due date is the first business day following the weekend or holiday. With respect to the Business Income Tax Law, for cooperatives and non-profit corporations that have later due dates under Oregon tax law, the due date for filing tax returns with the Administrator must conform to the due date under Oregon tax law.
- (b) The Administrator may, for good cause, grant extensions for filing returns. However, no extension may be granted for more than six months beyond the initial due date. This extension does not extend the time to pay the tax. Payments made after the due date may be subject to interest and penalties as provided in this chapter.
- (c) The tax return must contain a written declaration, verified by the taxfiler, to the effect that the statements made therein are true.
- (d) The Administrator will prepare blank tax returns and make them available

upon request. Failure to receive a form does not relieve any person from the obligation to pay a tax under either the Business Income Tax Law or Personal Income Tax Law.

7.05.180 Payment of Estimated Tax

- (a) Every taxfiler expecting to have a tax liability under Chapter 7.06 or Chapter 7.07 of \$1,000 or greater must estimate and pay the taxfiler's tax liability for the current tax year as follows:
 - 1. Quarterly payments as provided in Section 7.05.190; or
 - 2. Employer provided withholding from taxfiler's wages as provided in Section 7.06.120.
- (b) If a taxfiler is required to remit estimated tax payments, the amounts remitted must total either the lesser of ninety percent of the taxfiler's current year tax liability or one hundred percent of the taxfiler's reported prior year tax liability.
- (c) The Administrator will not impose underpayment penalties or interest for failure to make quarterly estimated payments for tax year 2021 (tax year beginning on or after January 1, 2021) and tax year 2022 (tax year beginning on or after January 1, 2022). For tax years beginning on or after January 1, 2023, the Administrator will impose penalties and interest as provided in this chapter. [Ord. 23-1492.]

7.05.190 Schedule for Payment of Estimated Tax

- (a) A taxfiler required under Section 7.05.180 to make payments of estimated tax must make the payments in installments as follows:
 - 1. One quarter or more of the estimated tax on or before the fifteenth day of the fourth month of the tax year;
 - 2. One quarter or more of the estimated tax on or before the fifteenth day of the sixth month of the tax year;
 - 3. One quarter or more of the estimated tax on or before the fifteenth day of the ninth month of the tax year; and
 - 4. For business income taxfilers, the balance of the estimated tax must be paid on or before the fifteenth day of the twelfth month of the tax year;
 - 5. For personal income taxfilers, the balance of the estimated tax must be paid on or before the fifteenth day of the first month of the subsequent tax year.
- (b) Any payment of the estimated tax received by the Administrator for which the taxfiler has made no designation of the quarterly installment to which the payment is to be applied, will first be applied to underpayments of estimated tax due for any prior quarter of the tax year. Any excess amount will be applied to the installment that next becomes due after the payment was received.

- (c) If the due date falls on a weekend or federal holiday, the due date is the first business day following the weekend or holiday. [Ord. 21-1465.]

7.05.200 Tax Return Payment; Minimum

- (a) Business Income Tax. Each business income tax return must be accompanied by a tax payment at the rate established in Metro Code Section 7.07.030, provided that each tax return must be accompanied by a minimum tax of \$100. The minimum payment may have previously been paid by quarterly payments, an extension payment, or credit available from a prior tax year.
- (b) Personal Income Tax. Each personal tax return must be accompanied by a tax payment at the rate established in Metro Code Section 7.06.040.

7.05.210 Payment Plan; Fee

If a person fails to pay the Business Income Tax or Personal Income Tax when due, the Administrator may establish a payment plan pursuant to written policy. The Administrator may charge a setup fee for each payment plan established.

7.05.220 Settlement Offers and Agreements

- (a) The Administrator may, upon good and sufficient cause, make settlement agreements with taxfilers in the recomputation of taxes payable or in the collection of those taxes. These agreements must be consistent with ORS 305.150 and 305.155 and corresponding OARs. The Administrator will provide applications for settlement offers to taxfilers proposing settlement offers.
- (b) In addition to the general power granted under this section, the Administrator may, upon a showing of good and sufficient cause, grant a taxfiler's request when the Oregon Department of Revenue has granted relief to a taxfiler under ORS 316.368 or ORS 316.369. In such case, a taxfiler who is granted relief will be treated as a single taxfiler for purposes of the tax imposed under this Chapter.

7.05.230 Changes to Federal or State Tax Returns

- (a) If a taxfiler's reported income under applicable State laws imposing a tax on or measured by income is changed by the Federal Internal Revenue Service or the State Department of Revenue, or amended by the taxfiler to correct an error in the original Federal or State return, the taxfiler must file a report of that change with the Administrator within 60 days after the date of the notice of the final determination of change or after an amended return is filed with the Federal or State agencies. The report must be accompanied by an amended tax return with respect to such income and by any additional tax, penalty, and interest due.
- (b) The Administrator may assess deficiencies and grant refunds resulting from changes to any relevant Federal, State or local income tax return within the time periods

provided for in Section 7.05.150, treating the report of change in Federal, State or business income tax return as the filing of an amended tax return.

- (c) The Administrator may assess penalties and interest on the additional tax due as provided in Sections 7.05.260, 7.05.270, and 7.05.280 or may refuse to grant a refund of taxes as a result of the amended return if the amended return is not filed with the Administrator within the time limits set forth in subsection (a).

7.05.240 Criminal Penalties

A violation of Section 7.05.090 or Section 7.05.100 is punishable, upon conviction thereof, by a fine not exceeding \$500 or by imprisonment for a period not exceeding six months, or by both fine and imprisonment. In addition, any Metro employee convicted for violation of Section 7.05.090 or Section 7.05.100 is subject to possible dismissal from employment and a possible prohibition from employment for a period of five years thereafter. Any agent of Metro who is convicted is ineligible for participation in any Metro contract for a period of five years thereafter.

7.05.250 Civil Penalty for Unauthorized Access of Tax Information

- (a) Definitions. As used in this section, the following definitions apply:

Computer Database means any computer application(s) used by the Administrator to calculate or store business, personal, and financial data collected under the authority granted by Metro Income Tax Laws.

Loss means any reasonable cost incurred by Metro or the Administrator, including but not limited to the cost of responding to an offense, conducting a damage assessment, and restoring the data, program, system, or information to its condition prior to the offense, and any revenue lost, cost incurred, or other consequential damages incurred because of interruption of service.

- (b) Any individual who intentionally accesses the Computer Database without authorization will be fined:
1. \$10,000 if the individual acquires any information regarding any business or personal account found in the Computer Database;
 2. \$10,000 or the cost of the loss (whichever is greater) if the individual uses or attempts to use the acquired information for financial gain of any kind; or
 3. \$10,000 or the cost of the loss (whichever is greater) if the individual causes the transmission of a program, information, code, or command to the Computer Database, and, as a result of such conduct, causes damage to the Computer Database.

