# Reminder:

## Key Council & Task Force outcomes

- Make major streets **safer** for everyone
- Make it **easier** to get around – however you get around
- Address **climate change** and support resiliency
- Prioritize investments supporting **communities of color**
- Support **clean air and water**, and healthy ecosystems
- Drive **economic growth**
- **Leverage** regional and local investments

# Revised Hwy 217 proposal

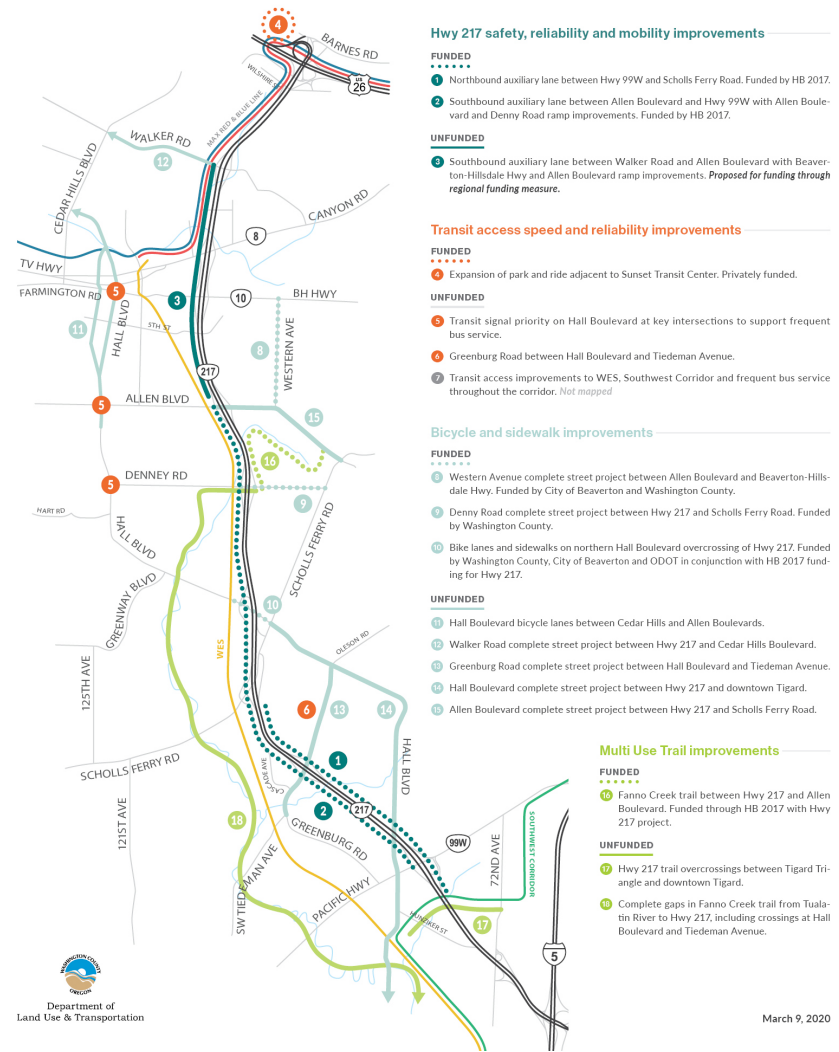

Response to Task Force comments | March 18 2020

# New community engagement and planning phase proposed

- Expands planning area to include community adjacent to Hwy 217
- Supports community-driven process to identify needs and priorities
- Identifies investments to improve safety and transit speed, access and reliability on regional arterials and trails
- Readies projects for potential funding with Hwy 217 project, regionwide programs or other local sources
- Expands opportunities to leverage improvements with affordable housing, parks, trails and natural areas measures

# Investment opportunities

- Identified improvement needs
  - Transit access speed and reliability
  - Bike lanes and sidewalks
  - Multi-Use trail improvements
- Others will be identified through new planning phase

## Strengthens support for Task Force values

- Advances racial equity by serving broader corridor needs
- Improves travel options and supports compact, centrally located development near transit
- Improves safety on adjacent arterials at risk for serious injuries and fatalities
- Supports economic growth in a developing corridor and region
- Makes it easier to get around by all modes

# Phasing options

- Phase 1: \$2 million for planning and community engagement
- Phase 2: \$25-\$27 million for preliminary engineering
- Phase 3: \$105-\$125 million for design and construction of SB Hwy 217 improvement between Walker Road and Allen Boulevard

## In Closing

We appreciate your thoughtful comments. They have informed our process. As a result, we believe the proposal is stronger and is a better reflection of our common values.

# Highway 217

Do Task Force members have questions about this revised proposal or Washington County's responses to questions from February?

# Highway 99W Planning

Do Task Force members have additional questions about this proposal or Washington County's responses to questions from February?

# Sunset Corridor Planning

Do Task Force members have additional questions about this proposal or Hillsboro's responses to questions from February?

# Highway 43 Safety

Do Task Force members have additional questions about this proposal or West Linn's responses to questions from February?

# Next steps for Task Force