7.05.260 Penalties for Violations of Business Income Tax Law

- (a) A penalty will be assessed if a person:

1. Fails to file a tax return or extension request at the time required under Section 7.05.170(a) or 7.05.230(a); or
 2. Fails to pay a tax when due.
 3. The penalty under subsection (a) is:
 - A. Five percent of the total tax liability if the failure is for a period less than four months;
 - B. An additional penalty of twenty percent of the total tax liability if the failure is for a period of four months or more; and
 - C. An additional penalty of one hundred percent of the total tax liability of all tax years if the failure to file is for three or more consecutive tax years.
- (b) A penalty will be assessed if a person who has filed an extension request:
1. Fails to file a tax return by the extended due date; or
 2. Fails to pay the tax liability by the extended due date.
 3. The penalty under subsection (b) is:

- (c) A penalty will be assessed if a person:
1. Fails to pay at least ninety percent of the total tax liability by the original due date; or
 2. Fails to pay at least one hundred percent of the prior year's total tax liability by the original due date.
 3. The penalty under subsection (c) is five percent of the tax underpayment, but not less than \$5.
- (d) The Administrator may impose a civil penalty of up to \$500 for each of the following violations of this chapter:
1. Failure to file any tax return within 60 days of the Administrator's original written notice to file; or
 2. Failure to pay any tax within 60 days of the Administrator's original written notice for payment; or
 3. Failure to provide either documents or information as required by this chapter or Chapter 7.07 within 60 days of the Administrator's original written notice to provide the documents or information; or
 4. Failure to fully complete any form required under the Business Income Tax Law; or

5. Failure to fully comply with the requirements of any section of Chapter 7.05 or Chapter 7.07 unless the section has a separate penalty calculation.
- (e) The Administrator may impose a civil penalty under subsection (d) only if the Administrator gave notice of the potential for assessment of civil penalties for failure to comply or respond in the original written notice.
- (f) The Administrator may waive or reduce any penalty determined under subsections (a) through (d) for good cause, according to and consistent with written policies.
- (g) Frivolous Return Position. If the Administrator determines that taxfiler has taken a frivolous position in preparing the taxfiler's tax return, the Administrator will add a \$500 penalty to the amount of tax required to be shown on the tax due under this chapter or Chapter 7.07. For purposes of this subsection, a tax return position is considered frivolous if a taxfiler does not provide information on which the substantial correctness of the self-assessment may be judged or if the tax return contains information that on its face indicates that the self-assessment is substantially incorrect. Examples of "frivolous positions" as provided in Oregon Administrative Rule 150-316-0652(2) are adopted by direct reference, but are not a definitive list of those positions.
- (h) The provisions set forth in Metro Code Chapter 2.03 do not apply with respect to any penalty that maybe be assessed under this chapter or the Business Income Tax Law.

7.05.270 Penalties for Violations of Personal Income Tax Law

The Administrator will assess the following penalties upon personal income taxfilers:

- (a) Failure to File a Return; Failure to Pay Tax When Due. If a taxfiler fails to file a return or fails to pay a tax by the date on which the filing or payment is due, the Administrator will add a delinquency penalty of:
1. Five percent of the amount of the unpaid tax.
 2. An additional penalty of one hundred percent of the unpaid tax of all tax years if the failure to file is for three or more consecutive tax years.
 3. For purposes of this section, unpaid tax is the taxfiler's tax liability reduced by payment of tax and any credit against tax that is claimed on the return.

The Administrator may for good cause waive all or any part of the penalty imposed under this subsection according to and consistent with written policies.

- (b) Underpayment of Tax. A penalty will be assessed if a person:
1. Fails to pay at least ninety percent of the total tax liability by the original due date; or
 2. Fails to pay at least one hundred percent of the prior year's total tax liability by the original due date.

3. The penalty under subsection (b) is five percent of the tax underpayment, but not less than \$5.

The Administrator may for good cause waive all or any part of the penalty imposed under this subsection according to and consistent with written policies.

- (c) Intent to Evade. If a taxfiler fails to file a return with the intent to evade the tax imposed under this chapter or Chapter 7.06, or a taxfiler prepares or causes to be prepared a return and files that return with the intent to evade the tax imposed under this chapter or Chapter 7.06, the Administrator will impose a penalty in the amount of one hundred percent of any deficiency that the Administrator determines is due.
- (d) Substantial Understatement of Tax. If the Administrator determines that there is a substantial understatement of tax due under this chapter or Chapter 7.06, the Administrator will add to the amount of tax required to be shown on the return a penalty equal to twenty percent of the amount of any underpayment of tax attributable to the understatement.
 1. For purposes of this subsection, a substantial understatement of tax exists if the amount of the understatement exceeds \$1,000 of tax otherwise due.
 2. In the case of any item attributable to an abusive tax shelter: no reduction of the amount of the understatement will be made with regard to that item regardless of the existence of substantial authority for the treatment of the item by the taxfiler; and, no reduction of the amount of the understatement will be made with regard to that item regardless of the disclosure of the facts affecting the tax treatment of the item unless, in addition to the disclosure, the Administrator determines in the Administrator's sole discretion, that the taxfiler reasonably believed that the tax treatment of the item was more likely than not the proper treatment. This chapter expressly adopts the definitions contained in ORS 314.402 and the administrative rules thereunder.
 3. The Administrator may waive all or any part of the penalty imposed under this subsection on a showing by the taxfiler that there was reasonable cause for the understatement or any portion thereof, and that the taxfiler acted in good faith.
- (e) Frivolous Return Position. If the Administrator determines that taxfiler has taken a frivolous position in preparing the taxfiler's tax return, the Administrator will add a \$500 penalty to the amount of tax required to be shown on the tax due under this chapter or Chapter 7.06. For purposes of this subsection, a tax return position is considered frivolous if a taxfiler does not provide information on which the substantial correctness of the self-assessment may be judged or if the tax return contains information that on its face indicates that the self-assessment is substantially incorrect. Examples of "frivolous positions" as provided in Oregon Administrative Rule 150-316-0652(2) are adopted by direct reference, but are not a definitive list of those positions.

- (f) Failure of Administrative Compliance. The Administrator may impose a penalty of up to \$500 for the following violations of this chapter:
1. Failure to file any tax return within 60 days of the Administrator's original written notice to file;
 2. Failure to pay any tax within 60 days of the Administrator's original written notice for payment;
 3. Failure to provide either documents or information as required by this chapter or Chapter 7.06 within 60 days of the Administrator's original written notice to provide the documents or information;
 4. Failure to fully complete any form required under the Personal Income Tax Law; or
 5. Failure to fully comply with the requirements of any section of Chapter 7.05 or Chapter 7.06 unless the section has a separate penalty calculation.

The Administrator may impose a civil penalty under this subsection only if the Administrator gave notice of the potential for assessment of civil penalties for failure to comply or respond in the original written notice. The Administrator may waive all or any part of the penalty imposed under this paragraph on a showing by the taxfiler that there was reasonable cause for the Failure of Administrative Compliance, and that the taxfiler acted in good faith.

- (g) Penalties cumulative. Each penalty imposed under this section is in addition to any other penalty imposed under this section.
- (h) The provisions set forth in Metro Code Chapter 2.03 do not apply with respect to any penalty that maybe be assessed under this chapter or the Personal Income Tax Law. [Ord. 23-1492.]

7.05.280 Interest

- (a) Interest will be assessed on any unpaid tax at the rate in subsection (c), computed from the original due date of the tax to the date of payment.
- (b) Interest will be assessed on any unpaid or underpaid quarterly estimated payment required by Section 7.05.180 and Section 7.05.190 at the rate in subsection (c), computed from the due date of each quarterly estimated payment to the original due date of the tax return to which the estimated payments apply.
- (c) Unless specifically provided otherwise by administrative rule as provided in subsection (d), the interest rate is 0.833% simple interest per month or fraction thereof (ten percent per annum).
- (d) If the Administrator determines that the interest rate provided in subsection (c) is at least one percentage point more or less than the effective interest rate on January 1 charged by the State of Oregon Department of Revenue, the Administrator may adjust the interest rate by administrative rule to match the State of Oregon Department of Revenue interest rate. The Administrator may not adjust the interest

rate more than once in a calendar year. The adjusted interest rate applies to unpaid tax or underpaid estimated payments outstanding on or after the effective date of the adjusted interest rate.

- (e) Notwithstanding subsection (b), there is no interest on underpayment of quarterly estimated payments if:
 1. The total tax liability of the prior tax year was less than \$1,000;
 2. An amount equal to at least ninety percent of the total tax liability for the current tax year was paid in accordance with Section 7.05.190; or
 3. An amount equal to at least one hundred percent of the prior year's total tax liability was paid in accordance with Section 7.05.190.
- (f) For purposes of subsection (b), the amount of underpayment is determined by comparing ninety percent of the current total tax liability amount to quarterly estimated payments made prior to the original due date of the tax return. However, if one hundred percent of the prior year's total tax liability is paid to the Administrator by the due date of the fourth quarterly payment, the Administrator may use the prior year's tax liability if doing so will reduce the amount of interest owed.
- (g) For purposes of subsection (a), the amount of tax due on the tax return will be reduced by the amount of any tax payment made on or before the date for payment of the tax in accordance with Section 7.05.170(a) or Section 7.05.190.
- (h) Interest at the rate specified in subsection (a) accrues from the original due date without regard to any extension of the filing date.
- (i) The Administrator may not waive or reduce any interest amounts properly assessed in accordance with this section unless specifically provided for by written policy. The Administrator must consult with the Metro Chief Financial Officer before adopting a written policy that waives or reduces interest amounts. [Ord. 21-1465; Ord. 23-1492.]

7.05.290 Payments Applied

Tax payments received will be applied first to any penalty accrued, then to interest accrued, then to taxes due, unless the Administrator determines in accordance with its written policies that a more equitable method exists for a particular taxfiler's account. The Administrator will apply tax payments received without a designation for a specific period to the oldest periods first in the order set forth above.

7.05.300 Interest on Refunds

When a taxfiler is entitled to a refund of a portion or all of a tax paid to the Administrator, the taxfiler will receive simple interest on that amount at the rate specified in Section 7.05.280(c), subject to the following:

- (a) Any overpayments will be refunded with interest for each month or fraction thereof for a period beginning four months after the later of:
 - 1. The due date of the tax return;
 - 2. The date the tax return was filed or the refund was otherwise requested; or
 - 3. The date the tax was paid, to the date of the refund.
- (b) Any overpayments of taxes that are the result of an amended return being filed will be refunded with interest for each month or fraction thereof for the period beginning four months after the date the taxfiler filed the amended return. This subsection applies to tax returns that are amended due to a change to any relevant Federal, State or local income tax return.

7.05.310 Accountability of Funds; Audits

- (a) Every year a public accounting firm must conduct a financial audit of the revenue generated by the Business Income Tax and Personal Income Tax Laws and the distribution of that revenue. Metro will make the audit public as well as any report to the Metro Council regarding the results of the audit. Metro may use the revenue generated by the taxes to pay for the costs of the audit required under this section.
- (b) The revenue and expenditures from the taxes are subject to performance audits conducted by the Office of the Metro Auditor.

7.05.320 Severability

If a court of competent jurisdiction finds that any part, section or provision of this chapter is unconstitutional, illegal or invalid, that finding affects only that part, section or provision of the chapter and the remaining parts, sections or provisions remain in full force and effect. 7.06.010 Title

This chapter is known and may be cited as the Metro Personal Income Tax Law.

7.06.020 Administration of Personal Income Tax Law

The Personal Income Tax Law will be administered under the provisions set forth in this chapter and Metro Code Chapter 7.05, as applicable.

7.06.030 Definitions

For purposes of this chapter, the terms used are defined as provided in Chapter 7.05, unless the context requires otherwise.

7.06.040 Personal Income Tax Imposed; Filing Status

- (a) A tax of one percent is imposed on the entire Oregon Taxable Income of every resident of the District subject to tax under ORS chapter 316. Taxfilers that file a joint Metro return may exempt the first \$200,000 of taxable income; taxfilers that file a single Metro return may exempt the first \$125,000 of taxable income.
- (b) A tax of one percent is imposed upon the Metro Taxable Income of every nonresident of the District subject to tax under ORS chapter 316. Taxfilers that file a joint Metro return may exempt the first \$200,000 of taxable income; taxfilers that file a single Metro return may exempt the first \$125,000 of taxable income.
- (c) Taxfiler filing status must follow the filing status of the taxfiler's Oregon income tax return.
 - 1. Taxfilers using Oregon filing statuses married filing jointly, head of household and qualifying widow(er) must file a joint Metro return.
 - 2. Taxfilers using Oregon filing statuses single and married filing separately must file a single Metro return.

7.06.050 Effective Date and Reauthorization; Term

- (a) The Metro Personal Income Tax takes effect in Tax Year 2021 (Tax Year beginning on or after January 1, 2021).

- (b) The Metro Personal Income Tax will remain in effect for all periods through Tax Year 2030 (Tax Year beginning on or after January 1, 2030).
- (c) After Tax Year 2030, the tax will expire unless reauthorized by Metro voters on or before that date. After the tax expires, Metro or the entity authorized to collect the Personal Income Tax may continue to take all reasonable and necessary actions to ensure that taxes still owing are paid in full.

7.06.060 Tax Exemptions

- (a) Exemptions Required by Law. A person whom Metro is prohibited from taxing under the Constitution or laws of the United States, the Constitution or laws of the State of Oregon or the Metro Charter is exempt from payment of the tax set forth in this chapter.
- (b) Notwithstanding the exemptions listed in subsection (a), the Administrator may require the filings of tax returns or other documentary verification of any exemption claimed under this section.

7.06.070 Individuals Required to File a Tax Return

- (a) Every resident of the District who is required to file an Oregon income tax return for the taxable year and who reports Oregon Taxable Income over \$200,000 using Oregon filing status married filing jointly, head of household or qualifying widow(er), or over \$125,000 using Oregon filing status single or married filing separately is required to file a Metro Personal Income Tax return.
- (b) Every nonresident of the District who is required to file an Oregon income tax return for the taxable year and who reports Metro Taxable Income over \$200,000 using Oregon filing status married filing jointly, head of household or qualifying widow(er), or over \$125,000 using Oregon filing status single or married filing separately is required to file a Metro Personal Income Tax return.
- (c) Nothing contained in this section precludes the Administrator from requiring any individual to file a return when, in the judgment of the Administrator, the individual should file a return.
- (d) The Administrator will release the form that the taxfiler must file. The Administrator may accept substitute forms (such as created by tax software) provided the forms include identical information in comparable format as provided on the Metro tax return form.
- (e) A copy of the taxfiler's Oregon tax return is required to be filed with the tax return. If the personal income tax has been withheld from wages, a copy of Form W-2 is required to be filed with the Personal Income Tax return unless otherwise notified by the

Administrator. The Administrator is authorized to require a taxfiler to submit additional information with the taxfiler's report if, in the Administrator's sole discretion, such information is necessary to effectively administer the tax imposed under this chapter.

7.06.080 Taxfiler Identification Number

- (a) A taxfiler must provide information on tax records as required on and forms established by the Administrator. This includes tax returns, refund claims, applications, registrations, records, requests for information, reports, and other items of a similar nature filed with the Administrator as required by the item being filed.
- (b) The Administrator uses Tax Identification Numbers as a part of providing expeditious and practicable processing systems in the administration of the laws by the Administrator, including (but not limited to) such matters as the issuance of tax refunds, allocation or application of incoming tax payments and other matters of a similar nature. The Administrator may require a taxfiler to provide a copy of the taxfiler's social security card.
- (c) A social security number used as a taxfiler identification number is confidential information. Disclosure of social security numbers resulting in a breach of confidentiality will result in penalties pursuant to Metro Code Section 7.05.240.

7.06.090 Deduction for Pass-through Income

- (a) A taxfiler is allowed a deduction from taxable income for pass-through income subject to tax under Metro Chapter 7.07 Business Income Tax. Pass-through income comes from a business whose net income is taxed on the owners' or partners' personal tax returns. This includes, but is not limited to, entities taxed as partnerships and S-corporations.
- (b) The deduction amount allowed in subsection (a) is the individual owners' or partners' distributive share of taxable income on the Metro Business Income Tax return, as calculated and reported to the owner or partner by the business.
- (c) If the taxable income per the Metro Business Income Tax return is zero, the taxfiler is not allowed a deduction.

7.06.100 Proration of Income for Part-Year Residents

If a taxfiler is a part-year resident of the District for the tax year at issue, the taxfiler's taxable income includes:

- (a) For the portion of the year in which the taxfiler was a resident of Metro, the taxfiler's Oregon Taxable Income;
- (b) For the portion of the year in which the taxfiler was a nonresident, the taxfiler's Metro Taxable Income.

7.06.101 Credit for Personal Income Taxes Paid by Residents to Another State Jurisdiction

- (a) A resident that pays personal income taxes based on or measured by net income to another state jurisdiction is allowed a credit against tax otherwise owed under this chapter for the amount of income tax imposed on the taxfiler for the tax year by that other state jurisdiction on income derived from sources therein and that is also subject to the Metro Personal Income Tax.
- (b) The credit provided under this section is the lesser of the District tax based on mutually taxed income or the tax actually paid to the other state.
- (c) No credit is allowed under this section for income taxes paid to a state that allows a nonresident a credit against the income taxes imposed by that state for taxes paid or payable to the state of residence.
- (d) The Administrator will establish by written policy the criteria and procedures for obtaining the credit, such as furnishing proof of tax payment to another state jurisdiction, and examples when this credit is allowed. The Administrator may refer to ORS 316.082 to establish these policies. [Ord. 21-1465.]

7.06.110 Overpayments of Personal Income Tax

To the extent a refund is allowed by Metro Code 7.05.150(a), the Administrator will apply overpayments of the personal income tax in the following manner:

- (a) Overpayments will first be applied against any outstanding balances due from prior years (with the net overpayment, if any, to be refunded).
- (b) If the Administrator determines that prior Metro tax returns were due but have not yet been filed, overpayments will be transferred as a credit to the estimated tax account of the earliest prior year yet to be filed.
- (c) If the Administrator determines that no outstanding balances are due and no prior returns are outstanding, the Administrator will offer the taxfiler the option of either a refund of all overpayments or a credit of the balance to the current open estimated tax account.

- (d) The credit will be applied as of the fifteenth day of the fourth month of the taxable year to the extent that the overpayment of tax is attributable to payments received prior to that date. Payments received after the first quarter estimated tax due date will be applied to estimated tax as of the date the payment is received. In the case of an amended or delinquent return, the amount will be credited to the estimate tax installment as of the date the amended or delinquent return was filed or the date a payment was received, whichever is later.
- (e) No refunds or credits toward estimated taxes will be allowed for overpayments on returns filed outside the time periods for refunds allowed by Metro Code 7.05.150(a). [Ord. 21-1465.]

7.06.120 Withholding Tax on Wages

(a) Employer Withholding from Employee Wages.

1. Beginning January 1, 2021 withholding will be voluntary. However, an employer must offer to its employees in writing to withhold the Metro personal income tax from the employees' wages as soon as the employer's payroll system(s) can be configured to capture and remit the taxes withheld.
2. Beginning January 1, 2022, and each year thereafter, withholding is mandatory for all employees who work in the Metro District and earn \$200,000 or more during the calendar year.
 - A. For employees who are residents of the District, withholding is calculated on all wages.
 - B. For employees who are nonresidents of the District, the minimum required withholding is calculated on wages paid for services performed in the District.
3. Employers must also offer withholding to all employees who are not subject to mandatory withholding.
4. An employee below the \$200,000 earning threshold in subsection (2) may choose to "opt in" to withholding with the employer, based on the employee's tax situation. An employee who meets the mandatory withholding criteria in subsection (2) may choose to "opt out" of withholding by the employer based on the employee's tax situation. The Administrator will provide guidance to employers on the information a taxfiler (employee) must provide to taxfiler's employer to "opt in" or "opt out" of withholding. Once provided, the employer must honor the employee's withholding election until notified of a change.
5. An employer must provide all "opt out" information to the Administrator on an annual basis in such form as the Administrator prescribes or upon a withholding audit by the Administrator.

(b) Due Date of Withheld Taxes to Administrator by Employer. An employer who withholds the Personal Income Tax from employee payroll must remit the withheld amounts to the Administrator within the time that each employer is required to remit taxes withheld for state income tax purposes for any period.

Withheld amounts remitted to the Administrator must be accounted for as part of the collections under this section. No employee has any right of action against an employer in respect of any moneys deducted from wages and remitted in compliance or intended compliance with this section.

(c) Personal Liability of Responsible Officers, Partners, Members, or Employees. If an employer withholds amounts due under this chapter from an employee's wages with proper authorization from the employee, the employer must remit that withheld tax on the due date as set forth in subsection (b). This chapter provides no extension of time, nor can the Administrator grant an extension. The employer holds the funds involved in trust for Metro, and any use of the funds by the employer is an illegal conversion.

1. When an employer fails to remit in whole or in part any tax withheld at the time required under this section, the Administrator will assess a late payment penalty. The penalty is:
 - A. Five percent of the balance of the tax paid after the original due date if the failure to remit is for a period less than or equal to four months;
 - B. An additional 20 percent of the balance of the tax paid after the original due date if the failure to remit is for a period greater than four months; and,
 - C. An additional penalty of 100 percent of the balance of the tax paid after the original due date of all tax years if the failure to remit is for three or more consecutive tax years.

The Administrator may waive all or any part of the penalty imposed under this subsection on a showing by the employer that there was reasonable cause for the failure to remit the withheld taxes or any portion of the withheld taxes and that the employer acted in good faith.

2. If an employer fails to remit to the Administrator amounts that have been withheld under this section, any Responsible Officer, Partner, Member, or Employee of the employer is personally responsible for the amounts that were withheld but not remitted. A Responsible Officer, Partner, Member, or Employee is included in the definition of "employer." This subsection specifically adopts the criteria set forth in OAR 150-316-0243(2) and (3) to determine whether an individual is a Responsible Officer, Partner, Member, or Employee.
3. The Administrator is authorized to collect from the Employer, including any individuals who are included in the definition of employer, pursuant to subsection 2 above, or any combination thereof, up to 100 percent of the tax that was withheld but not remitted to the Administrator. In addition, the employer is subject to interest for unpaid taxes as set forth in Chapter 7.05.

(d) Credit for Tax Withheld. If the tax has actually been withheld by an employer and reported to the Administrator, credit or refund will be made to the employee even though the employer has not paid the tax to the Administrator. When the employer has neither reported nor paid the tax required to be withheld from an employee's wages but the employee submits evidence proving to the satisfaction of the Administrator that the employer actually did withhold the tax, the Administrator will allow the employee credit or refund for the amount so proved. Ordinarily, minimum satisfactory evidence will consist of a pay statement from the employer showing the amount of tax withheld and an affidavit of the employee as to the facts upon which the claim for credit or refund is based. [Ord. 21-1465.]

7.06.130 Withholding Reconciliation by Employer for Payment of Withheld Tax

(a) Quarterly Withholding Reconciliation. On or before the last day of the month following the quarter in which withholdings pursuant to 7.06.120(a) have been made, the employer must file a quarterly tax report. If the due date is on a weekend or federal holiday, the report is due the next business day.

(b) Annual Withholding Reconciliation. On or before the last day of January following any calendar year in which withholdings pursuant to 7.06.120(a) have been made, the employer must file with the Administrator a reconciliation of taxes withheld and taxes remitted. If the due date is on a weekend or federal holiday, the reconciliation is due the next business day.

(c) The Administrator will determine by administrative rule the required format and information necessary to comply with subsections (a) and (b) above. [Ord. 21-1465.]

7.06.140 Final Tax Return(s) of Deceased Taxfiler

The Administrator may grant a fiduciary's request or enter into a settlement agreement with respect to the estates of decedents that are consistent with ORS 316.387 and corresponding Oregon Administrative Rules.

7.06.150 Severability

If a court of competent jurisdiction finds that any part, section or provision of this chapter is unconstitutional, illegal or invalid, that finding affects only that part, section or provision of the chapter and the remaining parts, sections or provisions remain in full force and effect. [Ord. 20-1454.]

7.07.010 Title

This chapter is known and may be cited as the Metro Business Income Tax Law.

7.07.015 Administration of Business Income Tax Law

The Business Income Tax Law will be administered under the provisions set forth in this chapter and Metro Code Chapter 7.05, as applicable.

7.07.020 Definitions

For the purpose of this chapter, the terms used are defined as provided in Chapter 7.05, unless the context requires otherwise.

7.07.030 Business Income Tax Imposed

A tax of one percent is imposed on the net income of each person doing business within the District.

7.07.040 Effective Date and Reauthorization; Term

- (a) The Metro Business Income Tax takes effect in Tax Year 2021 (Tax Year beginning on or after January 1, 2021).
- (b) The Metro Business Income Tax will remain in effect for all periods through Tax Year 2030 (Tax Year beginning on or after January 1, 2030).
- (c) After Tax Year 2030, the tax will expire unless reauthorized by Metro voters on or before that date. After the tax expires, Metro or the entity authorized to collect the Business Income Tax may continue to take all reasonable and necessary actions to ensure that taxes still owing are paid in full.
- (d) The payment of a tax required under this chapter and the acceptance of that tax payment does not entitle a taxfiler to carry on any business not in compliance with all the requirements of this code and all other applicable laws.

7.07.050 Tax Exemptions

The following exemptions apply:

- (a) Small Business Exemption. A person whose gross receipts from all business income, both within and without the District, that is equal to or less than \$5 million is exempt from the payment and filing requirements of the tax set forth in this chapter.
- (b) Sole Proprietorships and Disregarded Entities. Sole proprietorships and disregarded entities owned by an individual are not subject to tax under this chapter and are subject to tax under the Personal Income Tax Law in Chapter 7.06.

- (c) Exemptions Required by Law. A person whom Metro is prohibited from taxing under the Constitution or laws of the United States, the Constitution or laws of the State of Oregon or the Metro Charter is exempt from payment of the tax set forth in this chapter.
- (d) Corporations exempt from the State of Oregon Corporation Excise Tax under ORS 317.080, provided that any such corporation subject to the tax on unrelated business income under ORS 317.920 to 317.930 must pay a tax based solely on such income.
- (e) Trusts exempt from federal income tax under Internal Revenue Code Section 501, provided that any exempt trust subject to tax on unrelated business income and certain other activities under Internal Revenue Code Section 501(b) are subject to the tax under this chapter based solely on that income.
- (f) Any person whose only business transactions are exclusively limited to operating within a permanent structure a display space, booth or table for selling or displaying merchandise by an affiliated participant at any trade show, convention, festival, fair, circus, market, flea market, swap meet or similar event for less than 14 days in any tax year.
- (g) Notwithstanding the exemptions listed in subsections (a)-(f), the Administrator may require the filings of tax returns or other documentary verification of any exemption claimed under this section. [Ord. 21-1465.]

7.07.060 Presumption of Doing Business

A person is presumed to be doing business in the District and subject to this chapter if engaged in any of the following activities:

1. Advertising or otherwise professing to be doing business within the District;
2. Delivering goods or providing services to customers within the District;
3. Owning, leasing or renting personal or real property within the District;
4. Engaging in any transaction involving the production of income from holding property or the gain from the sale of property, which is not otherwise exempted in this chapter. Property may be personal, including intangible, or real in nature;
5. Engaging in any activity in pursuit of gain which is not otherwise exempted in this chapter; or
6. Engaging in any activity that constitutes substantial nexus with the District.

7.07.070 Income Determinations for Tax Years Prior to January 1, 2023

This section applies to tax years beginning prior to January 1, 2023. For tax years beginning on or after January 1, 2023, see Section 7.07.071.

The net income arising from any business, as reportable to the State of Oregon (State) for corporation, S-corporation, partnership or trust excise or income tax purposes, before any allocation or apportionment for operation out of state, or deduction for a net operating loss carry-forward or carry-back is subject to the Metro Business Income Tax.

- (a) Partnerships, S-corporations, limited liability companies (excluding disregarded entities), limited partnerships, limited liability partnerships, family limited partnerships, estates, and trusts are liable for the business tax and not the individual partners, shareholders, members, beneficiaries or owners. The income of these entities must include all income received by the entity including ordinary income, interest and dividend income, income from sales of business assets and other income attributable to the entity.
- (b) If one or more persons are required or elect to report their income to the State for corporation excise or income tax purposes in a consolidated, combined or joint return, a single return must be filed by the person filing such return. In such cases, net income means the net income of the consolidated, combined or joint group of taxfilers before any allocation or apportionment for operation out of the state, or deduction for a net operating loss carrying-forward or carry-back.
- (c) The absence of reporting income to the Internal Revenue Service or the State of Oregon does not limit the ability of the Administrator to determine the correct income of the taxfiler through examination under Section 7.05.130.
- (d) Estates and trusts. In determining income for estates and trusts, income is measured after distribution of profits to beneficiaries. No additional deduction is allowed.
- (e) Nonbusiness income. In determining income under this section, an allocation is allowed for nonbusiness income as reported to the State of Oregon. However, income treated as nonbusiness income for State of Oregon tax purposes may not necessarily be defined as nonbusiness income under the Business Income Tax Law. Interest and dividend income, rental income or losses from real and personal business property, and gains or losses on sales of property or investments owned by a trade or business are treated as business income for purposes of the Business Income Tax Law. Income derived from non-unitary business functions reported at the state level may be considered nonbusiness income. Non-unitary income will not be recognized at an intra-state level. The taxfiler has the burden of showing that income is nonbusiness income.
- (f) Certain Deductions Not Allowed. In determining income, no deduction is allowed for:
 - 1. Taxes based on or measured by net income;

2. The federal built-in gains tax; or
 3. The City of Portland Clean Energy Surcharge.
- (g) Ordinary gain or loss. In determining income, gain or loss from the sale, exchange or involuntary conversion of real property or tangible and intangible personal property must be included as ordinary gain or loss.
- (h) Net operating loss. In determining income, a deduction is allowed equal to the aggregate of the net operating losses incurred in prior years, not to exceed 75% of the income determined for the current tax year before this deduction but after all other deductions from income allowed by this section and apportioned for business activity both within and without the District.
1. When the operations of the taxfiler from doing business both within and without the District result in a net operating loss, that loss will be apportioned in the same manner as the net income under Section 7.07.080. A net operating loss may not be carried forward from any tax year during which the taxfiler conducted no business within the District or the taxfiler was otherwise exempt from payment of the Business Income Tax unless specifically provided for by administrative rule or written policy.
 2. In computing the net operating loss for any tax year, the net operating loss of a prior tax year is not allowed as a deduction.
 3. The net operating loss of the earliest tax year available must be exhausted before a net operating loss from a later tax year may be deducted.
 4. The net operating loss in any tax year is allowed as a deduction in any of the five succeeding tax years until used or expired. Any partial tax year will be treated the same as a full tax year in determining the appropriate carry-forward period. [Ord. 21-1465; Ord. 22-1484.]

7.07.071 Income Determinations for Tax Years on or after January 1, 2023

This section applies to tax years beginning on or after January 1, 2023.

The net income arising from any business, as reportable to the State of Oregon (State) for corporation, S-corporation, partnership, or trust excise or income tax purposes, before any allocation or apportionment for operation out of state, or deduction for a net operating loss carry-forward or carry-back is subject to the Metro Business Income Tax.

- (a) Partnerships, S-corporations, limited liability companies (excluding disregarded entities), limited partnerships, limited liability partnerships, family limited partnerships, estates, and trusts are liable for the business tax and not the individual partners, shareholders, members, beneficiaries, or owners. The income of these entities must include all income received by the entity including ordinary income, interest and dividend income, income from sales of business assets, and other income attributable to the entity.

- (b) If one or more persons are required or elect to report their income to the State for corporation excise or income tax purposes in a consolidated, combined, or joint return, a single return must be filed by the person filing such return. In such cases, net income means the net income of the consolidated, combined or joint group of taxfilers before any allocation or apportionment for operation out of the state, or deduction for a net operating loss carry-forward or carry-back.
- (c) The absence of reporting income to the Internal Revenue Service or the State of Oregon does not limit the ability of the Administrator to determine the correct income of the taxfiler through examination under Section 7.05.130.
- (d) Estates and trusts. In determining income for estates and trusts, income is measured after distribution of profits to beneficiaries. No additional deduction is allowed.
- (e) Certain Deductions Not Allowed. In determining income, no deduction is allowed for:
 - 1. Taxes based on or measured by net income;
 - 2. The federal built-in gains tax; or
 - 3. The City of Portland Clean Energy Surcharge.
- (f) Ordinary gain or loss. In determining income, gain or loss from the sale, exchange or involuntary conversion of real property or tangible and intangible personal property must be included as ordinary gain or loss.
- (g) Net operating loss. In determining income, a deduction is allowed equal to the aggregate of the net operating losses incurred in prior years, not to exceed 75% of the income determined for the current tax year before this deduction but after all other deductions from income allowed by this section and apportioned for business activity both within and without the District.
 - 1. When the operations of the taxfiler from doing business both within and without the District result in a net operating loss, such loss will be apportioned in the same manner as the net income under Section 7.07.080. A net operating loss may not be carried forward from any tax year during which the taxfiler conducted no business within the District or the taxfiler was otherwise exempt from payment of the Business Income Tax unless specifically provided for by administrative rule or written policy.
 - 2. In computing the net operating loss for any tax year, the net operating loss of a prior tax year is not allowed as a deduction.
 - 3. The net operating loss of the earliest tax year available must be exhausted before a net operating loss from a later tax year may be deducted.

4. The net operating loss in any tax year is allowed as a deduction in any of the five succeeding license tax years until used or expired. Any partial tax year will be treated the same as a full tax year in determining the appropriate carry-forward period. [Ord. 22-1484.]

7.07.080 Apportionment of Income for Tax Years Prior to January 1, 2023

This section applies to tax years beginning prior to January 1, 2023. For tax years beginning on or after January 1, 2023, see Section 7.07.081.

- (a) “Jurisdiction to tax” occurs when a person engages in business activities in a jurisdiction that is not protected from taxation by Public Law 86- 272 (15 U.S.C. Section 381-384). Public Law 86-272 applies to interstate sales of tangible personal property. For purposes of the Business Income Tax Law, the limits imposed by Public Law 86-272 for interstate jurisdiction to tax are also presumed to apply on an intrastate basis. If a taxfiler’s business is based in the District, a taxfiler must have business activity outside the District that results in a jurisdiction to tax outside the District to apportion the income of the business. Without jurisdiction to tax outside the District, all income of a business is taxable by Metro.
- (b) “Business activity” means any of the elements of doing business. The income reportable as income earned from business activity within the District will include all business income from sources within the District that is taxable income under Oregon tax laws and regulations unless otherwise exempted or excluded in this chapter.
- (c) In computing the tax, taxfilers that have income from business activity both within and without the District must determine the income apportioned to the District by multiplying the total net income from the taxfiler’s business by a fraction, the numerator of which is the total gross income of the taxfiler from business activity in the District during the tax year, and the denominator of which is the total gross income of the taxfiler from business activity everywhere during the tax year.
- (d) In determining the apportionment of gross income within the District under subsection (c):
 1. Sales of tangible personal property are deemed to take place in the District if the property is delivered or shipped to a purchaser within the District regardless of the f.o.b. point or other conditions of sale. If sales of tangible personal property are shipped from the District to a purchaser located where the taxfiler is not taxable, those sales are not apportioned to the District.
 2. Sales other than sales of tangible personal property are deemed to take place in the District, if the income producing activity is performed in the District.
- (e) Certain industries or incomes are subject to specific apportionment methodologies. These methodologies are described in administrative rules adopted in accordance with Section 7.05.070 or Metro ordinance. Industry specific or income specific

apportionment methodologies required by Oregon Revised Statutes for apportionment of gross sales will be used in cases in which the Administrator has not adopted a rule regarding the apportionment of that industry or income. When gross sales as reported to Oregon are used for apportionment purposes, those gross sales are defined as gross income for apportionment purposes under this chapter. All apportionment methodologies directed under this subsection will be a single factor gross income apportionment as directed under subsection 7.07.080 (c) and subsection 7.07.080 (d). In those specific cases where the state has directed allocation of income, that income will be apportioned for purposes of this chapter, unless allocation is otherwise allowed in this chapter.

- (f) If the apportionment provisions of subsection (c) do not fairly represent the extent of the taxfiler's business activity in the District and result in the violation of the taxfiler's rights under the Oregon Constitution or the United States Constitution, the taxfiler may petition the Administrator to permit the taxfiler to:
1. Use the method of apportionment used by the taxfiler under the applicable laws of the state imposing taxes upon or measured by net income; or
 2. Use any other method to effectuate an equitable apportionment of the taxfiler's income. [Ord. 22-1484.]

7.07.081 Apportionment of Income for Tax Years Beginning on or after January 1, 2023

This section applies to tax years beginning on or after January 1, 2023.

- (a) "Jurisdiction to tax" occurs when a person engages in business activities in a jurisdiction that is not protected from taxation by Public Law 86-272 [15 U.S.C. Section 381-384]. The District's standard for jurisdiction to tax, or nexus, is the same as the State of Oregon's found in the Oregon Revised Statutes and Oregon Administrative Rules related to taxation. If a taxfiler's business is based in the District, a taxfiler must have business activity outside the District that results in a jurisdiction to tax outside the District to apportion the income of the business. Without jurisdiction to tax outside the District, all income of a business is taxable by Metro.
- (b) "Business activity" means any of the elements of doing business. The income reportable as income earned from business activity within the District will include all business incomes from sources within the District that is taxable income under Oregon tax laws and regulations unless otherwise exempted or excluded in this chapter.
- (c) The District adopts the apportionment and allocation provisions found in the Oregon Revised Statutes, Chapters 314, 317, and 318 and related Oregon Administrative Rules unless otherwise provided in this chapter or by administrative rule. All references to Oregon or the state should be read as referring to the District.

All business income must be apportioned to the District by multiplying business income by the sales factor only.

- (d) In determining the sales factor numerator under subsection (c): Sales of tangible personal property are deemed to take place in the District if the property is delivered or shipped to a purchaser within the District regardless of the f.o.b. point or other conditions of sale. If sales of tangible personal property are shipped from the District to a purchaser located where the taxfiler is not taxable, those sales are not apportioned to the District.
- (e) Certain industries or incomes are subject to specific apportionment methodologies. These methodologies are described in administrative rules adopted in accordance with section 7.05.070 or Metro ordinance. Industry specific or income specific apportionment methodologies required by Oregon Revised Statutes and Oregon Administrative Rules for the sales factor, will be used in cases in which the Administrator has not adopted a rule regarding the apportionment of that industry or income. All apportionment methodologies directed under this subsection will be a single sales factor as directed under subsection 7.07.081 (c) and subsection 7.07.081 (d). [Ord. 22-1484.]

7.07.090 Presumptive Tax

- (a) If a person fails to file a return, a rebuttable presumption exists that the tax payable amounts to \$500 for every tax year for which a return has not been filed.
- (b) Nothing in this section prevents the Administrator from assessing a tax due that is less than or greater than \$500 per tax year.
- (c) Taxes determined under this section are subject to penalties and interest from the date the taxes should have been paid as provided in Section 7.05.170 in accordance with Sections 7.05.260 and 7.05.280. The Administrator will send notice of the determination and assessment to the taxfiler. [Ord. 22-1485.]

7.07.100 Reporting for Pass-through Through Entities

- (a) Chapter 7.06, Personal Income Tax, allows a deduction for pass-through income subject to tax under this chapter. For purposes of this section, pass-through income subject to tax means income from a business whose net income is taxed on the owners' or partners' personal tax returns. This includes, but is not limited to, entities taxed as partnerships and S-corporations.
- (b) A business must report to the owners or partners with the Schedule K-1 that:
 1. It was subject to the Metro Business Income Tax for the stated tax year; and
 2. The Metro apportionment percentage as determined under Section 7.07.080. [Ord. 21-1465.]

7.07.110 Severability

If a court of competent jurisdiction finds that any part, section or provision of this chapter is unconstitutional, illegal or invalid, that finding affects only that part, section or provision of the chapter and the remaining parts, sections or provisions remain in full force and effect. [Ord. 20-1454.]

10.05.010 Purpose

The purpose of this chapter is to provide regulations controlling the operation of Metro owned and operated Historic Cemeteries and governing the use of these Cemeteries by members of the public in order to protect and preserve the Historic Cemeteries, the Graves and the Remains of those interred therein. [Ord. 12-1286, Ord. 18-1419.]

- (b) As community assets;
- (c) In a manner that will maximize public financial benefit and long-term stability; and
- (d) To protect and preserve their historically significant nature.

All four above objectives are to be considered equally important in the management of Metro's Historic Cemeteries. [Ord. 12-1286, Ord. 18-1419.]

10.05.220 Cemetery Errors and Irregularities

- (a) The Director may preclude an Interment/Inurnment in a Cemetery based on a determination that the ownership of the right of Interment/Inurnment, the location of the Grave, or the ability to open said Grave without intruding upon nearby occupied Graves is in doubt.
- (b) When an Interment/Inurnment is precluded by the Director under subsection (a), or if for any other reason an Interment/Inurnment space cannot be opened, Metro may elect to direct Interment/Inurnment of Remains in an available Grave in such location in the Cemetery as is deemed reasonably appropriate and reasonably equivalent in value at the sole discretion of the Director.
- (c) The Chief Operating Officer or designee may correct any errors made by Metro in the description or transfer of Interment/Inurnment Rights, or by its agents in performing Interments/Inurnments, Disinterment or removals, when determined to be necessary in his/her sole discretion. The Chief Operating Officer or designee may void the erroneous grant of any Interment/Inurnment Certificate and provide a refund of the purchase price, or substitute in lieu thereof an Interment/Inurnment Certificate for a Grave selected by Metro within the same Cemetery of equal value and reasonably similar location if possible. In the event such error involves the Interment/Inurnment of the remains of any person, the Chief Operating Officer or designee may, at his/her sole discretion, elect to disinter said remains in accord

with state law and reinter them in another available Grave within the same Cemetery, of equal value and reasonably similar location as may be substituted and conveyed as set forth the above. [Ord. 12-1286, Ord. 18-1419.]

10.05.230 Rates and Fees for Interment and Inurnment Rights, Burial Services and Perpetual Care Fund

- (a) The Director will establish rates for the Perpetual Care Fund, sale of Interment/Inurnment Rights for Graves and Niches and set fees and charges for Historic Cemetery goods and services, including Burial and other required or optional services. Said rates, fees and charges will be designed to recover all costs of operating the Cemeteries and may be adjusted from time to time by the Director without notice, to reflect market rates and to ensure the solvency and financial stability of the Cemeteries.
- (b) Interment/Inurnment Right purchasers must pay the rate, fees and charges on the date of purchase. Except as otherwise set forth in this chapter, no option to purchase rights or other prospective rights to Interment in the Historic Cemeteries may be granted unless approved by resolution of the Metro Council setting forth the terms and conditions of said option or prospective right. Prices, fees and charges for services may vary among Cemeteries, as determined by the Director.
- (c) The Director may reduce rates, fees and charges for Grave sales and Burial Services in situations of extreme financial hardship or in cases of Wards of the State. All reductions or waivers must be applied by written order setting forth the facts justifying the waiver or exemption. [Ord. 12-1286, Ord. 18-1419.]

10.05.240 Historical Research Requests

Due to the confidentiality and sensitive nature of Cemetery records, Metro will not distribute personal or contact information regarding any Interment/Inurnment Rights performed within the last 50 years from date of inquiry without proof of lineage, except as required by Oregon public records laws. [Ord. 12-1286, Ord. 18-1419.]

11.01.010 Title

This chapter is known and may be cited as the Supportive Housing Services Program.

11.01.020 Finding of Metropolitan Concern

Homeless and housing services are matters of metropolitan concern over which Metro may exercise jurisdiction.

11.01.030 Purpose

The Supportive Housing Services Program will use revenue derived from the Metro Income Tax Laws (Chapters 7.06 and 7.07) to fund services for people experiencing homelessness and housing instability.

11.01.040 Definitions

Implementation Intergovernmental Agreement means the intergovernmental agreement between Metro and the Local Implementation Partner that governs the disbursement and uses of Program Funds.

Local Implementation Partner means a local government that receives Program Funds from Metro to implement the Supportive Housing Services Program and which enters into an Intergovernmental Agreement to receive those funds. Local Implementation Partners are generally Clackamas, Washington and Multnomah Counties.

Local Implementation Plan means the document that establishes the proposed use of the Supportive Housing Services Revenue and how these uses align with the purposes of the Supportive Housing Services Program.

Program Funds means funds available to a Local Implementation Partner, which generally consists of the Supportive Housing Services Revenue minus Metro's administrative and collection costs.

Regional Oversight Committee means the committee established to oversee the Supportive Housing Services Program as more fully described in Metro Code Section 2.19.280.

Supportive Housing Services Program Work Plan or **Work Plan** means the Supportive Housing Services Program Work Plan adopted by the Metro Council on December 17, 2020.

Supportive Housing Services Revenue means all funds received from the taxes imposed by Metro Code Chapters 7.06 and 7.07.

11.01.050 Services and Priorities

- (a) Supportive housing services revenue will fund supportive housing services that include housing services, outreach and engagement supports, health and wellness supports, employment and benefit supports and advocacy supports.
- (b) Supportive Housing Services Revenue and Supportive Housing Services will first address the unmet needs of people who are experiencing or at risk of experiencing long-term or frequent episodes of homelessness. Metro will prioritize the Supportive Housing Services Revenue and Supportive Housing Services in a manner that provides equitable access to people of color and other historically marginalized communities.

11.01.060 Local Implementation Plan

- (a) To receive Supportive Housing Services funds, each Local Implementation Partner must prepare a Local Implementation Plan. The Plan will describe the Local Implementation Partner's local housing and homeless service needs, current programming and unmet programming capacities, and proposed use of funds in accordance with the purposes of the regional Supportive Housing Services Program.
- (b) Each Local Implementation Partner must create its Plan using a racial equity lens that ensures equitable participation, access and outcomes in all parts of the program and considers the best available quantitative and qualitative data.
- (c) Metro recognizes that each Local Implementation Partner may approach program implementation differently depending on the unique needs of its residents and communities. Therefore, it is the policy of the Metro Council that there be sufficient flexibility in implementation to best serve the needs of residents, communities, and those receiving Supportive Housing Services from program funding.

11.01.070 Local Implementation Plan Development; Approval Process

- (a) A Local Implementation Partner must develop its Local Implementation Plan using locally convened and comprehensive engagement processes that prioritize the voices of Black, Indigenous and people of color and people with lived experience. Plans must be developed in full partnership with advisory bodies that equitably reflect community expertise and experience. Each Local Implementation Partner may convene a new advisory body or use an existing body that fulfills the representation requirements.
- (b) In order for a Local Implementation Partner to receive Supportive Housing Services funds, the Local Implementation Plan must be recommended for approval by the Supportive Housing Services Regional Oversight Committee and then approved by the Local Implementation Partner's governing body and the Metro Council.

11.01.080 Annual Reporting by Local Implementation Partners

Each Local Implementation Partner must submit an Annual Progress Report to the Metro Council and the Regional Oversight Committee summarizing its progress and outcomes under the Local Implementation Plan.

11.01.090 Allocation of Revenue and Program Funds

- (a) After Metro has first retained funds necessary to pay for collection of the taxes, Metro may retain up to five percent of the remaining collected tax revenue for administration and oversight as more fully described in Section 11.01.130.
- (b) After funds have been allocated for collection, administration and oversight as set forth in subsection (a), Metro will then allocate the remaining Program Funds within each county using the following percentages: 21 1/3 percent to Clackamas County, 45 1/3 percent to Multnomah County and 33 1/3 percent to Washington County.
- (c) The percentages set forth in subsection (b) apply to revenue for the first two tax years. Thereafter, the percentages may be adjusted to reflect the portion of Supportive Housing Services Revenue actually collected in each county.

11.01.100 Failure to Comply with Local Implementation Plan

- (a) In coordination with the Regional Oversight Committee, Metro may adjust the allocation formula if program funds are unable to be fully spent in accordance with the regional program. Metro may also establish a regional reserve fund in order to address unanticipated expenses and cash flow needs.
- (b) Metro's Implementation Intergovernmental Agreements with each Local Implementation Partner will specify how Supportive Housing Services tax collections will be released. Agreements will include specifications for annual program budgets, financial reporting, practices for reserving funds, and redistribution of funds if a jurisdiction fails to comply with the Agreement.

11.01.110 Equity and Community Engagement

Metro has adopted a Strategic Plan to Advance Racial Equity, Diversity, and Inclusion which includes specific goals and objectives to ensure that all people who live, work and recreate in the greater Portland region have the opportunity to share in and help define a thriving, livable and prosperous region. A key objective throughout the strategy is a commitment to advance equity related to stable and affordable housing. Metro will rely on the goals and objectives within the Strategic Plan to implement the Supporting Housing Services Program.

11.01.120 Use of Revenues

Unless expressly stated otherwise in this chapter, Supportive Housing Services Revenue may only be used for the purposes set forth in Sections 11.01.030 and 11.01.050, in addition to

Metro's costs of collection and administration. Metro may establish a separate fund or funds for the purpose of receiving and distributing Supportive Housing Services Revenues. [Ord. 22-1475.]

11.01.130 Administrative Cost Recovery

After Metro's tax collection costs are paid, Metro may retain up to five percent of the remaining funds to pay for the costs to disburse the funds and administer and oversee the program. This includes convening and supporting the Regional Oversight Committee; establishing a regional homelessness data collection and reporting program; and supporting tri-county regional collaboration.

11.01.140 Oversight Committee Review of Administrative Costs

At least annually the Regional Oversight Committee will consider whether Metro's collection and administrative costs and each Local Implementation Partner's administrative costs could or should be reduced or increased. The Regional Oversight Committee will recommend to the Metro Council at least once a year as to how Metro can best limit collection and administrative costs.

11.01.150 Use of Funds in Metro Jurisdictional Boundary Only

- (a) Although some portion of each of the three recipient counties (Multnomah, Washington and Clackamas) are outside of the Metro jurisdictional boundary, Supportive Housing Services Revenue may be spent only for Supportive Housing Services provided within the Metro jurisdictional boundary.
- (b) Notwithstanding subsection (a) above, Supportive Housing Services Revenue may be spent on the temporary provision of services outside the Metro jurisdictional boundary for a duration of less than 90 days for a person who has been living in the Metro jurisdictional boundary if Supportive Housing Services in the boundary are not otherwise available to the person, or for other emergency or unforeseen circumstances if authorized in writing by Metro before the expenditure of funds. [Ord. 22-1475.]

11.01.160 Accountability of Funds

- (a) Each county or local government receiving funds must make an annual report to the Metro Council and the Regional Oversight Committee on how funds from the taxes have been spent and how those expenditures have affected established homelessness metrics.
- (b) In the annual report, the Local Implementation Partner must demonstrate that County General Fund monies and other dedicated funding levels allocated for homelessness were at least as much as FY 19-20, in addition to the Supportive Housing Services program funds. A Local Implementation Partner may not displace funds committed

before FY 19-20 except in extenuating circumstances and through a temporary waiver for good cause. [Ord. 22-1475.]

11.01.170 Tri-County Advisory Body

Metro will convene a tri-county advisory body to strengthen regional coordination in addressing homelessness in the region. The advisory body will identify regional goals, strategies and outcome metrics and provide guidance and recommendations to inform Supportive Housing Services Program implementation.

11.01.180 Tri-County Planning

Each county must annually contribute no less than five percent of that county's share of the Supportive Housing Services Revenue towards regional strategies as identified through Tri-County planning and approved by the Regional Oversight Committee.

11.01.190 Administrative Rulemaking Authority

- (a) The Chief Operating Officer may adopt administrative rules to further implement this chapter. This specifically includes the authority to establish representation requirements for the body that develops a Local Implementation Plan.
- (b) Until the Chief Operating Officer adopts administrative rules to further implement this chapter, the Supportive Housing Services Program Work Plan will further implement this chapter. However, if any term, requirement or condition in the Work Plan is in conflict with this chapter, the terms, requirements and conditions of this chapter prevail. [Ord. 20-1452.]
